Notice of Hearing

Pursuant to K.S.A. 82a-1041(b) and K.A.R. 5-19-3, notice is hereby provided that the Chief Engineer of the Kansas Department of Agriculture, Division of Water Resources (Chief Engineer) will hold an in-person hearing at 9:00 a.m. (Central Time) January 13, 2026, at the Wichita County Fairgrounds, 506 E. M St., Leoti, Kansas, to consider the proposed Wichita County Local Enhanced Management Area (LEMA) Plan submitted to the Chief Engineer by Western Kansas Groundwater Management District Number 1.

The hearing will be consolidated as provided for in K.A.R. 5-19-3 and will consider whether one or more of the circumstances specified in subsection (a) through (d) of K.S.A. 82a-1036 exist within the proposed boundaries of the proposed LEMA, whether the public interest of K.S.A. 82a-1020 requires that one or more corrective control provisions be adopted, and whether the geographic boundaries of the proposed LEMA are reasonable, and will also consider the LEMA's proposed corrective controls, the likelihood that the LEMA plan will achieve the stated goals, and any other matters the Chief Engineer deems necessary.

Anyone may submit written or oral statements to be included in the record of the hearing. Oral statements will be accepted only at the public hearing. Written statements may be submitted at the hearing, in advance of the hearing, or following the hearing. The deadline for the submission of written statements following the hearing will be January 27, 2026. Written statements may be provided by mail to the Kansas Department of Agriculture, c/o Ronda Hutton, 1320 Research Park Dr., Manhattan, KS 66502, faxed to 785-564-6777, or emailed to ronda.hutton@ks.gov.

Kansas Governor's Grants Program

Notice of Available Grant Funding

Grant funds are available from the Federal Sexual Assault Services Grant Program (SASP) for calendar year 2026. This grant program recognizes the need to place increased focus on sexual assault, rape, sex trafficking, and other severe forms of trafficking in persons who have also experienced sexual assault in order to address the lack of available direct intervention and related assistance services and the unique aspects of sexual assault trauma. Women and men of all ages, as well as children, can be victims of sexual assault. There is approximately \$1 million available for grant awards. Available grant funds may be awarded to rape crisis centers and other nonprofit, nongovernmental organizations who are accredited by the Kansas Coalition Against Sexual and Domestic Violence or tribal programs for activities that provide rape and sexual assault services for the defined grant project purposes.

All grant applications must be submitted via the Governor's Grant Portal by 11:59 p.m., January 8, 2026. The 2026 SASP Solicitation can be accessed at <https://www.grants.ks.gov/grant-programs/federal-sexual-assault-services-grant-program-sasp>.

Department of Wildlife and Parks

Notice of Requested On-Call Engineering Services

Notice is hereby given of the commencement of the selection process for on-call civil/structural engineering services for the State of Kansas Department of Wildlife and Parks. Services are required for restricted (small) projects, generally with individual construction project budgets of \$1,000,000 or less. Multiple firms may be selected. The contract will be for three years with the ability to extend for five additional one-year periods. For more information, contact Brett Blackburn at brett.blackburn@ks.gov, or 785-296-8404.

Respondents should demonstrate their capacity for success on projects involving civil/structural engineering projects in Kansas and/or surrounding states. Vendors shall have a strong understanding and success in the application of the underlying principles of civil/structural engineering using a combination of engineering best management practices and techniques with 10 or more verifiable years' experience (15 or more preferred)

Preferred qualifications for a licensed civil/structural engineering consultant include but may not be limited to:

- Experience in design of roadway improvements, including curb and gutter, storm sewer, and pavement markings/signing, utility line alignment, and improvements.
- Experience in design of waterline and water mains for campgrounds.
- Experience in wastewater design including gravity sanitary sewers, force mains, pump stations and grinder pumps, lagoon design, sizing and rehabilitation, and septic systems.
- An understanding of KDHE and other regulatory agency's regulations/statutes concerning wastewater/stormwater management, regulation, permitting, and compliance.
- Proficiency in the analysis, design, construction, and maintenance of load bearing structures that reinforce or counteract loads in dams, bridges, buildings, and other structures.
- Proficiency specifying, examining, and inspecting materials to be used for the construction of complex structures including, dams, bridges, pre-manufactured restrooms, shelters, shower buildings, cabins, and other load bearing structures.
- Licensed survey and topographical design, including property research and easement descriptions.
- Project development following the KDOT LPA Project Development Manual.
- Familiarity with the requirements which can be found in the Building Design and Construction Manual at <http://admin.ks.gov/offices/ofpm/dcc/f-and-d>, as well as KS.DAOFPM submission procedures.
- Experience working with FEMA, USACE, DWR, and other regulatory agencies to obtain permitting/approval for applicable projects (including NPDES, SWPPP, etc.).
- Bridge inspection and design.
- Dam safety inspections, slide mitigation (including RSS slope stabilization), and dam/spillway improvement design (including tower, inlet/outlet, spillway, valve, etc.).
- Inundation Mapping review, hydrologic and hydraulic analysis/modeling for lake/dam study, FEMA grant submission knowledge, and other dam/lake related management functions.
- Pond/dike design, modification and repair, and working knowledge of pumps, pumphouses, including design of transfer systems in wildlife and low water areas.
- Boat ramp design and repair.
- Shooting range component design and improvements.
- Concrete, asphalt, and aggregate parking lot, roadway, and path design and maintenance.
- Experience developing conceptual, construction-ready and as-built designs for projects (e.g. including appropriately "stamped" drawings as applicable).
- Successful preparation of federal and state permit applications and associated plans for related projects.
- Ability and willingness to build upon previously developed assessments, adjust design concepts, and work with local, federal, and state officials to meet project goals.

