Department of Transportation

Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consulting engineering firms or teams, prequalified in category 211 Highway Design - Major Facility, or category 222 - Standard Span Bridge Design, for the project listed below. Eight signed copies of the response can be mailed to David Nagy, P.E., Assistant to the Bureau Chief of Design/Contracts Engineer, KDOT, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754. Interest responses shall be limited to four pages and must be received by noon July 1 for the consulting engineering firm or team to be considered.

The Consultant Shortlist Committee will select three to five of the most highly qualified firms expressing interest and schedule an individual interview. The consulting firms can more thoroughly discuss their experience related to the project at the interview and will be expected to discuss their approach to this project in detail and the personnel to be assigned to this project. Firms not selected to be short-listed will be notified. View categories at www.ksdot.org/divengdes/prequal.

The Consultant Selection Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select one firm to perform the professional services required for completing the advertised project. After the selection, the firm(s) not selected will be notified of the outcome.

28-45 KA-0022-01 Jewell County

The scope of the services is to prepare a set of plans for the construction and replacement of a bridge and road section on K-28, 2.5 miles west of the Jewell/Cloud county line over Buffalo Creek drainage. The current estimate for construction is \$1.2 million.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

- 1. Size and professional qualifications.
- 2. Experience of staff.
- 3. Location of firm with respect to proposed project.
- 4. Work load of firm.
- 5. Firm's performance record.

The firm's accounting systems must have the following capabilities before the firm may be awarded a contract:

- Valid, reliable and current costs must be available within the system to support cost and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records that will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

For more information, contact David Nagy at DavidN@ksdot.org.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Wednesday, August 18, in the Secretary of State's Office, Room 120, Memorial Hall, 120 S.W. 10th Ave., Topeka, to consider an amended Kansas Administrative Regulation, K.A.R. 7-16-1, Information and Services Fees, which pertains to the fees charged for business entity filings, notary training and cemetery audit services. This regulation is proposed for adoption on a permanent basis.

K.A.R. 7-16-1 adopts by reference a new schedule of information and services fees.

This regulation will have an economic impact on other governmental agencies, businesses and consumers who file records with the Secretary of State or purchase products and services from the Secretary of State.

This 60-day notice of public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. Comments may be submitted prior to the hearing to Diane Minear, Legal Counsel, Office of the Secretary of State, Room 140, Memorial Hall, 120 S.W. 10th Ave., Topeka, 66612-1594, (785) 296-4801, DianeM@kssos.org.

All interested parties will be given a reasonable opportunity at the hearing to present their views. It may be necessary to request each participant to limit any oral presentation to five minutes. Any person requiring visual, hearing or other communication aid or assistance, building access assistance or other similar accommodation should contact the Secretary of State's Office so appropriate arrangements can be made.

Copies of the regulation and the economic impact statement may be obtained at the address above or by contacting Barb Dominguez at (785) 296-2114 or BarbD@kssos.org. The proposed regulation also is available on the Secretary of State's Web site at www.kssos.org.

Kansas Insurance Department

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Tuesday, August 17, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of a proposed rule and regulation.

The 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to John Wine, Kansas Insurance Department, 420 S.W. 9th, Topeka, 66612-1678, via facsimile at (785) 291-3673, or via e-mail at jwine@ksinsurance.org. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing.

A summary of the proposed regulation and its economic impact follows:

K.A.R. 40-3-43. Title insurance; controlled business; definitions; requirements. This amendment is being proposed to specify that title insurance agents must maintain records of escrow operations and trust accounts for at least three years. Title agents have been required to maintain these records, so specifying the length of time should have no measurable fiscal impact on agents. The amendment provides a clear measure for record retention that might provide a small measure of economic benefit to title agents who have been maintaining records for longer periods. There will be no known economic impact on the department or other government agencies, small businesses or the general public.

The proposed regulation is not mandated by federal law.

K.S.A. 40-1138 expressly authorizes the Kansas Insurance Department to prescribe the length of time these records must be maintained, and no other less costly or less intrusive approach for achieving the stated purpose was found.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and the economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting John Wine at (785) 296-7847 or via e-mail at jwine@ksinsurance.org. Any individual desiring a copy of this regulation and/or the policy and procedure that is being adopted by reference, if applicable, may obtain a copy from the department's Web site at www.ksinsurance.org (under the Legal Issues link) or by contacting John Wine. The charge for copies is 50 cents per page.

