Board of Emergency Medical Services

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 9 a.m. Wednesday, March 14, in Room 108 of the Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of a proposed new rule and regulation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. All interested parties may submit written comments prior to the hearing to the manager of technician services, Board of Emergency Medical Services, Room 1031, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentations to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for ac-

commodation should be made at least five working days in advance of the hearing by contacting Ann Stevenson at (785) 296-7296. Handicapped parking is located in front of and to the north of the Landon State Office Building.

This regulation is proposed for adoption on a permanent basis. A summary of the proposed regulation and its economic impact follows:

K.A.R. 109-5-7c, Advanced emergency medical technician (AEMT) transition course approval, is a new regulation to support the requirement of completion of a transition course for an emergency medical technicians-intermediate, emergency medical technician-defibrillator, and emergency medical technician-intermediate who is also certified as an emergency medical technician-defibrillator certified under the old scope of practice to transition to advanced emergency medical technician certification under the new scope of practice.

Copies of the regulation and the economic impact statement may be obtained from the Board of Emergency Medical Services at the contact information above or accessed at www.ksbems.org.

Social and Rehabilitation Services**Request for Proposals**

Kansas Rehabilitation Services (KRS), a division of the Kansas Department of Social and Rehabilitation Services, announces the release of a competitive request for proposals for a statewide network of centers for independent living to provide the four core independent living services (information and referral, independent living skills training, peer support, individual and systems advocacy) and deinstitutionalization supports to persons with a disability in all 105 Kansas counties.

Community-based private nonprofit nonresidential agencies or organizations are eligible to submit proposals. Applicants must meet Section 725(c) (1) of the Rehabilitation Act of 1973, as amended, as well as 34 CFR 364.4 (b) to be an eligible agency.

A complete copy of the RFP may be accessed at the KRS website, <http://www.srs.ks.gov/agency/rs/Pages/default.aspx>, or interested organizations and individuals may contact Brie Wilkins, SRS Procurement Officer, 8th Floor, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612, (785) 296-3246 or Brie.Wilkins@srs.ks.gov.

Written questions about the RFP will be accepted until 5 p.m. January 26. Questions should be submitted to Brie Wilkins at the contact information above.

A pre-bid conference will be held from 1 to 3 p.m. January 25. Questions from meeting participants will be accepted. Preliminary answers may be provided. Final answers will be posted on the KRS website by February 10. The pre-bid conference will be webcast from Topeka, with the following access sites:

Topeka:

SRS Learning Center, Rooms A and B
2600 S.W. East Circle Drive

Wichita:

Finney State Office Building
Conference Room 5082
230 E. William

Parsons:

Large Conference Room
300 N. 17th St.

Hays:

Grey Room
1105 W. 30th

Garden City:

Bunker Room
1710 Palace Drive

Any individual with a disability may request accommodation in order to participate in the conference. Requests for accommodation should be made at least five working days in advance of the conference by contacting Brie Wilkins.

Proposals must be received not later than 5 p.m. February 29.

Doc. No. 039551

State of Kansas
Department of Transportation
Notice to Consulting Engineers

The Kansas Department of Transportation is seeking a qualified consulting engineering firm prequalified in Category 211 – Highway Design-Major Facility – for a project manager consultant (PMC) for a design-build (D-B) project as listed below. A PDF (3 MB maximum size) of the interest response must be emailed to David J. Nagy, P.E., Assistant to the Bureau Chief of Design/Contracts Engineer, at DavidN@ksdot.org. Interest responses are limited to six pages, with a project history appendix (of PMC work) up to six pages on projects more than \$25 million of construction; the subject line of the email and the PDF file name must read “435-46 KA-1002-06 - Firm Name;” and must be received by noon February 2 for the consulting engineering firm to be considered.

435-46 KA-1002-06
Project Manager Consultant Project

The scope of the services is to be the agency’s Project Manager Consultant for the Design-Build “Gateway” Project at the I-435/I-35/K-10 interchange, Johnson County, Kansas (Project 435-46 KA-1002-04), currently estimated at \$250 million for construction, and is scheduled for a February 2015 start date. A partial listing of the services will include working with the current consultant that is preparing baseline plans, reviewing prepared plans through construction of the project, and finalization of project. The consultant will develop a D-B manual, tailored to KDOT, utilizing other material already developed by other states, such as UDOT and MinDOT. The consultant will develop all materials including the RFQ and RFP for selection of the D-B contractor; assist the ef-

forts in the D-B contractor selection; develop scoring system; assist with alternate technical concepts (ATCs) and additional requested elements (AREs); provide PI efforts; develop/provide effective project management systems to keep track of project development issues; prepare and review estimates; and develop the construction packages for D-B of the Orange Project. In addition, the PMC will assist KDOT with the determination, assessment and mitigation of project risk factors such as project schedule, right-of-way issues, design criteria and utilities.

Baseline plans are to be completed by December 2012 (by others). The PMC is to be hired by April 2012, and the D-B is to be selected by Spring 2014. The anticipated end of PMC services is December 2017.

The selected consultant will be precluded from proposing as a member of an interested D-B team for the construction project. For more information or details regarding the PMC’s duties, contact davidn@ksdot.org and a packet will be provided.

The Consultant Shortlist Committee will select three to five of the most highly qualified firms expressing interest and schedule an individual interview. The consulting firms can more thoroughly discuss their experience related to the project at the interview and will be expected to discuss their approach to this project in detail and the personnel to be assigned to this project. Firms not selected to be short-listed will be notified. Categories may be viewed at www.ksdot.org/divengdes/prequal.

The Consultant Selection Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select one firm to perform the professional services required for completing the advertised project. After the selection, the firms not selected will be notified of the outcome.

