**Notice of Proposed Kansas/Federal Water
Pollution Control Permits and Applications**

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received

for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. (continued)

K.A.R. 30-47-100 and K.A.R. 30-47-102 – 30-47-127 – The Kansas Department for Children and Families (DCF) is promulgating regulations applicable to Juvenile Crisis Intervention Centers (JCIC), as defined in K.S.A. 65-536. The statute describes an intervention center as a facility that provides short-term observation, assessment, treatment, case planning and referral for any juvenile who is experiencing a mental health crisis and is likely to cause harm to themselves or others.

Economic Impact

K.S.A. 65-536 (h) provided funding, not to exceed \$2,000,000 annually, from the evidence-based programs account of the state general fund or other available appropriations for juvenile crisis intervention services in the secretary of corrections budget. Kansas Department of Corrections – Juvenile Services previously budgeted this \$2,000,000 as a recommendation from the Juvenile Justice Oversight Committee to use evidence-based funds to support base funding of a JCIC. The \$2 million was an estimate of cost for the services and there still are no expenditures to apply to those funds since no JCICs have been established. There are no revenues to report. DCF had expenditures for the promulgation of the rules and regulations, but those were minimal and absorbed within DCF's budget.