State Corporation Commission

Notice of Hearing on Proposed Administrative Regulations

The State Corporation Commission will conduct a public hearing at 10 a.m. Thursday, August 26, in the third floor hearing room at the office of the State Corporation Commission, 1500 S.W. Arrowhead Road, Topeka, to consider the adoption of a proposed rule and regulation of the commission on a permanent basis.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to Judy Jewsome, Litigation Counsel, State Corporation Commission, 1500 S.W. Arrowhead Road, Topeka, 66604, or by e-mail to j.jewsome@kcc.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulation during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Dawn Dubach at (785) 271-3113 or the Kansas Relay Center at (800) 766-3777. The main entrance located on the southwest side of the building is handicapped accessible. Handicapped parking is located on the southwest side of the State Corporation Commission parking lot.

A summary of the proposed regulation and its economic impact follows. (Note: Statements indicating that a regulation is "not anticipated to have any economic impact" are intended to indicate that no economic impact on the State Corporation Commission, other state agen-

cies, state employees or the general public has been identified.)

K.A.R. 82-4-30a was first adopted by the State Corporation Commission and implemented in 2008 as the result of the passage of the Federal Unified Carrier Registration Act. This year, the Federal Motor Carrier Safety Administration's UCR Board of Directors responded to industry and enforcement concerns by updating the Unified Carrier Registration (UCR) fee schedule for the year 2010. This regulation update adopts the 2010 fee schedule as amended by the Federal Motor Carrier Safety Administration and allows the state to collect registration fees under the revised Federal Unified Carrier Registration Agreement. Kansas is required to adopt by reference the 2010 UCR fee schedule to remain in compliance with the Unified Carrier Registration System.

The adoption of this regulation is not expected to increase costs to the commission, industry, direct environmental benefit on the industry, agency, other governmental agencies or the general public. However, the costs of registration will be paid by motor carriers. The cost is based first upon the size of the operation and then upon the number of commercial motor vehicles that the carrier has in service. The registration costs range from \$76 per carrier to \$73,346 per carrier, per year, depending upon the number of registered commercial motor vehicles in each carrier's fleet. The costs are based upon the fee schedule approved in 49 C.F.R. 367.30. A notable change in the 2010 regulation deletes the requirement for registering of trailers.

The 2010 UCR fee schedule must be adopted to permit Kansas to continue to participate in the federal UCR program and to collect fees used for safety programs and initiatives. Despite the fee increases, per vehicle the UCR registration method is still the most beneficial and cost-effective method of registration for both the state of Kansas and the motor carriers.

Susan K. Duffy Executive Director

Office of the State Bank Commissioner Special Order 2010-1

This Special Order issued this 7th day of June 2010, by the State Bank Commissioner (Commissioner).

WHEREAS, the Comptroller of Currency (OCC) has stated that a national bank is authorized, pursuant to 12 U.S.C. § 24(Seventh) and 29, 12 C.F.R. 5.36, and OCC Interpretive Letters #1118 and #1123, to exchange real property or a participation interest in real property permissibly acquired through debts previously contracted (DPC) for other types of real and personal property as long as it is done in good faith by the bank to improve its ability to recover, or otherwise limit its loss on the DPC property, and as shall be approved by the OCC; and

WHEREAS, no provision of Kansas law presently allows a Kansas state-chartered bank to exchange its participation interest in other real estate owned (OREO) acquired through DPC for an interest in a corporate entity which would manage, market and dispose of the real property; and

WHEREAS, K.S.A. 9-1715, as amended, grants the Commissioner the power to authorize Kansas state-chartered banks to engage in any activity in which such banks could engage were they operating as a national bank; and

WHEREAS, the Commissioner deems the issuance of this Special Order to be reasonably required to preserve the welfare of state banks and to promote the competitive equality of state banks and other insured depository institutions.

IT IS THEREFORE ORDERED, that subject to the limitations and conditions set forth in this Special Order, a Kansas state-chartered bank is hereby authorized to exchange its participation interest in OREO acquired through DPC for an interest in a corporate entity which will manage, market and dispose of the real property.

IT IS FURTHER ORDERED, prior to making the exchange, the bank's directors must determine that the exchange is in the best interest of the bank and would improve the ability of the bank to recover, or otherwise limit, its loss on the DPC property. The basis for such determination must be documented.