It is KDOT’s policy to use the following criteria as the basis for selection of the consulting engineering firm:

1. Size and professional qualifications.
2. Experience of staff.
3. Location of firm with respect to project(s).
4. Work load of firm.
5. Firm’s performance record.

The firm’s accounting systems must have the following capabilities before the firm may be awarded a contract:

- Valid, reliable and current costs must be available within the system to support cost and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records that will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

For more information, contact David Nagy at DavidN@ksdot.org.

Barb Rankin
Acting Secretary of Transportation

Doc. No. 040152

(Published in the Kansas Register January 12, 2012.)

City of Overland Park, Kansas

Notice to Bidders

Sealed bids for **Metcalf Avenue/Shawnee Mission Parkway Bus Corridor Transit Signal Priority, Overland Park Project ST-1346** will be received by the city of Overland Park, Kansas, at the office of the city clerk, City Hall, 8500 Santa Fe Drive, Overland Park, 66212, until 2 p.m. local time February 7, 2012. At that time all sealed bids will be transferred to the City Council Chamber, City Hall, where they will be publicly opened and read aloud. Any bid received after the designated closing time will be returned unopened.

All bids shall be submitted in sealed envelopes addressed to the city clerk of Overland Park, Kansas, and marked "Bid For: Metcalf Avenue/Shawnee Mission Parkway Bus Corridor Transit Signal Priority." Copies of plans, specifications, bid documents and other contract documents are on file at the office of the city of Overland Park Public Works Department located at 8500 Santa Fe Drive, Overland Park, 66212, (913) 895-6040. Plans may be purchased or viewed at www.kcblueprint.com.

Hard copy sets or digital downloads will be available for a nonrefundable cost of \$50 with a check made payable to Olsson Associates.

Plans may be picked up at 2106 Swift, North Kansas City, MO 64117. For questions, please contact the consulting engineer, Olsson Associates, at (816) 361-1170, attention David Eickman.

Neither the city nor the consultant shall be responsible for the accuracy, completeness or sufficiency of any bid documents obtained from any source other than the source indicated above. Obtaining copies of plans, specifications, bid documents and other contract documents from any other source(s) may result in obtaining incomplete and inaccurate information. Obtaining these documents from any source other than directly from the source listed herein may also result in failure to receive any addenda, corrections or other revisions to these documents that may be issued.

Contractors should read and be fully familiar with all contract documents before submitting a bid. In submitting a bid, the bidder warrants that it has read the contract documents and is fully familiar therewith and that it has visited the site of the work to fully inform itself as to all existing conditions and limitations, and shall include in its bid a sum to cover the cost of all items of the work.

Should a bidder find "defects" as defined in paragraph GC-3 of the General Conditions, it shall follow the procedures outlined in paragraph GC-3 to bring same to the attention of the city. Changes necessitated thereby shall be in the form of addenda issued by the consulting engineer.

All bidders shall verify that they have considered all written addenda. Neither the city nor the consulting engineer shall be responsible for oral instructions.

Any written addenda issued during the time of bidding shall be covered and included in the bid. There will be no clarifications or exceptions allowed on the bid. Bids are for a total bid package, total contract price.

Bids shall be made upon the form provided in ink, printed or typewritten. Numbers shall be stated both in writing and in figures, the signature shall be longhand, and the complete form shall be without alteration or erasure. On alternate items for which a bid is not submitted, a written indication of "no bid" on the bid form is required.

No oral, telegraphic, facsimile or telephonic bids or alterations will be considered.

The following items must be included in the sealed envelope with the bid:

- a. Bid
- b. 5% Bid Security – bid bond, cashier's check or certified check (see below)
- c. Signed Documents
 - Buy America Certification
 - Lobbying Certification
 - Lobbying Disclosure Form LLL
 - Tax Clearance Certificate
 - Anti-Collusion and Fraud Affidavit
 - Non-Collusive Proposal Certification

Each bidder shall file with its bid a bid bond, a cashier's check or a certified check drawn on any acceptable bank, made payable to the city of Overland Park, Kansas, in an amount of not less than 5 percent of the total bid, which shall be retained by the city of Overland Park until a contract for the project has been executed. Bid bonds will be returned to the unsuccessful bidders, with the exception of the second qualifying bidder, at such time as their bids are rejected. The bid deposit of the successful bidder and the second qualifying bidder will be returned when satisfactory bonds in an amount equal to 100 percent of the contract amount, required insurance certificates and other required documents shall have been furnished and the contract documents have been executed.

In the event the successful bidder is unable to execute the contract, for whatever reason, the city may exercise its legal prerogatives, including, but not limited to, enforcement of its rights as to the bid security.

The city reserves the right to accept or reject any and all bids and to waive any technicalities or irregularities therein. Bids may be modified or withdrawn by written request of the bidder received in the office of the city clerk prior to the time and date for bid opening; provided, however, that no bidder may withdraw its bid for a period of 30 days from the date set for the opening thereof. All bidders agree that rejection shall create no liability on the part of the city because of such rejection. It is understood by all bidders that an unsuccessful bidder has no cause of action against the city for bid preparation costs. The filing of any bid in response to this invitation shall constitute an agreement of the bidder to these conditions.

A pre-bid conference will be held at 2 p.m. January 18 in Conference Room 1 of the Overland Park City Hall.

Berry Lutz, Contract Specialist
Public Works Department

State of Kansas

Office of the Governor

**Executive Directive No. 11-427
Authorizing Expenditure of Federal Funds**

By virtue of the authority vested in the Governor as the head of the Executive Branch of the State of Kansas, the following transactions are hereby authorized:

Pursuant to the authority of the Secretary of Revenue to receive and expend federal funds, and pursuant to the authority granted the Governor by Section 199 of Chapter 118 of *The 2011 Session Laws of Kansas*, approval is hereby granted to the Department of Revenue for expenditure in FY 2012 of monies in the federal fund entitled "Byrne Grant National Motor Vehicle Title Information Systems (NMVTIS) Fund—Federal Fund."

