Notice of Available Grant Funding

Grant funds are available from the Federal Sexual Assault Services Grant Program (SASP) for calendar year 2025. This grant program recognizes the need to place increased focus on sexual assault, rape, sex trafficking, and other severe forms of trafficking in persons who have also experienced sexual assault in order to address the lack of available direct intervention and related assistance services and the unique aspects of sexual assault trauma. Available grant funds may be awarded to rape crisis centers and other nonprofit, nongovernmental organizations who are accredited by the Kansas Coalition Against Sexual and Domestic Violence or tribal programs for activities that provide rape and sexual assault services for the defined grant project purposes.

All grant applications must be submitted via the Governor’s Grant Portal by 11:59 p.m., December 3, 2024. Notice of Requested Architectural Services

Notice is hereby given of the commencement of the selection process for architectural and engineering services for the University of Kansas (KU) School of Architecture and Design New Building and Renovations. The university is seeking comprehensive design proposals for a multiphase building project that presents a rare opportunity to advance the school into a vibrant and ambitious future. This initiative aims to establish a sustainable complex featuring a new iconic mass timber building that is filled with natural light designed to foster collaboration and unite KU Architecture and Design programs while promoting creativity and interdisciplinary interactions on the greater campus. Furthermore, the project will streamline the school's existing programs into fewer buildings with enhanced facilities and create additional spaces to attract exceptional students and faculty from all over the world, accommodate innovative and emerging academic programs, and support the expansion and enhancement of its current highly accomplished offerings. The design and construction phases will be guided by the recently completed concept design of the school, which includes the envisioned building linked to Marvin Hall and Chalmers Hall (Phase 1), as well as renovations to segments of historic Marvin Hall and the Marvin Bridge (Phase 2) and the adaptive reuse of Chalmers Hall (Phase 3). This project represents a significant transformation for the School of Architecture and Design, and we seek a highly acclaimed design team to oversee all phases, ensuring cohesive design throughout. Construction Budget for all phases is \$109,243,000.

The program statement is pending board approval and will be posted upon approval at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/architectural--engineering-programs>. For more information contact Mark Reiske at dcmmlr@ku.edu or 785-864-5644.

Notice of Water Quality Certification

The Kansas Department of Health and Environment (KDHE) has drafted a water quality certification per Section 401 of the Clean Water Act (CWA) as requested by the United States Army Corps of Engineers (USACE) Environmental Resources Section. A Power Point presentation containing a summary of the activities for the Tuttle Creek Reservoir Water Injection Dredging Demonstration Project can be found at <https://usace.contentdm.oclc.org/utills/getfile/collection/p16021coll7/id/25655>. The objective is to investigate the feasibility and potential positive and negative environmental outcomes from injecting water into the basin of the lake to restore storage. The USACE would calculate flow regimes of the lake to meter out sediment into the Big Blue River and ultimately the Kanas River. Willow Lake below the dam may also be impacted. Pre-project water quality, basin and biological condition data have been collected from in-lake, lake inlets, and downstream into both rivers. An adaptive management plan has also been developed to address extreme weather conditions or other circumstances that may jeopardize the integrity of the demonstration including environmental impacts.

The draft conditional 401 certification will be posted on the KDHE website at <https://www.kdhe.ks.gov/1095/Section-401-Water-Quality-Certification> on or before November 14, 2024. Persons wishing to comment on the referenced draft document must submit their comments in writing by email to the Kansas Department of Health and Environment at KDHE.NPS@ks.gov by December 14, 2024, if they wish to have their comments considered in the formulation of final determinations for 401 regarding this public notice. For more information, contact Scott Satterthwaite, Watershed Management Section, Bureau of Environmental Field Services, KDHE at Scott.Satterthwaite@ks.gov or KDHE.NPS@ks.gov.

The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes

of acquiring the project. The project shall be located as shown:

The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

A summary of the proposed regulation and its economic impact follows.

K.A.R. 91-31-35

In 2024 the Kansas State Board of Education amended K.A.R. 91-31-35 to modify the minimum requirements for high school graduation that school districts were required to implement as part of their accreditation. One of those graduation requirements was for graduating seniors to either complete the Free Application for Federal Student Aid (“FAFSA”) or to obtain a waiver from doing so. Upon receiving feedback from students, parents, and school administrators the State Board has chosen to remove FAFSA completion from its list of minimum high school graduation requirements.

