State of Kansas

Department of Health
and EnvironmentNotice of Hearing on Proposed
Administrative Regulations

The Kansas Department of Health and Environment, Division of Environment, Bureau of Air, will conduct a public hearing at 10 a.m. Wednesday, October 8, in the Azure Conference Room, fourth floor, Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the adoption of proposed amended air quality regulations K.A.R. 28-19-720 and 28-19-750. A summary of the proposed regulations and the estimated economic impact follows.

Summary of Regulations:

K.A.R. 28-19-720. The proposed amendments will align K.A.R. 28-19-720 with current federal New Source Performance Standards (NSPS) as effective and published in the C.F.R. Part 60 up to July 1, 2010. These amendments also include adoption of the June 28, 2011, "Standards of Performance for Stationary Compression Ignition and Spark Ignition Internal Combustion Engine; Final Rule," and the January 30, 2013, "New Source Performance Standards for Stationary Internal Combustion Engines; Final Rule" amendments. KDHE also is proposing to amend the current language in K.A.R. 28-19-720(a)(1)-(6) to reorganize the exclusions from adoption of 40 C.F.R. Part 60 and clarify those provisions that are not delegated by the U.S. Environmental Protection Agency to the state.

K.A.R. 28-19-750. The state of Kansas proposes adoption by reference of updated federal hazardous air pollutants (HAP) maximum achievable control technology (MACT) regulations into Kansas air quality regulations, to include certain provisions of 40 C.F.R. Part 63, specifically Subpart ZZZZ addressing reciprocating internal combustion engines. Approval of Kansas' proposed amendments will align K.A.R. 28-19-750 with the current federal requirements in Subpart ZZZZ as effective and published in the C.F.R. on July 1, 2012, and as amended by the January 30, 2013, "National Emission Standards for Hazardous Air Pollutants for Reciprocating Internal Combustion Engines: New Source Performance Standards for Stationary Internal Combustion Engines; Final Rule" and by the March 6, 2013, "National Emission Standards for Hazardous Air Pollutants for Reciprocating Internal Combustion Engines; New Source Performance Standards for Stationary Internal Combustion Engines – Correction."

Economic Impact:

The proposed regulations are not anticipated to result in additional costs to KDHE, other state agencies or the

(continued)

private sector because the impacted facilities are already subject to the costs associated with the current federal standards, which KDHE is proposing to adopt by reference. A detailed economic impact is provided in the regulatory impact statement that is available, as listed below, for each proposed regulation.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed amended regulations. All interested parties may submit written comments prior to 5 p.m. on the day of the hearing to Pat Gibbs, Kansas Department of Health and Environment, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612; by email to pgibbs@kdheks.gov; or by fax to 785-296-7455. During the hearing all interested parties will be given a reasonable opportunity to present their views orally on the proposed regulations as well as an opportunity to submit their written comments. In order to give each individual an opportunity to present their views, it may be necessary for the hearing officer to request that each presenter limit an oral presentation to an appropriate time frame.

A public hearing will be conducted at 9 a.m. Thursday, August 21, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the K DFA to issue its Agricultural Development Revenue Bonds for the projects numbered below in the respective maximum principal amounts. The bonds will be issued to assist the borrowers named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

Project No. 000907 – Maximum Principal Amount: \$275,000. Owner/Operator: Pete L. and Nicole R. Day. Description: Acquisition of 240 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Pete L. and Nicole R. Day and is located at the Northeast Quarter of the Southwest Quarter and the Southeast Quarter of Section 19, Township 16 South, Range 10 East of the 6th P.M., and the Northeast Quarter of the Northeast Quarter of Section 30, Township 16, Range 10 East of the 6th P.M., Lyon County, Kansas, approximately 7 miles east of Council Grove to Road A, then south 1.5 miles to Road 335, then east .25 mile on the south side of the road.

Project No. 000908 – Maximum Principal Amount: \$276,470. Owner/Operator: Scott A. and Heidi M. Holthaus. Description: Acquisition of 240 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Scott A. and Heidi M. Holthaus and is located at Section 32, Township 14, Range 10, Wabaunsee County, Kansas, approximately 7 miles south of Alma on Highway 99, 2 miles west on Highway 4 and 8 miles south on Chalk Road.

The bonds, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will they be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bonds to finance the projects, and all written comments previously filed with the K DFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the projects may be obtained by contacting the K DFA.

In formulating bids, bidders should consider that bids generating significant premium may result in greater principal amortization in later years and bids generating significant discount may result in greater principal in earlier years. Upon notification of preliminary award, the successful bidder must transmit to the city within 20 minutes, by fax or email, its reoffering yields on the bonds. The successful bidder will be notified by means of telephone or facsimile transmission of any modification to such principal amount not later than 2 p.m. (CDT) on the sale date. The successful bidder may not withdraw its bid or change the interest rates bid as a result of any changes made to the principal amount of the bonds or principal of any maturity as described herein.

The bonds will be subject to mandatory and optional redemption prior to maturity as provided in the Official Notice of Bond Sale.

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on February 15 and August 15 in each year, beginning February 15, 2015.

Department for Aging and Disability Services

Request for Proposals (Revised)

The Kansas Department for Aging and Disability Services (KDADS), Behavioral Health Services, announces the release of a request for proposals to provide a continuum of crisis services to prevent state hospitalization. Eligible applicants are community mental health centers (CMHCs) and regional recovery centers (RRCs).

Crisis services for behavioral health emergencies have the potential for significant cost savings by reducing inpatient hospitalization and emergency department utilization, and encouraging more appropriate use of community-based behavioral health services. Traditionally, individuals experiencing a behavioral health crisis have been initially treated in a general hospital emergency department or admitted to a hospital and then receive limited outpatient treatment. This approach has been neither cost effective nor consistent with clinical best practice. As a result, several states have developed a continuum of crisis intervention services to provide less expensive, community-based alternatives.

The primary goal of this continuum of services is to support and stabilize an individual, improve psychological symptoms of distress, and engage them earlier in the process of a mental health or a substance use crisis to put important services in place.

A copy of the application can be found at the following link: http://www.kansasbehavioralhealthservices.org/Bhs1.0/Providers/Provider_Funding_Opportunities.aspx

Applications shall be delivered by 5 p.m. (CDT) August 22, 2014. Applicants are required to submit the original and four copies addressed to George VanHoozer, KDADS, 503 S. Kansas Ave., Topeka, 66603, and one electronic copy to George.VanHoozer@kdads.ks.gov.
