**Association of Educational
Purchasing Agencies**

Notice to Bidders

Sealed Bids will be received by the Association of Educational Purchasing Agencies (AEPA) on behalf of its Member Agencies until 1:30 p.m. (EDT) Wednesday, October 5, 2016.

For Catalog Bids: Digital Multi-Function Devices/Copiers, Printers and Related Services, LED Lighting, Kitchen Equipment and Supplies

For Construction Related Bids: Athletic Field Lighting, Athletic Flooring—Hardwood & Synthetic, Roofing and Building Envelope Services

Each bid package consists of multiple parts: Part A—Notice to Bidders, Bid Procedures and Terms and Conditions; Part B—Commodity Specifications; Part C—Bid Proposal Checklist, Forms A–G; Part D–G—Additional Bid Forms (if required)

All bids shall be submitted online via Public Purchase by the due date and time listed below in the bid and contract timeline. Note that bidders must be able to provide their proposed products and services in up to 26 states including California, Colorado, Connecticut, Florida, Indiana, Iowa, Kansas, Kentucky, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Jersey, New Mexico, North Dakota, Ohio, Oregon, Pennsylvania, Texas, Virginia, Washington, West Virginia, Wisconsin and Wyoming.

AEPA bid documents can be downloaded after registering, at no cost, on Public Purchase at www.publicpurchase.com. AEPA and/or the respective Member Agencies reserve the right to reject any or all bids in whole or in part; to waive any formalities or irregularities in any bids, and to accept the bids, which in its discretion, within state law, are for the best interest of any of the

AEPA Member Agencies and/or their Participating Entities. Bids will be opened and an opening record will be posted to Public Purchase. Bids will be publicly opened at 1:30 p.m. (EDT) October 5, 2016, at Oakland Schools, 2111 Pontiac Lake Road, Waterford, Michigan.

(Published in the Kansas Register August 18, 2016.)

City of Garden City, Kansas

Notice to Bidders

Sealed bids for Kansas Avenue Widening and Reconstruction and Kansas Avenue Watermain Replacement for the city of Garden City, Kansas, will be received at the City Manager’s Office, 301 N. 8th St., Garden City, KS 67846 until 10 a.m., September 14, 2016, at which time the bids will be opened and publicly read aloud. Bids received after that time will be returned unopened.

The work consists of construction of three projects which are tied by the city:

1. Project No. 156-28 KA-2621-01 – Kansas Avenue Widening
2. Contract No. PW1603 – Kansas Avenue Watermain Replacement
3. Project No. 156-28 U-0154-01 – Kansas Avenue Reconstruction

Each bid shall be accompanied by a bid security in the amount of five percent (5%) of the total bid. No bidder may withdraw his bid for at least 30 days after the receipt of bids. The city reserves the right to reject any or all bids, to waive informalities, and to accept the bid deemed to be in the best interest of the city.

Contract documents are available online at www.garden-city.org in the Document Center, Engineering, Projects. Email engineering@gardencityks.us for further information.

Board of Education Clerk

Doc. No. 044751

State of Kansas

Department of Health and Environment

Notice of Pending Draft Kansas/NPDES Water Pollution Control General Permit

The Kansas Department of Health and Environment (KDHE) has prepared a combined Kansas/NPDES Water Pollution Control General Permit for stormwater runoff from industrial activity. This permit, when finalized, will replace the existing general permit.

A general wastewater permit is provided for those entities engaged in similar activities and discharging the same types of wastewater. The wastewater from these types of activities has a low public health and environmental risk. A general permit is placed on public notice once during the life of the permit and then is made available, without further public notice, to all persons for industrial activities which meet the requirements of the permit. The permittees are also required to meet all other federal, state and local requirements including local zoning ordinances.

Stormwater runoff from industrial activity means the discharge from any conveyance which is used for collecting and conveying stormwater and which is directly related to manufacturing, processing or raw materials storage areas at an industrial facility. The term does not include discharges from facilities or activities excluded or exempted from the Kansas/Federal Water Pollution Control program requirements. These activities exclude areas located on the plant site that are separate from the plants industrial activities. Areas such as office buildings and accompanying parking lots are excluded as long as the drainage from excluded areas is not mixed with stormwater drainage from areas with industrial activities subject to permit coverage.