Volume 44 - Issue 50 - December 11, 2025

[Table of Contents](#)

- Ability to perform/provide proper topographical surveys and related information.
- Experienced in providing, hiring, or collaborating work product with qualified geotechnical professionals as needed for design, analysis, and project completion.
- Experience providing effective presentation of project related information to the public or other stakeholders, if needed.
- Experience working with multiple stakeholders including landowners, state and local agencies/boards, and project administrators related to reporting site specific project details before, during and after construction.
- Successful preparation of bid documents and demonstrated effectiveness facilitating pre-bid meetings, site visits, and all related correspondence.
- Construction oversight of contractors implementing plans, design specifications, and meeting permit conditions for related projects.
- A demonstrated ability to meet project goals within the projected timeline and budget.
- Ability to respond timely to solicitation from agency and timely initiate consultation/design and project needs.
- Have access to subconsultants as needed (geotechnical engineering, surveying, MEP engineering, water body diving and exploration, etc.).
- Respondent must show proof of registration and or certification with the Kansas State Board of Technical Professions for applicable work classifications.
- Ability to provide professional liability insurance and have the ability to provide coverage for the project engineer and any consultants, agents, independent contractors, etc., who are employed or retained by the project engineer for work on the projects.
- 10 or more years of verifiable experience in licensed civil/structural engineering (15 or more preferred).

Proposals should include a PDF of the following: Statement of professional qualifications (similar to State of Kansas DCC Forms 050, 052, 054) and information regarding similar work experience. Include firm name, address, contact phone number and email.

To be considered, proposals should be via email along with a transmittal to brett.blackburn@ks.gov. It is the proposer's responsibility to ensure proposals are received by the closing date and time. Delays in email delivery or any other means of transmittal shall not excuse late proposal submissions. Proposals received after the date and time noted below will not be considered. The PDF proposal submissions shall be delivered to the attention of brett.blackburn@ks.gov later than 5:00 p.m. on or before Tuesday, December 30, 2025.

The State of Kansas, as a matter of public policy, encourages anyone doing business with the State of Kansas to take steps to discourage human trafficking. If prospective bidders/vendors/contractors have any policies or participate in any initiatives that discourage human trafficking, the prospective bidder/vendor/contractor is encouraged to submit same as part of their bid response.

Department of Health and Environment

Notice of Water Quality Certification

The Kansas Department of Health and Environment (KDHE) has drafted a water quality certification per Section 401 of the Clean Water Act (CWA) requested by the United States Army Corps of Engineers (USACE) CWA Section 404 on June 18, 2025, to meet CFR 121. et., seq. On June 18, 2025, the USACE also published in the Federal Register its proposal to reissue 56 existing nationwide permits (NWP) as documented in the public notice found at <https://www.nwk.usace.army.mil/Media/Public-Notices>. Many are not applicable to Kansas except for activities including yet not limited to construction of bridges, road ways, stream bank stabilization meeting the USACE threshold, utility lines, oil and gas pipelines, small developments not exceeding the USACE threshold, wetlands meeting the USACE threshold, certain agricultural practices not under the General Permit 40, pond and lake cleaning activities not included in the General Permit 41, renewable energy projects, stormwater outfalls, wildlife habitat restoration, etc. (a full list can be found at the aforementioned public notice link). There are no changes from the previous 401 WQC issued in 2022. All of the current 2021 NWP expire March 14, 2026. The reissued/modified 2026 NWP and associated 401 WQC would expire in 2031.

The draft certification and additional information containing the link to the USACE Public Notice is posted on the KDHE website at <https://www.kdhe.ks.gov/1095/Section-401-Water-Quality-Certification>. Persons wishing to comment on the referenced draft document must submit their comments in writing by email to KDHE at KDHE.NPS@ks.gov by December 17, 2025, if they wish to have their comments considered in the formulation of final determinations for 401 regarding this public notice.

For more information, contact Scott Satterthwaite, Watershed Management Section, Bureau of Environmental Field Services, KDHE at Scott.Satterthwaite@ks.gov.

Doc. No. 053704

State of Kansas

Department of Health and Environment

Notice of Proposed Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. Si desea obtener más información en español o tiene otras preguntas, por favor, comuníquese con el Coordinador de No Discriminación al 785-296-5156 o en: [KDHE. NonDiscrimination@ks.gov](mailto:NonDiscrimination@ks.gov).