IT IS FURTHER ORDERED, prior to making the exchange, the bank must notify the Commissioner in writing of the proposed exchange, detailing the structure of the investment and the activity or activities to be conducted by the corporate entity. Also, prior to making the exchange, the bank must receive written notification of the Commissioner's approval. The approval will be based on an evaluation of the bank's risk management and measurement systems and controls to enable the bank to exchange for, hold, and dispose of the interest in the corporate entity in a safe and sound manner, and an evaluation of any other supervisory considerations relevant to the exchange; and

IT IS FURTHER ORDERED, the bank must certify that the bank's loss exposure is limited, as a legal and accounting matter, and the bank does not have open ended liability for the obligations of the corporate entity; and

IT IS FURTHER ORDERED, that the bank must certify that the enterprise in which the bank is investing agrees

to be subject to supervision and examination by the Office of the State Bank Commissioner; and

IT IS FURTHER ORDERED, the bank may not further exchange its interest in the corporate entity for an interest in any other real or personal property. Such property would be too far removed from the bank's original DPC interest in the real estate to be considered DPC property; and

IT IS FURTHER ORDERED, the bank must ensure that the corporate entity complies with K.S.A. 9-1102 and K.A.R. 17-11-17, including obtaining a current appraisal of the real estate; and

IT IS FURTHER ORDERED, consistent with the limitations in 12 U.S.C. § 29 and 12 C.F.R. Part 34, the bank must dispose of its interest in the corporate entity no later than five years from the date it initially acquired title to the OREO, unless an extension up to an additional five years is granted by the Commissioner; and

IT IS FURTHER ORDERED pursuant to K.S.A. 9-1715(b), as amended, the terms of this Special Order shall take effect on June 7, 2010, and shall remain in full force and effect until amended or revoked by the Commissioner.

IT IS SO ORDERED.

Department of Health and Environment

Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment, Division of Environment, Bureau of Air, will conduct a public hearing at 10 a.m. Monday, August 30, in Room 530 of the Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the adoption of proposed amended air quality regulations K.A.R. 28-19-202, 28-19-517, 28-19-720, 28-19-735, 28-19-750 and 28-19-750a, and the revocation of air quality regulations K.A.R. 28-19-728 through 28-19-728f. A summary of the proposed regulations and the estimated economic impact follows:

Summary of Regulations:

K.A.R. 28-19-202. The proposed amendments will remove the minimum thresholds for calculating emissions fees for class I stationary sources, increase the emissions fee from \$25 per ton to \$37 per ton, and modify the late fee structure. The purpose of these changes is to ensure the fees are consistent with actual program costs. Projected shortfalls begin in fiscal year 2012 due to reductions in the amount of air pollutant emissions upon which the fees are calculated, the addition of the mercury deposition monitoring program, and decreased state general funding to the bureau.

K.A.R. 28-19-517. The proposed amendments will change the annual emissions inventory reporting date from June 1 to April 1. This change is necessary due to

(continued,

the EPA moving up the deadline by five months for states to report their emissions inventories.

K.A.R. 28-19-720. The proposed amendments will incorporate changes made to federal New Source Performance Standards (NSPS) through July 1, 2008. The current adoptions by reference exist only for federal NSPS rules promulgated through June 30, 2005, and specific amendments to include the federal Clean Air Mercury Rule (CAMR).

K.A.R. 28-19-728 through 28-19-728f. Revoked. Due to the vacatur of CAMR, the proposed revocations will align Kansas air quality regulations with federal court action.

K.A.R. 28-19-735. The proposed amendments will adopt by reference the provisions of 40 C.F.R. Part 61, National Emission Standards for Hazardous Air Pollutants (NESHAP), through July 1, 2008. The Part 61 hazardous air pollutant (HAP) regulations establish standards to limit the emissions of specific HAPs. The state's authority currently exists for the Part 61 rules promulgated through June 30, 2005. This proposed regulation is necessary to maintain the state's authority under existing delegation agreements to administer federal regulations and to ensure Kansas air quality regulations are consistent with federal requirements.

K.A.R. 28-19-750. The proposed amendments will adopt by reference the provisions of 40 C.F.R. Part 63, NESHAP, through July 1, 2008. Prior to the 1990 Clean Air Act Amendments (CAAA), section 112 of the Clean Air Act directed the EPA administrator to identify HAPs for regulation. Under this, a limited number of regulations were developed to address specific compounds originating in certain industries. In the 1990 CAAA, Congress established a list of HAPs for which the administrator was to develop controls. These are now administered under 40 C.F.R. Part 63, which the state implements in 28-19-750. The state's authority currently exists for the 40 C.F.R. Part 63 rules promulgated through June 30, 2005. This proposed regulation is necessary to maintain the state's authority under existing delegation agreements to administer federal regulations and to ensure Kansas air quality regulations are consistent with federal requirements.

K.A.R. 28-19-750a. The proposed amendments will adopt by reference 40 C.F.R. Part 65, Consolidated Federal Air Rule, through July 1, 2008. This federal regulation consolidates different requirements for the Synthetic Organic Chemical Manufacturing Industry (SOCMI) to enable easier compliance for facilities. Currently, the state's authority only exists for the 40 C.F.R. Part 65 rules promulgated through June 30, 2003. This proposed regulation is necessary to maintain the state's authority under existing delegation agreements to administer federal regulations and to ensure Kansas air quality regulations are consistent with federal requirements.