New permittees are required to complete and submit the Notice of Intent along with the first years permit fee of \$60 and receive a signed and dated authorization from KDHE. To maintain the permit, the permittee is required to achieve and maintain compliance with the permit requirements, pay the annual permit fee and periodically review and update the Stormwater Pollution Prevention Plan.

Supporting documents include an Executive Summary, Notice of Intent form and instruction, No Exposure Certification form and instructions, a Notice of Termination form, a Notice of Transfer of Ownership form, and Definitions and Acronyms. Copies of these documents may be viewed at the KDHE website at www.kdheks.gov/stormwater or requested in hard copy by writing: Kansas Department of Health and Environment, Bureau of Water-Technical Services Section, 1000 S.W. Jackson St., Suite 420, Topeka, KS 66612-1367.

Persons wishing to comment on the draft permit must submit written comments to the above address by September 17, 2016.

Susan Mosier, M.D.
Secretary of Health
and Environment

Doc. No. 044752

State of Kansas

Department of Health and Environment

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

Public Notice No. KS-AG-16-134/136

Pending Permits for Confined Feeding Facilities

Name and Address of Applicant	Legal Description	Receiving Water
John Mayden Mayden Feedlot 554 1400 Ave. Abilene, KS 67410	NE/4 of Section 35, T14S, R01E, Dickinson County	Smoky Hill River Basin

Kansas Permit No. A-SHDK-B036

Permit is for a facility downsizing to 999 head of cattle weighing 700 pounds or more (999 animal units). Portions of the facility will be abandoned. Open lot pens in areas 2 and 3 will remain, along with two waste storage ponds (WSP), WSP 2 and WSP 3, and sediment basins. A 12-inch compacted soil liner will be installed in WSP 3. New collection channels will direct runoff to the retention structures.

Name and Address of Applicant	Legal Description	Receiving Water
James Scoby Scoby Farm, Inc. 2825 Bittersweet Road Morrill, KS 66515	S/2 of Section 32 & SW/4 of Section 33, T01S, R15E & NW/4 of Section 4, T02S, R15E, Brown County	Missouri River Basin

Kansas Permit No. A-MOBR-S008

This permit is being reissued for an existing facility with a maximum capacity of 1,500 head (600 head) of swine more than 55 pounds and 200 head (200 animal units) of cattle more than 700 pounds, for a total of 800 animal units. There is no change in the permitted animal units.

Name and Address of Applicant	Legal Description	Receiving Water
Larry Dennis 1270 East Eagle Road Kensington, KS 66951	NE/4 of Section 26, T01S, R16W, Phillips County	Solomon River Basin

Kansas Permit No. A-SOPL-B014
This permit is being reissued for an existing facility with a maximum capacity of 150 head (150 animal units) of cattle more than 700 pounds and 150 head (75 animal units) of cattle 700 pounds or less, for a total of 225 animal units. This represents a decrease in the permitted animal units from the previous permit.

Public Notice No. KS-Q-16-095/097

The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28 (b-g), and Federal Surface Water Criteria.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Gardner, City of 120 E. Main Gardner, KS 66030	Kansas River via Kill Creek	Treated Domestic Wastewater

Kansas Permit No. M-KS20-OO01 Federal Permit No. KS0095605
Legal Description: NE¼, NW¼, S15, T14S, R22E, Johnson County, KS
Facility Name: Gardner (Kill Creek) Wastewater Treatment Facility
Facility Location: 32101 W. 159th St., Gardner, KS 66030

The proposed action is to reissue an existing permit for Kansas/NPDES Water Pollution Control permit for an existing facility. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, ammonia, E. coli, whole effluent toxicity, and pH, as well as monitoring for dissolved oxygen, total phosphorus, nitrate + nitrite, total Kjeldahl nitrogen, total nitrogen, priority pollutants, and flow.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Public Wholesale Water Supply District No. 20 1989 Quivira Road Sedan, KS 67361	North Caney Creek via Roadside Ditch	Process Wastewater

