This project is scheduled to be let in FY 2026; therefore, the design activities must be scheduled to deliver complete plans between January 2025 and June 2025. This

(continued)

project may follow an accelerated delivery schedule with some submittals required earlier than a typical KDOT design project to meet the letting requirements.

Instructions for Proposal

The main text of consultant’s proposal must not exceed six (6) 8.5 x 11 pages (not including the cover letter) to address the topics listed in Table 2 below. The following outline is the required submittal organization, content, and page length for the technical proposal.

Selection Process

No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will not be considered in the selection process to rank proposals. Per standard KDOT consultant selection process, consultant will be selected from the technical proposal submitted for the project. Selected consultant will proceed quickly through scoping, fee negotiation, and NTP. Fee negotiation will include estimate for final design only.

Technical proposals will be evaluated based on the factors listed in Table 3 below to select the most qualified firms.

The KDOT Consultant Selection Committee will select the most highly qualified firm expressing interest based on Qualifications and Experience, Past Performance, Delivery process, Project Approach, and Familiarity with KDOT design standards and project area. The PMC will not be on the KDOT Consultant Selection Committee.

The selected firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the selected firm, it will terminate negotiations and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for this project. Special attachments for the Kansas “Tax Clearance Certificate,” the “Certification of Final Indirect Costs,” and the Special Attachment No. 10 (“Policy Regarding Sexual Harassment”) will also eventually become attachments to the contract.

The firm’s accounting systems must have the following capabilities before the firm may be awarded a contract.

- Valid, reliable, and current costs must be available within the system to support actual costs and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records which will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Stakeholder engagement support activities and development of a PI Plan are anticipated. Survey will be completed and be available upon notice to proceed. Geotech will be provided by KDOT early in the project development.

The project scope includes:

- Visit the project site location
- Perform preliminary design for plans to field check
- Develop final plans
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes

(Published in the Kansas Register April 1, 2021.)

Senate Bill No. 13

AN ACT concerning property taxation; relating to tax levy rates, establishing notice and public hearing requirements prior to approval by a governing body to exceed its revenue neutral rate and discontinuing the city and county tax lid; prohibiting valuation increase of real property solely as the result of normal repair, replacement or maintenance; establishment of a payment plan for the payment of delinquent or nondelinquent taxes; requiring the director of accounts and reports to include revenue neutral rate on regular budget form; eliminating certain requirements for budget approval for select taxing subdivisions; providing for payment of county printing and postage notification costs; establishing the taxpayer notification costs fund; amending K.S.A. 79-1460, 79-1801, 79-2024, 79-2925c and 79-2929 and repealing the existing sections; also repealing K.S.A. 79-2925b.

Be it enacted by the Legislature of the State of Kansas:

New Section 1. (a) On or before June 15 each year, the county clerk shall calculate the revenue neutral rate for each taxing subdivision and include such revenue neutral rate on the notice of the estimated assessed valuation provided to each taxing subdivision for budget purposes. The director of accounts and reports shall modify the prescribed budget information form to show the revenue neutral rate.

(b) No tax rate in excess of the revenue neutral rate shall be levied by the governing body of any taxing subdivision unless a resolution or ordinance has been approved by the governing body according to the following procedure:

(1) At least 10 days in advance of the public hearing, the governing body shall publish notice of its proposed intent to exceed the revenue neutral rate by publishing notice: (A) On the website of the governing body, if the governing body maintains a website; and

(B) in a weekly or daily newspaper of the county having a general circulation therein. The notice shall include, but not be limited to, its proposed tax rate, its revenue neutral rate and the date, time and location of the public hearing.

(2) On or before July 15, the governing body shall notify the county clerk of its proposed intent to exceed the revenue neutral rate and provide the date, time and location of the public hearing and its proposed tax rate. For all tax years commencing after December 31, 2021, the county clerk shall notify each taxpayer with property in the taxing subdivision, by mail directed to the taxpayer's last known address, of the proposed intent to exceed the revenue neutral rate at least 10 days in advance of the public hearing. Alternatively, the county clerk may transmit the notice to the taxpayer by electronic means at least 10 days in advance of the public hearing, if such taxpayer and county clerk have consented in writing to service by electronic means. The county clerk shall consolidate the required information for all taxing subdivisions relevant to the taxpayer's property on one notice. The notice shall be in a format prescribed by the director of accounts and reports. The notice shall include, but not be limited to:

(A) The revenue neutral rate of each taxing subdivision relevant to the taxpayer's property;