Public Notice No. KS-AG-25-360/379

Pending Permits for Confined Feeding Facilities

Name and Address of Applicant	Legal Description	Receiving Water
Austin Stallbaumer Dairy Austin Stallbaumer 1549 F Rd. Centralia, KS 66415	SE/4 of Section 23 T03S, R11E Nemaha County	Kansas River Basin

Kansas Permit No. A-KSNM-M013

The proposed action is to issue a new state permit for a facility for 325 head (455 animal units) of mature dairy cows, 65 head (65 animal units) of cattle weighing more than 700 pounds and 65 head (32.5 animal units) of cattle weighing less than 700 pounds for a total of 552.5 animal units. The facility will consist of a cow barn, milk parlor, open dirt lots, and a feed storage area. The waste management system will consist of a concrete manure storage structure, diversions, vegetative treatment areas, and an earthen wastewater retention control structure. This facility has an approved Waste Management Plan on file with KDHE.

Emporia Industrial Park PO Box 928 Emporia, KS 66801	Cottonwood River via Unnamed Tributary	Process Wastewater
Permit No. I-NE24-CO06 Federal Permit No. KS0094412		

Legal Description: SE¼ Sec. 14, Town. 19S, Range 11E, Lynn County

Location: [38.39125](#), [-96.15868](#)

The proposed action consists of the renewal and reissuance of an existing Kansas Water Pollution Control (KWPC) Permit and Authorization to Discharge under the National Pollutant Discharge Elimination System (NPDES) for an existing discharge. Municipal potable water, used for non-contact cooling from a canned and pouched pet food producer and storm water runoff from the industrial park area are directed to a city-owned cooling lake. Outfall 001X is the overflow from the lake of combined cooling water and any storm water runoff. This permit contains limits for BOD, TRC, and TSS. The permit contains monitoring for Temperature, pH, BOD, and TRC.

Name and Address of Applicant	Receiving Stream	Type of Discharge
General Electric Engine Services, Inc. PO Box 747 Winfield, KS 67156	Walnut River via Posey Creek	Process Wastewater
Permit No. I-WA18-PO04 Federal Permit No. KS0000931		
Legal Description: E½, Section 19, Township 33S, Range 4E, Cowley County		
Location: 37.16593 , -97.02653		
The proposed action is a renewal of an existing KWPC/NPDES permit for an existing facility for discharge of treated groundwater from two groundwater remediation wells. This facility is presently comprised of two groundwater pumping and treatment systems located at the Strother Field Industrial Park. This permit contains limits for pH, 1,1-Dichloroethylene, Trichloroethylene, and Tetrachloroethylene. The permit contains monitoring for Volatile Organic Chemicals.		

Name and Address of Applicant	Receiving Stream	Type of Discharge
Kansas Department of Wildlife and Parks – Milford Fish Hatchery 3400 Hatchery Dr. Junction City, KS 66441	Republican River	Process Wastewater
Permit No. I-LR15-PO02 Federal Permit No. KS0083275		
Legal Description: NW¼ of Section 21, Township 11S, Range 5E, Geary County		
Location: 39.08151 , -96.88032		
The proposed action consists of renewal and reissuance of an existing NPDES/ Kansas Water Pollution Control (KWPC) permit for an existing facility. This facility is an intensive State fish hatchery for the purposes of rearing a variety of fish species for stocking in waters of the State. Domestic sewage from three residences, the fish hatchery, and the adjacent nature center are commingled with discharge from hatchery culture unit effluent that is periodic during maintenance operations during routine cleaning or as required by regulatory processes or product labels. The commingled wastewater is directed to the 3-cell stabilization pond. This permit contains limits for BOD, TSS, E. coli, and TMDL Phosphorus. The permit contains monitoring for Copper, pH, Ammonia, and Total Phosphorus.		

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before January 10, 2026, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-25-360/379, KS-Q-25-207/209) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft

Kansas Register

[Table of Contents](#)

document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Andrew Bowman at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Jada Martin at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. Las preguntas o comentarios por escrito deben dirigirse a Erich Glave, Director, Bureau of Environmental Field Services en KDHE: 1000 SW Jackson St., Suite 430, Topeka, KS 66612-1367; por correo electrónico: kdhe.feedlots@ks.gov; por teléfono: 785-296-6432. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Jamie Packard, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-4148 or email at Jamie.Packard@ks.gov. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdhe.ks.gov/livestock>. The Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

(Published in the Kansas Register December 11, 2025)

Washburn University of Topeka Board of Regents

Notice of Intent to Issue Revenue Bonds

Notice is hereby given to all persons interested that the Board of Regents (the "Board") of Washburn University of Topeka, Shawnee County, Kansas (the "University") has on December 4, 2025, duly adopted a resolution by which it has determined an intent to issue revenue bonds (the "Bonds") under the authority of K.S.A. 76-6a13 et seq., as amended (the "Act") in one or more series to: (a) pay the costs of equipping certain building and facilities on the University campus in accordance with the Act (the "Project"); (b) refund previously issued and outstanding revenue bonds of the University; and (c) pay costs of issuance of the Bonds. The aggregate principal amount of the Bonds to pay the costs of the Project and pay costs of issuance shall not exceed \$23,000,000. The aggregate principal amount of the Bonds to refund the Refunded Bonds and pay associated financing costs shall not exceed \$11,190,000. The net present value savings associated with the issuance of the Bonds to refund the refunded bonds shall not be less than 2.50% of the principal amount of the refunded bonds.

