Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Friday, February 18, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of a proposed rule and regulation.

The 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to John Wine, Kansas Insurance Department, 420 S.W. 9th, Topeka, 66612-1678, via facsimile at (785) 291-3673, or via e-mail at jwine@ksinsurance.org. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing.

A summary of the proposed regulation and its economic impact follows:

K.A.R. 40-1-37. Audited financial reports; filing requirements. This regulation is being proposed to amend the current regulation relating to annual financial reports filed by insurance companies. K.S.A. 40-225 directs the commissioner to make amendments or additions to the reporting requirements prescribed by the National Association of Insurance Commissioners (NAIC). This proposed amendment to K.A.R. 40-1-37 adopts by reference the November 22, 2010 "Policy and Procedure Requiring Annual Audited Financial Reports," which is the current NAIC model regulation with Kansas-specific revisions. Companies currently voluntarily comply with the NAIC model regulation.

The proposed amended regulation is not mandated by federal law.

Because these national standards already exist, most companies will not change current practice or experience any fiscal impact. There would be minimal impact on companies required to update their procedures, although these updates would be required by other states as well. The proposed amended regulation will not have any economic impact on other insurance companies, government agencies, regulated entities, large or small businesses, or the general public.

The proposed amended regulation achieves the stated purpose of prescribing the financial reporting requirements by the most effective and least costly method in accordance with K.S.A. 40-225 and K.S.A. 40-222b, therefore no other methods were considered.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and the economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting John Wine at (785) 296-7847 or via e-mail at jwine@ksinsurance.org. Any individual desiring a copy of this regulation and/or the policy and procedure that is being adopted by reference, if applicable, may obtain a copy from the department's Web site at www.ksinsurance.org (under the Legal Issues link) or by contacting John Wine. The charge for copies is 50 cents per page.

Public Notice

The Kansas Health Policy Authority is updating the Medicaid Disproportionate Share Hospital (DSH) State Plan to indicate the redistribution method for DSH funds should an audit adjustment result in a DSH payment revision for a previous period. The state plan amendment also specifies the treatment of subsequent adjustments of non-DSH payments that previously impacted the hospital's calculation of uncompensated care for DSH.

Department of Transportation

Notice of Available FTA Funding

The Kansas Department of Transportation, Office of Public Transportation, is now accepting applications for the following Federal Transit Administration (FTA) programs:

- **U.S.C. 49-5310** — Specialized Transportation for the Elderly and Disabled
- **U.S.C. 49-5311** — General Public Transportation in Nonurbanized Areas
- **U.S.C. 49-5311 (f)** — Intercity Public Transportation in Nonurbanized Areas
- **U.S.C. 49-5316** — Job Access Reverse Commute (JARC)
- **U.S.C. 49-5317** — New Freedom

The application is to cover your agency needs for state fiscal year 2012 (July 1, 2011 through June 30, 2012). The application is required annually from all KDOT-funded 5310, 5311, 5316 and 5317 transit provider agencies including those not requesting capital and/or operating expenses.

The application is available on the KDOT Public Transportation Web site at <http://www.ksdot.org/burTransPlan/pubtrans/index.asp>

Please note the applications are in a different format for SFY 12. All of the applications are in PDF format. The link to download Adobe Reader is <http://get.adobe.com/reader/>. You will need to read the instructions for each application in order to open the document and complete the application. These instructions will be posted on the Web site as well.

The purpose of the **U.S.C. 49-5310** program is to provide funds to support private nonprofit corporations and authorized governments to provide transportation services to meet the special needs of the elderly and persons

with disabilities. Federal funding under this program is available for capital expenditures only. State funding is available for operating expenses up to maximum of \$4,000.00.

The purpose of the **U.S.C. 49-5311** program is to provide funds to support rural and nonurbanized (cities less than 50,000 population) public transportation projects. The goal of the **U.S.C. 49-5311** program is to provide services to the general public on an equal opportunity basis. Funds can be used for either operating or capital expenses.

The purpose of the **U.S.C. 49-5311(f)** program is to support the connection between nonurbanized areas and the larger regional or national system of intercity bus and to support services to meet the intercity travel needs of residents in nonurbanized areas.

