Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment, Division of Health, Bureau of Child Care and Health Facilities, will conduct a public hearing at 10 a.m. Monday, November 22, in Room 530 of the Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider an amendment to general child care regulation K.A.R. 28-4-92. This regulation is being promulgated as both a temporary and a permanent regulation. A summary of the proposed regulation and the estimated economic impact follows:

Summary of Regulation:

K.A.R. 28-4-92. Amends the fee amount required for licenses and license renewals for day care homes, group day care homes and child care centers.

Economic Impact:

Cost to the agency: Senate Substitute for HB 2356, also known as "Lexie's Law," eliminated the child care category of "family day care homes" and required all child care facilities to be inspected and licensed. The results of this bill include an increase in inspection responsibilities for approximately 2600 additional day care homes. The bill created a maternity centers and child care licensing fee fund and increased licensing fees to generate additional revenue for KDHE and local health department licensing and inspection activities.

<u>Cost to licensees</u>: The bill amended K.S.A. 65-505, increasing the maximum licensing fees that may be set by the Secretary of Health and Environment including those for child care facilities and maternity center applicants and licensees. The amended regulation includes increases in the initial license and renewal fees for licensed day care homes, group day care homes, and child care centers.

Costs to other governmental agencies or units: The bill created a maternity centers and child care licensing fee fund and increased licensing fees to generate additional revenue for local health department licensing and inspection activities.

The time period between publication of this notice and the scheduled hearing serves as the required public comment period of at least 60 days for the purpose of receiving written public comments on the proposed amended regulation. At any time during the public comment period interested parties may submit written comments to Dorothy Tenney, KDHE, Child Care Licensing and Registration Program, 1000 S.W. All interested parties intending to provide oral comments will be given a reasonable opportunity to present their view of the proposed amended regulation during the hearing. In order to give each individual or entity an opportunity to present their view, it may be necessary for the hearing officer to request that each presenter limit any of their presentation to an appropriate time frame.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Department of Revenue at 9 a.m. Monday, November 1, in Room 230, Secretary's Conference Room, Docking State Office Building, 915 S.W. Harrison, Topeka, to consider the adoption of alcoholic beverage control regulations and the adoption of a liquor drink tax regulation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written comments from the public on the proposed regulations. All interested parties may submit written public comments on the proposed regulations prior to the hearing to Kathleen Smith, Tax Specialist, Office of Policy and Research, Room 230, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612, or through e-mail at kathleen_smith@kdor.state.ks.us.

All interested parties will be given a reasonable opportunity to present their views, either orally or in writing or both, concerning the adoption of the proposed regulations. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Kathleen Smith at (785) 296-3081 or TTY (785) 296-6461. Disabled parking is located in State Parking Lot No. 2, south of the Docking Building facing Harrison Street. The east entrance to the Docking Building is accessible.

These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and the economic impacts follows:

Article 11.—FARM WINERIES

Revocation of K.A.R. 14-11-11. This regulation requires any farm winery engaged in sales to distributors to notify the director of any shortage of product that would prevent delivery to the distributors of all the wine ordered and file with the director an equitable plan of distribution for wine in short supply.

Economic Impact: The Department of Revenue does not anticipate any impact on the department, other government agencies, or private businesses or individuals.

Adoption of K.A.R. 14-11-22. Special order shipping; license requirements. This new regulation specifies certain application requirements and factors that may lead to rejection of an application for a special order shipping license.

Economic Impact: The special order shipping license fee is \$50. The application fee is \$50 for a new application and \$10 for a renewal. The ABC estimates that there will be many wineries submitting applications for the special order shipping license, resulting in a small increase in licensing revenues.

This regulation creates no economic impact on other government agencies. The licensing and application fees, as well as the \$750 bond requirement, may prevent smaller wineries from participating.

Article 24.—LIQUOR DRINK TAX

Amendment of K.A.R. 92-24-23. K.A.R. 92-24-23 includes the Liquor Drink Tax bonding requirements, such as bond amounts, bond types and bond relief. This regulation is supplemental to K.S.A. 79-41a03.

Economic Impact: The Department of Revenue does not anticipate any impact on the department, other government agencies, or private businesses or individuals.

If bond relief is granted, there would be some financial relief to the business or individual as a result of the bond release.

A copy of these regulations and the economic impact statement may be obtained from the Kansas Department of Revenue, Office of Policy and Research, at the contact information above or via the department's Web site at www.ksrevenue.org.

A public hearing will be conducted at 1:30 p.m. Monday, October 25, in the fourth floor training room of the Kansas Department of Agriculture, 109 S.W. 9th, Topeka, to consider the adoption of proposed regulations.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture, 109 S.W. 9th, 4th Floor, Topeka, 66612, or by e-mail at leslie.garner@kda.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and there economic impact follows:

K.A.R. 5-3-23 establishes the maximum reasonable annual quantity approvable for irrigation use for an application for change in place of use and a request to reduce a water right. The amendment will establish a one-time exception to allow the currently authorized quantity of water to remain unchanged on water rights for which a reduction of the authorized place of use is requested pursuant to the requirements of the Agricultural Water Enhancement Program (AWEP). AWEP is a voluntary federal program to reduce water use in the Big Bend

Groundwater Management District No. 5 and the Rattlesnake Creek subbasin. Water rights reduced pursuant to the exception will not be eligible for the exception if any other changes to the terms and conditions of such water rights are sought.