(B) the proposed property tax revenue needed to fund the proposed budget of the taxing subdivision, if the taxing subdivision notified the county clerk of its proposed intent to exceed its revenue neutral rate;

(C) the proposed tax rate based upon the proposed budget and the current year's total assessed valuation of the taxing subdivision, if the taxing subdivision notified the county clerk of its proposed intent to exceed its revenue neutral rate;

(D) the tax rate and property tax of each taxing subdivision on the taxpayer's property from the previous year's tax statement;

(E) the appraised value and assessed value of the taxpayer's property for the current year;

(F) the estimates of the tax for the current tax year on the taxpayer's property based on the revenue neutral rate of each taxing subdivision and any proposed tax rates that exceed the revenue neutral rates;

(G) the difference between the estimates of tax based on the proposed tax rate and the revenue neutral rate on the taxpayer's property described in subparagraph (F) for any taxing subdivision that has a proposed tax rate that exceeds its revenue neutral rate; and

(H) the date, time and location of the public hearing of the taxing subdivision, if the taxing subdivision notified the county clerk of its proposed intent to exceed its revenue neutral rate.

Although the state of Kansas is not a taxing subdivision for purposes of this section, the notice shall include a statement of the statutory mill levies imposed by the state and the estimate of the tax for the current year on the taxpayer's property based on such levies.

(3) The public hearing to consider exceeding the revenue neutral rate shall be held not sooner than August 10 and not later than September 10. The governing body shall provide interested taxpayers desiring to be heard an opportunity to present oral testimony within reasonable time limits and without unreasonable restriction on the number of individuals allowed to make public comment. The public hearing may be conducted in conjunction with the proposed budget hearing pursuant to K.S.A. 79-2929, and amendments thereto, if the governing body otherwise complies with all requirements of this section. Nothing in this section shall be construed to prohibit additional public hearings that provide additional opportunities to present testimony or public comment prior to the public hearing required by this section.

(4) A majority vote of the governing body, by the adoption of a resolution or ordinance to approve exceeding the revenue neutral rate, shall be required prior to adoption of a proposed budget that will result in a tax rate in excess of the revenue neutral rate. Such vote of the governing body shall be conducted at the public hearing after the governing body has heard from interested taxpayers. If the governing body approves exceeding the revenue neutral rate, the governing body shall not adopt a budget that results in a tax rate in excess of its proposed tax rate as stated in the notice provided pursuant to this section.

(c) Any governing body subject to the provisions of this section that does not comply with subsection (b) shall refund to taxpayers any property taxes over-collected based on the amount of the levy that was in excess of the revenue neutral rate. The provisions of this subsection shall not be construed as prohibiting any other remedies available under the law.

(d) If the governing body of a taxing subdivision must conduct a public hearing to approve exceeding the revenue neutral rate under this section, the governing body of the taxing subdivision shall certify, on or before September 20, to the proper county clerk the amount of ad valorem tax to be levied.

(e) As used in this section:

(1) "Taxing subdivision" means any political subdivision of the state that levies an ad valorem tax on property.

(2) "Revenue neutral rate" means the tax rate for the current tax year that would generate the same property tax revenue as levied the previous tax year using the current tax year's total assessed valuation. To calculate the revenue neutral rate, the county clerk shall divide the property tax revenue for such taxing subdivision levied for the previous tax year by the total of all taxable assessed valuation in such taxing subdivision for the current tax year, and then multiply the quotient by 1,000 to express the rate in mills. The revenue neutral rate shall be expressed to the third decimal place.

(f) In the event that a county clerk incurred costs of printing and postage that were not reimbursed pursuant to section 7, and amendments thereto, such county clerk may seek reimbursement from all taxing subdivisions required to send the notice. Such costs shall be shared proportionately by all taxing subdivisions that were included on the same notice based on the total property tax levied by each taxing subdivision. Payment of such costs shall be due to the county clerk by December 31.

(g) The provisions of this section shall take effect and be in force from and after January 1, 2021.

