Request for Comments

In accordance with Federal Highway Administration and Federal Transit Administration requirements, the Kansas Department of Transportation requests comments on the draft Statewide Transportation Improvement Program (STIP).

The STIP is a project-specific document that includes a list of all highway and transit projects in the state for a three-year period (October 1, 2000 to September 30, 2003). The STIP has been categorized into three general sections. The sections are as follows:

1. All street and highway projects administered by KDOT.
2. Statewide public transit projects.
3. Federal Lands Highway Program projects.

The comprehensive list of programmed projects provided under category 1 above includes *all* projects, regardless of funding source, to be administered by KDOT. This list includes projects for counties, cities and in metropolitan planning organization (MPO) areas, as well as projects on the state highway system. This approach allows currently scheduled projects to be converted to federal aid, if necessary, without undue delay and revision to the STIP.

To receive a copy of the draft STIP or to comment on the contents of the document, contact the Kansas Department of Transportation, Office of Engineering Support, Room 761-S, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1568, (785) 296-7940, fax (785) 296-0723.

Subject to the terms and conditions of the complete official notice of bond sale dated August 10, 2000, of the City of Conway Springs, Kansas, in connection with the city's General Obligation Internal Improvement Bonds, Series 2000, hereinafter described, written bids shall be received at the office of the city clerk at City Hall, 208 W. Spring, Conway Springs, Kansas, until 7 p.m. Thursday, September 7, 2000, for the purchase of the bonds. All bids shall be publicly opened, read aloud and tabulated on said date and at said time, and shall thereafter be immediately considered and acted upon by the city at a meeting to begin at 7:30 p.m.

No oral or auction bids for the bonds shall be considered, and no bids for less than the entire amount of the bonds shall be considered.

Bids shall be accepted only on the official bid form that has been prepared for the public bidding on these bonds, which may be obtained from the city clerk or the city's financial advisor. Bids may be submitted by mail or delivered in person, or may be submitted by telefacsimile at (316) 456-3294, and must be received at the place and not later than the date and time hereinbefore specified. Each bid shall be accompanied by a good faith deposit in the form of a certified or cashier's check drawn on a bank located within the United States and made payable to the order of the city, or in the form of a financial surety bond payable to the order of the city and meeting requirements set forth in the official notice of bond sale, and shall be in an amount equal to 2 percent of the principal amount of the bonds.

Details of the Bonds

The bonds to be sold are in the aggregate principal amount of \$508,000 and shall bear a dated date of September 1, 2000. The bonds shall be issued as fully registered bonds in the denomination of \$5,000 or any integral multiple thereof not exceeding the principal amount of bonds maturing in any year, except that one bond maturing in the initial year of maturity shall be in the denomination of \$3,000. The bonds shall bear interest, payable as hereinafter set forth, at the rates specified by the successful bidder for the bonds. The bonds are not subject to redemption and payment prior to their maturities.

Interest on the bonds shall be payable semiannually on June 1 and December 1 in each year, commencing June 1, 2001, and the bonds shall mature serially on December 1 in each of the years and principal amounts as follows:

Principal Amount	Maturity Date
\$38,000	2001
40,000	2002
45,000	2003

Redemption of Bonds

The bonds maturing in the years 2001 to 2008, inclusive, shall become due and payable on their respective maturity dates without the option of prior call for redemption. At the option of the city, bonds maturing in the year 2009, and thereafter, may be called for redemption and payment prior to their respective maturities, on December 1, 2008, or thereafter, in whole at any time, or in part as determined by the city on any interest payment date, at a price equal to the principal amount thereof, plus accrued interest to the date established for such redemption and payment, without premium.

Payment of Principal and Interest

The Kansas State Treasurer shall serve as the bond registrar and paying agent for the bonds, and the principal of the bonds shall be payable upon surrender at the paying agent's principal offices in the City of Topeka, Kansas. Interest shall be paid by the mailing of a check or draft of the paying agent to the registered owners of the bonds.

Security for the Bonds

The bonds and the interest thereon shall constitute general obligations of the city, and the full faith, credit and resources of the city shall be pledged to the payment thereof. The bonds shall be payable as to both the principal of and the interest thereon, in part, from the collection of special assessment taxes that have been levied against certain real properties in the city. To the extent the proceeds of such special assessment taxes are insufficient, the city is obligated to levy ad valorem taxes without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the city for the purpose of paying the bonds and the interest thereon.

Delivery of the Bonds

The bonds, duly printed, executed and registered, shall be furnished and delivered at the expense of the city to the successful bidder, or at its direction, on or before October 4, 2000, to the Depository Trust Company, New York, New York, for the account of the successful bidder or at such bank or trust company in the contiguous United States as may be specified by the successful bidder. Delivery elsewhere shall be made at the expense of the successful bidder.

Book-Entry Option

The successful bidder may elect to have the bonds registered under a book-entry-only system administered through DTC.

Legal Opinion

The bonds will be sold subject to the legal opinion of Hinkle Elkouri Law Firm, L.L.C., Wichita, Kansas, bond counsel, whose fees will be paid by the city. Bond counsel's approving legal opinion as to the validity of the

(continued)

bonds will be printed on the bonds and delivered to the successful bidder upon delivery of the bonds. (Reference is made to the official notice of bond sale for a discussion of tax exemption and other legal matters.)

Financial Matters

The city's current equalized assessed tangible valuation is \$5,510,054. K.S.A. 10-308 provides that the authorized and outstanding bonded indebtedness of any city shall not exceed 30 percent of the assessed valuation of the city (\$1,653,017). As of September 1, 2000, the city's gross outstanding debt will be \$1,694,000. The city's total indebtedness, after statutory adjustments, which is subject to the debt limitation as of September 1, 2000, will be \$1,132,941, which is 21 percent of the assessed valuation of the city.

Official Statement

The city has prepared a preliminary official statement relating to the bonds, copies of which may be obtained from the city or the city's financial advisor. The preliminary official statement is in a form "deemed final" by the city for the purpose of Securities and Exchange Commission Rule 15c2-12(b)(1), but is subject to revision, amendment and completion in the final official statement. The city will provide the purchaser of the bonds or its designated agent, within seven business days after the date of the sale, copies of the city's final official statement, in sufficient quantity to comply with the rules of the Securities and Exchange Commission and the Municipal Securities Rulemaking Board. The city will deliver to the purchaser of the bonds, at the time of delivery of the bonds, a certificate of its authorized officials to the effect that, to the best of their knowledge, in said official notice of bond sale and preliminary official statement and in the official statement, the city has not made an untrue statement of a material fact or omitted to state a material fact necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading. Authorization is hereby given to redistribute this official notice of bond sale and the preliminary official statement, but this entire official notice of bond sale and the entire preliminary official statement, and not portions thereof, must be redistributed.

Continuing Disclosure

Securities and Exchange Commission Rule 15c2-12, as amended effective July 3, 1995, provides that brokers, dealers and municipal securities dealers must comply with certain requirements before acting as an underwriter in a primary offering of municipal securities with an aggregate principal amount of \$1,000,000 or more.

The bonds described herein will be offered in a primary offering with an aggregate principal amount of less than \$1,000,000. Accordingly, in the opinion of bond counsel, the offering and sale of the bonds described herein does not constitute an offering as defined by the rule, and the requirements of the rule do not apply to brokers, dealers and municipal securities dealers acting as underwriters in connection with the bonds described herein.