The purpose of the **U.S.C. 49-5316** Job Access & Reverse Commute (JARC) program is to improve access to transportation services to employment and employment-related activities for welfare recipients and eligible low-income individuals and to transport residents of urbanized and nonurbanized areas to suburban employment opportunities.

The **U.S.C. 49-5317** New Freedom formula grant program aims to provide additional tools to overcome existing barriers facing Americans with disabilities and seeks to reduce the barriers to transportation services and expand the transportation mobility options available to people with disabilities beyond the requirements of the Americans with Disabilities Act (ADA) of 1990.

The state funding for urban and rural public transportation for the state fiscal year 2012 is budgeted at \$6 million. With the challenging financial situation facing the state of Kansas, it is possible that state fund availability could be reduced, which may increase the requirement for local match.

Applications for the 5310, 5311, 5316 and 5317 funds must be local units of government, Indian Tribes, or private nonprofit organizations registered with the Kansas Secretary of State to do business in Kansas. In addition, all applicants must be an active member in good standing of their Coordinated Transit District (CTD) in order to receive funding. Those agencies applying for funds in the metropolitan areas of Kansas City, Wichita, Lawrence and Topeka need to contact their respective Metropolitan Planning Organization (MPO) to ensure that their application request is included in the MPO's Transportation Improvement Program (TIP).

When downloading the applications from the Internet, potential applicants will need the appropriate application form, application instructions and vehicle cost estimates. The CTD and KDOT contact lists also are available on the Web site. Any potential applicants that do not have Internet access can request an application by contacting the KDOT Public Transit Office.

The application must indicate whether the request is for replacement vehicles, an expansion of services currently provided, a new start application, or if the application is for the funding of only operating assistance. "New Start" is defined as any proposed service that was not previously in existence. "Expansion" is defined as

(continued)

adding transit service to areas not already receiving services (for example: providing services to new locations or adding evening and weekend service).

KDOT has developed selection criteria to be used by the Kansas Coordinated Transit District Council (KCTDC) in evaluating the capital request applications. A copy of the selection criteria can be obtained from the KDOT Web site or by contacting KDOT. The applications will be ranked by the KCTDC in February 2011. After the application ranking by the KCTDC, KDOT staff will use the selection criteria in their evaluation of the applications. It should be noted that all items on the application must be completed. Points will be deducted in the ranking process for missing or incomplete information.

All applications must be received by the KDOT Office of Public Transportation, 2nd Floor (Planning), Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3745, by 3 p.m. Friday, January 28. Applications received after the deadline will not be accepted.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. The Coleman Company, Inc. has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

The Coleman Company, Inc., 3600 N. Hydraulic, Wichita, 67219, owns and operates a recreational camping equipment manufacturing facility located at the same address.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the Wichita Department of Environmental Health, 1900 E. 9th, Wichita. To obtain or review the proposed permit and supporting documentation, contact Kristin R. Fritchman, (785) 368-6683, at the KDHE central office; and to review the proposed permit only, contact Randy Owen, (316) 268-8390, at the Wichita Department of Environmental Health. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Kristin R. Fritchman, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business January 18.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air, not later than the close of business January 18 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. The U.S. Department of Homeland Security (DHS) has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to construct and operate the National Bio and Agro-Defense Facility (NBAR) adjacent to Kansas State University in Manhattan. Emissions of particulate matter (PM), PM equal to or less than 10 micrometers in diameter (PM₁₀), volatile organic compounds (VOCs), oxides of nitrogen (NO_x), sulfur oxides (SO_x), carbon monoxide (CO) and hazardous air pollutants (HAPs) were evaluated during the permit review process.

The DHS proposes to own and operate a stationary source located at 1980 Denison Ave., Manhattan (adjacent to Kansas State University), at which will be a bio-safety level-3 (BSL-3) and BSL-4 research facility equipped with two (2) medical waste, three (3) chamber, controlled-air incinerators. In addition, a Central Utility Plant containing seven (7) boilers (each with maximum design heat-input rating of 33.475 Million British Thermal Units/Hour (MMBtu/hr)) and seven (7) emergency generator diesel engines is to be constructed and operated.