Economic Impact Statement: The economic impact is estimated based on the requirements of the 2010 Agricultural Water Enhancement Program (AWEP) in Big Bend Groundwater Management District No. 5. Participating owners of water rights located in the Rattlesnake Creek subbasin will benefit by compensation, which may total as much as \$2,800,000 over four years paid by the federal government and GMD 5. This estimate is based on 350 applications, 8 acres average reduction per application, at \$1,000 per acre reduced from the water right.

Nominal costs to water users may be associated with the removal of end guns from approximately 350 center-pivot irrigation systems in the Rattlesnake Creek sub-basin due to the voluntary reduction of the authorized places of use. The costs to the agency are estimated to be \$57,000 over four years to assist in preparing applications to reduce authorized places of use for irrigation water rights and administrative processing (mailing, data entry, etc.).

K.A.R. 5-25-5 requires each nondomestic well in the Big Bend Groundwater Management District No. 5 (GMD 5) to be equipped with a water flowmeter. The proposed amendment will clean up the regulation by removing a check valve requirement that was not enforced by the GMD 5, but enforced under the authority of state regulations by the Kansas Department of Agriculture. The proposed amendment will apply check valve requirements within GMD 5 to be consistent with statewide regulations currently outside of the GMDs.

Economic Impact Statement: No economic impact is anticipated to the department, governmental agencies, private business or individuals.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Leslie Garner at (785) 296-4623 or fax (785) 368-6668. Handicapped parking is located at the southwest corner of 9th and Kansas Ave., and the north entrance to the building is accessible to individuals with disabilities.

Copies of the regulations and their economic impact statements may be obtained by contacting Leslie Garner at the contact information above or by accessing the department's Web site at http://www.ksda.gov. Comments also may be made through the Web site, under the proposed regulation.

Each owner or operator shall meet the following requirements: (a)(1) Each bulk pesticide storage facility shall be designed, constructed, and maintained according to the pesticide manufacturers' directions, instructions, or recommendations. The facility shall be constructed of materials

that contain spills, prevent runoff, and avoid leaching of the pesticide being mixed, loaded, or unloaded. Construction materials shall be chemically compatible with the pesticides that come in contact with the material.

- (2) Each bulk pesticide storage facility shall be designed, constructed, and maintained to accommodate all reasonably foreseeable loading and unloading conditions, including the anticipated wheel load of a vehicle, and to protect appurtenances and bulk pesticide containers against damage from operating personnel and moving equipment through the use of flexible connections, guard rails, barriers, and protective cages, where necessary.

Masonry block, asphalt, earthen materials, unfired or fired clay, clay, natural soil-clay mixtures, clay-bentonite mixtures, and prefabricated bentonite liners shall not be deemed to be of appropriate density and compostion to contain discharged pesticide material and shall not be used as secondary containment. Sealant-coated concrete blocks may be used if the facility owner's or operator's use of the blocks is approved in writing by the manufacturer of the pesticide.
- (d) The floor of the secondary containment shall drain to a sump or other specific point of recovery.

- (g) "Sleigh Bells Bingo" is a two-part vertically oriented game. The first part consists of the "CALLER'S CARD" and the "BONUS NUMBERS." The "CALLER'S CARD" contains 24 draw numbers covered by opaque latex. The "BONUS NUMBERS" consist of six draw numbers covered by opaque latex.

The second part consists of four "GAME CARDS" each containing 23 numbers, a "FREE" space in the center of each card, and a "SLEIGH BELL" symbol, for a total of 25 squares. The "GAME CARDS" are each covered by translucent green scratch-off.

A player removes the scratch-off material from the areas on the ticket indicated by the words "CALLER'S CARD" and "BONUS NUMBERS" to reveal a total of 30 "SLEIGH BELL BINGO" letter/number combinations. A player wins by matching the "CALLER'S CARD" and "BONUS NUMBERS" to the numbers on the four "GAME CARDS." If the player finds a diagonal, vertical, or horizontal straight line, or four corners of the grid, or an "X" pattern, the player wins a prize according to the prize legend beside the respective "GAME CARD."

A "SLEIGH BELL" symbol will appear at random in each of the four "GAME CARDS." The "SLEIGH BELL" symbol will act as a "FREE" space, and if the "SLEIGH BELL" symbol is included in any winning pattern, the corresponding prize is doubled.

- (h) Each ticket in this game may win up to four times. Only the highest prize won on each card will be awarded.
- (i) Approximately 600,000 tickets shall be ordered initially for this instant game. Additional ticket orders shall have the same prize structure, the same number of prizes per prize pool of 300,000 tickets, and the same odds as were contained in the initial ticket order.