Pursuant to the authority of the Secretary of Commerce to receive and expend federal funds, and pursuant to the authority granted the Governor by Section 199 of Chapter 118 of *The 2011 Session Laws of Kansas*, approval is hereby granted to the Department of Commerce for expenditure in FY 2012 of monies in the federal fund entitled "H-1B Technical Skills Training Grant—Federal Fund."

Pursuant to the authority of the President and CEO of the Board of Regents to receive and expend federal funds, and pursuant to the authority granted by the Governor by Section 199 of Chapter 118 of *The 2011 Session Laws of Kansas*, approval is hereby granted to the Board of Regents for the expenditure in FY 2012 monies in the federal fund entitled "Rigorous Program of Study Grant—Federal Fund."

I have conferred with the Director of the Budget and members of my staff, and I have determined that the guidelines set forth in KSA 75-3711 and 75-3711c have been applied and that none of the foregoing actions exceeds the limitations contained therein.

Dated December 30, 2011.

Governor

Doc. No. 040162

State of Kansas

Department of Commerce

Notice to Private Activity Bond Applicants

Applications for allocation of 2012 Private Activity Bond (PAB) authority are now being accepted for qualified uses, as defined by the Internal Revenue Code of 1986, and amendments thereto.

The state of Kansas is projected to receive \$284,560,000 of federal authority for the issuance of PABs in calendar year 2012. Historically, the primary uses of this federal authority have included "qualified small issue bonds" used for construction and equipping of manufacturing facilities and beginning farmer programs; "exempt facility bonds" used by for-profit entities providing a public benefit, i.e., certain waste treatment facilities, qualified residential rental facilities, etc.; and "qualified mortgage bonds" issued to benefit first-time homebuyers. Allocations awarded by the Secretary of Commerce are subject to the provisions of K.S.A. 74-5060 et seq. and the limitations of state volume cap.

Fees associated with PAB application and issuance are as follows:

(1) Application fee—A nonrefundable fee must accompany the application before the request can be processed. The application fee is determined as follows:

- \$250 for allocation requests up to \$5,000,000
- \$500 for allocation requests from \$5,000,001 to \$10,000,000
- \$1,000 for allocation requests from \$10,000,001 and above

(2) Issuance Fee—An issuance fee for allocation amounts utilized, other than "Qualified Mortgage Bonds" issued, shall be due and payable to the Kansas Department of Commerce at bond closing. Issuance fees shall be determined as follows:

Allocation Used	Fee
To \$2,000,000	5 basis points (.05%)
\$2,000,001 and above	10 basis points (.10%)

"Qualified Mortgage Bond" programs will be assessed a fee, upon issuance of each mortgage loan assisted through the program, equal to .5% of the PAB allocation used.

Issuance fees shall be remitted within 30 days of bond closing. Checks for both the application and issuance fees for nonhousing issues should be made payable to the Kansas Department of Commerce Bond Fee Fund. Checks for the issuance fees for housing activities should be made payable to the State Housing Trust Fund.

For more information or to obtain application materials, contact Ed Serrano or Steve Kelly, Kansas Department of Commerce, 1000 S.W. Jackson, Suite 100, Topeka, 66612-1354, (785) 296-5298 or TTY (785) 296-3487.

Pat George
Secretary of Commerce

Doc. No. 040141

State of Kansas**Kansas Development Finance Authority****Notice of Hearing**

A public hearing will be conducted at 9 a.m. Thursday, January 26, in the conference room of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its tax-exempt Refunding Revenue Bonds on behalf of the University of Kansas Center for Research, Inc. (the corporation), a Kansas not-for-profit corporation affiliated with the University of Kansas (the university), in a principal amount not to exceed \$36 million, plus amounts sufficient to pay all costs of bond issuance, costs of interest on the bonds, and any required reserves for payments of principal and interest on the bonds. The bonds will be issued, pursuant to K.S.A. 74-8901 et seq. (the Act), to refinance the costs of certain research facilities of the corporation located on the campus of the university at 2030 Becker Drive, Lawrence, Kansas 66047 (the project), all in accordance with and pursuant to the Act.

The bonds, when issued, will be a limited obligation of the KDFA, payable from revenues pledged by the corporation, and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, nor will the bonds constitute an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from revenues pledged by the corporation in amounts sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views for or against the proposal to issue bonds for the purpose of refinancing the project, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

State of Kansas**Kansas Development Finance Authority****Notice of Hearing**

A public hearing will be conducted at 9 a.m. Thursday, January 26, in the conference room of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its tax-exempt Refunding Revenue Bonds on behalf of the Kansas Board of Regents and the University of Kansas (the university) in a principal amount not to exceed \$1.75 million, plus amounts sufficient to pay all costs of bond issuance, costs of interest on the bonds, and any required reserves for payments of principal and interest on the bonds. The bonds will be issued, pursuant to K.S.A. 74-8901 et seq., to refinance the costs of the acquisition, construction and equipping of a child care facility located on

the campus of the university at 1605 Irving Hill Road, Lawrence, Kansas 66044 (the project), and operated by Hilltop Child Development Center, Inc., a Kansas not-for-profit corporation, all in accordance with and pursuant to the Act.