Sec. 2. On and after July 1, 2021, K.S.A. 79-1460 is hereby amended to read as follows: 79-1460. (a) The county appraiser shall notify each taxpayer in the county annually on or before March 1 for real property and May 1 for personal property, by mail directed to the taxpayer's last known address, of the classification and appraised valuation of the taxpayer's property, except that, the valuation for all real property shall not be increased unless the record of the latest physical inspection was reviewed by the county or district appraiser, and documentation exists to support such increase in valuation in compliance with the directives and specifications of the director of property valuation, and such record and documentation is available to the affected taxpayer. *The valuation for all real property also shall not be increased solely as the result of normal repair, replacement or maintenance of existing structures, equipment or improvements on the property. For purposes of this section, "normal repair, replacement or maintenance" does not include new construction as defined in this section.* For the next two taxable years following the taxable year that the valuation for commercial real property has been reduced due to a final determination made pursuant to the valuation appeals process, the county appraiser shall review the computer-assisted mass-appraisal of the property and if the valuation in either of those two years exceeds the value of the previous year by more than 5%, excluding new construction, change in use or change in classification, the county appraiser shall either: (1) Adjust the valuation of the property based on the information provided in the previous appeal; or (2) order an independent fee simple appraisal of the property to be performed by a Kansas certified real property appraiser. As used in this section, "new construction" means the construction of any new structure or improvements or the remodeling or renovation of any existing structures or improvements on real property. When the valuation for real property has been reduced due to a final determination made pursuant to the valuation appeals process for the prior year, and the county appraiser has already certified the appraisal rolls for the current year to the county clerk pursuant to K.S.A. 79-1466, and amendments thereto, the county appraiser may amend the appraisal rolls and certify the changes to the county clerk to implement the provisions of this subsection and reduce the valuation of the real property to the prior year's final determination, except that such changes shall not be made after October 31 of the current year. For the purposes of this section and in the case of real property, the term "taxpayer" shall be deemed to be the person in ownership of the property as indicated on the records of the office of register of deeds or county clerk and, in the case where the real property or improvement thereon is the subject of a lease agreement, such term shall also be deemed to include the lessee of such property if the lease agreement has been recorded or filed in the office of the register of deeds. Such notice shall specify separately both the previous and current appraised and assessed values for each property class identified on the parcel. Such notice shall also contain the uniform parcel identification number prescribed by the director of property valuation. Such notice shall also contain a statement of the taxpayer's right to appeal, the procedure to be followed in making such appeal and the availability without charge of the guide devised pursuant to subsection (b). Such notice may, and if the board of county commissioners so require, shall provide the parcel identification number, address and the sale date and

(continued)

amount of any or all sales utilized in the determination of appraised value of residential real property. In any year in which no change in appraised valuation of any real property from its appraised valuation in the next preceding year is determined, an alternative form of notification which has been approved by the director of property valuation may be utilized by a county. Failure to timely mail or receive such notice shall in no way invalidate the classification or appraised valuation as changed. The secretary of revenue shall adopt rules and regulations necessary to implement the provisions of this section.

(b) For all taxable years commencing after December 31, 1999, there shall be provided to each taxpayer, upon request, a guide to the property tax appeals process. The director of the division of property valuation shall devise and publish such guide, and shall provide sufficient copies thereof to all county appraisers. Such guide shall include but not be limited to: (1) A restatement of the law which pertains to the process and practice of property appraisal methodology, including the contents of K.S.A. 79-503a and 79-1460, and amendments thereto; (2) the procedures of the appeals process, including the order and burden of proof of each party and time frames required by law; and (3) such other information deemed necessary to educate and enable a taxpayer to properly and competently pursue an appraisal appeal.

Sec. 3. K.S.A. 79-1801 is hereby amended to read as follows: 79-1801. (a) Except as provided by subsection (b), each year the governing body of any city, the trustees of any township, the board of education of any school district and the governing bodies of all other taxing subdivisions shall certify, on or before August 25, to the proper county clerk the amount of ad valorem tax to be levied. Thereupon, the county clerk shall place the tax upon the tax roll of the county, in the manner prescribed by law, and the tax shall be collected by the county treasurer. The county treasurer shall distribute the proceeds of the taxes levied by each taxing subdivision in the manner provided by K.S.A. 12-1678a, and amendments thereto.

(b) *Prior to January 1, 2021, if the governing body of a city or county must conduct an election for an increase in property tax to fund any appropriation or budget under K.S.A. 2020 Supp. 25-433a, and amendments thereto, the governing body of the city or county shall certify, on or before October 1, to the proper county clerk the amount of ad valorem tax to be levied. On and after January 1, 2021, if the governing body of a taxing subdivision must conduct a public hearing to approve exceeding the revenue neutral rate under section 1, and amendments thereto, the governing body of the taxing subdivision shall certify, on or before September 20, to the proper county clerk the amount of ad valorem tax to be levied.*

Sec. 4. K.S.A. 79-2024 is hereby amended to read as follows: 79-2024. Notwithstanding any other provision of law to the contrary, the county treasurer of every county may accept partial payment of or establish a payment plan for delinquent or nondelinquent real property tax or personal property tax in accordance with payment guidelines established therefor by the county treasurer. Nothing in this section shall be construed to modify any consequences of untimely payment.

