Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to four acres of real property located on the Wichita State University's campus designated as the "Innovation Campus," for the private development and operation of a partnership building or buildings. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. The university intends to lease such space for a mutually agreeable period of time up to sixty years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university's educational mission and identify anticipated benefits to the univer-

(continued)

sity, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Interested tenants will be required to construct adjacent and adequate surface parking that will not be included in the leased ground. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of building improvement, and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization. If interested, please contact Senior Vice President for Industry and Defense Programs, Dr. John Tomblin at john.tomblin@wichita.edu or Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Department of Health and Environment

Notice of Application to Operate a Household Hazardous Waste Facility

The Kansas Department of Health and Environment (KDHE) received an application from Johnson County, Kansas to operate a household hazardous waste (HHW) facility. The proposed HHW facility would be located at

11231 Mastin St., Overland Park, KS 66210. The HHW facility would be permitted to accept HHW from Johnson County residents and from Conditionally Exempt Small Quantity Generators. This facility would replace Johnson County's existing permitted HHW facility at 4800 Nall, Mission, Kansas.

The Johnson County Commissioners have certified that the application described herein is consistent with their solid waste management plan. The Director of Planning and Development Services of the City of Overland Park has certified that the application is consistent with local land use restrictions or zoning. KDHE has reviewed the application and found it to be in conformance with the state solid waste statutes and regulations.

La noticia anterior se refiere a la solicitud de permiso para Instalación de Residuos Domésticos Peligrosos del Condado de Johnson en la 11231 Mastin Street, Overland Park, KS 66210. Si desea obtener más información en español o tiene otras preguntas, por favor, comuníquese con el Coordinador de No Discriminación de KDHE al 785-296-5156 o en: KDHE.NonDiscrimination@ks.gov.

KDHE is providing public notice of their intent to issue a permit to Johnson County for the HHW facility as described herein. However, a final decision to issue the permit has not been made, and KDHE will consider information gathered during the public comment period before making a final decision. A copy of the permit application, engineering drawings, and draft permit with respect to this permit action will be available for public review from April 6, 2023 through May 8, 2023 at <https://www.kdhe.ks.gov/676/> and at the following locations during normal business hours:

Anyone wishing to comment on the proposed permit should submit a written statement by 5:00 p.m. May 8, 2023, to Stacey Baalman of KDHE at the address listed above, or via email to Stacey.Baalman@ks.gov. Comments that are postmarked by May 8, 2023 and received within one week thereafter will also be considered.

After consideration of all formal comments as described above, KDHE will make a final decision on whether to issue the permit. Notice of the decision will be given to the applicant, anyone who submitted formal comments, and those who requested notice of the final permit decision.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before May 6, 2023, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-23-076/077) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Erich Glave, Director, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Michael Beezhold at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Mirina Landry at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Neal Niceswanger, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-6804 or email at Neal.Niceswanger@ks.gov. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdhe.ks.gov/livestock>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

**Notice of Requested Architectural
and Engineering Services**

Notice is hereby given of the commencement of the selection process for architectural and engineering services for Kansas State University. Services are needed to renovate 14-15 classrooms at Eisenhower Hall to include finish, ceiling, and lighting upgrades. Window air conditioners will be removed and fan coil units installed and connected to the existing four pipe chilled water system. One larger lecture room will be reconfigured, and entrance may be reworked. The project construction budget is \$3,500,000.

An architectural/engineering program is available at <http://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs>. For more information contact Ben Perry at benperry@ksu.edu or 785-532-0379.

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051-054, inclusive, and information regarding similar projects. These forms may be found at <https://admin.ks.gov/offices/facilities-property-management/design-construction-compliance/forms-and-documents>. State of Kansas Professional Qualifications DCC Form 050 for each firm and consultant should be provided at the end of each proposal. Please include your firm name, agency abbreviation, and an abbreviated project name in the title of the PDF document. Proposals should be less than 5 Mb and follow the current State Building Advisory Commission guidelines which can be found in Part B – Chapter 2 of the Building Design and Construction Manual at <https://admin.ks.gov/offices/facilities-property-management/design-construction-compliance/building-design-and-construction-manual-bdcm>. Paper copies and flash drives containing copies of the proposals are not required.

Proposals should be sent to professional.qualifications@ks.gov. Proposals received after the date and time noted below will not be forwarded to the State Building Advisory Commission for review. If you have questions, call 785-296-0749. The PDF proposal submissions shall be delivered to the attention of the State Building Advisory Commission by 2:00 p.m. on or before April 21, 2023.

**Notice of Commencement of Negotiations for
Construction Manager At-Risk Services**

Notice is hereby given for the seeking of interest and qualifications for Construction Management At-Risk (CMAR) services for the Wichita State University (WSU)-University of Kansas Medical Center (KUMC) Health Sciences Education Center. Please note that this project was previously advertised but did not have sufficient responses to proceed to short listing. Thus, the project is being readvertised.

The Health Science Education Center, a joint project between WSU and the KUMC, is envisioned as an interprofessional healthcare learning environment within a biomedical corridor the heart of downtown Wichita, Kansas. Architectural programming has identified the need for a 470,000 square foot building complex that co-locates all the programs and clinics at KU School of Medicine, KU School of Pharmacy, WSU College of Health Professions, and WSU Tech Health Professions. The facility will consist of classrooms, research labs, simulation labs, faculty/staff office space, academic home space, and outward facing clinic space. The design will progress with space efficiency in mind and will continue to identify opportunities for collaboration. Although a final building site is still in progress, WSU and KUMC will focus on sites located adjacent to an existing parking structure as the current program does not include creating new parking. The anticipated total construction cost for the facility is approximately \$236 million with anticipated building occupancy in Fall 2026.

An architectural/engineering program is available at <http://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs>. For more information contact Emily Patterson at 316-978-3444 or emily.patterson@wichita.edu; or David Rau at 913-945-5943 or at drau2@kumc.edu.

**Notice of Proposed Nursing Facility Medicaid Rates
for State Fiscal Year 2024;**

**Methodology for Calculating Proposed Rates,
and Rate Justifications;**

**Notice of Intent to Amend the Medicaid State Plan;
Request for Written Comments; and
Notice of Intent to Publish Final Rates**

Under the Medicaid program, 42 U.S.C. 1396 et seq., the State of Kansas pays nursing facilities, nursing facilities for mental health, and hospital long-term care units (hereafter collectively referred to as nursing facilities) a daily rate for care provided to residents who are eligible for Medicaid benefits. The Secretary of Aging and Disability Services administers the nursing facility program, which includes hospital long-term care units, and the nursing facility for mental health program. The Secretary acts on behalf of the Kansas Department of Health and Environment Division of Health Care Finance (DHCF), the single state Medicaid agency.