Unless an action to contest the legality of the proposed Bonds shall be filed in a court of law within 30 days from December 11, 2025, being the date of publication of this notice in the Kansas Register, the right to contest the legality of any Bond issued in compliance with the proceedings taken by the Board prior to the date of such publication and the right to contest the validity of such proceedings shall cease to exist and no court shall thereafter have authority in inquire into such matters.

After the expiration of said 30 days, no one shall have any right to commence an action contesting the validity of the Bonds or the provisions of such proceedings and all such Bonds shall be conclusively presumed to be legal, and no court thereafter shall have authority to inquire into such matters.

Dated December 4, 2025

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 11:00 a.m. Tuesday, February 10, 2026, in the Docking State Office Building Twister conference room, room 126, 915 SW Harrison St., Topeka, Kansas, to review and consider the adoption of proposed permanent fee regulations, K.A.R. 7-16-1; 7-16-2; 7-17-4; 7-34-2; 7-39-1; 7-49-1; 40-16-1; 40-16-2; 7-50-1; 7-51-1, of the Secretary of State. The hearing will be conducted in person. Additionally, interested parties wanting to participate remotely may contact Clay Barker at clay.barker2@ks.gov to obtain remote access information.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. Comments may be submitted prior to the hearing to Clay Barker, General Counsel, Office of the Secretary of State, Docking State Office Building, 915 SW Harrison St., Topeka, KS 66612, or to clay.barker2@ks.gov. All interested parties will be given a reasonable opportunity at the hearing to present their views. It may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five days in advance of the hearing by contacting Clay Barker at 785-296-3483 or the Kansas Relay Center at 1-800-766-3777.

Copies of the full text of the regulations and economic impact statement may be obtained at the address above for the Office of the Secretary of State, or by contacting Lara Murphy, Director of Administrative Regulations and Publications, at 785-296-0082 or lara.murphy@ks.gov. All proposed regulations open for comment are also available on the Secretary of State's website at https://www.sos.ks.gov/publications/pubs_kar_inprocess.aspx.

Summaries of the proposed regulations and their economic impact follow.

The Kansas Secretary of State is entirely fee-funded, with no State General Fund appropriations supporting its operations. Every filing and service provided by the Secretary of State has an associated fee authorized by statute. Following the successful replacement of a 40-year-old IT infrastructure, the agency is implementing the first major overhaul of its fee structure in 15 years.

As a result, the proposed changes repeal dozens of outdated fees and reduce many other fees. Fees for forming new LLCs and LLPs, for PEO filings, and for biennial reports have been significantly lowered. Fees for paper filings — when e-filing is available — have been marginally increased to reflect increased labor processing costs and to encourage the use of e-filing.

These new, amended and revoked regulations impose no economic burdens on governmental agencies or units, persons subject to the proposed rules and regulations, and the general public as fees are already required and are generally being decreased.

Amended Regulations

- 7-16-1: Information and Services fee: Hundreds of fees are addressed in this amended regulation. Most are reduced; paper-filing fees are slightly higher; fees for outdated filings and services are eliminated; and a new fee is imposed on agencies that file regulations.
- 7-16-2: Technology Communication fee: Dozens of fees are addressed in this amended regulation. Most remain set at the statutory maximum of \$5 per filing, and fees associated with outdated filings and services are eliminated.
- 7-17-4: Uniform Commercial Code: Fees for new bulk services have been added.

Kansas Register

Volume 44 - Issue 50 - December 11, 2025

[Table of Contents](#)

- 7-34-2: Corporations: Fees for unnecessary services and those provided automatically through the new IT system have been eliminated.
- 7-39-1: Limited Liability Partnerships (LLPs): Filing fee for forming an LLP is reduced from \$150 to \$75.

New Regulations

- 7-49-1: Professional Employer Organizations (PEOs): Filings fees were reduced from \$1,000 and \$500, to \$250.
- 7-50-1: Limited Liability Companies (LLCs): Filing fee for forming an LLC is reduced from \$150 to \$75.
- 7-51-1: Limited Partnerships (LPs): Filing fee for forming an LP is reduced from \$150 to \$75.

Revoked Regulations

- 40-16-1; 40-16-2: Outdated PEO fee regulations issued by Commissioner of Insurance before PEO filings were moved to the Secretary of State.

Department of Revenue Permanent Administrative Regulations

Article 52.—MOTOR VEHICLE DRIVERS' LICENSES

92-52-1. (Authorized by and implementing K.S.A. 8-234b; effective Jan. 1, 1966; amended, E-71-9, Jan. 1, 1971; amended Jan. 1, 1972; amended May 1, 1979; amended, E-82-26, Dec. 16, 1981; amended May 1, 1982; amended May 1, 1987; amended May 1, 1988; revoked Dec. 26, 2025.)

92-52-12. Standards for vision examinations. (a) Definitions. For the purposes of this regulation, the following definitions shall apply:

(1) "Director" means director of vehicles, division of vehicles of the department of revenue.

