Notice to Consulting Engineers

The Kansas Department of Transportation is seeking a qualified consulting engineering firm, which must be pre-qualified in all of the following categories—321, 322 and 325, for the project listed below. A pdf of the response must be e-mailed to David J. Nagy, P.E., Assistant to the Bureau Chief of Design/Contracts Engineer, at DavidN@ksdot.org. Interest responses shall be limited to four pages, the subject line of the e-mail must read "BLP Bridge Inspection Engineering Management Services Letter of Interest," and must be received by noon September 23 for the consulting engineering firm or team to be considered.

From the firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three and not more than five) and invite them to attend an individual interview conference. At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short-listed will be notified by letter.

The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select the firm to perform the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

106 C-4505-02 Statewide

The selected firm will assist the Bureau of Local Projects bridge engineer in managing the six teams currently under contract with KDOT to complete inspections of fracture critical bridges and scour assessments for bridges owned by local public authorities statewide. Each of the six teams is assigned to one of the KDOT districts. Under Phase 1, the teams collected data to identify all fracture critical bridges, the equipment and the resources required to inspect the bridges. Also, as part of the study, all bridges crossing water features were evaluated for scour potential and recommendations on scour assessments, and plans of action were made. Phase 2 will begin the implementation of the recommendations from Phase 1. The selected firm will organize the data collected in Phase 1 and present it in a GIS format. The selected firm will work with the six teams to coordinate Phase 2 to assure that the tasks are performed using consistent and approved methods statewide. They will work with the BLP bridge engineer and the project managers of the six teams to prioritize the work to be performed.

This project is a four-year effort to update all "Special Inspections" and the scour assessments on all 20,000 LPA bridges in Kansas. In years 3 and 4, load rating may be added to the scope of work for the six teams. The selected firm may assist in setting priorities and evaluating methods used to perform the load ratings.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

1. Size and professional qualifications;
2. experience of staff;
3. location of firm with respect to proposed project;
4. work load of firm; and
5. firm's performance record.

In addition to the above criteria, familiarity with the current project also will be considered.

All term bonds of each series shall be subject to mandatory sinking fund redemption and must conform to the maturity schedule set forth above at a price of par plus accrued interest to the date of redemption.

The county reserves the right to adjust the total principal amount of each series of the bonds and the principal amount of any maturity in order to properly size each bond issue including adjustments based on net bond proceeds received by the county as a result of any premium bid. Adjustments, if required, will be made to each maturity as permitted by the authorized denominations of the bonds. Generally, any premium offered or discount taken will be increased or reduced by a percentage equal to the percentage by which the principal amount of the bonds is increased or reduced; provided that the county's financial advisor will make every effort to ensure that the net compensation to the successful bidder(s) as a percentage of the adjusted par amount does not increase or decrease from what it would have been if no adjustment had been made to the principal amounts shown in the maturity schedules included herein. The successful bid-

der(s) may not withdraw its bid or change the interest rates bid as a result of any changes made to the principal amount of either series of the bonds as described herein. At the request of the county, the successful bidder(s) agree(s) to resize the appropriate bond issue, adjust the premium and provide a revised maturity schedule to the county promptly after receipt of notification of such a request by the county.

Attorney General

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, December 2, in the Office of the Attorney General, second floor auditorium, 120 S.W. 10th Ave., Topeka, to consider the adoption of amendments to the rules and regulations of the Attorney General addressing carrying concealed handguns.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Charles Sexson, Director, Concealed Carry Unit, Kansas Attorney General, 120 S.W. 10th Ave., Topeka, 66612, or by e-mail to Charles.Sexson@ksag.org. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed amendments during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the proposed amendments and the economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Charles Sexson at (785) 368-6316.

The proposed amendments to the regulations and the economic impact statement can be accessed at the Attorney General Web site at: <http://www.ksag.org/page/concealed-carry>. A complete copy of the regulations and the economic impact statement also may be obtained by contacting Julaine Smith, Concealed Carry Unit, at (785) 291-3765.