As required by 42 U.S.C. 1396a(a)(13), as amended by Section 4711 of the Balanced Budget Act of 1997, P.L. No. 105-33, 101 Stat. 251, 507-08 (August 5, 1997), the Secretary of the Kansas Department for Aging and Disability Services (KDADS) is publishing the proposed Medicaid per diem rates for Medicaid-certified nursing facilities for State Fiscal Year 2024, the methodology underlying the establishment of the nursing facility rates, and the justifications for those rates. KDADS and DHCF are also providing notice of the state's intent to submit amendments to the Medicaid State Plan to the U. S. Department of Health and Human Services' Centers for Medicare and Medicaid Services (CMS) on or before September 30, 2023.

I. Methodology Used to Calculate Medicaid Per Diem Rates for Nursing Facilities.

In general, the state uses a prospective, cost-based, facility-specific rate-setting methodology to calculate nursing facility Medicaid per diem rates, including the rates listed in this notice. The state's rate-setting methodology

(continued)

is contained primarily in the following described documents and authorities and in the exhibits, attachments, regulations, or other authorities referenced in them:

A. The following portions of the Kansas Medicaid State Plan maintained by DHCF are being revised:

1. Attachment 4.19D, Part I, Subpart C, Exhibit C-1, inclusive;

The text of the portions of the Medicaid State Plan identified above in section IA.1, but not the documents, authorities and the materials incorporated therein by reference, is reprinted in this notice. The Medicaid State Plan provisions set out in this notice appears in the version which the state currently intends to submit to CMS on or before September 30, 2023. The Medicaid State Plan amendment that the state ultimately submits to CMS may differ from the version contained in this notice.

Copies of the documents and authorities containing the state's rate-setting methodology are available upon written request. A request for copies will be treated as a request for public records under the Kansas Open Records Act, K.S.A. 45-215 et seq. The state may charge a fee for copies, in accordance with Executive Order 18-05. Written requests for copies should be sent to:

A.1 Attachment 4.19D, Part I, Subpart C, Exhibit C-1: Methods and Standards for Establishing Payment Rates for Nursing Facilities

Under the Medicaid program, the State of Kansas pays nursing facilities (NF), nursing facilities for mental health (NFMH), and hospital long-term care units (hereafter collectively referred to as nursing facilities) a daily rate for care provided to residents who are eligible for Medicaid benefits. The narrative explanation of the nursing facility reimbursement formula is divided into 11 sections. The sections are: Cost Reports, Rate Determination, Quarterly Case Mix Index Calculation, Resident Days, Inflation Factors, Upper Payment Limits, Quarterly Case Mix Rate Adjustment, Real and Personal Property Fee, Incentive Factors, Rate Effective Date, and Retroactive Rate Adjustments.

1. Cost Reports

The Nursing Facility Financial and Statistical Report (MS2004) is the uniform cost report. It is included in Kansas Administrative Regulation (K.A.R.) 129-10-17. It organizes the commonly incurred business expenses of providers into three reimbursable cost centers (operating, indirect health care, and direct health care). Ownership costs (i.e., mortgage interest, depreciation, lease, and amortization of leasehold improvements) are reported and reimbursed through the real and personal property fee. There is a non-reimbursable/non-resident related cost center so that total operating expenses can be reconciled to the providers' accounting records.

All cost reports are desk reviewed by agency auditors. Adjustments are made, when necessary, to the reported costs in arriving at the allowable historic costs for the rate computations.

Calendar Year End Cost Reports

All providers that have operated a facility for 12 or more months on December 31 shall file a calendar year cost report. The requirements for filing the calendar year cost report are found in K.A.R. 129-10-17.

When a non-arms length or related party change of provider takes place or an owner of the real estate assumes the operations from a lessee, the facility will be treated as an ongoing operation. In this situation, the related provider or owner shall be required to file the calendar year end cost report. The new operator or owner is responsible for obtaining the cost report information from the prior operator for the months during the calendar year in which the new operator was not involved in running the facility. The cost report information from the old and new operators shall be combined to prepare a 12-month calendar year end cost report.

Projected Cost Reports

The filing of projected cost reports are limited to: 1) newly constructed facilities; 2) existing facilities new to the Medicaid program; or 3) a provider re-entering the Medicaid program that has not actively participated or billed services for 24 months or more. The requirements are found in K.A.R. 129-10-17.

2. Rate Determination

Rates for Existing Nursing Facilities

Medicaid rates for Kansas NFs are determined using a prospective, facility-specific rate-setting system. The rate is determined from the base cost data submitted by the provider. The current base cost data is the combined calendar year cost data from each available report submitted by the current provider during 2020, 2021, and 2022.

If the current provider has not submitted a calendar year report during the base cost data period, the cost data submitted by the previous provider for that same period will be used as the base cost data. Once the provider completes their first 24 months in the program, their first calendar year cost report will become the provider's base cost data.

The allowable expenses are divided into three cost centers. The cost centers are Operating, Indirect Health Care and Direct Health Care. They are defined in K.A.R. 129-10-18.

The allowable historic per diem cost is determined by dividing the allowable resident related expenses in each cost center by resident days. Before determining the per diem cost, each year's cost data is adjusted from the midpoint of that year to June 30, 2022. The resident days and inflation factors used in the rate determination will be explained in greater detail in the following sections.

The inflated allowable historic per diem cost for each cost center is then compared to the cost center upper payment limit. The allowable per diem rate is the lesser of the inflated allowable historic per diem cost in each cost center or the cost center upper payment limit. Each cost center has a separate upper payment limit. If each cost center upper payment limit is exceeded, the allowable per diem rate is the sum of the three cost center upper payment limits. There is also a separate upper payment limit for owner, related party, administrator, and co-administrator compensation. The upper payment limits will be explained in more detail in a separate section.

The case mix of the residents adjusts the Direct Health Care cost center. The reasoning behind a case mix payment system is that the characteristics of the residents in a facility should be considered in determining the payment rate. The idea is that certain resident characteristics can be used to predict future costs to care for residents with those same characteristics. For these reasons, it is desirable to use the case mix classification for each facility in adjusting provider rates.

There are add-ons to the allowable per diem rate. The add-ons consist of the incentive factor, the real and personal property fee, and per diems to cover costs not included in the cost report data. The incentive factor and real and personal property fee are explained in separate sections of this exhibit. The rate components are explained in separate subparts of Attachment 4.19D of the State Plan. The add-ons plus the allowable per diem rate equal the total per diem rate.

Rates for New Construction and New Facilities (New Enrollment Status)

The per diem rate for newly constructed nursing facilities, or new facilities to the Kansas Medical Assistance program shall be based on a projected cost report submitted in accordance with K.A.R. 129-10-17.