Kansas permit No. I-VE33-PO04 Federal Permit No. KS0097578
Legal Description: NE¼, NW¼, NW¼, S35, T32S, R11E, Chautauqua County, KS

The proposed action is to reissue an existing permit for Kansas/NPDES Water Pollution Control permit for an existing facility. This is a public water treatment plant. The raw water from Murray Gill (Quivira) Lake is treated in a sedimentation basin. The treated water is passed through filters, re-chlorinated and treated with ammonia sulfate and sodium hydroxide prior to pumping to storage. Sludge from the sedimentation basin and disinfection chamber and chlorinated filter backwash wastewater are routed to a two single cell lagoon system. In addition, the permittee operates a single cell non-overflowing domestic wastewater lagoon. The proposed permit contains limits for total residual chlorine, total suspended solids and pH. Contained in the permit is a schedule of compliance requiring the permittee to submit a comparison sampling report for both TRC sampling locations required in the permit.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Valley Falls, City of 421-B Mary St. Valley Falls, KS 66088-0012	Lake Perry via Delaware River	Treated Domestic Wastewater

Kansas Permit No. M-KS73-OO01 Federal Permit No. KS0022543

Legal Description: NE¼, SE¼, SW¼, S19, T8S, R18E, Jefferson County, KS

The proposed action is to reissue an existing permit for Kansas/NPDES Water Pollution Control permit for an existing facility. The proposed permit contains limits for biochemical oxygen demand and total suspended solids, as well as monitoring for ammonia, E. coli, total phosphorus, nitrate + nitrite, total Kjeldahl nitrogen, total nitrogen, and pH.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson St., Suite 420, Topeka, Kansas 66612-1367.

All comments regarding the draft documents or application notices received on or before September 17, 2016, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-16-134/136, KS-Q-16-095/097) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 S.W. Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m., Monday through Friday, excluding holidays.

**Notice of Requested Architectural
Programming Services**

Notice is hereby given of the commencement of the selection process for architectural programming services for Kansas State University. The firm will assist the uni-

(continued)

versity in the development of programming for capital projects. These capital projects may include buildings, utilities, infrastructure, site work/landscaping, etc. Minimum requirements for programs include background and justification, project budgets and project schedules. For new building construction or major renovations to buildings, the programs must also include space projections, space summaries, space descriptions, a discussion of the impact the additional space will have on overall campus space, and new building operating costs and the proposed source of funding for such operating costs (or a statement that such will not be requested). Additional information that the university deems necessary may also be requested. The contract will be for three years.

For more information, contact Diana Hutchison, 785-532-0379 or dlhutch@ksu.edu.

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051-054, inclusive, and information regarding similar projects. These forms may be found at <http://admin.ks.gov/offices/ofpm/dcc/f-and-d>. State of Kansas Professional Qualifications DCC Form 050 for each firm and consultant should be provided at the end of each proposal. Please include your firm name, agency abbreviation and an abbreviated project name in the title of the PDF document. Proposals should be less than 5 MB and follow the current State Building Advisory Commission guidelines which can be found in Part B–Chapter 2 of the Building Design and Construction Manual at <http://www.admin.ks.gov/offices/ofpm/dcc/bdcm>. Proposals should be sent on a CD, DVD or flash drive along with a transmittal to Randy Riveland, Office of Facilities and Property Management, Suite 700, 800 S.W. Jackson, Topeka, 66612-1216. Proposals sent via email will no longer be accepted and paper copies of the proposals are no longer required. It is the proposer’s responsibility to ensure proposals are received by the closing date and time. Delays in mail delivery or any other means of transmittal, including couriers or agents of the issuing entity shall not excuse late proposal submissions. Proposals received after the date and time noted below will not be forwarded to the State Building Advisory Commission for review. If you have questions, call 785-296-0749. The PDF proposal submissions shall be delivered to the attention of Randy Riveland by 2 p.m. on or before September 2, 2016.

