(See KDOT form No. 1050 for classifications listed in the *Consultant Prequalification Questionnaire*.)
- b. In accordance with 23 CFR 172.9(a)(3), On-Call contracts will specify: (i) the maximum length of the contract period, including allowable contract extensions not to exceed 5 years (typically 4-year contract period with 1-year extension); and (ii) the maximum total contract dollar amount that may be awarded under such contract terms will not exceed \$2,000,000.00 per firm for each district in which the firm was selected.

- Capability to identify and accumulate allowable costs by contract or project records which will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Qualifications-Based Procedure for implementing Task Orders/Work Orders:

- a. Each consultant firm signatory to a current On-Call contract for the relevant classification(s) of technical services required will be notified by KDOT email listing all projects in region where consultant firm is qualified to render services. Consultant will respond to KDOT who will then forward all interested consultant firms to respective project LPAs.
- b. The notification will: (i) contain a description of the task(s) to be performed, the project, the schedule, and any other particular requirements; (ii) solicit written confirmation from each consultant firm as to the particular skill, specialized experience, technical competence, and qualification of the firm and employees available for assignment to perform the task(s) in a timely manner; and (iii) specify the date or deadline such confirmation must be submitted to and received by KDOT to be considered for the task(s).
- c. After the deadline, a Selection Committee will be convened and it may conduct interviews, by telephone or otherwise, to obtain supplemental information from consultant firms. The Selection Committee will review the information submitted, the past performance of similar services by the firms under consideration, as well as other relevant information, and select the most highly-qualified firm for the Task Order/Work Order. KDOT will notify all participating consultant firms of the selection.
- d. KDOT will prepare an independent estimate to be used for comparison purposes and as a basis to ascertain and negotiate a fair and reasonable cost for the services.
- e. Such first-ranked firm shall then submit a cost proposal for the Task Order/Work Order. A Negotiating Committee will be convened to evaluate the cost proposal and negotiate any changes. If negotiations cannot be reached, the next-ranked firm will be con-

tacted to submit a proposal following the process through the ranked firms until negotiations are successfully concluded.

- f. When negotiations are successfully concluded, a written Task Order/Work Order reflecting the agreement of the parties shall be prepared for signature by duly authorized representatives of the parties.

Selection and notification process will be completed by December 15, 2017. If you have any questions, please feel free to contact Tod Salfrank at Tod.Salfrank@ks.gov.