A summary of the proposed amendments and their economic impact follows:

K.A.R. 16-11-1. Definitions. This regulation defines terms used throughout the regulations or in the Act. Amendments include replacing the definition of "church" and "temple" with "place of worship." "Weapon" is changed to "handgun." "Intimate partner" is defined to mirror federal law (18 U.S.C. §921(a)(32)). There is no economic impact on the Attorney General, other state agencies, and private citizens.

K.A.R. 16-11-2. Instructor certification standards. This regulation establishes the qualifications for instructor certification. The amendments require all handgun instructors to complete an Attorney General orientation course and agree to teach at least one class every year. Currently, certified law enforcement officers are eligible for instructor certification. The amendment requires that law enforcement officers also must be certified as firearms trainer/instructors by one of the agencies identified in the regulation (e.g., law enforcement agencies, KLETC, NRA) unless the officer was certified by the Attorney General prior to January 1, 2011. Certification may be withdrawn

by the Attorney General for failing to maintain eligibility or violation of the handgun safety and training regulation. The economic impact falls upon applicants who will pay a \$100 certification application fee to the Attorney General.

K.A.R. 16-11-3. Handgun safety and training course; instructors. This regulation requires certified instructors to use the handgun safety and training courses, examinations and shooting proficiency requirements approved by the Attorney General in K.A.R. 16-11-4. It also sets forth requirements for the instructor to document which trainees have successfully completed the training course. There is no economic impact on the Attorney General, other state agencies, and private citizens.

K.A.R. 16-11-4. Handgun safety and training course. This regulation identifies the courses approved by the Attorney General and establishes criteria for determining successful completion. There is no economic impact on the Attorney General or other state agencies. Licensure applicants will bear the cost of the training.

K.A.R. 16-11-5. Application procedure. This regulation addresses the application process for obtaining a license including time parameters, fingerprints, and obtaining a criminal history background check. The economic impact will fall on private citizens who apply for licenses. The statutes governing concealed carry establish a license application fee (K.S.A. 75-7c05).

K.A.R. 16-11-6. Renewal of license; requalification weapons safety and training course. This regulation will be revoked because the 2010 Legislature removed the requirement of a training course for license renewal.

K.A.R. 16-11-7. Signs. This regulation sets forth the criteria for signs that prohibit licensees from carrying concealed handguns into posted buildings. Signs must meet the following new requirements: (1) posted at eye-level of an adult (between 4 and 6 feet from the ground); (2) posted not more than 12 inches to the right or left of exterior public/nonpublic building entrances; (3) sign is visible from the exterior of the building; and (4) sign can't be obstructed by sliding doorways, displays, or postings. The economic impact will fall primarily on business owners.

K.A.R. 16-11-8. Restraining order. This regulation establishes the procedure, including time parameters, for suspending a license in the event a restraining order is issued against a licensee. The definition of "restraining order" mirrors federal law 18 U.S.C. §922(g)(8), making it unlawful for a person subject to a restraining order to possess a firearm (e.g., notice and opportunity for hearing, finding of "credible threat" or order prohibits physical force expected to cause bodily injury). There is no economic impact on the Attorney General, other state agencies, and private citizens.

A summary of the regulation and the economic impact follows:

Article 10.—ADULT CARE HOME PROGRAM

129-10-31. Responsibilities of, assessment of, and disbursements for the nursing facility quality care assessment program. This is a new regulation authorized by and implementing L. 2010, Ch. 159; effective June 3, 2010.

Federal Mandate: There is no federal mandate.

Economic Impact: It is estimated that the nursing facility quality care assessment will generate \$23,128,500 during fiscal year 2011. The related reimbursement system changes are expected to create \$66,062,420 in additional program expenditures, including \$46,243,694 in federal matching funds.

Bearer of Cost: Licensed nursing facilities (including long-term care units attached to hospitals).

Affected Parties: Licensed nursing facilities, nursing facility residents, KHPA and KDOA.

Other Methods: KHPA is required by statute to promulgate this regulation. Numerous financial models were developed to examine the fiscal impact or various parameters defined in the regulation. The parameters included in the regulation produce the most positive fiscal impact.