Doc. No. 044666

State of Kansas

**Department of Revenue
Division of Taxation**

Request for Bids for Oil and Gas Lease

By order of the director of taxation of the state department of revenue, for the state of Kansas:

The Director of Taxation will receive bids for the leasing of oil and gas rights in and to the portion of the Arkansas Riverbed, the property of the state of Kansas, described as follows:

That portion of the Arkansas Riverbed as it meanders through Sections 19, 20 and 29, Township 27 South, Range 1 East, Sedgwick County, Kansas; containing 124.29 acres, more or less.

The bidding shall be considered upon the amount of bonus, annual rental and royalty to be paid. Due to the cost of processing, no bids will be accepted for less than \$100 on small tracts of less than 100 acres.

Bids shall be submitted upon forms obtained from the Director of Taxation, Robert B. Docking State Office Building, 915 S.W. Harrison St., Topeka, KS 66625.

Lease shall be made on forms provided by the state for

(continued)

a term of five (5) years. The successful bidder pays publication costs in the local paper and the Kansas Register.

Bids shall be opened at the office of the director of taxation at 2 p.m. September 6, 2016.

The Director of Taxation reserves the right to reject any and all bids and to re-advertise.

Steven A. Stotts, Director
Division of Taxation

Doc. No. 044748

State of Kansas

Department of Agriculture, Division of Water Resources

Notice of Hearing on Proposed Administrative Regulations (Rescheduled)

(Editor's Note: The public hearing on proposed administrative regulations of the Kansas Department of Agriculture, Division of Water Resources scheduled for October 11, 2016, notice of which was published in the August 4, 2016 Kansas Register, has been cancelled. The hearing has been rescheduled for October 27, 2016, at 10 a.m., as published in the following notice.)

A public hearing will be conducted at 10 a.m. Thursday, October 27, 2016, in the 1st floor meeting room of the Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, Kansas, to consider the adoption of proposed regulations. Individuals wishing to participate by teleconference may go to the Garden City Field Office, 2508 Johns St., Garden City, on the date and time of the public hearing.

The public hearing originally scheduled for October 11, 2016, notice of which was published in the August 4, 2016, issue of the Kansas Register, has been cancelled.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture, 1320 Research Park Drive, Manhattan, KS 66502, or by email at ronda.hutton@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

K.A.R. 5-21-3 – The proposed amendments to the regulation will modify the well spacing in the Dakota aquifer in the Western Kansas Groundwater Management District No. 1 (GMD 1) from one half of a mile to four (4) miles. This regulation was requested by GMD 1, and will be filed for adoption by the Chief Engineer of the Division of Water Resources.

Economic Impact Statement:

The proposed amendment will limit well spacing to ensure the spacing is appropriate so Dakota wells do not impact one another. The four (4) mile spacing will help ensure impairment from a junior Dakota well does not occur. Spacing alone cannot guarantee impairment will

not occur, but a four (4) mile spacing requirement will go a long way toward helping to prevent impairment.

This regulation is not mandated by federal law.

The proposed amendment will result in no fiscal impact to the department. The proposed amendment will result in no fiscal impact to GMD 1. The amendment will have a positive fiscal impact to existing water right holders in the areas of concern resulting from the additional protection against impairment by new development.

No other methods were considered by the state. Improved groundwater resource conditions, both quality and quantity, could be achieved through the adoption of this regulation change.

K.A.R. 5-3-6a – The proposed amendment to K.A.R. 5-3-6a clarifies the agency's authority to seal a water flowmeter to ensure the meter installation is not removed or altered without the agency's permission. The Kansas Department of Agriculture, Division of Water Resources (KDA) and the Groundwater Management Districts test meters to determine if they are performing properly and, after testing, the agency or the district will seal the meters to ensure the integrity of the test. To enforce compliance with water use permits, it is crucial to know if and when a tested meter is removed or altered. Accurate meters are critical to ensuring the integrity of water use records statewide.