Economic Impact:

K.A.R. 28-19-202 will result in additional costs to the regulated community due to the proposed emissions fee increase. The fee increase, coupled with the removal of the minimum thresholds, is predicted to generate additional revenue of approximately \$1,750,000 to \$1,800,000, which is necessary to maintain the Kansas air quality pro-

gram. The remaining proposed regulations are not anticipated to result in additional costs to KDHE, other state agencies or the private sector because the impacted facilities are already subject to the costs associated with the current federal standards that KDHE is proposing to adopt by reference.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulatory action. All interested parties may submit written comments prior to 5 p.m. on the day of the hearing to Keith Weber, Kansas Department of Health and Environment, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612, by fax to (785) 296-7455, or by e-mail to kweber@kdheks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulatory action during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to require each participant to limit any oral presentation to five minutes.

Copies of the proposed regulations and complete economic impact and environmental benefit statements may be obtained from the KDHE Bureau of Air by contacting Keith Weber at (785) 291-3278 or kweber@kdheks.gov. Copies also may be viewed at the following locations:

Department of Health and Environment

Request for Comments

The Kansas Department of Health and Environment has received an application to construct and operate a municipal solid waste (MSW) landfill from McPherson County. Currently, McPherson County has an active construction and demolition (C&D) waste landfill and a closed MSW landfill at 1481 Pueblo Road, approximately 7 miles north of McPherson in Section 16 of Township 18 South, Range 3 West in McPherson County. The proposed landfill would have 350 acres permitted for MSW disposal, would be built to Subtitle D standards, and would be developed in a series of phases. Landfills constructed to Subtitle D standards include a composite liner system and a leachate collection system as required by state regulations.

The landfill's initial phase would consist of eight cells constructed on 48.2 acres immediately north and west of the C&D landfill. Design plans for this first phase would be approved with this permit application's approval. Additional hydrogeological investigations and design plans would need to be approved by KDHE prior to constructing additional landfill phases. The proposed MSW landfill's final closure elevation would be about 1,550 feet above sea level, about 40 feet above the grade elevation at the landfill's scale house, and the approximate elevation of the closed MSW landfill. The proposed landfill's total capacity is 28,210,000 cubic yards. This is about 400 years of MSW disposal capacity at McPherson County's current disposal rates. The first phase would develop about 3,960,000 cubic yards of disposal capacity, sufficient for about 60 years of MSW disposal at McPherson County's current disposal rates.

The McPherson County Commissioners have certified that the application described herein is consistent with the county's solid waste management plan and local land use restrictions or zoning. KDHE has reviewed the application and found it to be in conformance with state solid waste statutes and regulations.

KDHE is providing public notice of the intent to approve the proposed landfill. However, a final decision to approve the landfill has not been made, and KDHE will consider information gathered during the public comment period before making a final decision. A copy of the administrative record, which includes the permit application, engineering drawings, draft permit and other information with respect to this permit action, will be available for public review June 18-July 27, during normal business hours, at the following locations:

Kansas Department of Health and Environment Bureau of Waste Management 1000 S.W. Jackson, Suite 320 Topeka, 66612-1366 Contact: Sam Sunderraj (785) 296-6563 McPherson Public Library 214 W. Marlin

McPherson, 66749

Contact: Jennie Hall or Steve Read (620) 245-2570

A copy of the permit also is available at KDHE's North Central District Office at 2501 Market Place, Suite D & E, Salina, 67401. Permit reviewer Charles Bowers can be contacted at (620) 431-2390. Anyone wishing to comment on the landfill permit should submit written statements postmarked not later than July 27 to Charles Bowers at KDHE, 1500 W. 7th St., Chanute, 66720, by fax at (620) 431-1211, or by e-mail to cbowers@kdheks.gov. Mailed comments postmarked by July 27 and received within one week thereafter also will be considered. In addition, an informational meeting and public hearing will be held in conjunction with the public comment period Tuesday, July 20, in Room 1128 of Reimer Hall, located at the intersection of Maple Street and Avenue E on the campus of Central Christian College in McPherson. The informational meeting will begin at 6 p.m. At the informational meeting, KDHE staff will be present in an informal setting to respond to questions from individuals regarding the proposed landfill. At 7 p.m., immediately following the informational meeting, a public hearing will be held. The hearing will provide a format for individuals to make formal comments that will be recorded by KDHE. KDHE will subsequently respond to all formal comments in writing.

After consideration of all formal comments received during the public notice period, KDHE will make a final decision on whether to issue the MSW landfill permit. Notice of the decision will be given to the applicant, to anyone who submitted written comments during the comment period, and to those who requested notice of the final permit decision.