The bonds, when issued, will be a limited obligation of the KDFA, payable from revenues pledged by the university, and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, nor will the bonds constitute an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from revenues pledged by the university in amounts sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views for or against the proposal to issue bonds for the purpose of refinancing the project, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

State of Kansas**Kansas Development Finance Authority****Notice of Hearing**

A public hearing will be conducted at 9 a.m. Thursday, January 26, in the conference room of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its tax-exempt Athletic Facilities Revenue Bonds on behalf of K-State Athletics, Incorporated, a Kansas not-for-profit corporation (the corporation), in a principal amount not to exceed \$50 million, plus amounts sufficient to pay all costs of bond issuance, costs of interest on the bonds, and any required reserves for payments of principal and interest on the bonds. The bonds will be issued, pursuant to K.S.A. 74-8901 et seq. and Chapter 118, Section 156(f) of the 2011 Session Laws of Kansas (collectively, the Act), to finance the costs of improvements to be made to the Bill Snyder Family Stadium, a collegiate football stadium, operated by the corporation and located on the Kansas State University main campus at 1800 College Ave., Manhattan, Kansas 66502 (the project), all in accordance with and pursuant to the Act.

The bonds, when issued, will be a limited obligation of the KDFA, payable from revenues pledged by the corporation, and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, nor will the bonds constitute an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from revenues pledged by the corporation in amounts sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views for or against the proposal to issue bonds for the purpose of financing the project, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

Notice Concerning Kansas/Federal Water
Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

This permit is being reissued for an existing facility for 2,000 head (2,000 animal units) of cattle weighing more than 700 pounds. There is no change in the permitted animal units from the previous permit. An approved Nutrient Management Plan for the facility is on file with KDHE.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before February 11 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-12-005/006) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. WTG Hugoton, LP, Stevens County No. 6 compressor station has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source;

(continued)

and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

WTG Hugoton, L.P, 4000 N. Big Spring, Suite 115, Midland TX 79705, owns and operates Stevens County #6 compressor station located at Section 14, Township 32S, Range 36W, Stevens County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE Southwest District Office, 302 W. McArtor Road, Dodge City. To obtain or review the proposed permit and supporting documentation, contact Ashley Eichman, (785) 296-1713, at the KDHE central office; and to review the proposed permit only, contact Ethel Evans, (620) 356-1075, at the KDHE Southwest District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Ashley Eichman, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business February 14.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air, not later than the close of business February 14 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Patricia Scott, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7312, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

and Environment

Doc. No. 040154

State of Kansas

Department of Health and Environment

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed reopening of an air quality operating permit. A Class I Air Operating Permit was issued for Kuhn Krause, Inc., located at 305 S. Monroe, Hutchinson. Kuhn Krause, Inc. owns and operates a farm machinery and equipment manufacturing facility located at the same address. The effective date of the permit was February 8, 2011. K.A.R. 28-19-513(e) (2) states that only those parts of the permit for which cause to reopen exists shall be affected by the reopening.

The Class I operating permit issued to Kuhn Krause, Inc. is being reopened by KDHE for the purpose of incorporating provisions established in the December 5, 2000, construction permit, revised October 26, 2011.

A copy of the proposed permit as modified, all supporting documentation and all information relied upon during the reopening process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE South Central District Office, 130 S. Market, Suite 6050, Wichita. To obtain or review the proposed reopening and supporting documentation, contact Kristin Fritchman, (785) 368-6683, at the KDHE central office; and to review the proposed permit only, contact David Butler, (316) 337-6042, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Kristin Fritchman, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business February 14.

A person may request a public hearing be held on the proposed action. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air, not later than the close of business February 14 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45 day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity

during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Harriet Jones, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Department of Health and Environment

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Barton Solvents, Inc. has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to construct a solvent blending facility. Emissions nitrogen oxides (NO_x), sulfur dioxide (SO₂), carbon monoxide (CO), particulate matter (PM), PM with an aerodynamic diameter less than or equal to 10 micrometers (PM₁₀), volatile organic compounds (VOC), an individual hazardous air pollutant (HAP), combined HAPs, and greenhouse gasses (GHG) were evaluated during the permit review process.

Barton Solvents, Inc., P.O. Box 366, Valley Center, 67147, owns the stationary source located at 2601 Pioneer Drive, El Dorado, 67042, at which a solvent blending facility is to be constructed.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE South Central District Office, 130 S. Market, Suite 6050, Wichita. To obtain or review the proposed permit and supporting documentation, contact Rasha Allen, (785) 296-1693, at the KDHE central office; and to review the proposed permit only, contact David Butler, (316) 337-6048, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Rasha Allen, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business January 27.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air, not later than the close of business January

27 in order for the Secretary of Health and Environment to consider the request.

Board of Emergency Medical Services

Permanent Administrative
Regulations

Article 1.—DEFINITIONS

109-1-1. Definitions. The following terms, as used in the board's regulations, shall have the meanings specified in this regulation.

(a) "AEMT" means advanced emergency medical technician.

(b) "Advanced life support" means the statutorily authorized activities and interventions that may be performed by an emergency medical technician-intermediate, emergency medical technician-defibrillator, emergency medical technician-intermediate/defibrillator, advanced emergency medical technician, mobile intensive care technician, or paramedic.

(c) "Air ambulance" means a fixed-wing or rotor-wing aircraft that is specially designed, constructed or modified, maintained, and equipped to provide air medical transportation or emergency care of patients.

(d) "Air medical director" means a physician as defined by K.S.A. 65-6112, and amendments thereto, who meets the following requirements:

(1) Is trained and experienced in care consistent with the air ambulance service's mission statement; and

(2) is knowledgeable in altitude physiology and the complications that can arise due to air medical transport.

(e) "Air medical personnel" means the attendants listed on the attendant roster, health care personnel identified on the service health care personnel roster of the air ambulance service, specialty patient care providers specific to the mission, and the pilot or pilots necessary for the operation of the aircraft.

