Voter Registration Deadline Tuesday, October 14

TOPEKA (October 13, 2014) – Secretary of State Kris Kobach reminds Kansans that Tuesday, October 14 is the last day to register to vote for anyone who wants to vote in November’s general election. Advance voting begins as early as October 15 in some counties.

To be eligible to vote in Kansas, a person must (1) be a resident of Kansas at the time of registration, (2) be 18 years of age or older at the time of voting, and (3) be a United States citizen. Individuals registering for the first time in Kansas are required to submit a document to prove their U.S. citizenship along with the completed voter registration application. See www.gotVoterID.com for a list of such documents.

There are two ways to register to vote: on paper or online. The paper application can be printed from <http://www.sos.ks.gov/forms/elections/voterregistration.pdf> or picked up at any [county election office](#), at the secretary of state's office, or at various sites around the state. Return the fully completed application with proof of citizenship in person to your county election office by the close of business. County addresses are listed on the back of the application. Or return the application by mail, by email, or by fax before midnight. Applications postmarked by the deadline of October 14 will be accepted and processed for that election.

To register to vote online, a person must have a valid Kansas driver's license or nondriver's identification card and a pdf of his or her citizenship document. Access the website at <https://www.kdor.org/voterregistration/>, follow the directions, and upload the pdf document proving U.S. citizenship.

When the certificate of registration is received by mail from the county election office, make sure the information on it is accurate. If any information is incorrect, contact your county election office to make the necessary changes.

Remember to vote on November 4!