The cost information from the projected cost report and the first historic cost report covering the projected cost report period shall be adjusted to June 30, 2022. This adjustment will be based on the IHS Global Insight, National Skilled Nursing Facility Market Basket Without Capital Index (IHS Index). The IHS indices listed in the latest available quarterly publication will be used to adjust the reported cost data from the midpoint of the cost report period to June 30, 2022. The provider shall remain in new enrollment status until the base data period is reestablished. During this time, the adjusted cost data shall be used to determine all rates for the provider. Any additional factor for inflation that is applied to cost data for established providers shall be applied to the adjusted cost data for each provider in new enrollment status.

Rates for Facilities Recognized as a Change of Provider (Change of Provider Status)

The payment rate for the first 24 months of operation shall be based on the base cost data of the previous owner or provider. This base cost data shall include data from each calendar year cost report that was filed by the previous provider from 2020-2022. If base cost data is not available, the most recent calendar year data for the previous provider shall be used. Beginning with the first day of the 25th month of operation the payment rate shall be based on the historical cost data for the first calendar year submitted by the new provider.

All data used to set rates for facilities recognized as a change-of-provider shall be adjusted to June 30, 2022. This adjustment will be based on the IHS Index. The IHS indices listed in the latest available quarterly publication will be used to adjust the reported cost data from the midpoint of the cost report period to June 30, 2022. The provider shall remain in change-of-provider status until the base data period is reestablished. During this time, the adjusted cost data shall be used to determine all rates for the provider. Any additional factor for inflation

that is applied to cost data for established providers shall be applied to the adjusted cost data for each provider in change of provider status.

Rates for Facilities Re-entering the Program (Reenrollment Status)

The per diem rate for each provider reentering the Medicaid program shall be determined from a projected cost report if the provider has not actively participated in the program by the submission of any current resident service billings to the program for 24 months or more. The per diem rate for all other providers reentering the program shall be determined from the base cost data filed with the agency or the most recent cost report filed preceding the base cost data period.

All cost data used to set rates for facilities reentering the program shall be adjusted to June 30, 2022. This adjustment will be based on the IHS Index. The IHS indices listed in the latest available quarterly publication will be used to adjust the reported cost data from the midpoint of the cost report period to June 30, 2022. The provider shall remain in reenrollment status until the base data period is reestablished. During this time, the adjusted cost data shall be used to determine all rates for the provider. Any additional factor for inflation that is applied to cost data for established providers shall be applied to the adjusted cost data for each provider in reenrollment status.

3. Quarterly Case Mix Index Calculation

Providers are required to submit to the agency the uniform assessment instrument, which is the Minimum Data Set (MDS), for each resident in the facility. The MDS assessments are maintained in a computer database.

The Resource Utilization Groups-III (RUG-III) Version 5.20, 34 group, index maximizer model is used as the resident classification system to determine all case-mix indices, using data from the MDS submitted by each facility. Standard Version 5.20 (Set D01) case mix indices developed by the Centers for Medicare and Medicaid Services (CMS) shall be the basis for calculating facility average case mix indices to be used to adjust the Direct Health Care costs in the determination of upper payment limits and rate calculation. Resident assessments that cannot be classified will be assigned the lowest CMI for the State.

Each resident in the facility on the first day of each calendar quarter with a completed and submitted assessment shall be assigned a RUG-III 34 group calculated on the resident's most current assessment available on the first day of each calendar quarter. This RUG-III group shall be translated to the appropriate CMI. From the individual resident case mix indices, three average case mix indices for each Medicaid nursing facility shall be determined four times per year based on the assessment information available on the first day of each calendar quarter.

The facility-wide average CMI is the simple average, carried to four decimal places, of all resident case mix indices. The Medicaid-average CMI is the simple average, carried to four decimal places, of all indices for residents, including those receiving hospice services, where Medicaid is known to be a per diem payer source on the first day of the calendar quarter or at any time during the preceding quarter. The private-pay/other average CMI is the sim-

(continued)

ple average, carried to four decimal places, of all indices for residents where neither Medicaid nor Medicare were known to be the payer source on the first day of the calendar quarter or at any time during the preceding quarter. Case mix indices for ventilator-dependent residents for whom additional reimbursement has been determined shall be excluded from the average CMI calculations.

Rates will be adjusted for case mix twice annually using case mix data from the two quarters preceding the rate effective date. The case mix averages used for the rate adjustments will be the simple average of the case mix averages for each quarter. The resident listing cut-off for calculating the average CMIs for each quarter will be the first day of the quarter. The following are the dates for the resident listings and the rate periods in which the average Medicaid CMIs will be used in the semi-annual rate-setting process.

<u>Rate Effective Date</u>	<u>Cut-Off Dates for Quarterly CMI</u>
July 1	January 1 and April 1
January 1	July 1 and October 1

The resident listings will be distributed to providers prior to the dates the semi-annual case mix adjusted rates are determined. This will allow the providers time to review the resident listings and make corrections before they are notified of new rates. The cut off schedule may need to be modified in the event accurate resident listings and Medicaid CMI scores cannot be obtained from the MDS database.

4. Resident Days

Facilities with 60 beds or less

For facilities with 60 beds or less, the allowable historic per diem costs for all cost centers are determined by dividing the allowable resident related expenses by the actual resident days during the cost report period(s) used to establish the base cost data.

Facilities with more than 60 beds

For facilities with more than 60 beds, the allowable historic per diem costs for the Direct Health Care cost center and for food and utilities in the Indirect Health Care cost center are determined by dividing the allowable resident related expenses by the actual resident days during the cost report period(s) used to establish the base cost data. The allowable historic per diem cost for the Operating and Indirect Health Care Cost Centers less food and utilities is subject to an 85% minimum occupancy rule. For these providers, the greater of the actual resident days for the cost report period(s) used to establish the base cost data or the 85% minimum occupancy based on the number of licensed bed days during the cost report period(s) used to establish the base cost data is used as the total resident days in the rate calculation for the Operating cost center and the Indirect Health Care cost center less food and utilities. All licensed beds are required to be certified to participate in the Medicaid program.

There are two exceptions to the 85% minimum occupancy rule for facilities with more than 60 beds. The first is that it does not apply to a provider who is allowed to file a projected cost report for an interim rate. Both the rates determined from the projected cost report and the

historic cost report covering the projected cost report period are based on the actual resident days for the period.

The second exception is for the first cost report filed by a new provider who assumes the rate of the previous provider. If the 85% minimum occupancy rule was applied to the previous provider's rate, it is also applied when the rate is assigned to the new provider. However, when the new provider files a historic cost report for any part of the first 12 months of operation, the rate determined from the cost report will be based on actual days and not be subject to the 85% minimum occupancy rule for the months in the first year of operation. The 85% minimum occupancy rule is then reapplied to the rate when the new provider reports resident days and costs for the 13th month of operation and after.