(f) "Airway maintenance," as used in K.S.A. 65-6121 and amendments thereto and as applied to the authorized activities of an emergency medical technician-intermediate, means the use of any invasive oral equipment and procedures necessary to ensure the adequacy and quality of ventilation and oxygenation.

(g) "ALS" means advanced life support, as defined in subsection (b).

(h) "Basic life support" means the statutorily authorized activities and interventions that may be performed by a first responder, emergency medical responder, or emergency medical technician.

(i) "BLS" means basic life support, as defined in subsection (h).

(j) "CECBEMS" means the national continuing education coordinating board for emergency medical services.

(k) "Certified mechanic," as used in K.A.R. 109-2-2, means an individual employed or contracted by the ambulance service, city or county, qualified to perform maintenance on licensed ambulances and inspect these vehicles and validate, by signature, that the vehicles meet both mechanical and safety considerations for use.

(l) "Class," as used in these regulations, means the period during which a group of students meets.

(m) "Clinical preceptor" means an individual who is responsible for the supervision and evaluation of students in clinical training in a health care facility.

(n) "Continuing education" means a formally organized learning experience that has education as its explicit principal intent and is oriented towards the enhancement

of emergency medical services practice, values, skills, and knowledge.

(o) "Contrived experience," as used in K.A.R. 109-11-3, means a simulated ambulance call and shall include dispatch communications, responding to the scene, assessment and management of the scene and patient or patients, biomedical communications with medical control, ongoing assessment, care, and transportation of the patient or patients, transference of the patient or patients to the staff of the receiving facility, completion of records, and preparation of the ambulance for return to service.

(p) "Coordination" means the submission of an application for approval of initial or continuing education courses and the oversight responsibility of those same courses and instructors once the courses are approved.

(q) "Course of instruction" means a body of prescribed EMS studies approved by the board.

(r) "Critical care transport" means the transport by an ambulance of a critically ill or injured patient who receives care commensurate with the care rendered by health care personnel as defined in subsection (cc) or either an MICT or a paramedic with specialized training as approved by service protocols and the medical director.

(s) "Emergency" means a serious medical or traumatic situation or occurrence that demands immediate action.

(t) "Emergency call" means an immediate response by an ambulance service to a medical or trauma incident that happens unexpectedly.

(u) "Emergency care" means the services provided after the onset of a medical condition of sufficient severity that the absence of immediate medical attention could reasonably be expected to cause any of the following:

- (1) Place the patient's health in serious jeopardy;
- (2) seriously impair bodily functions; or
- (3) result in serious dysfunction of any bodily organ or part.

(v) "EMS" means emergency medical services.

(w) "EMR" means emergency medical responder.

(x) "EMT" means emergency medical technician.

(y) "EMT-D" means emergency medical technician-defibrillator.

(z) "EMT-I" means emergency medical technician-intermediate.

(aa) "EMT-I/D" means emergency medical technician-intermediate/defibrillator.

(bb) "Field internship preceptor" means an individual who is responsible for the supervision and evaluation of students in field training with an ambulance service.

(cc) "Health care personnel," as used in these regulations, means a physician, physician assistant, licensed professional nurse, advanced practice registered nurse, or respiratory therapist.

(dd) "Incompetence," as applied to attendants and as used in K.S.A. 65-6133 and amendments thereto, means a demonstrated lack of ability, knowledge, or fitness to perform patient care according to applicable medical protocols or as defined by the authorized activities of the attendant's level of certification.

(ee) "Incompetence," as applied to instructor-coordinators and training officers and as used in K.S.A. 65-6133 and K.S.A. 65-6129c and amendments thereto, means a pattern of practice or other behavior that demonstrates a manifest incapacity, inability, or failure to coordinate or to instruct attendant training programs.

(ff) "Incompetence," as applied to an operator and as used in K.S.A. 65-6132 and amendments thereto, means either of the following:

(1) The operator's inability or failure to provide the level of service required for the type of permit held; or

(2) the failure of the operator or an agent or employee of the operator to comply with a statute or regulation pertaining to the operation of a licensed ambulance service.

(gg) "Instructor-coordinator (I-C)" means any of the following individuals who are certified to instruct and coordinate attendant training programs:

- (1) Emergency medical technician;
- (2) emergency medical technician-intermediate;
- (3) emergency medical technician-defibrillator;
- (4) mobile intensive care technician;
- (5) physician;
- (6) physician's assistant;
- (7) advanced practice registered nurse;
- (8) licensed professional nurse;
- (9) advanced emergency medical technician; or
- (10) paramedic.

(hh) "Interoperable" means that one system has the ability to communicate or work with another.

(ii) "Lab assistant" means an individual who is assisting a primary instructor in the instruction and evaluation of students in classroom laboratory training sessions.

(jj) "Long-term provider approval" means that the sponsoring organization has been approved by the executive director to provide any continuing education program as prescribed in K.A.R. 109-5-3.

(kk) "MICT" means mobile intensive care technician.

(ll) "Out of service," as used in K.A.R. 109-2-5, means that a licensed ambulance is not immediately available for use for patient care or transport.

(mm) "Primary instructor" means an instructor-coordinator or training officer who is listed by the sponsoring organization as the individual responsible for the competent delivery of cognitive, psychomotor, and affective objectives of an approved initial course of instruction or continuing education program and who is the person primarily responsible for evaluating student performance and developing student competency.

(nn) "Prior-approved continuing education" means material submitted by a sponsoring organization, to the board, that is reviewed and subsequently approved by the executive director, in accordance with criteria established by regulations, and that is assigned a course identification number.