Economic Impact Statement:

The regulation will apply to new and existing meter installations. It is important to have the ability to seal meters to maintain the integrity of water use data. Sealing water flowmeter installations will discourage water users from diverting without meters, turning meters in reverse or removing meters to tamper with the readings. Currently, the water users are required to contact KDA when a meter is removed. Many users do not because it is easily overlooked. The seal will remind users to contact us in addition to maintaining the water use record.

This regulation is not mandated by federal law.

The proposed amendment will result in a positive fiscal impact to the agency, as it will allow the agency to extend field staff work by saving time in inspecting meter installations, as meters previously tested and sealed can be considered still accurate. The agency will not have to re-test or re-inspect meter installations once the meters are tested and sealed. The proposed amendments will result in a positive fiscal impact to the groundwater management districts for the same reasons stated above for the agency. There will be no fiscal impact to other government agencies. It may have a negative fiscal impact on private businesses and individuals if civil penalties are imposed for removing the seal without permission.

No other methods were considered by the state.

The proposed amendment will have no environmental impact.

Any individual with a disability may request accommodations in order to participate in the public hearing and may request the proposed regulations and impact statements in an accessible format. Requests for accommodations should be made at least five working days in advance of the hearing by contacting Ronda Hutton at 785-564-6715 or fax 785-564-6777. Handicapped parking

is located on the west side of the building located at 1320 Research Park Drive, Manhattan, and the west entrance to the building is accessible to individuals with disabilities.

Copies of the regulations and their economic impact statements may be obtained by contacting the Department of Agriculture, Ronda M. Hutton, 1320 Research Park Drive, Manhattan, KS 66502 or 785-564-6715 or by accessing the department's website at agriculture.ks.gov. Comments may also be made through our website under the proposed regulation.

David W. Barfield
Chief Engineer
Division of Water Resources

State of Kansas

Wildlife, Parks and Tourism Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Wildlife, Parks and Tourism Commission at 6:30 p.m. Thursday, October 20, 2016 at the Seward County Event Center, 810 Stadium Road, Liberal, Kansas, to consider the approval and adoption of proposed regulations of the Kansas Department of Wildlife, Parks and Tourism.

A general discussion and workshop meeting on business of the Wildlife, Parks and Tourism Commission will begin at 1 p.m. October 20 at the location listed above. The meeting will recess at approximately 5 p.m. then resume at 6:30 p.m. at the same location for the regulatory hearing and more business. There will be public comment periods at the beginning of the afternoon and evening meeting for any issues not on the agenda and additional comment periods will be available during the meeting on agenda items. Old and new business may also be discussed at this time. If necessary to complete business matters, the commission will reconvene at 9 a.m. October 21 at the location listed above.

Any individual with a disability may request accommodation in order to participate in the public meeting and may request the meeting materials in an accessible format. Requests for accommodation to participate in the meeting should be made at least five working days in advance of the meeting by contacting Sheila Kemmis, Commission Secretary, at 620-672-5911. Persons with a hearing impairment may call the Kansas Commission for the Deaf and Hard of Hearing at 1-800-432-0698 to request special accommodations.

This 60-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed administrative regulation. All interested parties may submit written comments prior to the hearing to the Chairman of the Commission, Kansas Department of Wildlife, Parks and Tourism, 1020 S. Kansas Ave., Suite 200, Topeka, KS 66612 or to sheila.kemmis@ksoutdoors.com if electronically. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments

submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The regulations that will be heard during the regulatory hearing portion of the meeting are as follows:

K.A.R. 115-2-2. This permanent regulation establishes daily and annual permit prices for vehicles entering and using state parks and other areas requiring a motor vehicle permit. The proposed amendments would set a permit price for unconventional motor vehicle permits.

Economic Impact Summary: The proposed version of the regulation is not anticipated to have any appreciable negative economic impact on the department, other agencies, small businesses or the public.

K.A.R. 115-2-3. This permanent regulation establishes the overnight and annual camping permit prices, fees for utility connections, and related fees within state parks. This is a user fee regulation and the proposed amendments would increase fees for annual camping permits, daily camping permits and 14 day camping permits.