The Kansas State Board of Education does not anticipate any significant financial or economic impact to this agency, other state agencies, or to the public because of this regulation.

111-5-24. Game description; retail sale of tickets. (a) "Powerball" is a five-out-of-69 plus one-out-of-26 numbers lottery game, drawn every Monday, Wednesday and Saturday as part of the Powerball drawing event, which pays the grand prize, at the election of the player made in accordance with the rules or by a default election made in accordance with these rules, either on an annuitized pari-mutuel basis, or as a single lump sum payment of the total funding held in the grand prize pool for the winning drawing on a pari-mutuel basis. Except as provided in these rules, all other prizes are paid on a single payment basis. Powerball winning numbers applicable to determine Powerball prizes will be determined in the Powerball drawing event. The drawing procedures shall include procedures for randomly selecting the Powerball game winning numbers and the Power Play multiplier.

To play "Powerball" a player shall select or computer pick five different numbers from one through 69 and one additional number from one through 26 for input into a terminal. The additional number may be the same as one of the first five numbers selected by the player.

(b) A "Powerball" play shall sell for two dollars.

(c) Plays shall not be sold to any person under the age of 18 years. Each retailer may require a person purchasing plays to produce proof of age.

(d) Each play shall be purchased from a terminal operated by a retailer. The player may select a set of five numbers and one additional number by:

(1) communicating the six numbers to the retailer;

(2) marking six numbered circles in any one game board on a play slip and submitting the play slip to the retailer; or

(3) requesting a computer pick from the retailer.

A player may choose the multiplier option by marking the appropriate box on the play slip or by communicating to the retailer the desire to play the multiplier option. If the multiplier option is chosen, it shall apply to all boards played on that play slip. For each board upon which the multiplier option is chosen, the player shall pay one additional dollar.

The retailer shall then issue a ticket from the terminal containing the selected set or sets of numbers, each of which constitutes a game play, and if applicable, whether or not the multiplier option has been chosen for all plays on that play slip.

(e) A player may purchase a registered play from the Kansas lottery. The player may select a set of five numbers and one additional number by:

(1) marking six numbered circles in any one game board on a play slip made available by the Lottery and submitting the play slip to the Lottery; or

(2) requesting a computer pick from the Lottery in a form and manner acceptable to the Lottery.

(f) A validated ticket shall be the only proof of a game play or plays. The only method of claiming a prize or prizes shall be the submission of the winning ticket to and receipt of the ticket by the lottery or its authorized agent. A play slip shall have no pecuniary or prize value and shall not be used as evidence of a play purchase or of numbers selected.

(g) A play may not be voided or cancelled by returning the ticket to the selling retailer, including tickets that are printed in error. The Kansas lottery has an approved method of compensating retailers for plays that are not transferred to a player for reasons acceptable to the Kansas lottery. No play that is eligible for a prize can be returned to the Kansas lottery for credit. Plays accepted by retailers as returned plays and that cannot be re-sold shall be deemed owned by the bearer thereof unless the ticket has been signed.

(h) Ticket sales will end at approximately 8:59 p.m. central time (CT) on Wednesdays, Saturdays and Mondays, and will resume at approximately 9:05 p.m. central time (CT).

(i) Drawings will be conducted three times weekly, on Wednesdays, Saturdays, and Mondays, at approximately 9:58 p.m. central time (CT), after the game is closed at approximately 8:59 p.m. central time (CT) and the draw official has verified that the game is closed, under conditions and procedures promulgated by the executive director of the lottery.

(j) Each player shall be responsible for verifying the accuracy of the game play or plays and other data printed on the ticket. The placing of plays is done at the player's own risk and the Kansas lottery or a retailer entering a play shall be deemed to be acting on behalf of the player in entering the play. (Authorized by K.S.A. 2023 Supp. 74-8710; implementing K.S.A. 2023 Supp. 74-8710 and K.S.A. 74-8718; effective, T-111-3-5-92, Feb. 21, 1992; amended, T-111-3-24-92, March 20, 1992; amended, T-111-5-21-92, May 15, 1992; amended, T-111-10-27-97, Sept. 12, 1997; amended, T-111-1-21-99, Jan. 15, 1999; amended, T-111-3-14-01, Feb. 16, 2001; amended, T-111-10-15-02, Sept. 13, 2002; amended, T-111-7-29-05, July 15, 2005; amended, T-111-2-20-09, Dec.