Sec. 5. K.S.A. 79-2925c is hereby amended to read as follows: 79-2925c. (a) (1) On and after January 1, 2017, and prior to January 1, 2021, the governing body of any city or county shall not approve any appropriation or budget which provides for funding by property tax revenues in an amount exceeding that of the next preceding year as adjusted to reflect the average changes in the consumer price index for all urban consumers as published by the United States department of labor for the preceding five calendar years, which shall not be less than zero, unless the city or county approves the appropriation or budget with the adoption of a resolution and such resolution has been submitted to and approved by a majority of the qualified electors of the city or county voting at an election called and held thereon, except as otherwise provided.

(2) The election shall be called and held in the manner provided by K.S.A. 10-120, and amendments thereto, and may be:

(A) Held at the next regularly scheduled election to be held in August or November;

(B) may be a mail ballot election, conducted in accordance with K.S.A. 25-431 et seq., and amendments thereto; or

(C) may be a special election called by the city or county. Nothing in this subsection shall prevent any city or county from holding more than one election in any year. The city or county requesting the election shall be responsible for paying all costs associated with conducting the election.

(b) A resolution by the governing body of a city or county otherwise required by the provisions of this section shall not be required to

be approved by an election required by subsection (a) under the following circumstances:

(1) Increased property tax revenues that, in the current year, are produced and attributable to the taxation of:

(A) The construction of any new structures or improvements or the remodeling or renovation of any existing structures or improvements on real property, which shall not include any ordinary maintenance or repair of any existing structures or improvements on the property;

(B) increased personal property valuation;

(C) real property located within added jurisdictional territory;

(D) real property which has changed in use;

(E) expiration of any abatement of property from property tax; or

(F) expiration of a tax increment financing district, rural housing incentive district, neighborhood revitalization area or any other similar property tax rebate or redirection program.

(2) Increased property tax revenues that will be spent on:

(A) Bond, temporary notes, no fund warrants, state infrastructure loans and interest payments not exceeding the amount of ad valorem property taxes levied in support of such payments, and payments made to a public building commission and lease payments but only to the extent such payments were obligations that existed prior to July 1, 2016;

(B) payment of special assessments not exceeding the amount of ad valorem property taxes levied in support of such payments;

(C) court judgments or settlements of legal actions against the city or county and legal costs directly related to such judgments or settlements;

(D) expenditures of city or county funds that are specifically mandated by federal or state law with such mandates becoming effective on or after July 1, 2015, and loss of funds from federal sources after January 1, 2017, where the city or county is contractually obligated to provide a service;

(E) expenses relating to a federal, state or local disaster or federal, state or local emergency, including, but not limited to, a financial emergency, declared by a federal or state official. The board of county commissioners may request the governor to declare such disaster or emergency; or

(F) increased costs above the consumer price index for law enforcement, fire protection or emergency medical services.

(3) Any increased property tax revenues generated for law enforcement, fire protection or emergency medical services shall be expended exclusively for these purposes but shall not be used for the construction or remodeling of buildings.

(4) The property tax revenues levied by the city or county have declined:

(A) In one or more of the next preceding three calendar years and the increase in the amount of funding for the budget or appropriation from revenue produced from property taxes does not exceed the average amount of funding from such revenue of the next preceding three calendar years, adjusted to reflect changes in the consumer price index for all urban consumers as published by the United States department of labor for the preceding calendar year; or

(B) the increase in the amount of ad valorem tax to be levied is less than the change in the consumer price index plus the loss of assessed property valuation that has occurred as the result of legislative action, judicial action or a ruling by the board of tax appeals.

(5) Whenever a city or county is required by law to levy taxes for the financing of the budget of any political or governmental subdivision of this state that is not authorized by law to levy taxes on its own behalf, and the governing body of such city or county is not authorized or empowered to modify or reduce the amount of taxes levied therefore, the tax levies of the political or governmental subdivision shall not be included in or considered in computing the aggregate limitation upon the property tax levies of the city or county.

(6) Any tax levy increase as a result of another taxing entity being dissolved and all powers, responsibilities, duties and liabilities of the taxing entity have been transferred to a city located in the county in which the taxing entity is located, or to the county in which the taxing entity is located, to carry on the function and responsibilities of the dissolved taxing entity, so long as the levy increase does not exceed the levy of the dissolved taxing entity.

