Notice of Proposed Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. Si desea obtener más información en español o tiene otras preguntas, por favor, comuníquese con el Coordinador de No Discriminación al 785-296-5156 o en: KDHE.NonDiscrimination@ks.gov.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before October 12, 2024, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-24-282/283; KS-AG-R-24-015) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Andrew Bowman at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Jada Martin at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. Las preguntas o comentarios por escrito deben dirigirse a Erich Glave, Director, Bureau of Environmental Field Services en KDHE: 1000 SW Jackson St., Suite 430, Topeka, KS 66612-1367; por correo electrónico: kdhe.feedlots@ks.gov; por teléfono: 785-296-6432. State of Kansas

Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to 1.22 acres of real property located on the northwest corner of the intersection of Fountain Avenue and 21st Street North, directly adjacent to the Wichita State University campus. This location would be designated for private development committed to supporting broadband infrastructure and Internet exchanges. The university is interested in leasing such ground to any individual, organization, or entity whose presence would advance WSU’s vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. WSU intends to lease such space for a mutually agreeable period of time, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with WSU’s educational mission and identify anticipated benefits to the university, its students, and the surrounding community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, community benefit commitments, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU and the surrounding community, design concepts, financial stability, and proposed use. Interested tenants will be responsible for all costs associated with the development and ongoing maintenance costs of any improvements. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of the improvement, and benefit to WSU. WSU will consider serious offers and inquiries from any financially qualified individual, group, organization. If interested, please contact Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to four acres of real property located on the Wichita State University’s campus designated as the “Innovation Campus,” for the private development and operation of a partnership building or buildings. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. The university intends to lease such space for a mutually agreeable period of time up to sixty years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university’s educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Interested tenants will be required to construct adjacent and adequate surface parking that will not be included in the leased ground. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of building improvement, and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization. If interested, please contact Senior Vice President for Industry and Defense Programs, Dr. John Tomblin at john.tomblin@wichita.edu or Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. (Published in the Kansas Register September 12, 2024.)

Wakarusa Watershed Joint District No. 35

Notice to Bidders

Separate sealed bids for the construction of dam improvements for FRD No. 5 will be received by the Wakarusa Watershed Joint District No. 35, PO Box 139, Overbrook, KS 66524-0139, until 10:00 a.m. (Central Time) Tuesday, October 15, 2024. At the said location, date, and time, all sealed bids received will be publicly opened and read aloud. Any bid received after the said date and time will be returned unopened.

All bids shall be submitted in sealed envelopes addressed to Contracting Officer, Wakarusa Watershed Joint District No. 35, PO Box 139, Overbrook, KS 66524-0139, and plainly marked on the outside as “Bid for Dam Improvements for FRD No. 5,” along with the bidder’s name, address, and license number, if applicable.

The contract documents, including the plans and specifications, may be examined during normal business hours at the following locations:

Sunflower Design, LLC
3601 SW 29th St., Suite 125

Topeka, KS 66614
785-249-1885

Hard Copies of the contract documents (full size plans and Specification) may be obtained from the office of Sunflower Design, LLC at the address above, upon a non-refundable payment of \$50 for each set. Digital copies are available at no cost.

In general terms, this project consists of approximately 6860 cubic yard of fill to raise the top of the dam; removal and replacement of the intake structure (including the trash rack); 1180 cubic yard of common excavation, removal, and replacement of the drawdown pipe including the gate valve; placement of 980 tons of rip rap; installation of 2800 feet of bio log; installation of 6500 square yard of erosion control blanket; installation of pipe support at the primary spillway outfall; regrade the stilling basin; regrade the auxiliary spillway; and miscellaneous other items.

Bidders must satisfy themselves of the accuracy of the estimated quantities in the bid schedule by examination of the project site and a reviewing the project drawings and specifications, including addenda. After bids have been submitted, the bidder shall not assert that there was a misunderstanding concerning the quantities of work or the nature of the work to be done.

The owner reserves the right to accept or reject any and all bids and to waive any technicalities or irregularities therein. No bidder may withdraw their bid for a period of sixty (60) days after the actual date of the opening thereof. Other bid and contract requirements and stipulations are included in the information for bidders within the said contract documents.