Economic Impact Summary: If the same number of permits were sold as calendar year 2015, the proposed increases would generate an additional \$1,111,973, all of which would accrue to the park fee fund. Otherwise, the proposed amendments are not anticipated to have any appreciable negative economic impact on the department, small businesses, other agencies, or the public.

K.A.R. 115-7-1. This permanent regulation establishes legal fishing equipment and methods for sportfish and for nonsportfish. The proposed amendment would allow the use of floatlines 24 hours a day.

Economic Impact Summary: The proposed amendments are not anticipated to have any negative economic impact on the department, small businesses, other agencies, or the public.

K.A.R. 115-7-10. This permanent regulation establishes special provisions related to fishing. The proposed amendments would update the reference document related to new invasive species waters as well as remove receipt requirements when fishing with baitfish.

Economic Impact Summary: The proposed amendments are not anticipated to have any negative economic impact on the department, small businesses, other agencies, or the public.

K.A.R. 115-8-13. This permanent regulation establishes the authorized operation of motorized vehicles and aircraft upon department lands and roads. The proposed amendments provide for the use of unconventional motorized vehicles on department roads within state parks.

Economic Impact Summary: The proposed amendments are not anticipated to have any negative economic impact on the department, small businesses, other agencies, or the public.

K.A.R. 115-17-2. This permanent regulation establishes the legal species that can be sold for commercial fish bait. The proposed amendments would eliminate the requirement for commercial baitfish dealers to provide receipts on sale.

(continued)

Economic Impact Summary: The proposed amendments are not anticipated to have any negative economic impact on the department, small businesses, other agencies, or the public.

K.A.R. 115-18-20. This permanent regulation establishes the tournament bass pass. The proposed amendments would allow tournament anglers who possess the bass pass the ability to keep up to five fish that meet the statewide length limit but do not meet the length limit for the specific body of water where the tournament is being conducted.

Economic Impact Summary: The proposed amendments are not anticipated to have any negative economic impact on the department, small businesses, other agencies, or the public.

K.A.R. 115-25-5. This proposed exempt regulation establishes hunting unit boundaries, bag limit and season dates for the 2017 fall wild turkey seasons. The proposed change would close the fall season for units 3, 5 and 6 to take into account several years of poor reproduction and correct an error in the boundary descriptions. Otherwise, the regulation would be unchanged from previous seasons.

Economic Impact Summary: In 2015, the department issued 12,133 fall turkey permits of various types, generating \$211,590. It is anticipated that the closure of the fall season in three additional units will reduce permit sales by 7300 permits, and reducing income to the wildlife fee fund by approximately \$130,000. Administrative costs associated with the season are borne by the department.

The department estimates over 24,000 days of hunting activity will occur, thus providing economic benefit to businesses providing goods and services. No other economic impact on the general public, small businesses or on other state agencies is anticipated.

K.A.R. 115-25-6. This proposed exempt regulation establishes hunting unit boundaries, bag limits and

season dates for the spring turkey hunting season. The proposed changes would correct an error in the boundary descriptions.

Economic Impact Summary: It is anticipated that approximately 61,973 permits and game tags will be issued in 2017, based on 2016 permit sales. Estimated revenue if the above number of permits and tags are issued would be \$1,925,577. Administrative costs associated with the season are borne by the department.

Approximately 310,000 recreational days of hunting could occur, thus providing economic benefit to businesses providing goods and services. No other economic impact on the department, general public, small businesses, or on other state agencies is anticipated.

K.A.R. 115-25-14. This proposed exempt regulation establishes statewide limits and open seasons for fishing in Kansas. The proposed changes relate to removing the length limit on walleye, saugeye and sauger on streams and rivers, allowing floatline fishing year round and 24 hours a day, updates to the reference document related to length and creel limits for specific bodies of water and the addition of one trout water.

Economic Impact Summary: The proposed changes would likely have no substantive economic impact to the department, other state agencies, small businesses, or the public.

Copies of the complete text of the regulation and its respective economic impact statement may be obtained by writing the chairman of the commission at the address above, electronically on the department's website at www.kdwpt.state.ks.us, or by calling 785-296-2281.