(oo) "Public call" means the request for an ambulance to respond to the scene of a medical emergency or accident by an individual or agency other than any of the following:

(1) A type I ambulance service, type II ambulance service, or type IIA ambulance service;

(2) the Kansas highway patrol or any law enforcement officer who is at the scene of an accident or medical emergency;

(3) a physician, as defined by K.S.A. 65-6112 and amendments thereto, who is at the scene of an accident or medical emergency; or

(4) an attendant who has been dispatched to provide emergency first response and who is at the scene of an accident or medical emergency.

(pp) "Retroactively approved continuing education" means credit issued to an attendant after attending a program workshop, conference, seminar, or other offering that is reviewed and subsequently approved by the ex-

(continued)

ecutive director, in accordance with criteria established by the board.

(qq) "Service director" means an individual who has been appointed, employed, or designated by the operator of an ambulance service to handle daily operations and to ensure that the ambulance service is in conformance with local, state, and federal laws and ensure that quality patient care is provided by the service attendants.

(rr) "Service records" means the documents required to be maintained by state regulations and statutes pertaining to the operation and education within a licensed ambulance service.

(ss) "Single-program provider approval" means that the sponsoring organization has been granted approval to offer a specific continuing education program.

(tt) "Site coordinator" means a person supervising, facilitating, or monitoring students, facilities, faculty, or equipment at a training site.

(uu) "Sponsoring organization" means any professional association, accredited postsecondary educational institution, permitted ambulance service, fire department, other officially organized public safety agency, hospital, corporation, or emergency medical services regional council approved by the executive director to offer initial courses of instruction and continuing education programs as either a long-term provider or a single-program provider.

(vv) "Sufficient application" means that the information requested on the application form is provided in full, any applicable fee has been paid, all information required by statute or regulation has been submitted to the board, and no additional information is required to complete the processing of the application.

(ww) "Training officer I" means a person who has been certified by the board to coordinate attendant continuing education training programs for accredited postsecondary educational institutions, permitted ambulance services, fire departments, other officially organized public safety agencies, hospitals, corporations, professional associations, or emergency medical services regional councils.

(xx) "Training officer II" means a person who is certified by the board to function as a continuing education training program coordinator and as a primary instructor of first responder initial courses of instruction.

(yy) "Training program accreditation" means the approval granted by the executive director to any of the following, to conduct EMS initial courses of instruction on a long-term basis: accredited postsecondary educational institutions, permitted ambulance services, fire departments, other officially organized public safety agencies, hospitals, or corporations.

(zz) "Type I ambulance service" means a ground-based ambulance service that provides emergency response and advanced life support, as described in the authorized activities and scope of practice of emergency medical technician-intermediate, emergency medical technician-defibrillator, emergency medical technician-intermediate/defibrillator, advanced emergency medical technician, mobile intensive care technician, or paramedic as specified in K.S.A. 65-6119, K.S.A. 65-6120, and K.S.A. 65-6123, and amendments thereto. The ambulance service may provide critical care transport when staffed in accordance with subsection (r).

(aaa) "Type II ambulance service" means a ground-based ambulance service that provides emergency response and basic life support, as described in the author-

ized activities or scope of practice of emergency medical technician, first responder, and emergency medical responder in K.S.A. 65-6121 and K.S.A. 65-6144, and amendments thereto.

(bbb) "Type IIA ambulance service" means a basic life support ambulance service that may provide advanced life support when staffed with one attendant and any of the following individuals functioning under ALS protocols or guidance as authorized by the applicable licensing authority:

- (1) Emergency medical technician-intermediate;
- (2) emergency medical technician-defibrillator;
- (3) emergency medical technician-intermediate/defibrillator;
- (4) advanced emergency medical technician;
- (5) mobile intensive care technician;
- (6) paramedic;
- (7) licensed professional nurse;
- (8) physician's assistant;
- (9) advanced practice registered nurse;
- (10) respiratory therapist; or
- (11) physician.

(ccc) "Type V ambulance service" means an air or ground-based ALS ambulance service that provides critical care transport, as defined in this regulation, and is not subject to public call. This type of ambulance service uses a "type V air ambulance" or "type V ground ambulance," or both.

(ddd) "Unprofessional conduct," as applied to attendants and as used in K.S.A. 65-6133 and amendments thereto, means conduct that violates those standards of professional behavior that through professional experience have become established by the consensus of the expert opinion of the members of the emergency medical services profession as reasonably necessary for the protection of the public. This term shall include any of the following:

- (1) Failing to take appropriate action to safeguard the patient;
- (2) performing acts beyond the activities authorized for the level at which the individual is certified;
- (3) falsifying a patient's or an ambulance service's records;
- (4) verbally, sexually, or physically abusing a patient;
- (5) violating statutes or regulations concerning the confidentiality of medical records or patient information obtained in the course of professional work;
- (6) diverting drugs or any property belonging to a patient or an agency;
- (7) making a false or misleading statement on an application for certification renewal or any agency record;
- (8) engaging in any fraudulent or dishonest act that is related to the qualifications, functions, or duties of an attendant; or
- (9) failing to cooperate with the board and its agents in the investigation of complaints or possible violations of the emergency medical services statutes or board regulations, including failing to furnish any documents or information legally requested by the board. Attendants who fail to respond to requests for documents or requests for information within 30 days from the date of request shall have the burden of demonstrating that they have acted in a timely manner.

