This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comment on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Julene Miller, Kansas Board of Regents, 1000 S.W. Jackson, Suite 520, Topeka, 66612-1368. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Renee Burlingham at (785) 296-3689.

Copies of the regulations and the economic impact statement may be found at http://www.kansasregents.org/qualified_admissions_rules_regulations or by contacting Renee Burlingham. A summary of the proposed regulations and the economic impact follows:

Article 29.—QUALIFIED ADMISSIONS

K.A.R. 88-29-1 defines key terms for the regulations. The amendments clarify what is required when a GED (rather than graduation from high school plus a 21 ACT, or top 1/3 class rank, or completion of qualified admissions curriculum) is used as the basis for qualification.

K.A.R. 88-29-5 establishes admission standards for resident freshmen who are under age 21. The amendment clarifies the terminology used for use of a GED as the basis for qualification.

K.A.R. 88-29-6 establishes admission standards for resident freshmen who are age 21 or older. The amendments clarify the terminology used for use of a GED as the basis for qualification and also allow for open admission for resident home schooled students, and those graduating from non-accredited high schools, once they have turned 21, just as is the case for resident students graduating from accredited high schools.

K.A.R. 88-29-7 establishes admission standards for nonresident freshmen. The amendments authorize, but do not require, admission of any nonresident who is under the age of 21 and who has earned a GED with the prescribed minimum scores and at least a 21 on the ACT. This would be an alternative to the current requirement for the nonresident freshmen with GEDs to have either graduated from an accredited high school plus a 21 ACT, or top 1/3 class rank, or qualified admission curriculum, or graduated from a non-accredited high school plus a 21 ACT.

K.A.R. 88-29-7a establishes admission standards for nonresident applicants who are age 21 or older. The amendment clarifies the terminology used for use of a GED as the basis for qualification.

K.A.R. 88-29-10 establishes methods for state universities to evaluate qualifications for admission. The amendments clarify that if the high school has already calculated the qualified admission course GPA and provided that information on the official high school transcript, the admissions officer does not need to also calculate the GPA for the qualified admission curriculum, and further instruct admissions officers as to how to calculate the qualified admissions GPA.

Article 29a.—STATE UNIVERSITY ADMISSIONS

K.A.R. 88-29a-5 establishes admission standards for resident freshmen under age 21 who apply for admission for the 2015 summer session or later. Standards beyond those currently required include completion of either the Regents' precollege curriculum or Kansas Scholars curriculum with a 2.0 or better in addition to achieving a 21 ACT or ranking top third in the applicant's high school class, and having a cumulative GPA of at least 2.0 on all transferable college credit hours. The amendments change the terminology used for use of a GED as the basis for qualification and provide for use of a functional equivalent in lieu of the qualified admission or Kansas Scholars curriculum when a resident freshman has not completed all 16 quarters of high school in Kansas.

K.A.R. 88-29a-6 establishes admission standards for resident freshmen who are age 21 or older and who apply for admission for the 2015 summer session or later. Standards beyond those currently required included having a cumulative GPA of at least 2.0 on all transferable college credit hours, but the amendments provide once again for open admission for Kansas residents who are 21 or older.

K.A.R. 88-29a-7 establishes admission standards for nonresident freshmen under age 21 who apply for admission for the 2015 summer session or later. Standards beyond those currently required include completion of either the Regents' precollege curriculum or Kansas Scholars curriculum (or functional equivalents) with a 2.5 or better in addition to achieving a 21 ACT or ranking top third in the applicant's high school class, and having a cumulative GPA of at least 2.0 on all transferable college credit hours. The amendments make some corrections to the last version of the regulation and allow, but do not require, admission of nonresidents who are under the age of 21 and who have earned a GED with prescribed minimum scores as well as a 21 ACT and a 2.0 GPA on all transferable college credit hours.

K.A.R. 88-29a-7a establishes admission standards for nonresident freshmen applicants who are age 21 or older. Standards beyond those currently required include having a cumulative GPA of at least 2.0 on all transferable college credit hours, but the amendments provide, but do not require, open admission for nonresidents who are 21 or older and change the terminology used for use of a GED as the basis for qualification.

K.A.R. 88-29a-10 establishes methods for state universities to evaluate qualifications for admission. This regu-

(continued)

lation shall be effective beginning with the 2015 summer session and incorporates the requirements of the new Article 29a regulations. The amendments clarify that if the high school has already calculated the qualified admission course GPA and provided that information on the official high school transcript, the admissions officer does not need to also calculate the GPA for the qualified admission curriculum, and further instruct admissions officers as to how to calculate the qualified admissions GPA.

K.A.R. 88-29a-11 establishes minimum requirements for a high school's qualified admission precollege curriculum for students who graduate from high school in academic year 2014-2015 or later. Changes to the required curriculum include requiring three units of math and achievement of the ACT or SAT college readiness math benchmark, or else four units of math one of which must be taken in the year the student graduates. Also included is a section requiring three units of elective courses chosen from prescribed categories. The amendments modify the social science requirements for the precollege curriculum to three generic units, instead of the current requirements which are Kansas-specific.

K.A.R. 88-29a-18 establishes functional equivalents of the qualified admission precollege curriculum for Kansas residents. This regulation will apply to students who graduate from high school in academic year 2014-2015 or later and incorporates the requirements of the new Article 29a regulations. The amendments restrict the use of the functional equivalents to those resident freshmen who have not completed all 16 quarters of high school in Kansas, or who have met most, but not quite all, of the precollege curriculum requirements or their functional equivalents. Also, the amendments would remove the specific requirements for English, natural science, social science and elective courses (because all approved English courses will be from a listing that the board adopts from time to time), and remove the functional equivalents for math.

K.A.R. 88-29a-19 establishes functional equivalents of the qualified admission precollege curriculum for non-residents. This regulation will apply to students who graduate from high school in academic year 2014-2015 or later and incorporates the requirements of the new Article 29a regulations. The amendments replace the existing functional equivalents for nonresidents with a requirement that the student either complete the college preparatory curriculum established by the student's home state (if it is at least as rigorous as that required by K.A.R. 88-29a-11) or achieve all four ACT college readiness benchmarks.

Economic Impact: There is no anticipated economic impact on the state universities, high schools or students/parents, except for any additional costs associated with the precollege curriculum GPA requirement. The board and the Kansas State Department of Education are working together to provide alternatives for high schools and students, including use of a service (Docufide) to calculate the curriculum GPA when transcripts are sent electronically by the high school to the state university. All Kansas high schools already have the option of signing up for this service for purposes of transcript delivery and,

because of federal grant moneys coming to the state, neither the high schools nor the students are required to pay for the service at this time. Furthermore, the electronic transcript service requires no investment in additional hardware, software or ongoing maintenance by the school district, and districts have reported a reduction in school district staff's time to process high school transcript requests when districts use the Docufide service.

When the grant moneys are no longer available for this service, districts may choose to pay for the service or to pass the costs on to students in the form of a small fee for each transcript sent.

The exact cost to have Docufide program the GPA calculations is not known at this time. Students will continue to have the option of having high school transcripts delivered by mail if that option is offered by their high school, with the GPA calculation being done manually by either the high school or the university.
