Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, real property located on the Wichita State University's campus designated as the "Innovation Campus" for the private development and operation of a partnership building or buildings. There are three separate building sites available for private development. Proposals may be submitted for one or more of the sites. Each site is approximately one to two and a half acres in area, and will be customized based on the proposal for the respective site. Site #1 is located east of Woolsey Hall. Site #2 is located on the northwest corner of 17th and Innovation Boulevard. Site #3 is located on the northwest corner of 17th and Oliver. The university intends to lease each site for a mutually agreeable period, not to exceed sixty years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university's educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Interested tenants will be required to construct adjacent and adequate surface parking that may not be included in the leased ground. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/ use of building improvement, and benefit to the university. The university is interested in proposals from any individual, organization or entity, for the development of a building or buildings to provide rental space available for occupants who are committed to advancing the university's mission and vision as an education, cultural, and economic driver for Kansas and the greater public good, and aligning with the university's research and applied learning goals. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization. If interested, please contact Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu or Senior Vice President for Industry and Defense Programs, Dr. John Tomblin at john.tomblin@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Notice of Proposed Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. Location: [39.50651](#), [-96.32258](#)

The proposed action consists of reissuance of a Kansas/NPDES Water Pollution Control permit for an existing facility. The existing facility is a three-cell wastewater stabilization lagoon system with a minimum of 120 days detention time. The facility receives domestic wastewater from residential areas. The total detention time at design flow is 120 days. This permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, Ammonia, and E. coli. The permit contains monitoring for pH, Total Phosphorus, and Lead. This NPDES discharging lagoon wastewater treatment facility has been reviewed for eligibility for the MDV for ammonia and has been determined to be eligible. Eligibility was determined through analysis of the facility's highest attainable criteria (HAC) for ammonia. The ammonia effluent limit was determined on April 8, 2025, by calculating the 99th percentile ammonia value from the facility's discharge monitoring reports resulting in an ammonia limit of 4.6 mg/L for this facility.

Name and Address of Applicant	Receiving Stream	Type of Discharge
MGPI Processing, Inc. 1300 Main St. PO Box 130 Atchison, KS 66002	Missouri River	Process Wastewater

Legal Description: NW¹/₄, Section 1, Township 6S, Range 20E, Atchison County

Location: [39.55955](#), [-95.13463](#)

The proposed action consists of renewal and modification of an existing Kansas/NPDES Water Pollution Control Permit for an existing facility. The modification consists of the addition of a Class 1 injection well to handle high nutrient wastewater. This facility produces fuel ethanol through fermentation and distillation processes. Process wastewater treated by an activated sludge treatment system flows to a common collection pit where it combines with 0.11 MGD average daily flow of non-contact cooling tower blowdown and boiler blowdown before an average daily flow of 1.21 MGD is discharged to White Clay Creek through a common Outfall 001X. Approximately 0.259 MGD of high nutrient wastewater from the starch washing process is directed to a membrane filtration system before being injected in the Class 1 well. This permit contains limits for TRC, pH, WET, BOD, and TSS. The permit contains monitoring for Temperature, Apparent Color, Phosphorus, Nitrate/Nitrite, Total Kjeldahl Nitrogen, Total Nitrogen, Chloride, Sulfate, and Total Dissolved Solids.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before August 9, 2025, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-25-183/191, KS-AG-R-25-014/015, KS-Q-25-118/122) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Andrew Bowman at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Jada Martin at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. Request for Proposals

FC-1001-26–Embedded Construction Inspector(s)/Administrator(s) for District 1, Area 4

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to supply personnel to perform professional services as described below. Interested consultants must upload a proposal by 12:00 p.m. (Central Time) July 30, 2025, to the Bid Express page to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 241 – Construction Inspection and Testing

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <https://www.ksdot.gov/doing-business/design-consultants/design-consultant-prequalification>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules and regulations.