A public comment period has been established until noon January 18 to allow citizens the opportunity to express any concerns they may have about this proposed permitting action. All comments should be submitted in writing to Terry T. Tavener, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366, or presented at the tentatively scheduled public hearing (see below).

Any member of the public may request a public hearing be conducted to receive comments on the proposed issuance of the draft air quality construction permit. Written requests to hold a public hearing should be sent to the attention of Sharon Burrell at the address listed above or by fax to (785) 291-3953 and must be received by noon January 18. If a request is received, a public hearing is tentatively scheduled by KDHE from 5 to 9 p.m. January 25 at the city auditorium located in the City Hall, 1101 Poyntz Ave., Manhattan. If no requests to hold the public hearing are received by noon January 18, the public hearing will be cancelled. A notice of the cancellation will be posted at the KDHE Web site at http://www.kdheks.gov/bar/public_notice.html.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review for a period of 30 days from the date of publication during normal business hours, 8 a.m. to 5 p.m., at the KDHE, Bureau of Air, 1000 S.W. Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment, Division of Health, Bureau of Disease Control and Prevention, will conduct a public hearing at 10 a.m. Friday, February 25, in the Flint Hills Room, Suite 310, Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the adoption of proposed permanent new regulations K.A.R. 28-1-30, 28-1-31 and 28-1-32, concerning tuberculosis evaluation for certain students attending postsecondary educational institutions. A summary of the proposed regulations and the estimated economic impact follows:

Summary of Regulations:

K.A.R. 28-1-30. Defines terms used throughout the regulations, including college designee and university designee, department, health care provider, high risk student, postsecondary educational institution, secretary, student, TB, TB prevention and control plan, and tuberculosis.

K.A.R. 28-1-31. Requires each postsecondary educational institution to develop and maintain a TB prevention and control plan and describes the components of the plan as well as the effective date of compliance.

K.A.R. 28-1-32. Requires that each postsecondary educational institution submit a TB prevention and control plan to the department and describes the data retention requirements related to the plan.

Economic Impact:

Cost to the agency: The cost to KDHE will consist of establishing and maintaining a system for monitoring the compliance of postsecondary educational institutions as

they establish, maintain and implement TB prevention and control plans over time. This will include space and staff time at both support staff and professional levels to provide oversight of the statute-initiated system. Travel and communications costs associated with enforcing compliance over time also will involve an ongoing cost. These costs are neutral as a result of realignment of incumbent staff duties.

Costs to persons and postsecondary institutions affected by the regulations: Certain students determined as high-risk for TB who will attend class at postsecondary educational institutions will incur medical costs for TB testing and evaluation in the process of required screening.

Postsecondary educational institutions will potentially incur costs of establishment, maintenance and compliance with required TB prevention and control plans.

Costs to other governmental agencies or units: Costs established by K.S.A. 65-116i under the provisions of K.S.A. 65-116e for the inpatient care, maintenance and treatment will be incurred by the Department of Social and Rehabilitation services (now the Kansas Health Policy Authority) when individuals are found to have TB disease and are in need of treatment. These costs are intrinsic to an aggressive statewide TB control program and may be mitigated in the whole over time as more effective control explicit in these proposed regulations reduces the spread of infectious TB, thereby reducing the number of individuals needing either outpatient care, inpatient care, maintenance and treatment.

The time period between publication of this notice and the scheduled hearing serves as the required public comment period of at least 60 days for the purpose of receiving written public comments on the proposed new regulations. At any time during the public comment period any interested parties may submit written comments to Phil Griffin, Tuberculosis Control Director, KDHE, 1000 S.W. Jackson, Suite 210, Topeka, 66612-1373, by fax to (785) 291-3732, or by e-mail to pgriffin@kdheks.gov. All interested parties intending to provide oral comments will be given a reasonable opportunity to present their view of the proposed new regulations during the hearing. In order to give each individual or entity an opportunity to present their view, it may be necessary for the hearing officer to request that each presenter limit any of their presentation to an appropriate time frame.

Complete copies of the proposed regulations and the corresponding economic impact statement may be obtained on the Tuberculosis Web site at <http://www.kdheks.gov/tb/index.html> or by contacting Linzi Meyer at the address above, (785) 296-2547 or fax (785) 291-3732.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and regulatory impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Linzi Meyer.