(2) "New driver" means a person who has never held a driver's license or permit in any jurisdiction, and who has never unlawfully operated a motor vehicle in any jurisdiction.

(b)(1) Each driver's license applicant shall be deemed to have a "good driving record" pursuant to K.S.A. 8-295, and amendments thereto, if the applicant:

(A) Is a new driver; or

(B) during the previous three years, has not been:

(i) Involved in a motor vehicle accident as the driver of a motor vehicle;

(ii) convicted of any moving violation as defined in K.A.R. 92-52-9;

(iii) placed on diversion on a charge of a moving violation; or

(iv) subject to adverse administrative action resulting in suspension, revocation, restriction, denial, cancellation or non-renewal of a driver's license or permit.

(2) In determining whether each applicant has a good driving record, consideration shall not be given to the applicant's previous failure to meet the 20/60 acuity standard of K.S.A. 8-295, and amendments thereto.

(c) Criteria to determine whether each applicant "can safely operate a vehicle," as that term is used in K.S.A. 8-295, and amendments thereto, shall include:

(1) A form prescribed by the director and completed by the applicant's ophthalmologist or optometrist reporting the applicant's static visual acuity, visual fields, diagnosis of visual condition and prognosis, and recommendations to the need of an annual vision exam; and

(2) an actual test of the applicant's driving ability by an examiner employed by the director at a time and place arranged by the director. Each test shall be performed by an examiner who has training and experience in testing a visually impaired driver. No applicant shall be permitted to take a driving test if the examiner has cause to believe that allowing the applicant to drive creates an unreasonable risk to any person's safety. Before a driving test will be administered, each applicant:

(A) Shall comply with the requirement specified in paragraph (c)(1); and

Kansas Register

Volume 44 - Issue 50 - December 11, 2025

[*Table of Contents*](#)

(B) may be required to secure a determination by the Kansas medical advisory board that there is no reason to believe the applicant's eyesight would preclude the applicant from safely operating a vehicle. The requirement to secure this determination shall be imposed at the director's discretion. The applicant may be required to submit to additional tests that the director or the Kansas medical advisory board deem necessary to make a determination. (Authorized by K.S.A. 8-234b; implementing K.S.A. 8-295; effective Feb. 26, 1990; amended Dec. 26, 2025.)

Permanent Administrative Regulations

Article 35.—RADIATION

28-35-189a. Advance notification of transport of nuclear waste. (a) Before the transport of any nuclear waste outside the confines of the licensee's facility or any other place of use or storage, or before the delivery of any nuclear waste to a carrier for transport, each licensee shall provide advance notification of the transport to the governor or the governor's designee of each state through which the waste will be transported. For the purpose of this regulation, "nuclear waste" shall mean any large quantity of source material, by-product material, or special nuclear material required to be in a type B package while transported to, through, or across state boundaries to a disposal site, or to a collection point for transport to a disposal site.

(b) Each advance notification required by this regulation shall contain the following information:

(1) The name, address, and telephone number of the shipper, carrier, and receiver of the shipment;

(2) a description of the nuclear waste contained in the shipment as required by regulation of the U.S. department of transportation 49 C.F.R. 172.202 and 172.203(d), as in effect on January 26, 2023, which are hereby adopted by reference;

(3) the point of origin of the shipment and the seven-day period during which departure of the shipment is estimated to occur;

(4) the seven-day period during which arrival of the shipment at state boundaries is estimated to occur;

(5) the destination of the shipment and the seven-day period during which arrival of the shipment is estimated to occur; and

(6) a point of contact specified by the licensee with a telephone number for current shipment information.

(c) The notification required by this regulation shall be made in writing to the office of each appropriate governor or the governor's designee and to the Kansas department of health and environment. A notification delivered by mail shall be postmarked at least seven days before the beginning of the seven-day period during which departure of the shipment is estimated to occur. A notification delivered by messenger shall reach the office of each governor or the governor's designee at least four days before the beginning of the seven-day period during which departure of the shipment is estimated to occur. A copy of the notification shall be retained by the licensee for one year.

(d) The licensee shall notify each appropriate governor or the governor's designee and the Kansas department of health and environment of any changes to the schedule information provided pursuant to this regulation. The notification shall be by telephone to a responsible individual in the office of each appropriate governor or to the governor's designee. The licensee shall maintain for one year a record of the name of the individual contacted.

(e) Each licensee who cancels a nuclear waste shipment for which advance notification has been sent shall send a cancellation notice to the governor or the governor's designee of each appropriate state and to the Kansas department of health and environment. A copy of the notice shall be retained by the licensee for one year.

(f) When making advanced notifications, each licensee shall use the current name and mailing address of each governor or governor's designee and each Indian tribal official or tribal official's designee that is available on a list provided by request from the director, division of materials safety, security, state, and tribal programs as specified in 10 C.F.R. 73.37(b)(2), as in effect on December 14, 2022, the title and address of which are hereby adopted by reference. (Authorized by and implementing K.S.A. 48-1607; effective, T-86-37, Dec. 11, 1985; effective May 1, 1986; amended Dec. 26, 2025.)

28-35-221b. Appendix A; determination of A, A₂, and B quantities. The provisions of 10 C.F.R. part 71, appendix A, as in effect on January 1, 2021, are hereby adopted by reference, with the changes specified in this regulation.