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant's scope: Construction Inspection/Testing in the form of full time, in-house, technical and construction contract administration assistance to KDOT's District 1, Area 4 Topeka Construction Office. Scope will include assistance with construction project supervision, inspection staffing, and contract administration. Consultant staff may serve as project supervisor of complex construction projects and/or multiple smaller projects. See Attachment below for additional details.

Consultant staff will be utilized a minimum of 40 hours/week excluding holidays. Hours may be split between two employees of the firm. Contract period will be one year with an optional one-year extension.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) July 30, 2025.
2. Ranking of proposals is expected to occur on or around August 1, 2025. Negotiations with the most highly ranked firm are expected to begin on or around August 15, 2025. An executed agreement is anticipated shortly thereafter.
3. Anticipated Start Date: As soon as under contract.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant's proposal must not exceed 4 pages total (including any cover letter, index, etc.)
3. A single PDF (10MB maximum size) of the proposal including all attachments must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. "FC-1001-26–EmbedConstInsp.Admin in D1A4 Topeka FIRM NAME"

- 5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”), No. 10 (“Policy Regarding Sexual Harassment”), and No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. All attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.
- 6. The outline in Table 1 below describes the expected proposal organization and content sections.
- 7. Table 2 lists the evaluation criteria and associated weights which will be used to make a selection.

Table 1: Proposal Content

Understanding of KDOT contract administration and closeout procedures	20%

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants if any, with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

- Special Attachment No. 12 ("Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems")

Questions

All questions regarding this Request for Proposals shall be submitted via Q&A section of bid form in Bid Express.

Questions can be submitted until July 16, 2025; answers will be provided to all prequalified consultants on July 23, 2025.

Attachment: Additional Details

Embedded Consultant for KDOT's District 1 Area 4 Construction Office in Topeka, Kansas

The KDOT District 1, Area 4 construction office located in Topeka, Kansas, is requesting an embedded consultant to provide full time, in-house, technical and construction contract administration expertise.

Construction Project Supervision and Contract Administration

Under the direction of the Metro Engineer (ME, Field Engineering Administrator (FEA) or Construction Engineer (CE), assist with construction project supervision, inspection staffing, and contract administration. The consultant may serve as project supervisor of complex construction projects and/or multiple smaller projects.

Duties include, but are not limited to:

- Provide recommendations to the ME, FEA and CE regarding project actions, staffing and any other project related matters.
- Responsible for the review or compilation of project documentation for all phases of work performed to substantiate the contract payments. This documentation includes daily diaries, weekly recaps, test reports, final papers, and data entered into AASHTOWare.
- Make determination on the charges of working days.
- Represent the Kansas Department of Transportation in all project-related meetings and conferences.
- Provide guidance to the construction staff in the review of construction plans such as verifying steel quantities, grade computations and earthwork quantities.
- Maintain contact with the contractor's project manager on the project.
- Represent the Kansas Department of Transportation on construction project related decisions.

Mentoring Resource

The consultant will serve as a mentor and provide effective leadership to less experienced Technicians and Engineering Associates. The consultant will identify and recommend areas of additional training needed within the construction office. This information will be used to assist the ME, FEA or CE to organize effective training programs for the construction office.

Provides other project related construction assistance to the ME, FEA and CE as directed.

Construction Plan Development

Reviews or prepares documents for field-designed projects such as 1R projects, bridge set-aside projects, culvert set-aside projects and 3R major modifications. This includes field measuring, quantity computations, drafting of plan sheets and field surveys. This also includes participation in field checks and plan reviews as necessary.

Qualifications

- A minimum of 5 years of experience managing large or complex KDOT construction projects.
- Current CIT certifications in Basic Inspection, Asphalt Paving Inspection, Concrete Paving Inspection, Structures Inspection, ACI Concrete Field-Testing Technician, Aggregate Field Technician.

- Expert proficiency with KDOT’s construction management software AASHTOWare.

