KDOT will only accept electronic Internet proposals using the Bid Express website at <https://bidx.com/ks/main> until 1:00 p.m. (Central Time) on letting day. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

K.A.R. 28-1-44. Sunset provision. This regulation is unnecessary as the regulations sunset in 2022 and are not being used.

K.A.R. 28-4-50. Acceptable types of water supplies for licensed childcare homes. This regulation is unnecessary as water requirements are listed in KAR 28-4-115(a) and (b).

K.A.R. 28-4-55. Acceptable sewage disposal systems for childcare homes. This regulation is unnecessary as sewage requirements are listed in KAR 28-4-115(a).

K.A.R. 28-4-91. Revocation of present regulations. This regulation is unnecessary as it is not in active use.

K.A.R. 28-4-267. Revocation of present regulations. This regulation revokes other regulations and is unnecessary.

K.A.R. 28-16-69. Definitions. This regulation, which has never been implemented, is unnecessary. Existing programs can handle issues in a coordinated fashion.

K.A.R. 28-16-70. Designation of critical water quality management area. This regulation, which has never been implemented, is unnecessary. Existing programs can handle issues in a coordinated fashion.

K.A.R. 28-16-71. Administration of critical water quality management area. This regulation, which has never been implemented, is unnecessary. Existing programs can handle issues in a coordinated fashion.

K.A.R. 28-16-129. Value engineering. This regulation establishes standards for conducting the regulated activity necessary to protect public health and the environment from potential risks associated with such activity. Revocation would simplify the planning and design process for projects that use the fund.

K.A.R. 28-17-13. Maternity home, clinic, and hospital reports. This regulation requires maternity homes, clinics, or hospitals to provide a report to Vital Statistics of the number of births or stillbirths in the previous month. It is unnecessary as K.S.A. 65-2409a outlines the process for transmission of birth information for infants born in institutions and requires the process to be done in five days from birth.

K.A.R. 28-17-16. Funeral directors' reports. This regulation requires funeral directors to provide a report to Vital Statistics of each body prepared for burial in the previous month. It is unnecessary as K.S.A. 65-2412 requires all death certificates to be filed through the Electronic Death Registration System, which provides all information previously required in a timelier manner.

K.A.R. 28-19-800. General conformity of federal actions. This regulation adopts previously required federal provisions for general conformity for purposes of SIP approval. This regulation is unnecessary as federal law no longer requires a duplicative state rule for the SIP.

K.A.R. 28-19-801. Transportation conformity. This regulation ensures conformity with federal transportation plans, programs, and projects, facilitating interagency coordination. Any changes made to the EPA Approved SIP must be acted on by the EPA. If proposed for revocation, KDHE must submit to EPA for rescission from the SIP to remove as the existing federal requirement in Kansas.

K.A.R. 28-29-24. Construction and demolition landfills. This regulation is unnecessary as construction and demolition landfill activities are now located in 28-29-300 through 501.

K.A.R. 28-50-5. Asbestos worker certification. KDHE believes the intent of the 2016 change in the law to remove certification requirements was done to eliminate the fee requirement and not to remove the certification process that is in place to protect the worker from uneducated participation in a hazardous working environment and be consistent with OSHA requirements for workers.

8710; implementing K.S.A. 2024 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-3-3-25, Feb. 12, 2025.)

111-4-3823. “Extreme Crossword” instant ticket lottery game number 447. (a) The Kansas lottery may conduct an instant winner lottery game entitled “Extreme Crossword.” The rules for this game are contained in K.A.R. 111-3-1 et seq. and 111-4-3823.

30 ^{.00}	THIRTY

(c) For this game, a play symbol shall appear in each of 20 play spots within the “YOUR LETTERS” play area, in each of six play spots within each “BONUS WORD” play area, in each play spot in the “BONUS WORD PRIZE” boxes, and a variable number of times within each crossword puzzle grid.

(d) The ticket numbers in each book of tickets in this game shall start with 000 and end with 014.

(e) The price of instant tickets sold by a retailer for this game shall be \$20.00 each.