111-5-28. Prize payments; annuitized and cash prizes. (a) Grand prizes shall be paid, at the election of the player made no later than 60 days after the player becomes entitled to a prize, as either a per winner annuity or cash payment. If the payment election is not made at the time of purchase and is not made by the player within 60 days after the player becomes entitled to the prize, then the prize shall be paid as an annuity prize. An election for an annuity payment made by a player before ticket purchase or by system default or design may be changed to a cash payment at the election of the player until the expiration of 60 days after the player becomes entitled to the prize. The election to take the cash payment may be made at the time of the prize claim or within 60 days after the player becomes entitled to the prize. An election made after the winner becomes entitled to the prize is final and cannot be revoked, withdrawn or otherwise changed. Shares of the grand prize shall be determined by dividing the cash available in the grand prize pool equally among all winning plays of the grand prize. Winner(s) who elected a cash payment shall be paid their share(s) in a single cash payment. The annuitized option prize shall be determined by multiplying a winner's share of the grand prize pool by the MUSL annuity factor. The MUSL annuity factor is determined through a process as approved by the MUSL finance and audit committee. Neither MUSL nor the party lotteries shall be responsible or liable for changes in the advertised or estimated annuity prize amount and the actual amount of tickets purchased after the prize payment method is actually known to MUSL. In certain instances announced by the product group, the grand prize shall be a guaranteed amount and shall be determined pursuant to subsection (f) of K.A.R. 111-5-28. If individual shares of the cash held to fund an annuity are less than \$250,000, the product group, in its sole discretion, may elect to pay the winners their share of the cash held in the grand prize pool of the annuity. All annuitized prizes shall be paid annually in 30 payments with the initial payment being made in cash, to be followed by 29 payments funded by the annuity. All annuitized prizes shall be paid annually in 30 graduated payments (increasing each year) by a rate as determined by the product group. Prize payments may be rounded down to the nearest one-thousand dollars (\$1,000). Annual payments after the initial payment shall be made by the lottery on the anniversary date, or if such date falls on a non-business day, then on the first business day following the anniversary date of the selection of the grand prize winning numbers. Funds for the initial payment of an annuitized prize shall be made available by MUSL for payment by a party lottery by the fifteenth calendar day following the drawing or the next banking day if the fifteenth day is a non-business day. If necessary, when the due date for the payment of a prize occurs before the receipt of funds in the prize pool trust sufficient to pay the prize, the transfer of funds for the payment of the full lump sum cash option amount may be delayed pending receipt of funds from the selling lot-

(continued)

teries. A state may elect to make the initial payment from its own funds after validation, with notice to MUSL. If a party lottery purchases or holds the prize payment annuity for a prize won in that jurisdiction, that party lottery's game rules, and any prize payment agreement with the prize winner, shall indicate that the prize winner has no recourse on the MUSL or any other party lottery for payment of that prize.

(b) In the event of the death of a lottery winner during the annuity payment period, the MUSL finance and audit committee, in its sole discretion excepting a discretionary review by the product group, upon the petition of the estate of the lottery winner to the lottery and subject to federal, state, or applicable laws, may accelerate the payment of all of the remaining lottery proceeds to the estate. If such a determination is made, then securities and cash held to fund the deceased lottery winner's annuitized prize may be distributed to the estate. The identification of the securities to fund the annuitized prize shall be at the sole discretion of the product group.

(c) All prizes (whether described as "cash" payment prizes or otherwise) shall be paid through the selling lottery which sold the winning play(s) and at the discretion of the selling lottery that sold the winning play(s) may be paid by cash, check, warrant, or electronic transfer. A selling lottery may begin paying low-tier cash prizes after receiving authorization to pay from the MUSL central office. If a selling lottery, due to jurisdictional law requirements, separately determines its low-tier prize amounts, it shall be solely responsible for its low-tier prize liability, and may begin paying low-tier prizes after a drawing when it determines it is appropriate to do so.

(d) Annuitized payments of the grand prize or a share of the grand prize may be rounded to facilitate the purchase of an appropriate funding mechanism. Breakage on an annuitized grand prize win shall be added to the first cash payment to the winner or winners. Prizes other than the grand prize, which, under these rules, may become single-payment, pari-mutuel prizes, may be rounded down so that prizes can be paid in multiples of whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

(e) If the grand prize is not won in a drawing, the prize money allocated for the grand prize shall roll over and be added to the grand prize pool for the following drawing.