Sec. 6. K.S.A. 79-2929 is hereby amended to read as follows: 79-2929. Prior to the filing of the adopted budget with the county clerk, the governing body of each taxing or political subdivision or municipality shall meet for the purpose of answering and hearing objections of taxpayers relating to the proposed budget and for the purpose of considering amendments to such proposed budget. The governing body

shall give at least 10 days' notice of the time and place of the meeting by publication in a weekly or daily newspaper of the county having a general circulation therein. Such notice shall include the proposed budget and shall set out all essential items in the budget except such groupings as designated by the director of accounts and reports on a special publication form prescribed by the director of accounts and reports and furnished with the regular budget form. *Such form shall also include the revenue neutral rate as provided in section 1, and amendments thereto.* The notice of a governing body of any taxing subdivision or municipality having an annual expenditure of \$500 or less shall specify the time and place of the meeting required by this section but shall not be required to include the proposed budget of such taxing subdivision or municipality.

New Sec. 7. (a) For calendar years 2022 and 2023, if a county clerk has printing or postage costs pursuant to section 1, and amendments thereto, the county clerk shall notify and provide documentation of such costs to the secretary of revenue. The secretary of revenue shall certify the amount of moneys attributable to such costs and shall transmit a copy of such certification to the director of accounts and reports. Upon such receipt of such certification, the director of accounts and reports shall transfer an amount of moneys equal to such certified amount from the state general fund to the taxpayer notification costs fund of the department of revenue. The secretary of revenue shall transmit a copy of each such certification to the director of legislative research and the director of the budget.

All expenditures from the taxpayer notification costs fund shall be for the purpose of paying county printing and postage costs pursuant to section 1, and amendments thereto. All expenditures from such fund shall be made in accordance with appropriations acts upon warrants of the director of accounts and reports issued pursuant to vouchers approved by the secretary of revenue or the secretary's designee.

Poker” shall have the following meanings unless the context clearly indicates otherwise:

(a) “3rd street wager” means an additional wager made by a player, in an amount equal to one, two or three times the amount of the player’s ante wager, after the player has been dealt his or her initial two cards.

(b) “4th street wager” means an additional wager made by a player, in an amount equal to one, two or three times the amount of the player’s ante wager, after the first community card is revealed by the dealer.

(c) “5th street wager” means an additional wager made by a player, in an amount equal to one, two, or three times the amount of the player’s ante wager, after the second community card is revealed by the dealer.

(d) “Ante wager” shall mean the initial wager placed prior to any cards being dealt in order to participate in the round of play.

(e) “Bet wager” shall mean either a 3rd street wager, a 4th street wager, or a 5th street wager.

(f) “Community card” means any of the three cards that are initially dealt face down in the designated area in front of the dealer and, once revealed, shall be used by each player with his or her two cards to form a five card hand.

(g) “Envy bonus” means the bonus for which a player qualifies if the player has made a progressive wager, which bonus is won when any other player at the table receives a hand consisting of a straight flush or higher-ranking hand.

(h) “Hand” means the five card hand formed for each player by combining the two cards dealt to the player and the three community cards.

(i) “Fold” means the withdrawal of a player from a round of play by discarding his or her two cards prior to placing a bet wager.

111-501-107. Wagers. (a) All wagers at Mississippi Stud Poker shall be made by placing gaming chips and, if applicable, a match play coupon on the appropriate betting areas of the table layout. A verbal wager accompanied by cash shall not be accepted.

(b) Only players who are seated at the Mississippi Stud Poker table may touch the cards. Once a player has placed a wager and received cards, that player must remain seated until the completion of the round of play.

(c) All ante wagers at Mississippi Stud Poker shall be placed prior to the dealer dealing the first card. No ante wager at Mississippi Stud Poker shall be made, increased or withdrawn after the dealer has dealt the first card.

(d) Any player who places an ante wager may also make a progressive wager by placing gaming chips on the progressive wager sensor in front of their betting position prior to the dealer dealing the first card.

(e) Players who make an ante wager will receive two cards face down. They either fold or buy the first community card by making a 3rd Street wager. When that card is revealed, they either fold or buy the second community card making a 4th Street wager. After that card is revealed, a player may either fold or buy the last community card making a 5th Street wager.