5. Inflation Factors

Inflation will be applied to the allowable reported costs from the calendar year cost report(s) used to determine the base cost data from the midpoint of each cost report period to June 30, 2022. The inflation will be based on the IHS Global Insight, CMS Nursing Home without Capital Market Basket index.

The IHS Global Insight, CMS Nursing Home without Capital Market Basket Indices listed in the latest available quarterly publication will be used to determine the inflation tables for the payment schedules processed during the payment rate period. This may require the use of forecasted factors in the inflation table. The inflation tables will not be revised until the next payment rate period.

The inflation factor will not be applied to the following costs:

1. Owner/Related Party Compensation
2. Interest Expense
3. Real and Personal Property Taxes

6. Upper Payment Limits

There are three types of upper payment limits that will be described. One is the owner/related party/administrator/co-administrator limit. The second is the real and personal property fee limit. The last type of limit is an upper payment limit for each cost center. The upper payment limits are in effect during the payment rate period unless otherwise specified by a State Plan amendment.

Owner/Related Party/Administrator/Co-Administrator Limits

Since salaries and other compensation of owners are not subject to the usual market constraints, specific limits are placed on the amounts reported. First, amounts paid to non-working owners and directors are not an allowable cost. Second, owners and related parties who perform resident related services are limited to a salary chart based on the Kansas Civil Service classifications and wages for comparable positions. Owners and related parties who provide resident related services on less than a full time basis have their compensation limited by the percent of their total work time to a standard work week. A standard work week is defined as 40 hours. The owners and related parties must be professionally qualified to perform services which require licensure or certification.

The compensation paid to owners and related parties shall be allocated to the appropriate cost center for the type of service performed. Each cost center has an expense line for owner/related party compensation. There is also a cost report schedule titled, "Statement of Owners and Related Parties." This schedule requires information concerning the percent of ownership (if over five percent), the time spent in the function, the compensation, and a description of the work performed for each owner and/or related party. Any salaries reported in excess of the Kansas Civil Service based salary chart are transferred to the Operating cost center where the excess is subject to the Owner/Related Party/Administrator/Co-Administrator per diem compensation limit.

Schedule C is an array of non-owner administrator and co-administrator salaries. The schedule includes the calendar year 2022 historic cost reports in the database from all active nursing facility providers. The salary information in the array is not adjusted for inflation. The per diem data is calculated using an 85% minimum occupancy level for those providers in operation for more than 12 months with more than 60 beds. Schedule C for the owner/related party/administrator/co-administrator per diem compensation limit is the first schedule run during the rate setting.

Schedule C is used to set the per diem limitation for all non-owner administrator and co-administrator salaries and owner/related party compensation in excess of the civil service based salary limitation schedule. The per diem limit for a 50-bed or larger home is set at the 90th percentile on all salaries reported for non-owner administrators and co-administrators. A limitation table is then established for facilities with less than 50 beds. This table begins with a reasonable salary per diem for an administrator of a 15-bed or less facility. The per diem limit for a 15-bed or less facility is inflated based on the State of Kansas annual cost of living allowance for classified employees for the rate period. A linear relationship is then established between the compensation of the administrator of the 15-bed facility and the compensation of the administrator of a 50-bed facility. The linear relationship determines the per diem limit for the facilities between 15 and 50 beds.

The per diem limits apply to the non-owner administrators and co-administrators and the compensation paid to owners and related parties who perform an administrative function or consultant type of service. The per diem limit also applies to the salaries in excess of the civil service based salary chart in other cost centers that are transferred to the operating cost center.

Real and Personal Property Fee Limit

The property component of the reimbursement methodology consists of the real and personal property fee that is explained in more detail in a later section. The upper payment limit is 105% of the median determined from a total resident day-weighted array of the property fees in effect April 1, 2023.

Cost Center Upper Payment Limits

Schedule B is an array of all per diem costs for each of the three cost centers-Operating, Indirect Health Care, and Direct Health Care. The schedule includes a per

diem determined from the base cost data from all active nursing facility providers. Projected cost reports are excluded when calculating the limit.

The per diem expenses for the Operating cost center and the Indirect Health Care cost center less food and utilities are subject to the 85% minimum occupancy for facilities over 60 beds. All previous desk review and field audit adjustments are considered in the per diem expense calculations. The costs are adjusted by the owner/related party/administrator/co-administrator limit.

Prior to the Schedule B arrays, the cost data on certain expense lines is adjusted from the midpoint of the cost report period to June 30, 2022. This will bring the costs reported by the providers to a common point in time for comparisons. The inflation will be based on the IHS Global Insight, CMS Nursing Home Without Capital Market Basket Index.

Certain costs are exempt from the inflation application when setting the upper payment limits. They include owner/related party compensation, interest expense, and real and personal property taxes.

Schedule B is the median compilations. These compilations are needed for setting the upper payment limit for each cost center. The median for each cost center is weighted based on total resident days. The upper payment limits will be set using the following:

Operating	110% of the median
Indirect Health Care	115% of the median
Direct Health Care	130% of the median

Direct Health Care Cost Center Limit

The Kansas reimbursement methodology has a component for a case mix payment adjustment. The Direct Health Care cost center rate component and upper payment limit are adjusted by the facility average CMI.

For the purpose of setting the upper payment limit in the Direct Health Care cost center, the facility cost report period CMI and the statewide average CMI will be calculated. The facility cost report period CMI is the resident day-weighted average of the quarterly facility-wide average case mix indices, carried to four decimal places. The quarters used in this average will be the quarters that most closely coincide with the financial and statistical reporting period. For example, a 01/01/20XX-12/31/20XX financial and statistical reporting period would use the facility-wide average case mix indices for quarters beginning 04/01/XX, 07/01/XX, 10/01/XX and 01/01/XY. The statewide average CMI is the resident day-weighted average, carried to four decimal places, of the facility cost report period case mix indices for all Medicaid facilities.

The statewide average CMI and facility cost report period CMI are used to set the upper payment limit for the Direct Health Care cost center. The limit is based on all facilities with a historic cost report in the database. There are three steps in establishing the base upper payment limit.

The first step is to normalize each facility's inflated Direct Health Care costs to the statewide average CMI. This is done by dividing the statewide average CMI for the cost report year by the facility's cost report period CMI, then multiplying this answer by the facility's inflated costs. This step is repeated for each cost report year for which data is included in the base cost data.

(continued)

The second step is to determine per diem costs and array them to determine the median. The per diem cost is determined by dividing the total of each provider's inflated case mix adjusted base direct health care costs by the total days provided during the base cost data period. The median is located using a day-weighted methodology. That is, the median cost is the per diem cost for the facility in the array at which point the cumulative total of all resident days first equals or exceeds half the number of the total resident days for all providers. The facility with the median resident day in the array sets the median inflated direct health care cost. For example, if there are eight million resident days, the facility in the array with the 4 millionth day would set the median.

