The Bonds will bear interest from the date thereof at rates to be determined when the Bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on September 1, 2026.

***Adjustment of Issue Size**

The Issuer reserves the right to increase or decrease the total principal amount of the Bonds or the schedule of principal payments described above, depending on the purchase price and interest rates bid and the offering prices specified by the successful bidder and the amount, if any, of prepaid special assessments. The successful bidder may not withdraw its bid or change the interest rates bid as a result of any changes made to the principal amount of the Bonds or the schedule of principal payments as described herein. If there is an increase or decrease in the final aggregate principal amount of the Bonds or the schedule of principal payments as described above, the Issuer will notify the successful bidder by means of telephone or facsimile transmission, subsequently confirmed in writing, no later than 2:00 p.m. (Central Time) on the Sale Date. The actual purchase price for the Bonds shall be calculated by applying the percentage of par value bid by the successful bidder against the final aggregate principal amount of the Bonds, as adjusted, plus accrued interest from the Dated Date to the Closing Date (as hereinafter defined).

If the principal amounts are modified, the Issuer will seek to modify the maturity schedule, or make other mutually agreeable changes, in a way that will neither increase nor reduce the successful bidder's spread as a percentage of the principal amount of the Bonds issued, after taking into account such adjustments.

The Bonds shall be registered under a book-entry-only system administered through DTC.

Paying Agent and Bond Registrar

Delivery

The Issuer will pay for preparation of the Bonds and will deliver the same properly prepared, executed, and registered without cost to the successful bidder on or about February 3, 2026, to DTC for the account of the successful bidder.

The Bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, Bond Counsel to the Issuer, whose approving legal opinion as to the validity of the Bonds will be furnished and paid for by the Issuer, printed on the Bonds, and delivered to the successful bidder as and when the Bonds are delivered.