(f) Any player who places a Mississippi Stud Poker wager may also make an optional 3 Card Bonus side wager by placing gaming chips and, if applicable, a match play coupon on the designated betting area of the table layout. The 3 Card Bonus wager will remain in play even if the player folds his or her Mississippi Stud Poker wager. If the player has placed a wager on the 3 Card Bonus side wager and folds his or her Mississippi Stud Poker wager, the dealer will remove the original Mississippi Stud Poker wager and tuck the folded cards under the player's 3 Card Bonus side wager. A player placing a 3 Card Bonus wager will win the wager if the three community cards constitute at least a pair or higher ranking Mississippi Stud Poker hand. See payout table for odds.

(g) After each round of play is complete, the dealer shall collect all losing wagers and pay off all winning wagers in accordance with the payout table. (Authorized by K.S.A. 74-8710 and 74-8748; implementing K.S.A. 74-8710; effective, T-111-10-18-12, Aug. 15, 2012; amended, T-111-10-11-13, Aug. 14, 2013; amended, T-111-3-19-21, Feb. 10, 2021.)

111-501-108. Play. (a) The starting position for the dealing of cards and the delivery of stacks of cards for the game of Mississippi Stud Poker may be determined in the following manner:

(1) The dealer shall deliver the first stack of three cards to the dealer, also known as the community cards, and will then deliver two cards dealt by the shuffling machine to the player farthest to his/her left, continuing to deal each player two cards face down in a clockwise manner. Each player shall receive two cards before the next player receives his or her cards.

(2) After all players have looked at their two cards, the players have a choice:

(A) Fold (and surrender their ante wager); or

(B) Make a 3rd Street bet.

(3) The dealer shall then reveal the first community card.

(4) The players have a choice:

(A) Fold (and surrender their ante wager and 3rd Street bet); or

(B) Make a 4th Street bet.

(5) The dealer shall then reveal the second community card.

(6) The players have a choice:

(A) Fold (and surrender their ante wager, 3rd Street bet, and 4th Street bet); or

(B) Make a 5th Street bet.

(7) The dealer shall then reveal the third community card.

(b) Working from right to left, the dealer reveals each player's two-card hand and determines their hand combined with the three community cards.

(c) The dealer pays and takes according to the pay table.

(d) A player making the progressive wager also qualifies to win an envy bonus. If any player at the table is dealt a hand that wins a progressive bonus, all other players who made a progressive wager win the envy bonus. The player dealt the hand that wins the progressive bonus shall not be paid an envy bonus but shall only be paid the applicable progressive prize.

(e) The dealer shall pay all envy bonuses at the end of the round. If more than one hand triggers an envy bonus, then multiple envy bonuses may be paid.

(f) After settling a player's ante wager, street wagers, and three card bonus wager, the dealer shall settle any progressive wagers. (Authorized by K.S.A. 74-8710 and 74-8748; implementing K.S.A. 74-8710; effective, T-111-10-18-12, Aug. 15, 2012; amended, T-111-3-19-21, Feb. 10, 2021.)

111-501-109. Payout odds. (a) For a winning hand, the ante, 3rd, 4th, and 5th street wagers are paid the same payout odds ranging from 1 to 1 for a pair of jacks, queens, kings or aces to 500 to 1 for a royal flush.

Royal Flush	100%	\$1000	100%	\$5,000
Straight Flush	10%	\$300	10%	\$1,500

(f) The minimum progressive wager shall be in the amount of either \$1.00 or \$5.00 as posted at each table that offers the progressive wager.

(g) The progressive pool shall be funded as follows:
 (1) The casino manager shall initially contribute \$10,000 if the minimum progressive wager is \$1.00 or shall initially contribute \$50,000 if the minimum progressive wager is \$5.00 to establish the beginning amount for the progressive pool. The progressive pool will be replenished in those same amounts each time the 100% progressive prize is awarded; and

(2) 21% of each progressive wager shall be added to the progressive pool.

(h) If during the same round of play one or more players are entitled to 100% of the progressive pool and one or more players are also entitled to 10% of the progressive pool, the winning player farthest to the right of the dealer shall first receive either 100% or 10% of the progressive pool, as applicable. After paying the player farthest to the right of the dealer and deducting that amount from the progressive pool, working from that player to the dealer's left each player winning a share of the progressive pool shall be paid either 10% of the amount then remaining in the progressive pool or 100% of the remaining amount, as applicable. (Authorized by K.S.A. 74-8710 and 74-8748; implementing K.S.A. 74-8710; effective, T-111-10-18-12, Aug. 15, 2012; amended, T-111-10-11-13, Aug. 14, 2013; amended, T-111-3-19-21, Feb. 10, 2021.)