The final step in calculating the base Direct Health Care upper payment limit is to apply the percentage factor to the median cost. For example, if the median cost is \$80 and the upper payment limit is based on 130% of the median, then the upper payment limit for the statewide average CMI would be \$104 ($D=130\% \times \80).

7. Quarterly Case Mix Rate Adjustment

The allowance for the Direct Health Care cost component will be based on the average Medicaid CMI in the facility. The first step in calculating the allowance is to determine the Allowable Direct Health Care Per Diem Cost. This is the lesser of the facility's per diem cost from the base cost data period or the Direct Health Care upper payment limit. Because the direct health care costs were previously adjusted for the statewide average CMI, the Allowable Direct Health Care Per Diem Cost corresponds to the statewide average CMI.

The next step is to determine the Medicaid acuity adjusted allowable Direct Health Care cost. The facility's Medicaid CMI is determined by averaging the facility average Medicaid CMI from the two quarters preceding the rate effective date. The facility's Medicaid CMI is then divided by the statewide average CMI for the cost data period. Finally, this result, is then multiplied by the Allowable Direct Health Care per diem cost. The result is referred to as the Medicaid Acuity Adjustment.

The Medicaid Acuity Adjustment is calculated semi-annually to account for changes in the Medicaid CMI. To illustrate this calculation, take the following situation: The facility's direct health care per diem cost is \$80.00, the Direct Health Care per diem limit is \$104.00, and these are both tied to a statewide average CMI of 1.000, and the facility's current Medicaid CMI is 0.9000. Since the per diem costs are less than the limit the Allowable Direct Health Care Cost is \$80.00, and this is matched with the statewide average CMI of 1.0000. To calculate the Medicaid Acuity Adjustment, first divide the Medicaid CMI by the statewide average CMI, then multiply the result by the Allowable Direct Health Care Cost. In this case that would result in \$72.00 ($0.9000/1.0000 \times \80.00). Because the facility's current Medicaid CMI is less than the statewide average CMI the Medicaid Acuity Adjustment moves the direct health care per diem down proportionally. In contrast, if the Medicaid CMI for the next semi-annual adjustment rose to 1.1000, the Medicaid Acuity Adjustment would be \$88.00 ($1.1000/1.0000 \times \80.00). Again the Medicaid Acuity Adjustment changes the Allowable Direct Health Care Per Diem Cost to match the current Medicaid CMI.

8. Real and Personal Property Fee

The property component of the reimbursement methodology consists of the real and personal property fee (property fee). The property fee is paid in lieu of an allowable cost of mortgage interest, depreciation, lease expense and/or amortization of leasehold improvements. The fee is facility specific and does not change as a result of a change of ownership, change in lease, or with re-enrollment in the Medicaid program. The original property fee was comprised of two components, a property allowance and a property value factor. The differentiation of the fee into these components was eliminated effective July 1, 2002. At that time each facility's fee was re-established based on the sum of the property allowance and value factor. The providers receive the lower of the inflated property fee or the upper payment limit.

For providers re-enrolling in the Kansas Medical Assistance program or providers enrolling for the first time but operating in a facility that was previously enrolled in the program, the property fee shall be the sum of the last effective property allowance and the last effective value factor for that facility. The property fee will be inflated to 12/31/08 and then compared to the upper payment limit. The property fee will be the lower of the facility-specific inflated property fee or the upper payment limit.

Providers entering the Kansas Medical Assistance program for the first time, who are operating in a building for which a fee has not previously been established, shall have a property fee calculated from the ownership costs reported on the cost report. This fee shall include appropriate components for rent or lease expense, interest expense on real estate mortgage, amortization of leasehold improvements, and depreciation on buildings and equipment. The process for calculating the property fee for providers entering the Kansas Medical Assistance program for the first time is explained in greater detail in K.A.R. 129-10-25.

There is a provision for changing the property fee. This is for a rebasing when capital expenditure thresholds are met (\$25,000 for homes under 51 beds and \$50,000 for homes over 50 beds). The original property fee remains constant but the additional factor for the rebasing is added. The property fee rebasing is explained in greater detail in K.A.R. 129-10-25. The rebased property fee is subject to the upper payment limit.

9. Incentive Factors

An incentive factor will be awarded to both NF and NF-MH providers that meet certain outcome measures criteria. The criteria for NF and NF-MH providers will be determined separately based on arrays of outcome measures for each provider group.

Nursing Facility Quality and Efficiency Incentive Factor:

The Nursing Facility Incentive Factor is a per diem amount determined by four per diem add-ons providers can earn for various outcomes measures. Providers that maintain a case mix adjusted staffing ratio at or above the 75th percentile will earn a \$3.00 per diem add-on. Providers that fall below the 75th percentile staffing ratio but improve their staffing ratio by 10% or more will earn a \$0.50 per diem add-on. Providers that achieve a staff retention rate at or above the 75th percentile will earn a

\$2.50 per diem add-on as long as contracted labor costs do not exceed 10% of the provider’s total direct health care labor costs. Providers that have a staff retention rate lower than the 75th percentile but that increase their staff retention rate by 10% or more will receive a per diem add-on of \$0.50 as long as contracted labor costs do not exceed 10% of the provider’s total direct health care labor costs. Providers that have a Medicaid occupancy percentage of 65% or more will receive a \$0.75 per diem add-on. Finally, providers that maintain quality measures at or above the 75th percentile will earn a \$1.25 per diem add-on. The total of all the per diem add-ons a provider qualifies for will be their incentive factor.

The table below summarizes the incentive factor outcomes and per diem add-ons:

Incentive Outcome	Incentive Add-ons
CMI adjusted staffing ratio ≥ 75th percentile (5.59), or CMI adjusted staffing < 75th percentile but improved ≥ 10%	\$3.00 \$0.50
Staff retention rate ≥ 75th percentile, 71% Contracted labor < 10% of total direct health care labor costs or Staff retention rate < 75th percentile but increased ≥ 10% Contracted labor < 10% of total direct health care labor costs	\$2.50 \$0.50
Medicaid occupancy ≥ 65%	\$0.75
Quality Measures ≥ 75th percentile (570)	\$1.25
Total Incentive Add-on Available	\$7.50

The Culture Change/Person-Centered Care Incentive Program

The Culture Change/Person-Centered Care Incentive Program (PEAK 2.0) includes nine different incentive levels to recognize homes that are either pursuing culture change, have made major achievements in the pursuit of culture change, have met minimum competencies in person-centered care, have sustained person-centered care, or are mentoring others in person-centered care.