(a) Wherever the term "commission" appears within 10 C.F.R. part 71, appendix A, that term shall be replaced with the term "department."

(b) In 10 C.F.R. part 71, appendix A, paragraph II(c) shall be replaced with the following text: "The licensee shall submit requests for prior approval, described under paragraphs II(a) and II(b) of this appendix, to the department." (Authorized by and implementing K.S.A. 48-1607; effective Sept. 20, 1993; amended Oct. 17, 1994; amended May 4, 2018; amended Dec. 26, 2025.)

28-35-264. General requirements. The provisions of 10 C.F.R. part 35, dated December 14, 2022, are hereby adopted by reference, with the changes specified in this regulation.

(a) For the purposes of part 6, "by-product material" shall mean all radioactive material regulated by the department.

(b) All reports required by this regulation shall be submitted to the department.

(c) The following sections shall be deleted:

(1) 35.1, "purpose and scope";

(2) 35.2, "definitions," except that the definitions of the following terms shall be retained:

(A) "Authorized medical physicist";

(B) "authorized nuclear pharmacist";

(C) "authorized user";

(D) "medical event";

(E) "prescribed dose"; and

(F) "radiation safety officer";

(3) 35.8, "information collection requirements: OMB approval";

(4) 35.18, "license issuance";

(5) 35.19, "specific exemptions";

(6) 35.26(a)(1), "radiation protection program changes";

(7) 35.57(a)(4), "training for experienced radiation safety officer, teletherapy or medical physicist, authorized medical physicist, authorized user, nuclear pharmacist, and authorized nuclear pharmacist";

(8) 35.4001, “violations”; and

(9) 35.4002, “criminal penalties.”

(d) Wherever the following C.F.R. references occur within 10 C.F.R. part 35, these references shall be replaced with the specified references to regulations and parts in this article of the department’s regulations:

(1) “10 CFR 19.12” shall be replaced with “K.A.R. 28-35-333, ‘instructions to workers.’ ”

(2) “10 CFR part 20” shall be replaced with “part 4, ‘standards for protection against radiation.’ ”

(3) “10 CFR 20.1101” shall be replaced with “K.A.R. 28-35-211d, ‘radiation protection programs.’ ”

(4) “10 CFR 20.1301(a)(1) and 20.1301(c)” shall be replaced with “K.A.R. 28-35-214a.”

(5) “10 CFR 20.1501” shall be replaced with “K.A.R. 28-35-217b, ‘general monitoring requirements.’ ”

(6) “10 CFR part 30” shall be replaced with “part 3, ‘licensing of sources of radiation.’ ”

(7) “10 CFR 32.72” shall be replaced with “K.A.R. 28-35-181m, ‘specific licenses to manufacture, prepare, or distribute radiopharmaceuticals containing radioactive material for medical use, and K.A.R. 28-35-181n, ‘specific licenses to manufacture and distribute generators or reagent kits for preparation of radiopharmaceuticals containing radioactive material.’ ”

(8) “10 CFR 32.74” shall be replaced with “K.A.R. 28-35-181o, ‘specific licenses to manufacture and distribute sources and devices for use as a calibration, transmission, or reference source or for certain medical uses.’ ”

(9) “10 CFR 33.13” shall be replaced with “K.A.R. 28-35-182b, ‘qualifications for a type A specific license of broad scope.’ ”

(e) Wherever the following terms occur within 10 C.F.R. part 35, these terms shall be replaced with “department”:

(1) “Commission,” with the exception of the phrase “Commission or Agreement State”;

(2) “NRC operation center”;

(3) “NRC regional office;” and

(4) “NRC.”

(f) The following changes shall be made to the sections specified:

(1) 35.6(b)(1) and (c)(1) shall be replaced with the following text: “Obtain review and approval of the research as specified in 45 CFR 46.111, ‘criteria for IRB approval of research’; and”.

(2) 35.6(b)(2) and (c)(2) shall be replaced with the following text: “Obtain informed consent from the human research subject as specified in 45 CFR 46.116, ‘general requirements for informed consent.’ ”

(3) 35.10(a) shall be deleted.

(4) In 35.10(d), the date “October 24, 2002” shall be replaced with “the effective date of these regulations.”

(5) 35.12(b)(1) shall be replaced with the following text: “submitting a form specified by the department that includes the facility diagram, equipment, and training and experience qualifications of the radiation safety officer, authorized users, authorized physicists, and authorized pharmacists.”

(6) 35.12(c)(1)(i) shall be replaced with the following text: “a form specified by the department that includes the facility diagram, equipment, and training and experience qualifications of the radiation safety officer, authorized users, authorized physicists, and authorized pharmacists.”

(7) 35.12(c)(1)(ii) shall be replaced with the following text: “a letter containing all information required by the form in (i); and.”

(8) In 35.57(a)(1) and (b)(1), the date “January 14, 2019” shall be replaced with “the effective date of these regulations.”

(9) In 35.432(a), the date “October 24, 2002” shall be replaced with “the effective date of these regulations.”