This is expected to be a full-time (40-60 hours / week excluding holidays) assignment based at the District 1, Area 4 Office in Topeka. The hours will be through one main person with two delegates. The delegates are intended to be used when the main person is on leave, unavailable or the workload has created a need for additional staff for a short period of time. The contract period will be one calendar year with an option for KDOT to add a one-year extension.

On-Call Construction Inspection Services – New Master On-Call List

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking to create an on-call consultant list with firms that are interested in providing construction inspection services on an as-needed basis for projects in various locations statewide. KDOT anticipates entering into up to 40 agreements with qualified consulting firms that may perform the services described below when KDOT does not have adequate personnel.

Interested consultants must upload a proposal by 12:00 p.m. (Central Time) July 30, 2025, to the Bid Express page to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 241 – Construction Inspection and Testing

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <https://www.ksdot.gov/doing-business/design-consultants/design-consultant-prequalification>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Background

Periodically for a given project, KDOT's personnel may be unable to perform construction inspection and/or testing tasks within the timeframe required so it may be necessary to engage a consultant firm (with appropriate KDOT certifications) on short notice. This process begins with KDOT issuing an on-call service request to firms that have executed an on-call master agreement specifically for this type of support. To expedite commencement of work, resulting work order(s) are executed under the terms and conditions of that agreement.

A number of firms have on-call master agreements to support construction inspection and/or testing. These are set to expire in 2026. KDOT seeks to create a new list of up to 40 firms to the on-call list.

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant's scope: project inspection, sampling, and testing, as well as accurate and timely documentation thereof, including submission of all documentation and test results to KDOT. Thorough knowledge of, and compliance with KDOT's Standard Specifications for State Road and Bridge Construction, Construction Manual, project specifications, and other relevant KDOT policies, procedures, and manuals, as well as KDOT documentation and recordkeeping requirements are essential.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) July 30, 2025.
2. Evaluation and ranking of proposals are expected to occur on or around August 8, 2025. Negotiations of On-Call Agreements for Engineering and Technical Services ("Master Construction Inspection & Testing

- On-Call Agreements”) with the highest ranked (shortlisted) firms are expected to begin on or around August 15, 2025. Executed agreements are anticipated to be complete no later than August 22, 2025.
3. Services associated with the Master Construction Inspection & Testing On-Call Agreements resulting from this Request for Proposals may be requested as soon as an agreement is in place with any consultant.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10MB maximum size) of the proposal including all attachments must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. “Addl-Const-Insp-OnCall-Firms_2026_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”), No. 10 (“Policy Regarding Sexual Harassment”), and No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”). If you need a Tax Clearance Certificate, you can request one here at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Upload these files as instructed in Bid Express.
6. The outline in Table 1 below describes the expected proposal organization and content sections.
7. Table 2 lists the evaluation criteria which will be used to make a selection. These will be evaluated on a pass/fail basis. Firms failing any category may not be shortlisted for negotiation, at KDOT’s sole discretion.
8. At KDOT’s option, firms may be interviewed by telephone conference call prior to being shortlisted for negotiation.

Table 1: Proposal Content

Section	Description of Intent	Page Limit

Past performance history for similar projects/services for KDOT: Note: Lack of experience with KDOT may not result in failure in this category, pending positive references from other transportation clients; negative performance history or references may result in failure.
Understanding of KDOT contract administration and closeout procedures: Note: Lack of experience with KDOT may not result in failure in this category, pending positive references from other transportation clients and commitment from the firm to research KDOT policies and standards prior to being notice to proceed on a given work order; negative references may result in failure.
The quality and completeness of the response.

Contract Terms and Conditions

The list of consultants holding Master Construction Inspection & Testing On-Call Agreements as a result of this Request for Proposals shall be added to or replace the current list of on-call consultants which currently exists for this purpose. No changes will be made to the status of agreements already in effect, but those that are not replaced by this Request for Proposals will be allowed to expire.