Each incentive level has a specific pay-for-performance incentive per diem attached to it that homes can earn by meeting defined outcomes. The first six levels (Level 0 – Level 5) are intended to encourage quality improvement for homes that have not yet met the minimum competency requirements for a person-centered care home.

Level 6 recognizes those homes that have attained a minimum level of core competency in person-centered care. Level 7 and Level 8 are reserved for those homes that have demonstrated sustained person-centered care for multiple years and have gone on to mentor other homes in their pursuit of person-centered care. The table below provides a brief overview of each of the levels.

Level	Incentive	Description
Foundation	\$0.50	Participates in a year of education/activities
Level 1	\$0.75	Pass 0-2 Cores
Level 2	\$1.00	Pass 3-4 Cores
Level 3	\$1.25	Pass 5-6 Cores
Level 4	\$1.50	Pass 7-8 Cores
Level 5	\$1.75	Pass 9-11 Cores
Level 6	\$2.00	Pass all cores Person-Centered Care Home (PCC)
Level 7	\$2.50	Sustains PCC 2 Years
Level 8	\$3.00	Sustains PCC Mentors others

Nursing Facility for Mental Health Quality and Efficiency Incentive Factor

The Quality and Efficiency Incentive plan for Nursing Facilities for Mental Health (NFMH) will be established separately from nursing facilities. Nursing Facilities for Mental Health serve people who often do not need the NF level of care on a long-term basis. There is a desire to provide incentive for NFMHs to work cooperatively and in coordination with Community Mental Health Centers to facilitate the return of persons to the community.

The Quality and Efficiency Incentive Factor is a per diem add-on ranging from zero to seven dollars and fifty cents. It is designed to encourage quality care, efficiency and cooperation with discharge planning. The incentive factor is determined by five outcome measures: case-mix adjusted nurse staffing ratio; operating expense; staff turnover rate; staff retention rate; and occupancy rate. Each provider is awarded points based on their outcomes measures and the total points for each provider determine the per diem incentive factor included in the provider’s rate calculation.

Providers may earn up to two incentive points for their case mix adjusted nurse staffing ratio. They will receive two points if their case-mix adjusted staffing ratio equals or exceeds 3.28, which is 120% of the statewide NFMH median of 2.73. They will receive one point if the ratio is less than 120% of the NFMH median but greater than or equal to 3.00, which is 110% of the statewide NFMH median. Providers with staffing ratios below 110% of the NFMH median will receive no points for this incentive measure.

NFMH providers may earn one point for low occupancy outcomes measures. If they have total occupancy less than 90% they will earn a point.

NFMH providers may earn one point for low operating expense outcomes measures. The provider will earn one point if the per diem operating expenses are below \$31.01, or 90% of the statewide median of \$34.46.

NFMH providers may earn up to two points for the turnover rate outcomes measure. Providers with direct health care staff turnover equal to or below 45%, the 75th percentile statewide, will earn two points as long as contracted labor costs do not exceed 10% of the provider’s total direct health care labor costs. Providers with direct health care staff turnover greater than 45% but equal to or below 67%, the 50th percentile statewide, will earn one point as long as contracted labor costs do not exceed 10% of the provider’s total direct health care labor costs.

Finally, NFMH providers may earn up to two points for the retention rate outcomes measure. Providers with staff retention rates at or above 84%, the 75th percentile statewide will earn two points. Providers with staff retention rates below 84% but at or above 67%, the 50th percentile statewide, will earn one point.

The table below summarizes the incentive factor outcomes and points:

(continued)

Quality/Efficiency Outcome	Incentive Points
CMI adjusted staffing ratio ≥ 120% (3.28) of NF-MH median (2.73), or	2, or
CMI adjusted staffing ratio between 110% (3.00) and 120%	1
Total occupancy ≤ 90%	1
Operating expenses < \$31.01, 90% of NF-MH median, \$34.46	1
Staff turnover rate ≤ 75th percentile, 45%	2, or
Staff turnover rate ≤ 50th percentile, 67%	1
Contracted labor < 10% of total direct health care labor costs	
Staff retention ≥ 75th percentile, 84%	2, or
Staff retention ≥ 50th percentile, 67%	1
Total Incentive Points Available	8

Schedule E is an array containing the incentive points awarded to each NFMH provider for each quality and efficiency incentive outcome. The total of these points will be used to determine each provider’s incentive factor based on the following table.

Total Incentive Points	Incentive Factor Per Diem
Tier 1: 6-8 points	\$7.50
Tier 2: 5 points	\$5.00
Tier 3: 4 points	\$2.50
Tier 4: 0-3 points	\$0.00

The survey and certification performance of each NF and NFMH provider will be reviewed quarterly to determine each provider’s eligibility for incentive factor payments. In order to qualify for an incentive, factor a home must not have received any health care survey deficiency of scope and severity level “H” or higher during the survey review period. Homes that receive “G” level deficiencies, but no “H” level or higher deficiencies, and that correct the “G” level deficiencies within 30 days of the survey, will be eligible to receive 50% of the calculated incentive factor. Homes that receive no deficiencies higher than scope and severity level “F” will be eligible to receive 100% of the calculated incentive factor. The survey and certification review period will be the 12-month period ending one quarter prior to the incentive eligibility review date. The following table lists the incentive eligibility review dates and corresponding review period end dates.

Incentive Eligibility Effective Date	Review Period End Date
July 1	March 31st
October 1	June 30th
January 1	September 30th
April 1	December 31st

10. Rate Effective Date

Rate effective dates are determined in accordance with K.A.R. 129-10-19. The rate may be revised for an add-on reimbursement factor (i.e., rebased property fee), desk review adjustment or field audit adjustment.

11. Retroactive Rate Adjustments

Retroactive adjustments, as in a retrospective system, are made for the following three conditions:

A retroactive rate adjustment and direct cash settlement is made if the agency determines that the base year cost report data used to determine the prospective payment rate was in error. The prospective payment rate period is adjusted for the corrections.

If a projected cost report is approved to determine an

interim rate, a settlement is also made after a historic cost report is filed for the same period.

All settlements are subject to upper payment limits. A provider is considered to be in projection status if they are operating on a projected rate and they are subject to the retroactive rate adjustment.

II. Medicaid Per Diem Rates for Kansas Nursing Facilities

A. Cost Center Limitations

The state establishes the following cost center limitations which are used in setting rates effective July 1, 2023.

Cost Center	Limit Formula	Per Day Limit
Operating	110% of the Median Cost	\$52.23
Indirect Health Care	115% of the Median Cost	\$64.69
Direct Health Care	130% of the Median Cost	\$177.42
Real and Personal Property Fee	105% of the Median Fee	\$10.51

These amounts were determined according to the “Reimbursement Limitations” section. The Direct Health-care Limit is calculated based on a CMI of 1.0801, which is the statewide average.