(eee) "Unprofessional conduct," as applied to instructor-coordinators and training officers and as used in K.S.A. 65-6133 and K.S.A. 65-6129c and amendments thereto, means any of the following:

(1) Engaging in behavior that demeans a student. This behavior shall include ridiculing a student in front of other students or engaging in any inhumane or discriminatory treatment of any student or group of students;

(2) verbally or physically abusing a student;

(3) failing to take appropriate action to safeguard a student;

(4) falsifying any document relating to a student or the emergency medical service agency;

(5) violating any statutes or regulations concerning the confidentiality of student records;

(6) obtaining or seeking to obtain any benefit, including a sexual favor, from a student through duress, coercion, fraud, or misrepresentation, or creating an environment that subjects a student to unwelcome sexual advances, which shall include physical touching or verbal expressions;

(7) an inability to instruct because of alcoholism, excessive use of drugs, controlled substances, or any physical or mental condition;

(8) reproducing or duplicating a state examination for certification without board authority;

(9) engaging in any fraudulent or dishonest act that is related to the qualifications, functions, or duties of an instructor-coordinator or training officer;

(10) willfully failing to adhere to the course syllabus;

or

(11) failing to cooperate with the board and its agents in the investigation of complaints or possible violations of the board's statutes or regulations, including failing to furnish any documents or information legally requested by the board. Instructor-coordinators and training officers who fail to respond to requests for documents or requests for information within 30 days of the request shall have the burden of demonstrating that they have acted in a timely manner. (Authorized by K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, K.S.A. 2010 Supp. 65-6111; implementing K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, K.S.A. 2010 Supp. 65-6111, K.S.A. 2010 Supp. 65-6121, as amended by L. 2011, ch. 114, sec. 84, K.S.A. 2010 Supp. 65-6129, as amended by L. 2011, ch. 114, sec. 88, K.S.A. 65-6129b, K.S.A. 2010 Supp. 65-6129c, as amended by L. 2011, ch. 114, sec. 65, K.S.A. 65-6132, as amended by L. 2011, ch. 114, sec. 89, and K.S.A. 65-6133, as amended by L. 2011, ch. 114, sec. 90; effective May 1, 1985; amended May 1, 1986; amended, T-88-12, May 18, 1987; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989; amended March 16, 1992; amended Jan. 31, 1994; amended Jan. 30, 1995; amended Jan. 31, 1997; amended Nov. 12, 1999; amended Jan. 27, 2012.)

109-1-2. Medical director. Each air ambulance service shall have an air medical director who is responsible for advising the air ambulance service on policies and procedures that ensure that the appropriate aircraft, medical personnel, and equipment are provided during air ambulance transport. When necessary, the air medical director may designate another licensed physician to perform the air medical director's duties. (Authorized by K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81; implementing K.S.A. 65-6126, as amended by L. 2011, ch. 114, sec. 87; effective Jan. 31, 1997; amended Jan. 27, 2012.)

Article 2.—AMBULANCE SERVICES; PERMITS AND REGULATIONS

109-2-1. Ambulance service operator. (a) Each operator of an ambulance service shall perform the following:

(1) Notify the board of any change in the service director within seven days of the change; and

(2) designate a person as the ambulance service director to serve as an agent of the operator.

(b) The ambulance service director shall meet the following requirements:

(1) Be responsible for the operation of the ambulance service;

(2) be available to the board regarding permit, regulatory, and emergency matters;

(3) be responsible for maintaining a current list of the ambulance service's attendants;

(4) be responsible for maintaining a current copy of each attendant's Kansas certification or renewal card;

(5) notify the board of each addition or removal of an attendant from the attendant roster within 90 days of the addition or removal;

(6) notify the board of any known resignation, termination, incapacity, or death of a medical adviser once known and the plans for securing a new medical director; and

(7) submit written notification of each change in the medical director within 30 days of the change. (Authorized by K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, K.S.A. 2010 Supp. 65-6111, and K.S.A. 65-6132, as amended by L. 2011, ch. 114, sec. 89; implementing K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, K.S.A. 2010 Supp. 65-6112 (v), as amended by L. 2011, ch. 114, sec. 82, and K.S.A. 65-6130; effective May 1, 1985; amended July 17, 1989; amended Jan. 31, 1997; amended Jan. 27, 2012.)

109-2-2. Application for ambulance service permit and ambulance license; permit renewal and license renewal. (a)(1) An applicant may apply for only one ambulance service permit for each ambulance service that the applicant seeks to operate. Each applicant shall indicate the class of service for the permit requested as type I ambulance service, type II ambulance service, type IIA ambulance service, or type V ambulance service.

(2) An applicant may apply for only one ambulance license for each ambulance that the applicant seeks to operate. Each applicant shall indicate the class of ambulance for each license requested.

(b) All ambulance service permit and ambulance license application and renewal forms shall be submitted in a format required by the executive director.

(c) Each initial and each renewal applicant for a ground ambulance service permit and ambulance license shall obtain a mechanical and safety inspection from a person doing business as or employed by a vehicle maintenance service or a city, county, or township or from a certified mechanic as defined in K.A.R. 109-1-1, for each ambulance within 180 days before the date of ambulance service application renewal. In order for an ambulance license to be renewed, the mechanical safety inspection forms shall not contain any deficiencies identified that would compromise the safe transport of patients.

(d) Each initial and each renewal application for an air ambulance shall include a valid standard airworthiness certificate for each aircraft, evidence of an air safety training program, and an informational publication.

(continued)

(e) (1) Each new ground ambulance shall be required to have a mechanical or safety inspection submitted on forms required by the board or shall require documentation from the manufacturer indicating that the vehicle has undergone a predelivery inspection without deficiencies.

(2) Each used or retrofitted ground ambulance shall be required to have a mechanical and safety inspection.

(f) Each ambulance service permit and ambulance license shall expire on April 30 of each year and may be renewed annually in accordance with this regulation.

If the board receives a complete application for renewal of an ambulance service permit or an ambulance license on or before April 30, the existing permit or license shall not expire until the board has taken final action upon the renewal application or, if the board's action is unfavorable, until the last day for seeking judicial review.

