## State of Kansas

**Department of Health  
and Environment****Request for Comments**

The Kansas Department of Health and Environment has reviewed an application from Deffenbaugh Industries, Inc. (KDHE Proposed Permit No. 0916) to operate a solid waste processing/transfer station facility. The property at 711 N.E. U.S. 24 Highway, Topeka, is approximately 8 acres and will be used as a transfer station. As part of the transfer station facility, an approximate 80 ft. by 140 ft. pre-engineered free-span metal building is proposed. Waste vehicle drivers will unload solid waste within the building, and the equipment operators will place the waste in a long haul transport vehicle. The site also will include a drop-off recycling area, an office/maintenance building, gravel storage area and a transfer trailer parking area. KDHE has reviewed the application and found it to be in conformance with state solid waste statutes and regulations.

KDHE is providing public notice of its intent to issue a permit to Deffenbaugh Industries, Inc. for the proposed solid waste processing facility. A copy of the administrative record, which includes the draft permit and all information regarding this permit action, is available for public review August 19-September 19, during normal business hours Monday through Friday, at the Kansas Department of Health and Environment, Bureau of Waste Management, 1000 S.W. Jackson, Suite 320, Topeka, 66612 (contact: Shelley Schupp, 785-296-6561).

Anyone wishing to comment on the permit application or draft permit information should submit written statements postmarked not later than September 19 to Shelley Schupp. After consideration of all comments received, the director of the Division of Environment will make a final decision on whether to issue the permit. Notice of the decision will be given to anyone who submitted written comments during the comment period and to those who requested notice of the final permit decision.