A standard KDOT on-call agreement for engineering and technical services will be used. KDOT may request construction inspection and testing services via on-call service requests over a period of four years, which will result in work orders subject to a maximum cumulative aggregate amount payable to each on-call agreement holder under the agreement. This maximum amount payable will be the same for all on-call agreement holders added to the list as a result of this Request for Proposals, will be stated in each agreement, and is anticipated to be \$9,000,000.

The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)
- Special Attachment No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”)

Finally, each firm shortlisted must utilize accounting systems capable of the following before the firm may be awarded a contract:

- Valid, reliable, and current costs must be available within the system to support actual costs and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records that will reconcile with

Kansas Register

the general ledger.

- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Special Contract Conditions

Interested consulting firms must have employees who are experienced in inspection, sampling and testing as well as certified under the Certified Inspection and Testing Training Program described online at <http://www.citksu.com> and in the CIT Manual found at <https://www.ksdot.gov/home/showpublisheddocument/1561/638736539187100000>.

Questions

All questions regarding this Request for Proposals shall be submitted via Q&A section of bid form in Bid Express.

Questions can be submitted until July 16, 2025; answers will be provided to all prequalified consultants on July 23, 2025.

Re: Schools – School District Employment Contracts

State Boards, Commissions, and Authorities – Public Employees Retirement Systems – State School Retirement System Merger into KPERs

Synopsis: The purpose of continuing contract law is to prevent any uncertainty or controversy regarding the

status of a teacher's continued employment by treating the time between the end of a teaching contract and the beginning of the renewed contract as part of continued employment. Continuing contract law does not apply after a contract's term ends when the teacher has provided the school with proper notice of nonrenewal. After a contract ends and is not renewed, the teacher is no longer considered employed by the school. The teacher is entitled to receive all benefits from the contract but is not entitled to continued voluntary benefits like optional group life insurance. Thus, Barton County Community College is not required to withhold and remit premiums for optional group life insurance to Kansas Public Employees Retirement System after a teacher on a nine-month contract provides notice of nonrenewal of the contract and the contract's term ends. Opinion 2025-8

Re: Cities and Municipalities – Miscellaneous Provisions

Crimes and Punishments – Kansas Criminal Code – Crimes Against Persons

Statutes; Administrative Rules and Regulations and Procedure – Statutory Construction

Synopsis: The Kansas City, Kansas Community Identification Act adopted by the Unified Government does not facially violate K.S.A. 21-5432(a)(1). Because the person providing a Community ID card would not necessarily know an applicant's immigration status, the person would likely lack the mens rea required under K.S.A. 21-5432(a)(1)(A). Additionally, it would be difficult for anyone to violate K.S.A. 21-5432(a)(1)(C) because it is unlikely the person providing the Community ID card as provided in the ordinance would ever know an applicant

was being exploited for the financial gain of another. However, it is possible, in particular instances where this information is known, issuance of the card could violate the law.

A similar reasoning applies to a person possessing the Community ID card. Because a Community ID card does not purport to establish a person's legal presence in the United States, and because a Community ID card applicant must give identifying and residence information to a government entity, mere possession of a Community ID card cannot amount to the bearer harboring or concealing oneself.

However, the Community ID card program does implicate 8 U.S.C. § 1324(a)(1)(A)(iv), which makes it a crime to "encourage[] or induce[] an alien to come to, enter, or reside in the United States, knowing or in reckless disregard of the fact that such coming to, entry, or residence is or will be in violation of law." The Unified Government clearly intended to facilitate the continued unlawful presence of illegal aliens when it acted to create the Community ID card program. The program therefore stands as an obstacle to accomplishment of Congress's objectives and is likely preempted.