Each bid shall be accompanied by either a cashier's check, a certified check drawn on an acceptable bank, or an acceptable bid bond made payable without conditions to the Wakarusa Watershed Joint District No. 35, Overbrook, Kansas, in an amount not less than five percent (5%) of the total amount of the bid. The bidder should review the Instructions to Bidders in the contract documents for other requirements and stipulations.

The bidder to whom a contract for the work is awarded will be required to furnish insurance certificates along with a performance bond and a payment bond, each in the amount of one hundred percent (100%) of the awarded contract amount, with a corporate surety approved by Wakarusa Watershed Joint District No. 35, Overbrook, Kansas.

Request for Proposals

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consultant to supply personnel to perform professional services as described below. Interested consultants must upload a proposal by 12:00 p.m. (Central Time) October 2, 2024 to Bid Express page to be considered for selection. KDOT is soliciting interests for the following project.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 231 – Traffic Control Analysis and Design

If a firm is not currently prequalified by KDOT in any of the required categories, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this solicitation for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered

and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Number of Staff Needed

Consultant to determine number of staff required.

Scope Type

Technical Assistance for the Manual Uniform Traffic Control Devices (MUTCD).

Anticipated Consultant Scope

KDOT anticipates the following to be included in consultant’s scope:

- KDOT is looking for a consultant to provide technical assistance to the Bureau of Traffic Engineering.
- The consultant will provide staff for Engineering Services to assist in reviewing the 11th Edition of the MUTCD.
- The consultant will evaluate all the changes between the 11th edition and the 10th edition.
- For every section of the MUTCD the consultant will develop a summary and list of changes to discuss with each unit of KDOT’s Bureau of Traffic Engineering.
- Meetings will be held with each unit of KDOT’s Bureau of Traffic Engineering to discuss changes that will be made to the documents listed below until a clear concise decision is made. Changes to KDOT’s documents will not necessarily be limited to those due to the MUTCD, other changes may be directed by KDOT Traffic Engineering staff.
- Based on the outcome from these meetings, no later than October 3, 2025, the consultant will then revise/update:
 - KDOT Highway Sign Manual.
 - KDOT Technical Standard Drawings.
 - KDOT Technical Specifications and Special Provisions.
- Following the KDOT’s submittal of the deliverables to the FHWA, the consultant will then revise/update the documents as necessary to allow for final document approval by FHWA no later than December 12, 2025.

Consultant Response

- List names, team function, titles, certifications/registrations, and project experience of staff who will be assigned to the project (include firm name for subconsultants).
- Indicate past services similar to these for KDOT or other clients.
- Provide any unique qualifications.
- Understanding the nature and scope of services.

Anticipated Schedule and Key Dates

1. Proposals are due on or before 12:00 p.m. (Central Time) October 2, 2024.
2. Ranking of proposals is expected to occur on or around October 4, 2024.
3. Negotiations with the highest ranked firm are expected to begin on or around October 25, 2024.
4. An executed agreement is anticipated around November 15, 2024.

(continued)

5. The anticipated start date is November 15, 2024.
6. Target Completion dates:
 - a. October 3, 2025 – Draft deliverables due to FHWA.
 - b. December 12, 2025 – address comments and re-submit deliverables to FHWA.
 - c. January 12, 2025 – Final documents complete.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the response. Responses including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal shall not exceed 4 pages total, (including any cover letter, index, etc.) All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on the size.
3. A single PDF (10MB maximum size) of the proposal must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The proposal PDF file name must read:
 - a. “P-1807-25, Consultant Engineer for MUTCD Review and Adoption FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”), No. 10 (“Policy Regarding Sexual Harassment”), and No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. All attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.
6. The outline in Table 1 below describes the expected proposal organization and content sections.
7. Depending on the number and quality of responses received, KDOT anticipates shortlisting (based on proposals) and holding interviews prior to final selection (which may be based on both proposal and interview content). If KDOT deems interviews to be necessary, interview details and requirements and evaluation criteria for the interview will be distributed to shortlisted consultant teams in advance.
8. The selected firm will be asked to enter scope and fee negotiations with KDOT for an Agreement. In the event KDOT cannot reach an agreement with the highest-ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest-ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.
9. Table 2 lists the evaluation criteria and associated weights which will be used to shortlist respondents and may be considered in final selection.
10. The scope included herein may not be all-inclusive and is subject to change.

