Administrative Regulations

A public hearing will be conducted at 10 a.m. Friday, September 5, in the office of the Director of Property Valuation, fourth floor, Docking State Office Building, 915 S.W. Harrison, Topeka, to consider amendments to K.A.R. 93-4-2, 93-4-3, 93-4-4, 93-4-5 and 93-4-6, rules and regulations of the secretary of revenue pertaining to the Kansas real estate ratio study act.

All interested parties may submit written comments prior to the hearing to Pete Davis, Ratio Study Supervisor, Division of Property Valuation, fourth floor, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1585 (pete.davis@kdor.ks.gov).

All interested parties will be given a reasonable opportunity to present their views, orally or in writing, concerning the adoption of the proposed amendments during the hearing. In order to give all persons an opportunity to present their views, it may be necessary to request each participant to limit any oral presentations to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed amendments and economic impact statement in an accessible format. Request for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Pete Davis at 785-296-2365. Handicapped parking is located in State Parking Lot No. 2, southeast of the Docking State Office Building facing 10th Street, and the east entrance to the Docking State Office Building is accessible.

A summary of the proposed amendments and their economic impact follows:

93-4-2. Annotation and disposition of real estate sales validation questionnaires; duties of county officials. This regulation is revised to require register of deeds to annotate each real estate sales validation questionnaire with the type of instrument being recorded. Additionally, it is revised to allow register of deeds to retain a one-part real estate sales validation questionnaire when the register of deeds has been authorized by the director of property valuation to process questionnaires by electronic imaging and to allow an electronic copy to be retained if questionnaires are received by means of digital media transmission and retained in an electronic document management system. The costs are currently borne by counties and there will be no additional costs as a result of this revision. Handling documents digitally may represent a cost savings to many counties. There will be no economic impact on the general public.

93-4-3. Split and combined real estate parcel sales; duties of county officials. This regulation is revised to require county appraisers to enter sales information regard-

ing a split or combined real estate sale on the parent parcel when the real estate sales validation is received prior to the creation of working files for the next appraisal year. After the creation of working files for the next appraisal year, the county appraiser is required to enter sales information in the county's computer-assessed mass appraisal system. The costs are currently borne by counties and there will be no additional costs as a result of this revision. There will be no economic impact on the general public.

93-4-4. Assemblage and entering of sales data; accounting for real estate sales validation questionnaires; duties of county officials. This regulation is revised to require county appraisers to electronically upload the recorded monthly sales data from the county's computer-assisted mass appraisal system to the current year's ratio study database at the division of property valuation, not later than the 15th day of the following month. Also, it is revised to require county appraisers to submit the complete set of sales validation questionnaire documents recorded in the previous month to the director of property valuation or the director's agents or, alternatively, to electronically upload the complete set of recorded monthly sales as digital image files to the sales validation questionnaire database at the division of property valuation. The costs are currently borne by counties and there will be no additional costs as a result of this revision. Handling documents digitally may represent a cost savings to many counties. There will be no economic impact on the general public.

93-4-5. Access to county records by the director of property valuation; duties of county officials. This regulation is revised to require county appraisers to prepare and submit the electronic assessment administration file of all appraised values to the director of property valuation not later than three business days after the mailing of the annual real property valuation notices. The costs are currently borne by counties and there will be no additional costs as a result of this revision. There will be no economic impact on the general public.

93-4-6. Performance standards. Table 2-3 of the standard on ratio studies, approved by the executive board of the international association of assessing officers in April 2013, is adopted with modifications. The table is modified to require the coefficient of dispersion to have a range of 5.0 to 20.0, with a confidence level of 95 percent. As modified, the table sets forth the uniformity standards that county appraisers are required to maintain in valuing property for ad valorem property tax purposes. The costs are currently borne by counties and there will be no additional costs as a result of this revision. There will be no economic impact on the general public.

Copies of the proposed amendments and the associated economic impact statements may be obtained from the Division of Property Valuation or may be accessed from the division's website at <http://www.ksrevenue.org/pvd.html>.

The bonds will be issued to assist the respective borrower named below (who will be the owner and operator of the respective project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

Project No. 000873 Maximum Principal Amount: \$125,000. Owner/Operator: Mark J. and Kristine F. Klaassen. Description: Acquisition of 63 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Mark J. and Kristine F. Klaassen and is located at the East 20 acres of the Southwest Quarter, and the West 40 acres of the Southeast Quarter of Section 3, Township 24, Range 1 East, Harvey County, Kansas, approximately 4 miles south of Newton and $\frac{3}{4}$ mile east of I-35 on County Road S.E. 48th and $\frac{1}{4}$ mile east of the intersection of S.E. 48th and S. Each bond, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. Each bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on each bond as it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue any specific bond for the purpose of financing the respective project, and all written comments previously filed with the K DFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding any of the projects described above may be obtained by contacting the K DFA.

Department of Corrections
Notice of Hearing on Proposed
Administrative Regulations**

The Kansas Department of Corrections will conduct a public hearing from 2 to 3 p.m. Thursday, August 21, in the large conference room at 714 S.W. Jackson, 3rd Floor, Topeka, to consider adopting proposed permanent rules and regulations concerning good time credit rates for juvenile offenders.

This 60-day notice of the public hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to Ray Roberts, Secretary, 714 S.W. Jackson, Suite 300, Topeka, 66603, or kdocpub@doc.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally at the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Hope Burns at 785-296-3317, hope.burns@doc.ks.gov, or the Kansas Relay Center at 800-766-3777. There is designated handicap accessible parking on Jackson Street in front of the building.

A copy of the full text of the regulations may be reviewed or obtained at the address above or from the Kansas Department of Corrections' website at <http://www.doc.ks.gov>. The following is a summary of the proposed regulations and economic impact statement:

K.A.R. 123-6-105. Good time credit rate for offenses committed before July 1, 2014. Amendment to this regulation provides that the current 30% good time credit

rate, capped at the juvenile offender matrix minimum, will only apply to those offenses committed before July 1, 2014.

Economic Impact: This amendment requires no additional resources for the Kansas Department of Corrections and maintains the current good time credit rate scheme, but only for those offenses committed prior to July 1, 2014. This amendment will have no economic impact.

K.A.R. 123-6-105a. Good time credit rate for offenses committed on and after July 1, 2014. This is a new regulation that retains the current 30% good time credit rate, but authorizes such good time credit to reduce a juvenile offender's sentence to below the juvenile offender matrix minimum. This amendment gives effect to 2014 HB 2588.

Economic Impact: This new regulation will require programming for the JCFS computer database to correctly account for the new good time rate chart. This cost can be absorbed in the existing agency budget. It might be anticipated that the average daily offender population at the two juvenile correctional facilities will decrease with the additional amount of good time credit available to offenders under this new regulation. However, because future juvenile court sentences cannot be predicted, it is not possible to determine the amount of the decrease in bed space and any resulting cost savings.