B. Case Mix Index

These proposed rates are based upon each nursing facility’s Medicaid CMI calculated as the average of the quarterly Medicaid CMI averages with a cutoff dates of January 1, 2023 and April 1, 2023. The CMI calculations use the July 1, 2014 Kansas Medicaid/Medikan CMI Table. In Section II.C below, each nursing facility’s Medicaid average CMI is listed beside its per diem rate.

III. Justifications for the Rates

1. The proposed rates are calculated according to the rate-setting methodology in the Kansas Medicaid State Plan and pending amendments thereto.
2. The proposed rates are calculated according to a methodology which satisfies the requirements of K.S.A. 39-708c(x) and the DHCF regulations in K.A.R. Article 129-10 implementing that statute and applicable federal law.
3. The State's analyses project that the rates:
 - a. Would result in payment, in the aggregate of 87.55% of the Medicaid day weighted average inflated allowable nursing facility costs state-wide; and
 - b. Would result in a maximum allowable rate of \$304.85 (for a CMI of 1.0801); with the total average allowable rate being \$243.77.
4. Estimated annual aggregate expenditures in the Medicaid nursing facility services payment program will increase approximately \$44.2 million.
5. The state estimates that the rates will continue to make quality care and services available under the Medicaid State Plan at least to the extent that care and services are available to the general population in the geographic area. The state's analyses indicate:
 - a. Service providers operating a total of 301 nursing facilities and hospital-based long-term care units (representing 95.9% of all the licensed nursing facilities and long-term care units in Kansas) participate in the Medicaid program;
 - b. There is at least one Medicaid-certified nursing facility and/or nursing facility for mental health, or Medicaid-certified hospital-based long-term care unit in 98 of the 105 counties in Kansas;
 - c. The statewide average occupancy rate for nursing facilities participating in Medicaid is 77.08%;
 - d. The statewide average Medicaid occupancy rate for participating facilities is 59.21%; and
 - e. The rates would cover 88.96% of the estimated Medicaid direct health care costs incurred by participating nursing facilities statewide.
6. Federal Medicaid regulations at 42 C.F.R. 447.272 impose an aggregate upper payment limit that states may pay for Medicaid nursing facility services. The state's analysis indicates that the methodology will result in compliance with the federal regulation.

IV. Request for Comments; Request for Copies

The state Requests providers, beneficiaries and their representatives, and other concerned Kansas residents to review and comment on the proposed rates, the methodology used to calculate the proposed rates, the justifications for the proposed rates, and the intent to amend

the Medicaid State Plan. Persons and organizations wishing to submit comments must mail, deliver, or fax their signed, written comments before the close of business on May 6, 2023 to:

Request for Applications

The Kansas Department of Transportation (KDOT) Office of Public Transportation is now accepting State Fiscal Year 2024 applications for operating assistance and proposals for capital purchases in accordance with the Federal Transit Administration (FTA) program U.S.C. 49-5311(f) – Intercity Bus.

The purpose of the U.S.C. 49-5311(f) program is to provide funds to support the intercity bus system and its purpose as a vital link between isolated rural communities and the rest of the nation. The goal of the U.S.C. 49-5311(f) program is to support the connection between nonurbanized areas and the larger regional or national system, meet the intercity travel needs of residents in nonurbanized areas, and support the infrastructure of the intercity bus network.

Awards for federal ICB operating assistance require a 50% local match. If in-kind match of unsubsidized intercity routes is proposed, documentation of availability must be included. Proposals for capital purchases should include all appropriate bid documents, vehicle specifications, associated routes and justification for purchase, a capital investment plan (including information on vehicles that will be replaced), and any additional supporting documents.

Please Note: All applications are to be submitted via KDOT's online grant management portal at <https://secure.blackcatgrants.com/Login.aspx?site=ksdot>. Please contact Taylor.Zortman@ks.gov for access to the BlackCat Grant Management Software.

All applications must be submitted utilizing KDOT's BlackCat Grant Management Software by 11:59 p.m. May 26, 2023. Applications received after the deadline will not be accepted.

Wildlife and Parks Commission

Notice of Hearing on Proposed Administrative Regulation

A public hearing will be conducted by the Wildlife and Parks Commission at 12:00 p.m., Thursday, June 22, 2023, at the Acorns Resort, 3710 Farnum Creek Rd., Milford, Kansas, to consider the approval and adoption of a proposed administrative regulation of the Kansas Department of Wildlife and Parks.

The public hearing will begin at 12:00 p.m., June 22, 2023, at the location above. Other commission business will follow and will include general discussions, which may include educational presentations, workshop sessions, and public comment opportunities following the public hearing and again toward the end of the meeting. The meeting will continue until all business is complete.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statements in an accessible format. Requests for

accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Sheila Kemmis, Commission secretary, at 620-672-5911. Persons with a hearing impairment may call the Kansas Commission for the Deaf and Hard of Hearing at 1-800-432-0698 to request special accommodations.

This 60-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed administrative regulation.

All interested parties may submit written comments prior to the hearing to the Chairman of the Commission, Kansas Department of Wildlife and Parks, 1020 S. Kansas Ave., Suite 200, Topeka, KS 66612 or to sheila.kemmis@ks.gov, if submitted electronically. All interested parties will be given a reasonable opportunity at the hearing to express their views orally regarding the adoption of the proposed regulation. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulation.

The regulation that will be heard during the regulatory hearing portion of the meeting is as follows:

K.A.R. 115-4-11. This regulation amendment covers the provisions and restrictions for big game and wild turkey permit applications.

Economic Impact Summary: The overwhelming majority of the anticipated costs are to the agency in lost permit/tag revenue of \$695,662 annually.

Copies of the complete text of the regulation and economic impact statements may be obtained by writing the chairman of the Commission at the address above, electronically on the department's website at <https://www.ksoutdoors.com>, or by calling 785-296-2281.

Permanent Administrative Regulations

Article 8.—DEPARTMENT LANDS AND WATERS

115-8-9. Camping. (a) Camping shall be allowed only in designated areas on department lands and waters and shall be subject to provisions or restrictions as established by posted notice.

(b) All campers and camping units, as defined in K.A.R. 115-1-1, in state parks shall be limited to a stay of not more than 14 consecutive days in a campground unless otherwise established by posted notice or as otherwise authorized by written permit from the department, as follows:

(1) Upon completing 14 consecutive days in a campground, each person and all property of each person shall be absent from that campground for at least five days.

(2) One extended camping stay of not more than 14 additional consecutive days at the same campground

may be granted through a written permit issued by the department if vacant camping sites are available. Upon completing 28 consecutive days at the same campground, each person and all property of each person shall be absent from the department-managed area for at least five days, except as authorized in paragraph (b)(3).