State of Kansas**Department of Transportation****Request for Proposals****Notice to Consulting Firms**

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project description, interested consultants must submit a proposal as laid out herein by 12:00 p.m. (Central Time) October 2, 2024, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 301 – Land Surveying
- 302 – Engineering Surveying
- 336 – Right of Way Services

If a firm is not currently prequalified by KDOT in any of the required categories, a proposal may still be submitted. Firms not pre-qualified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this solicitation for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Brief Project Description

Survey needed for project: Reconstruct and add shoulders, extend or replace four bridges and three culverts, consisting of 14.5 miles.

Location

K-156 highway from the Finney/Hodgeman County line east to the 214 Road intersection.

Anticipated Consultant Scope

KDOT Survey Manual to be the guide for the survey practice, content, and format. The hydraulic survey to support the design will be standard by KDOT survey practices. Review the KDOT Survey Manual for details of the breadth of channel sections, valley sections, and the stream bed profile. Survey information to be developed in accordance with KDOT Design Survey Manual and KDOT CADD requirements.

In general, the survey effort shall include the following:

- Horizontal reference datum to be the pertinent Kansas Regional Coordinate System.
- Vertical reference datum to be NAVD 88. Survey may include mapping with mobile and aerial lidar.
- Basis of stationing shall be initiated on the as-built plans of the corridor with correlation of measured values to plan values at all found alignment monuments and bridge structures. Sideroad alignments at interchange to be monumented, mapping along-

side roads within interchange to be included. No station equations.

- Utility location mapping within the mapping limits. Utilities should be labeled with ownership and size where available.
- Property owner research, contacts to prior entry, property owner log to be completed.
- Copies of adjacent deeds of ownership, copies of recorded plats, land survey monument recovery and property monument ties to determine boundaries of adjacent plats and deeds of ownership and support the determination of existing right of way for the project mapping area. No calculated section corners.

The development of existing right of way will aid the design effort in determining the limits of the present right of way within which KDOT project construction could occur. Existing right of way includes KDOT right of way, county right of way (e.g.: dedicated county road records and county plans), and platted right of way of cities, towns, and subdivisions. The determination by plan station and offset, and by record description shall be evaluated. In addition, the depicting of property lines per deed and plat adjacent/intersecting the existing right of way shall be detailed.

All files shall be delivered per current standard KDOT MicroStation environment. (Bentley Connect ORD)

Any questions pertaining to development, (software, naming conventions, field notes, etc.) of completed survey should be addressed prior to submission.

KDOT shall provide a copy of its Engineering Manual and desk manual for guidance. KDOT shall furnish its plans of record and descriptions for the corridor.

All electronic files shall be developed with Bentley software in KDOT's point numbering scheme, naming conventions and line styles. Section corner numbering should adhere to KDOT's standard naming conventions. Examples are available upon request.

KDOT quality control procedures require that consultant perform and document a cold-eye (independent) review of the files they generate to document the existing right of way.

Schedule

Land survey effort to be completed and submitted to KDOT Bureau of Right of Way, Survey Department by May 30, 2025. Existing Right of Way development to be completed and submitted to KDOT Right of Way, Engineering Section by November 1, 2025.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) October 2, 2024.
2. Ranking of proposals is expected to occur on or around October 4, 2024. Negotiations with the most highly ranked firm are expected to begin on or around October 11, 2024. An executed agreement is anticipated around October 25, 2024. KDOT anticipates giving notice to proceed on or around October 31, 2024.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information shall be submitted in a separate envelope.

(continued)

ing information will be considered non-responsive and withdrawn from further consideration.

2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10 MB maximum size) of the proposal must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The proposal PDF file name must read:
 - a. “KA-7428-01_Survey Services in Hodgeman Co. FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”), No. 10 (“Policy Regarding Sexual Harassment”), and No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Request for Proposals

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm, or team of firms, to perform construction inspection services on multiple projects in various counties. Summary information for each project is provided below in Table 1.

Interested consultants must upload a proposal by 12:00 p.m. (Central Time) October 2, 2024, to the Bid Express page to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 241 – Construction Inspection and Testing

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the pre-qualification requirements. All

firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Background and Scope of Projects

With this single solicitation, KDOT is requesting consulting services for construction inspections on the projects listed in Table 1. This table provides summary information for each project. One consultant will be selected to perform services associated with each group listed. Firms can express interest in the groups for which they would like to be considered by submitting a response as indicated below. There is no guarantee that a firm which has expressed interest will be selected for any project(s).