(10) In 35.3045, the footnote shall be deleted, and in subsection (a) the words “or any radiation-producing device” shall be added before the words “results in.”

(11) 35.3047(d) shall be replaced with the following text: “The licensee shall submit a written report to the department within 15 days after discovery of a dose to the embryo or fetus, or nursing child that requires a report in paragraphs (a) or (b) in this section.”

(12) In 35.3067, the phrase “with the department” shall be inserted after the word “report” in the first sentence, and the second sentence shall be deleted. (Authorized by and implementing K.S.A. 48-1607; effective Dec. 30, 2005; amended March 18, 2011; amended May 4, 2018; amended April 1, 2022; amended Dec. 26, 2025.)

28-35-284. Personnel monitoring. (a) The licensee or registrant shall not permit any individual to act as a radiographer or a radiographer’s assistant unless, at all times during radiographic operations, each individual wears on the trunk of the body a personnel-monitoring device (PMD) as specified in K.A.R. 28-35-217a, a direct reading dosimeter, and an alarming ratemeter. At permanent radiographic installations where other appropriate alarming or warning devices are in routine use and during radiographic operations using radiation machines, the use of an alarming ratemeter shall not be required.

(1) Each pocket ion-chamber dosimeter shall have a range from zero to 200 mrem and shall be recharged at the start of each work shift. Electronic personal dosimeters may be used in place of only pocket ion-chamber dosimeters.

(2) Each PMD shall be assigned to and worn by only one individual.

(3) Each PMD that requires replacement shall be replaced at least monthly.

(4) After replacement, each PMD shall be returned to the supplier for processing within 14 calendar days after the end of the monitoring period, or as soon as practicable. In circumstances that make it impossible to return each PMD within 14 calendar days, these circumstances shall be documented in writing and available for review by the department.

(b) Direct reading dosimeters, including pocket ion-chamber dosimeters and electronic personal dosimeters, shall be read and the exposures shall be recorded at the beginning and end of each work shift and records shall be maintained for three years.

(c) All pocket ion-chamber dosimeters and electronic personal dosimeters shall be checked at least each 12 months for the proper response to and the accurate measurement of radiation and records shall be maintained for three years. An acceptable reading on each dosimeter shall be within plus or minus 30 percent of the true radiation exposure.

(d) If an individual’s pocket ion-chamber dosimeter is found to be off-scale or if an electronic personal

dosimeter reads greater than 200 mrem, and the possibility of radiation exposure cannot be ruled out as the cause, the individual's PMD that requires processing shall be sent for processing and evaluation within 24 hours. For personnel dosimeters that do not require processing, evaluation of the dosimeter shall be started within 24 hours. In addition, the individual shall not resume any work associated with the use of sources of radiation until a determination of the amount of that individual's radiation exposure is made. This determination shall be made by the radiation safety officer or the radiation safety officer's designee. The results of this determination shall be included in the records required in subsection (g).

(e) If an individual's PMD is lost or damaged, the individual shall cease work immediately until a replacement PMD is provided and the exposure is calculated for the time period from issuance to loss or damage of the PMD. The results of the calculated exposure and the time period during which the PMD was lost or damaged shall be included in the records required in subsection (g).

(f) Each licensee or registrant shall ensure that each alarming ratemeter meets the following requirements:

(1) The alarming ratemeter is checked to ensure that the alarm functions properly before using at the start of each shift.

(2) The alarming ratemeter is set to give an alarm signal at a preset dose rate of 500 mrem per hour, with an accuracy of plus or minus 20 percent of the true radiation dose rate.

(3) The alarming ratemeter requires a special means to change the preset alarm function.

(4) The alarming ratemeter is calibrated at least each 12 months for the accurate measurement of radiation.

(g) Each licensee or registrant shall maintain the following exposure records:

(1) Direct reading dosimeter readings and yearly operability checks for three years after the record is made;

(2) alarm ratemeter calibrations for three years after the record is made;

(3) PMD results until the department terminates the license; and

(4) exposure estimates as a result of any direct reading dosimeter that reads off-scale or any lost or damaged personnel-monitoring equipment until the department terminates the license. (Authorized by and implementing K.S.A. 48-1607; effective Jan. 1, 1970; amended Jan. 1, 1972; amended, T-85-43, Dec. 19, 1984; amended May 1, 1985; amended Sept. 20, 1993; amended Dec. 30, 2005; amended Dec. 26, 2025.)

28-35-354. Personnel monitoring. (a) A licensee or registrant shall not permit any individual to act as a logging supervisor or to assist in the handling of sources of radiation unless each individual wears a personnel-monitoring device (PMD) as specified in K.A.R. 28-35-217a. Each PMD shall be assigned to and worn by only one individual. Film badges shall be replaced at least monthly, and other personnel-monitoring devices that require replacement shall be replaced at least quarterly. All personnel dosimeters shall be evaluated at least quarterly or promptly after replacement, whichever is more frequent.

(b) Each licensee shall provide bioassay services to individuals using licensed or registered material in subsurface tracer studies if required by the license.

(c) Personnel monitoring and bioassay results records shall be maintained for inspection until the secretary authorizes the disposition of these records. (Authorized by and implementing K.S.A. 48-1607; effective Sept. 20, 1993; amended Dec. 30, 2005; amended Dec. 26, 2025.)