(f) The “Extreme Crossword” game is a two-sided crossword game with six separate play areas. The play areas include “YOUR LETTERS,” “PUZZLE 1,” “PUZZLE 2,” “PUZZLE 3,” “BONUS WORD 1,” and “BONUS WORD 2.” The player will scratch the “YOUR LETTERS” play area to reveal 20 “YOUR LETTERS.” The player will then match each “YOUR LETTER” with the corresponding letters in all three Crossword Puzzles and in both “BONUS WORD” play areas by removing the translucent scratch-off material covering the matching letter. If a player scratches three or more completed words in any puzzle, the player wins the corresponding prize shown in the prize legend associated with each crossword puzzle. Only the highest corresponding prize can be won for each puzzle. Each puzzle plays separately. If a player scratches the entire “BONUS WORD,” the player wins the corresponding prize shown in the “BONUS WORD PRIZE” box for that “BONUS WORD” play area. The entire “BONUS WORD” must be uncovered to win the corresponding prize.

The overall odds of winning a prize in this game are approximately one in 4.00. (Authorized by K.S.A. 2024 Supp. 74-8710; implementing K.S.A. 2024 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-3-3-25, Feb. 12, 2025.)

111-23-15. “Fast Track Cash” eInstant lottery game. (a) The Kansas lottery may conduct an eInstant lottery game entitled “Fast Track Cash.” The rules for this game are contained in K.A.R. 111-22-1 et seq. and 111-23-15.

(b) The “play symbols” for this game are as follows:

Play Symbols

- Symbol of a Chevron
- Symbol of a Speedometer
- Symbol of a Tire
- Symbol of a Piston
- Symbol of Nitrous Oxide
- Symbol of a Muffler
- Symbol of a Spark Plug
- Symbol of Brakes
- Symbol of a Run-over Cone

Prize and bonus prize symbols shall be randomly assigned at the time of purchase and may appear in any combination that equals any prize described in paragraph (i).

(c) For this game, there shall be 18 play spots. Each play spot shall be concealed by a stylized dollar sign until the player purchases and plays the game according to paragraph (f).

(d) Each pool shall consist of 1,000,000 shares and consist of a single denomination as defined by the prices in paragraph (e).

(e) The price for a share of this game shall be \$1.00, \$2.00, \$3.00, \$5.00, \$10.00, \$20.00, and \$30.00.

(f) “Fast Track Cash” is a symbol match game with a bonus play feature. The player may purchase a share of this lottery game by pressing the “Play” icon. The player may reveal the play symbols by manually clicking on each play spot, or by clicking on the “Reveal All” icon. Except as described below, if the player reveals three matching symbols, the player wins a prize amount equal to the purchase price of the game. A player may win more than one prize in this manner. If the player reveals three or more “Chevron” symbols, the player wins the prize shown in the prize legend. If the player reveals three or more “Speedometer” symbols, the player may play a bonus game. In the bonus game, the player will have two numbers between one and six randomly assigned; the first number will represent the player’s racecar and the second number will represent an opposing racecar. If the player’s racecar has the higher number, the player’s racecar will advance on a progress bar towards a prize amount. If the player’s racecar reaches the end of the progress bar, the player will win the prize shown. The player will win a prize for each contest the player’s racecar wins or ties, even if the player’s racecar does not reach the end of the progress bar. In the event of a tie, the player will win half the prize shown for that contest.

The player will win the cumulative total of all prizes revealed in the bonus game. Each bonus game will reveal at least one prize. “Run-over cone” symbols are non-winning symbols and do not count towards winning a prize.

(g) The total number of prizes and bonus prizes in any winning game may be variable but shall equal any prize described in paragraph (i).

(h) This lottery game shall consist of approximately 7,000,000 shares, with each pool defined by a single denomination and consisting of approximately 1,000,000 shares. Additional orders shall have the same prize structure, the same number of prizes per prize pool of 1,000,000 shares, and the same odds as were contained in the initial order.

(i) Each prize shall be calculated by multiplying the prize multiplier by the cost of the share. The expected number of prizes in this game shall be as follows:

Article 501.—SOUTH CENTRAL GAMING ZONE

- 111-501-147. Rules of the game and bet definitions.** (a) Control of the dice at a craps no more table is the responsibility of the stickperson at the table.
- (b) The first player to accept the dice when offered shall become the shooter who shall select and retain two of the dice offered. Prior to selecting the dice, the shooter shall make a pass bet after which the shooter shall throw the two selected dice so that they leave the shooter's hand simultaneously and in a manner calculated to cause them to strike the end of the table farthest from the shooter. It shall be the option of the shooter, after any roll, either to pass the dice or remain the shooter except that the shooter shall pass the dice upon throwing a losing total of 7 (this does not apply to the come out roll). The table games supervisor may order the shooter to pass the dice to another player if the shooter unreasonably delays the game, repeatedly makes invalid rolls or violates applicable rules and regulations pertaining to the game of craps no more.
- (c) If a shooter, after making the come out point, elects not to place a pass bet, and other wagers remain on the table with respect to come numbers, the craps no more stickperson shall offer the dice to the player immediately to the left of the previous shooter.
- (d) The stickperson, boxperson, table games supervisor or a higher-ranking casino employee shall have the

authority to invalidate a roll of the dice by calling “no roll” for any of the following reasons:

- (1) If the wrong player picks up the dice and throws or rolls them.
 - (2) If the dice do not hit the end of the table opposite the shooter.
 - (3) The dice do not leave the shooter’s hand simultaneously.
 - (4) Either or both of the dice come to rest on the chips constituting the craps bank.
 - (5) Either or both of the dice come to rest in the dice bowl in front of the stickperson or on one of the rails surrounding the table.
 - (6) Either or both of the dice go off the table.
 - (7) Whenever one die comes to rest on top of the other.
 - (8) The shooter does not have a pass bet.
 - (9) Either or both of the dice do not move with forward motion.
 - (10) If the shooter removes either one or both dice from the view of the boxperson or table games supervisor or higher-ranking casino official.
 - (11) If the shooter attempts to deface or actually defaces the dice, no matter if done purposely or unintentionally.
 - (12) Any other reason deemed necessary to protect the integrity of the game.
- (e) Whenever new dice are put into the game or existing dice are returned to the game, they shall be inspected by the boxperson before being put into the dice bowl.
- (f) Permissible wagers shall be as follows:
- (1) “Pass bet” shall mean a wager placed on the pass line of the layout immediately prior to the come-out roll.
 - (A) The “pass bet” shall win if, on the come-out roll a total of 7 is thrown, or a total of 2, 3, 4, 5, 6, 8, 9, 10, 11 or 12 is thrown and that total is again thrown before a total of 7 appears.
 - (B) The “pass bet” shall lose if, on the come-out roll a total of 2, 3, 4, 5, 6, 8, 9, 10, 11 or 12 is thrown and a 7 subsequently appears before that total is thrown again.
 - (2) “Come bet” shall mean a wager placed on the come line of the layout at any time after the come-out roll.
 - (A) The “come bet” shall win if, on the roll immediately following placement of such bet a total of 7 is thrown, or a total of 2, 3, 4, 5, 6, 8, 9, 10, 11 or 12 is thrown and that total is again thrown before a 7 appears.
 - (B) The “come bet” shall lose if after the come out roll and a point is established a total of 2, 3, 4, 5, 6, 8, 9, 10, 11 or 12 is thrown and a 7 subsequently appears before that total is thrown again.
 - (3) “Place bet to win” shall mean a wager that may be made at any time on any of the numbers 2, 3, 4, 5, 6, 8, 9, 10, 11 or 12 which shall win if the number on which wager was placed is thrown before a 7 and shall lose if a 7 is thrown before such number. All place bets shall be active on any roll, except the come-out roll, unless called “on” by the player and confirmed by the dealer through placement of an “on” button on top of such player’s wager.
 - (4) “Buy bets” shall mean a wager that may be made at any time, on the 2, 3, 4, 5, 6, 8, 9, 10, 11 or 12. A buy bet

shall win if the particular number is thrown before a 7 is thrown and shall lose if a 7 is thrown before that number is thrown. In addition to the payout odds set forth in these rules for place bets on 2, 3, 4, 5, 6, 8, 9, 10, 11 or 12, the player may also be offered the option of receiving true odds on these bets in return for the player paying at the time of making the bet an amount not to exceed five percent of such wager.

(5) "Four the hardway" shall mean a wager, that may be made at any time, which shall win if a total of 4 is thrown the hardway (i.e., with 2 appearing on each die), before a 4 is thrown in any other way and before a 7 is thrown.

(6) "Six the hardway" shall mean a wager, that may be made at any time, which shall win if a total of 6 is thrown the hardway (i.e., with 3 appearing on each die) before 6 is thrown in any other way and before a 7 is thrown.

(7) "Eight the hardway" shall mean a wager, that may be made at any time, which shall win if a total of 8 is thrown the hardway (i.e., with 4 appearing on each die) before 8 is thrown in any other way and before a 7 is thrown.

(8) "Ten the hardway" shall mean a wager that may be made at any time, which shall win if a total of 10 is thrown the hardway (i.e., with 5 appearing on each die) before 10 is thrown in any other way and before a 7 is thrown.