The ordinance is also subject to the provisions of K.S.A. 77-207 as the ordinance requires the collection of "vital statistics." Re: Cities and Municipalities – General Provisions – Countywide and City Retailers' Sales Taxes

Cities and Municipalities – General Provisions – Apportionment of Revenue from Countywide Retailers' Sales Tax Between County and Cities Located Therein

Counties and County Officers – General Provisions – Home Rule Powers

Elections – Official Ballots – Ballot Language, Phrasing

Synopsis: The Morton County Board of Commissioners adopted a resolution placing a ballot measure before the electors regarding a countywide 1% retailers' sales tax to fund the county hospital. The resolution cited K.S.A. 2014 Supp. 12-187(b)(1), a general tax provision, rather than K.S.A. 2014 Supp. 12-187(b)(5), which specifically addresses funding health care services. The voters approved the measure. After the voters approved the measure, but before adopting the tax, the Board passed and published an amended resolution correcting the authorizing provision to be K.S.A. 2014 Supp. 12-187(b)(5). But the Kansas Department of Revenue (KDOR) informed the Board that it would divide the revenue between the County and the county municipalities, per the requirements of K.S.A. 2014 Supp. 12-187(b)(1) and K.S.A. 2014 Supp. 12-192(a).

It is apparent the Board intended to implement this tax under K.S.A. 2014 Supp. 12-187(b)(5), and any citation to K.S.A. 2014 Supp. 12-187(b)(1) was a clerical error that should not defeat this intent. K.S.A. 2014 Supp. 12-187 does not require the authorizing statutory subsection to be listed. K.S.A. 2014 Supp. 12-187(g) lists the required information to be placed on the ballot measure. The statutory subsection is not included. K.S.A. 25-605a requires all ballot questions to be written in such a way that electors understand a "yes" vote indicates approval of the matter. Here, the ballot question was phrased in such a way that the electors understood a "yes" vote was a vote to approve a countywide 1% retailers' sales tax to fund the county hospital. Under K.S.A. 2014 Supp. 12-192(d)(2), revenue raised from a retailers' sales tax for health care services is remitted to the county, rather than divided between the county and the county municipalities.

The sales tax approved by the electors was to fund the county hospital. KDOR should remit all revenue collected from the tax to the County to fund the county hospital. Cited herein: K.S.A. 12-187; K.S.A. 12-192; K.S.A. 19-101a; K.S.A. 25-605a. Issued May 19, 2025. KK/RO

State Boards, Commissions and Authorities – State Lottery – Definitions

State Boards, Commissions and Authorities – State Lottery – Lottery Gaming Facilities; Gaming Zones; Gaming Facility Management Contract Requirements; Privilege Fees

Synopsis: The Wyandotte Nation, a federally recognized tribe, wants to negotiate in good faith with the State of Kansas for a gaming compact under the federal Indian Gaming Regulatory Act (IGRA) that would allow it to conduct Class III gaming on land in the State. Under the Kansas Expanded Lottery Act (KELA), the State Lottery owns one casino in each of the four statutorily designated geographic areas, and each casino is managed by an outside entity. KELA and the governing management contracts for these casinos prevent the State from entering into additional management contracts or designating additional areas of the State for gaming by lottery gaming facilities and similar gaming facilities. Because KELA and the management contracts do not prohibit efforts that further tribal gaming under IGRA, they do not prohibit negotiating with the Wyandotte Nation over a compact. And sports wagering is eligible to be included in any compact with the Wyandotte Nation because Kansas currently permits this type of Class III gaming. Notice of Hearing

A public hearing will be held at 9:00 a.m. July 29, 2025, in the offices of Kansas Development Finance Authority, 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposal for the Kansas Development Finance Authority to issue its Agricultural Development Revenue Bonds for the Project(s) numbered below, in the respective maximum principal amounts. The Bond(s) will be issued to assist the respective Borrower (the "Beginning Farmer") named below (who will be the owner and operator of the respective Project) to finance the cost in the amount of the Bond, which is then typically purchased by a lender bank ("Lender") who then through Kansas Development Finance Authority, loans the bond proceeds to the Borrower for the purposes of acquiring the respective Project(s) as described below. Each Project shall be located as shown:

Project No. 001172 Maximum Principal Amount: \$178,500. Owner/Operator: Daniel A. and Edna W. Schwartz; Description: Acquisition of 80 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Daniel A. and Edna W. Schwartz (the "Beginning Farmer") and is located at Section 6, Township 25 South, Range 15, Woodson County, Kansas, approximately 1½ miles west of Yates Center, Kansas on US-54 Highway, then 1½ miles west on 110th Road, then 1¼ miles north on Jay Road.