28-35-505. Quality assurance requirements. The provisions of 10 C.F.R. part 71, subpart H, as in effect on

Kansas Register

Volume 44 - Issue 50 - December 11, 2025

[Table of Contents](#)

January 1, 2020, are hereby adopted by reference, with the changes specified in this regulation.

(a) The following sections shall be deleted:

(1) 71.101(c)(2), (d), and (e);

(2) 71.107;

(3) 71.109;

(4) 71.111;

(5) 71.113;

(6) 71.115;

(7) 71.117;

(8) 71.119;

(9) 71.121;

(10) 71.123; and

(11) 71.125.

(b) The changes specified in this subsection shall be made wherever the following text occurs within the portions of 10 C.F.R. part 71 adopted in this regulation:

(1) "ATTN: Document Control Desk, Director, Division of Fuel Management, Office of Nuclear Material Safety and Safeguards" shall be replaced with "the department."

(2) "NRC Form 3" shall be replaced with "department form RH-3."

(3) "Subpart H of this part" and "§§71.010 through 71.137" shall be replaced with
"K.A.R. 28-35-505."

(4) "This chapter" shall be replaced with "10 C.F.R."

(c) Wherever the following terms occur within the portions of 10 C.F.R. part 71 adopted in this regulation, these terms shall be replaced with "department":

(1) "Administrator of the appropriate Regional Office";

(2) "commission";

(3) "NRC";

(4) "Nuclear Regulatory Commission"; and

(5) "United States Nuclear Regulatory Commission."

(d) The following changes shall be made to the sections specified:

(1) In 10 C.F.R. 71.101(a), the following sentence shall be deleted: "Each certificate holder and applicant for a package approval is responsible for satisfying the quality assurance requirements that apply to design, fabrication, testing, and modification of packaging subject to this subpart."

(2) In 10 C.F.R. 71.101(f), the sentence “The licensee, certificate holder, and applicant for a CoC shall identify the program by date of submittal to the Commission, Docket Number, and date of Commission approval” and the phrase “in accordance with §71.1” shall be deleted.

(3) 10 C.F.R. 71.101(g) shall be replaced by the following text:

“Each program for transport container inspection and maintenance that is limited to radiographic exposure devices, source changers, or any package transporting these devices or changers and that meets the requirements of K.A.R. 28-35-282a or equivalent NRC or agreement state requirements shall be deemed to meet the requirement specified in K.A.R. 28-35-500(b).”

(e) The terms “certificate of compliance,” “certificate holder,” and “applicant” shall apply to the NRC as the sole authority for issuing a package certificate of compliance.

(f) Each submittal required by this regulation shall be submitted to the department, with the exception of a certificate of compliance. (Authorized by and implementing K.S.A. 48-1607; effective Dec. 30, 2005; amended April 1, 2022; amended Dec. 26, 2025.)

28-35-700. General requirements. The provisions of 10 C.F.R. part 37, as in effect on January 1, 2022, are hereby adopted by reference, with the changes specified in this regulation.

(a) The following sections or portions of sections in 10 C.F.R. part 37 shall be deleted:

- (1) 37.1;
- (2) 37.3;
- (3) 37.7;
- (4) 37.9;
- (5) 37.11(a) and (b);
- (6) 37.13;
- (7) in 37.81(g), the third sentence;
- (8) 37.105;
- (9) 37.107; and
- (10) 37.109.

(b) In 10 C.F.R. 37.5, the following terms and the definition of each of these terms shall be deleted:

- (1) “Act”;
- (2) “agreement state”;
- (3) “becquerel”;
- (4) “byproduct material”;
- (5) “commission”;
- (6) “curie”;

Kansas Register

(7) “government agency”;

(8) “license”;

(9) “lost or missing licensed material”;

(10) “person”;

(11) “state”; and

(12) “United States.”

(c) Wherever the following terms and phrases occur within the portions of 10 C.F.R. part 37 adopted in this regulation, these terms and phrases shall be replaced with “department”:

(1) “Appropriate NRC regional office listed in §30.6(a)(2) of this chapter”;

(2) “commission,” except secs. 37.5, 37.27(a) and (c), 37.29(a), and 37.71;

(3) “NRC,” except secs. 37.25(c), 37.27(c), 37.29(a), and 37.71;

(4) “NRC regional office specified in §30.6 of this chapter”;

(5) “NRC’s Operations Center”; and

(6) “NRC’s Operations Center (301-816-5100).”

(d) The following changes shall be made wherever the following text occurs within the portions of 10 C.F.R. part 37 adopted in this regulation:

(1) “Part 73 of this chapter” shall be replaced with “10 C.F.R. Part 73.”

(2) “71.97(b) of this chapter” and “71.97 of this chapter” shall be replaced with “K.A.R. 28-35-504(b).”

(3) “Governor’s designee” shall be replaced with “division of emergency management of the office of the adjutant general.” (Authorized by and implementing K.S.A. 48-1607; effective May 4, 2018; amended April 1, 2022; amended Dec. 26, 2025.)