(3) Long-term camping in state parks shall be allowed on designated camping sites for six consecutive months through a written permit issued by the department if vacant long-term camping sites are available. Upon completing six consecutive months at the same state park, each person and all property of each person shall be absent from the state park for at least five days.

(c) All campers and camping units at a state fishing lake or wildlife area shall be limited to a stay of not more than seven consecutive days on that department managed land unless otherwise established by posted notice or authorized by written permit from the department. Upon completing seven consecutive days on the same campsite, each person and all property of each person shall be absent from the department-managed area for at least five days.

An extended camping stay of not more than seven additional consecutive days at the state fishing lake or wildlife area may be granted by written permit from the department if vacant camping sites are available. All property of each person shall be removed and remain absent from the department managed area and campsite for a period of at least five days before beginning another stay.

(d) Unless authorized by the department or located on a prepaid state park campsite reserved through the department's electronic reservation system, camping units shall not be left unoccupied in a campground for more than 24 hours.

(e) Unless authorized by the department or located on a prepaid state park campsite reserved through the department's electronic reservation system, vehicles or other property shall not be left unattended upon department lands or waters for more than 24 hours.

(f) Except as authorized by the department, all property unoccupied or unattended for more than 48 hours, unless the property is on a prepaid state park campsite reserved through the department's electronic reservation system, and all property abandoned upon department lands or waters shall be subject to removal by the department. Any unoccupied, unattended, or abandoned property may be reclaimed by the owner upon contacting the department.

(g) A campsite shall not be left unoccupied in a campground for more than 24 hours, unless the department so authorizes or the campsite is a prepaid state park campsite reserved through the department's electronic reservation system. (Authorized by and implementing K.S.A. 32-807; effective March 19, 1990; amended Feb. 10, 1992; amended Oct. 12, 1992; amended Sept. 12, 2008; amended Nov. 14, 2011; amended April 21, 2023.)

115-8-25. Trail or game cameras and other devices.

(a) No person shall place, maintain, or use a trail or game camera on department lands, or any images or video from a trail or game camera including location, time, or
(continued)

date, for any purpose on department lands and waters including walk-in hunting areas (WIHA) and integrated walk-in hunting areas (iWIHA).

(b) For the purpose of this regulation, "trail or game camera" shall include any remote motion-activated or infrared camera in which the shutter is activated by sound triggers, proximity sensation, radio transmitters, or a self-timer built into the trail or game camera.

(c) No person shall use any images of wildlife produced by or transmitted from a satellite to take or aid in the taking of wildlife or to locate wildlife to take or to aid in the taking of wildlife on department lands and waters, including WIHA and iWIHA.

(1) This subsection shall not prohibit the use of mapping systems or programs.

(2) For the purpose of this subsection, "take" shall have the meaning specified in K.S.A. 32-701, and amendments thereto.

(d) This regulation shall not apply to any trail or game camera that is owned by the department or a designated agent and is used for department operations or research on department lands and waters. (Authorized by and implementing K.S.A. 32-807; effective April 21, 2023.)

Article 15.—APPLICATION FOR PERMITS;
DOMESTIC WATER SUPPLY

28-15-56. Project eligibility. (a) No assistance from the fund shall be provided to any of the following:

(1) Any loan applicant who has not adopted and implemented water conservation plans and practices;

(2) any loan applicant in significant noncompliance with any applicable primary drinking water regulation, unless the project will return the loan applicant to compliance; or

(3) any loan applicant lacking capacity, unless the loan applicant agrees to undertake feasible changes in operations, including ownership, management, accounting, rates, maintenance, consolidation, alternative sources of supply, and other procedures, if the secretary determines that these changes are required to demonstrate capacity.

(b) No assistance from the fund shall be provided for projects and project costs deemed ineligible for participation by the U.S. environmental protection agency. These projects and project costs shall be listed in the intended use plan. (Authorized by K.S.A. 65-163f; implementing K.S.A. 2022 Supp. 65-163d, K.S.A. 65-163e, 65-163f, and 65-163h; effective Oct. 10, 1997; amended April 21, 2023.)

Permanent Administrative Regulations

Article 21.—VOTING EQUIPMENT

7-21-5. Electronic poll book signatures. A handwritten signature on an electronic poll book means any mark made by a person indicating that the person is the listed registered voter residing at the address recorded on the electronic poll book. The person may make their mark on the electronic poll book screen by employing a stylus, a finger, or by an amanuensis. (Authorized by and implementing K.S.A. 2022 Supp. 25-2912; effective April 21, 2023.)

Article 29.—BALLOTS

7-29-3. Ballot secrecy. To ensure that a ballot that has been cast cannot be associated with the voter who cast the ballot, the following records shall not be made available to the public:

(a) Ballot images, except when used for post-election audits conducted pursuant to K.S.A. 25-3009, and amendments thereto, or recounts conducted pursuant to K.S.A. 25-3107, and amendments thereto; and

(b) any aggregation of individual ballot data with a single entry for each ballot that was tabulated, showing the manner the voting system interpreted and tabulated the voter's markings on the ballot. (Authorized by and implementing K.S.A. 2022 Supp. 25-2912; effective April 21, 2023.)

Article 45.—ELECTION BOARD WORKERS

7-45-2. Oversight of authorized poll agents. (a) The supervising judge shall instruct each authorized poll agent appointed to the polling place of all requirements pertaining to authorized poll agents that are issued by the county election officer or given in Kansas law.

(b) If a poll agent does not comply with the requirements, any election board worker may ask the poll agent to correct or cease the improper or illegal activity or to leave the polling place. This activity shall be reported to the county election officer.

(c) The election board workers shall ensure that the poll agents do not engage in any activities that would constitute election crimes, including the following:

(1) Electioneering, as defined in K.S.A. 25-2430 and amendments thereto;

(2) voter intimidation, as defined in K.S.A. 25-2415 and amendments thereto;

(3) disorderly election conduct, as defined in K.S.A. 25-2413 and amendments thereto;

(4) unauthorized voting disclosure, as defined in K.S.A. 25-2422 and amendments thereto; and

(5) voting machine fraud, as defined in K.S.A. 25-2425 and amendments thereto.

(d) The election board workers shall prevent the poll agents from performing the following:

(1) Touching or handling any voter's ballot during the voting process;

- (2) distributing ballots or counting ballots;
- (3) hindering or obstructing any voter from voting or from entering and leaving the polling place;
- (4) hindering or obstructing any election board worker from performing election duties; and
- (5) speaking to any voter in the polling place other than

a greeting. (Authorized by and implementing K.S.A. 25-3005; effective July 7, 2008; amended April 21, 2023.)