(f) The product group may offer guaranteed minimum grand prize amounts or minimum increases in the grand prize amount between drawings or make other changes in the allocation of prize money where the product group finds that it would be in the best interest of the game. If a minimum grand prize amount or a minimum increase in the grand prize amount between drawings is offered by the product group, then the grand prize shares shall be determined as follows. If there are multiple grand prize winners during a single drawing, each selecting the annuitized option prize, then a winner's share of the guaranteed annuitized grand prize shall be determined by dividing the guaranteed annuitized grand prize by the number of winning plays. If there are multiple grand prize winners during a single drawing and at least one of the grand prize winners has elected the annuitized op-

tion prize, then the best bid submitted by MUSL's pre-approved qualified brokers shall determine the cash pool needed to fund the guaranteed annuitized grand prize. If no winner of the grand prize during a single drawing has elected the annuitized option prize, then the amount of cash in the grand prize pool shall be an amount equal to the guaranteed annuitized amount divided by the MUSL annuity factor. Changes in the allocation of prize money shall be designed to retain approximately the same prize allocation percentages, over a year's time, set out in these rules. Minimum guaranteed prizes or increases may be waived if the alternate funding mechanism set out in K.A.R. 111-5-26 becomes necessary. Approval of the product group is required to change the guaranteed minimum grand prize amounts or minimum increases in the grand prize amount. Any reduction in the guaranteed minimum grand prize amount or reduction in the minimum increases to the grand prize amount shall not become effective until after a grand prize win following the action taken by the product group.

(g) The holder of a winning play may win only one prize per play in connection with the winning numbers drawn, and shall be entitled only to the prize won by those numbers in the highest matching prize category.

(h) All prizes must be claimed within 365 days of the day of the drawing in which the prize was won, except prizes arising from registered plays must be claimed within 180 days of the day of the drawing in which the prize was won. (Authorized by K.S.A. 2023 Supp. 74-8710; implementing 2023 Supp. K.S.A. 74-8710 and K.S.A. 74-8731; effective, T-111-3-5-92, Feb. 21, 1992; amended, T-111-3-24-92, March 20, 1992; amended, T-111-2-23-93, Feb. 19, 1993; amended, T-111-6-27-96, June 21, 1996; amended, T-111-10-27-97, Sept. 12, 1997; amended, T-111-1-21-99, Jan. 15, 1999; amended, T-111-8-20-02, Aug. 14, 2002; amended, T-111-10-15-02, Sept. 13, 2002; amended, T-111-7-29-05, July 15, 2005; amended, T-111-2-20-09, Dec. 11, 2008; amended, T-111-2-9-12, Dec. 14, 2011; amended, T-111-4-4-14, Dec. 11, 2013; amended, T-111-10-8-15, Sept. 9, 2015; amended, T-111-10-10-24, Sept. 18, 2024.)

(d) If a prize is claimed by mail, the ticket and claim form must actually be received by the lottery within the claim period.

(e) All prizes shall be claimed within 365 days of the drawing in which the prize was won, except prizes arising from registered plays must be claimed within 180 days of the day of the drawing in which the prize was won. Any prize or prizes not claimed within the time specified shall be forfeited.

(f) Payment of a Powerball prize of \$599 or less on a registered play shall be paid to the winner's wallet upon validation of the ticket.

(g) Payment of a Powerball prize in excess of \$599 on a registered play shall be paid to the winner's wallet upon validation of the ticket and after the winner has completed a claim form provided by the Kansas lottery. The winner shall be required to provide additional information including a complete social security number, bank account and routing numbers, or other information reasonably required to verify the winner's identity and pay the prize if that information was not provided during account registration in the lottery's player loyalty program defined in K.A.R. 111-18-1 *et seq.* (Authorized by K.S.A. 2023 Supp. 74-8710; implementing K.S.A. 2023 Supp. 74-8710 and 74-8720; effective, T-111-3-5-92, Feb. 21, 1992; amended, T-111-10-27-97, Sept. 12, 1997; amended, T-111-3-31-00, March 17, 2000; amended, T-111-8-20-02, Aug. 14, 2002; amended, T-111-10-10-24, Sept. 18, 2024.)