Table 1: Summary of Project Information

Group	RT-CO	Project #	Scope, County	Anticipated Start	Working Days or CCD	Office	Comments
24123	U077-058	KA-3924-01	Bridge Replacement, Marshall		160	Wamego	September letting. Construction could start in November, but the Wamego Construction office anticipates this will start closer to the late start date in early March 2025.
24124	K099-058	KA-5764-01	Bridge Replacement, Marshall		170	Wamego	September letting. Construction could start in November, but the Wamego Construction office anticipates this will start closer to the late start date in February 2025.
24125	UO69-105	KA-4881-02	Bridge Replacement, Wyandotte	February 1, 2025	June 1, 2027	Bonner Springs	

Additional project information including construction scope to be inspected, a detailed description of the project location, and resources and inspection scope specifically requested from consultants in this request can be viewed in an online table at <https://ike.ksdot.gov/about/construction-inspection-rfps>. Upon publication of this Request for Proposals, KDOT anticipates each of these inspection efforts will require full teams (project manager and inspectors, as opposed to single role staff augmentation as is occasionally request) for various types of construction inspection except as noted in the table. Watch the website linked above for updated information. Tabulated information (both in this Request for Proposals and on the website) shall not be relied upon during inspections. It is provided for the convenience of consultants, specifically to aid in making decisions about which projects they are interested in performing.

Specific project needs are subject to modification and/or cancellation at KDOT's discretion.

Anticipated Consultant Scope

The scope of construction inspection services and certifications required will vary for each project and are listed in the table available on the website noted above. Inspection efforts will be managed out of the offices listed. Also included for the convenience of consultants are indications of which grouped projects are currently slated to be performed by the same contractors.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) October 2, 2024.

2. Ranking of proposals is expected to occur on or around October 4, 2024. Negotiations with the most highly ranked firm are expected to begin on or around October 11, 2024. An executed agreement is anticipated shortly thereafter.
3. Anticipated scope starts dates and working days or anticipated calendar completion dates are shown in the table. All dates are subject to change.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant's proposal must not exceed the page limit laid out in Table 2 below (including any cover letter, index, etc.). All pages shall be standard letter size (8.5" x 11"). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10MB maximum size) of the proposal including all attachments must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The proposal PDF file name must read:
 - a. "ConstInsp Multiple Projects_2024.09 Release FIRM NAME"
5. The proposal must be accompanied by Special Attachments No. 8 ("Tax Clearance Certificate"), No. 10 ("Policy Regarding Sexual Harassment"), and

(continued)

No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. All attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.

6. The outline in Table 2 below describes the expected proposal organization, content sections, and limits on number of pages.
 - a. Each team is limited to a single, one-page cover letter.
 - b. Consultants may indicate interest in any and all projects, indicate preference (s) for up to three projects, and shall both indicate interest and preferences on the “September 2024 Construction Inspections Interest & Preference Form is provided on the Bid Express page to complete and upload. Also, consultants are to use the bottom of that form to indicate any capacity limitations that need to be taken into account when making selections.
 - c. Thereafter, each team is limited to two pages per project in which they express interest. In these pages, consultants shall:
 - i. Describe the approach they plan to execute to deliver success on the project.
 - ii. Present the relevant qualifications and experience of the people they are proposing will provide the services.
 - iii. Provide the firm’s familiarity with KDOT and the project area.
 - d. Finally, consultants are limited to a single, on-page descriptions of general qualifications (“Past Performance” selection plus “Approach to Quality Control” section) regardless of the number of projects in which they are expressing interest.
7. Table 3 lists the evaluation criteria and associated weights which will be used to make a selection.
8. Although not anticipated at this time, KDOT reserves the right to interview for the requested services associated with any of the listed projects prior to making final selections.

Real Estate Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9:00 a.m. Monday, November 18, 2024, at the Kansas Real Estate Commission, 700 SW Jackson, Suite 404, Topeka, Kansas, to review and consider the adoption of proposed permanent regulations of the Kansas Real Estate Commission. The public hearing will be conducted in-person and virtually. Members of the public who wish to attend the public hearing virtually can access the meeting at <https://www.zoomgov.com/j/16108455048> using the Meeting ID: 161 0845 5048.