Project No. 001173 Maximum Principal Amount: \$490,000. Owner/Operator: Gregory and Kelly Lock; Description: Acquisition of 113 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Gregory and Kelly Lock (the "Beginning Farmer") and is located at Section 6, Township 2, Range 17 East, Brown County, Kansas, approximately 3 miles north of Hiawatha, Kansas on Kingfisher Road.

Each Bond when issued, will be a limited obligation of the Kansas Development Finance Authority and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, including the Authority, nor will it be an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged, but each Bond will be payable solely and only from amounts received from the respective Borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on each Bond as and when it shall become due.

Interested individuals may participate in the public hearing in person or via conference call. Please call 844-621-3956 and use conference identification number 145 880 8929 followed by # to join the conference.

At the time and place fixed for the hearings, all individuals who appear will be given an opportunity to express their views for or against the proposal to issue any specific Bond for the purpose of financing the respective Project, and all written comments previously filed with the Authority at its offices at Suite 800, 534 S. Kansas Ave., Topeka, KS 66603, will be considered. Additional information regarding any of the projects described above may be obtained by contacting the Authority at the address of its offices shown above.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10:00 a.m. Wednesday, September 17, 2025, via Zoom to consider the adoption of proposed regulations, K.A.R. 54-1-8, 54-1-15, and 54-1-17, of the State Library, on a permanent basis. Members of the public who wish to attend the public hearing can do so at <https://kslib.zoom.us/j/81690521898?pwd=UA5b4b0iO5GXxVofEad8QkfbjApOwi.1>.

All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed permanent regulations. Public comments will be accepted through 4:00 p.m. September 16, 2025 to Catherine Hitch, Executive Administrative Assistant, State Library of Kansas, 300 SW 10th Ave., Room 312-N, Topeka, KS 66612 or by email at KSLIBbusiness@KS.gov.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the regulations and economic impact statement in an accessible format. Requests for accommodations to participate in the public hearing should be made at least 10 business days in advance of the hearing by contacting Catherine Hitch, Executive Administrative Assistant, State Library of Kansas, 300 SW 10th Ave., Room 312-N, Topeka, KS 66612 or by phone at 785-296-4254.

Summaries of the proposed regulations and their economic impact follow. Copies of the regulations and economic impact statement may be viewed at <https://library.ks.gov/regulations>.

K.A.R. 54-1-8. Provision for free service. The proposed amendment to this regulation clarifies that when a regional system of cooperating libraries' board believes a participating library's rules limiting free service are unreasonable or discriminatory, it may raise the concern to the State Library of Kansas Board for consideration and, if appropriate, corrective action. The amendment prohibits the system from sanctioning one of its participating libraries directly for violating this regulation.

K.A.R. 54-1-15. Same: transfer of property. The proposed amendment to this regulation would remove the requirement that a library withdrawing from a regional system of cooperating libraries return property purchased with state funds to the system. Further, the amendment would require the system's board to submit a list of requested property purchased with system funds to the State Library of Kansas Board, which would determine what property shall be returned by the withdrawing library to the system.

K.A.R. 54-1-17. Exclusion from regional system of cooperating libraries. The proposed amendment would require a petition to exclude a library taxing district from the taxing district of a regional system of cooperating libraries to be added to the agenda of the next State Library of Kansas Board's regular meeting. The amendment to this regulation would permit the state board to issue a binding statement regarding manifest harm up to four years prior to receiving a petition from a library taxing district to be excluded from the taxing district of a regional system of cooperating libraries. When determining manifest harm, the amendment requires an opportunity for the system to share its position on the matter to the state board.

The proposed regulations will have no identifiable economic impact, and any costs associated with complying with the regulations should be absorbed within the normal course of business of the State Library of Kansas Board.