This 60-day notice of the public hearing shall constitute a public comment period for receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the Kansas Real Estate Commission, 700

SW Jackson, Suite 404, Topeka, KS 66603 or by email to erik.wisner@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulation during the public hearing. It may be necessary to request each participant limit any oral presentation to five minutes to provide all parties an opportunity to present.

Any individual with a disability may request an accommodation to participate in the public hearing and may request the regulations and economic impact statement in an accessible format.

Requests for accommodation to participate in the public hearing should be made at least 10 business days in advance of the hearing by contacting Erik Wisner at 785-296-3411 or erik.wisner@ks.gov.

Copies of the proposed regulations and the economic impact statement for the proposed regulation can be viewed at <https://www.krec.ks.gov/compliance/commission-statutes-rules-and-regulations>.

Summaries of the proposed regulations and their economic impact follow.

K.A.R. 86-1-5. Fees. The proposed amendments increase fees for an applicant submitting fingerprints to the KBI for a mandatory background check and implement the requirements in K.S.A. 48-3406 that exempt military spouses of active military service members who reside or plan to reside in the state from any licensure or fingerprint fees. The Commission estimates the economic impact of the Kansas Bureau of Investigation (KBI) increasing the background check fee by \$10 will be about \$20,000 annually that will be passed through to the KBI. The Commission is unable to estimate the economic impact of the fee exemption for military spouses because the Commission has no information on how many military spouses currently hold a Kansas real estate license or will obtain one in the future.

K.A.R. 86-1-10. Approved courses of instructions; procedure. The proposed amendments add a definition for “synchronous distance education” and modify standards for these types of courses. These amendments are based on distance education standards developed by the Association of Real Estate License Law Officials and used by many other states. The proposed amendments were requested by real estate education providers to provide more flexibility in offering distance education courses. The Commission estimates the economic impact of the amendments to be about \$1,875 in 2025 and \$350 each year after.

State of Kansas

Board of Nursing

Notice of Hearing on Proposed Administrative Regulation

A public hearing will be conducted at 10:00 a.m. Friday, November 15, 2024, in Suite 1051 of the Landon State Office Building, 900 SW Jackson St., Topeka, Kansas, to con-

sider the adoption of proposed changes in one existing regulation, K.A.R. 60-3-114, relating to satisfactory completion of a refresher course approved by the board.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. All interested parties may submit written comments prior to the hearing to the Executive Administrator of the Kansas State Board of Nursing, 900 SW Jackson St., Suite 1051, Topeka, KS 66612 or by email to carol.moreland@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulation during the public hearing. Phone comments will be taken by calling 1-877-278-8686 (access code 420360) at the time of the hearing. To provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request an accommodation to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Carol Moreland at 785-296-5752. The north entrance to the Landon State Office Building is handicapped accessible. Handicapped parking is located at the north end of the Landon State Office Building, across the street from the north entrance to the building, and on Ninth Street, just around the corner from the north entrance to the building.

A summary of the proposed regulation and the economic impact follows. A copy of the proposed regulation and associated economic impact statement may be obtained by accessing the Kansas State Board of Nurs-

ing website at <https://ksbn.kansas.gov> or by contacting the Executive Administrator of the Kansas State Board of Nursing, Landon State Office Building, 900 SW Jackson St., Suite 1051, Topeka, KS 66612, or 785-296-5752, or carol.moreland@ks.gov prior to the date of the hearing.

K.A.R. 60-3-114. Satisfactory completion of a refresher course approved by the board. The proposed revisions for this regulation include a change in the number of required hours of clinical learning for a registered professional nurse refresher course and a licensed practical nurse refresher course. The required number of clinical learning clock-hours for the registered professional nurse refresher course is changed to 120 with 96 clock-hours in an acute care setting and 24 clock-hours in a setting of choice. The required number of clinical learning clock-hours for a licensed practical nurse refresher course is changed to 90 clock-hours in an acute care or skilled nursing setting of choice.

There is minimal economic impact to the Board of Nursing. This proposed change will decrease the cost for the RN and LPN taking the refresher courses. It will also decrease the time involvement for the refresher course providers. This proposed change is more in alignment with the other states that require completion of a refresher course. There is no economic impact to the general public. This change will enable nurses who are required to complete a refresher course to complete the refresher course faster, reinstate their license, enter the workforce, and increase the number of licensed nurses. These changes will help the nursing workforce shortage.

Carol Moreland, MSN, RN
Executive Administrator
Board of Nursing