(g) If the board receives an insufficient initial application or renewal application for an ambulance service permit or ambulance license, the applicant or operator shall be notified by the board of any errors or omissions. If the applicant or operator fails to correct the deficiencies and submit a sufficient application within 30 days from the date of written notification, the application may be considered by the board as withdrawn.

(h) An application for ambulance service permit or permit renewal shall be deemed sufficient if all of the following conditions are met:

(1) The applicant or operator either completes all forms provided with the application for ambulance service permit or permit renewal or provides all requested information online. No additional information is required by the board to complete the processing of the application.

(2) Each operator submits the list of supplies and equipment carried on each ambulance validated by the signature of the ambulance service's medical director to the board each year with the operator's application for an ambulance service permit.

(3) The applicant or operator submits payment of the fee in the correct amount for the ambulance service permit or permit renewal and ambulance license fees.

(4) Each operator provides the inspection results to the board on forms provided by the executive director with the application for renewal.

(i) Each publicly subsidized operator shall provide the following statistical information to the board with the application for renewal of a permit:

(1) The number of emergency and nonemergency ambulance responses and the number of patients transported for the previous calendar year;

(2) the operating budget and, if any, the tax subsidy;

(3) the charge for emergency and nonemergency patient transports, including mileage fees; and

(4) the number of full-time, part-time, and volunteer staff.

(j) Each private operator shall provide the following statistical information to the board with the application for renewal of a permit:

(1) The number of emergency and nonemergency ambulance responses and the number of patients transported for the previous calendar year;

(2) the charge for emergency and nonemergency patient transports, including mileage fees; and

(3) the number of full-time, part-time, and volunteer staff.

(k) As a condition of issuance of an initial ambulance service permit, each ambulance service operator shall provide with the application the ambulance service's operational policies and approved medical protocols pursuant to K.A.R. 109-2-5.

(l) The operator of each type I, type II, type IIA, and type V ground ambulance service shall develop a list of supplies and equipment that is carried on each ambulance. This list shall include the supplies and equipment required by the board for the license type and any additional supplies or equipment necessary to carry out the patient care activities as indicated in the services medical protocols in accordance with K.S.A. 65-6112 and amendments thereto. (Authorized by K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, and K.S.A. 2010 Supp. 65-6111; implementing K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, 65-6127, and 65-6128; effective May 1, 1985; amended July 17, 1989; amended Jan. 31, 1997; amended Dec. 29, 2000; amended Jan. 27, 2012.)

109-2-4. (Authorized by and implementing K.S.A. 1995 Supp. 65-6110, 65-6111, K.S.A. 65-6127 and 65-6128; effective May 1, 1985; amended July 17, 1989; amended Jan. 31, 1997; revoked Jan. 27, 2012.)

109-2-5. Ambulance service operational standards. (a) Each ground ambulance shall have a two-way, interoperable communications systems to allow contact with the ambulance service's primary communication center and with the medical facility, as defined by K.S.A. 65-411 and amendments thereto, to which the ambulance service most commonly transports patients.

(b) Smoking shall be prohibited in the patient and driver compartments of each ambulance at all times.

(c) Each operator shall ensure that the interior and exterior of the ambulance are maintained in a clean manner and that all medications, medical supplies, and equipment within the ambulance are maintained in good working order and according to applicable expiration dates.

(d) Each operator shall ensure that freshly laundered linen or disposable linen is on cots and pillows and ensure that the linen is changed after each patient is transported.

(e) When an ambulance has been utilized to transport a patient known or suspected to have an infectious disease, the operator shall ensure that the interior of the ambulance, any equipment used, and all contact surfaces are disinfected according to the ambulance service's infectious disease control policies and procedures. The operator shall place the ambulance out of service until a thorough disinfection according to the ambulance service's infection control policies and procedures has been completed.

(f) Each operator shall ensure that all items and equipment in the patient compartment are placed in cabinets or properly secured.

(g) Each operator shall park all ground ambulances in a completely enclosed building with a solid concrete floor. Each operator shall maintain the interior heat of the

enclosed building at no less than 50 degrees Fahrenheit. Each operator shall ensure that the interior of the building is kept clean and has adequate lighting. Each operator shall store all supplies and equipment in a clean and safe manner.

(h) Each licensed ambulance shall meet all regulatory requirements for the ambulance license type, except when the ambulance is out of service.

(i) If an operator is unable to provide service for more than 24 hours, the operator or agent shall notify the executive director and submit an alternative plan, in writing and within 72 hours, for providing ambulance service for the operator's primary territory of coverage. The alternative plan shall be subject to approval by the executive director and shall remain in effect no more than 30 days from the date of approval. Approval by the executive director shall be based on whether the alternate plan will provide sufficient coverage to transport and provide emergency care for persons within the operator's primary territory. A written request for one or more extensions of the alternative plan for no more than 30 days each may be approved by the executive director if the operator has made a good faith effort but, due to circumstances beyond the operator's control, has been unable to completely remedy the problem.

(j) Each operator subject to public call shall have a telephone with an advertised emergency number that is answered by an attendant or other person designated by the operator 24 hours a day. Answering machines shall not be permitted.

(k) Each operator shall produce the ambulance service permit and service records upon request of the board.

(l) Each operator shall maintain service records for three years.

(m) Each operator shall ensure that documentation is completed for each request for service and for each patient receiving patient assessment, care, or transportation. Each operator shall furnish a completed copy or copies of each patient care report form upon request of the board.

(n) Each operator shall maintain a daily record of each request for ambulance response. This record shall include the date, time of call, scene location, vehicle number, trip number, caller, nature of call, and disposition of each patient.

(o) Each operator shall maintain a copy of the patient care documentation for at least three years.

(p) Each operator shall ensure that a copy of the patient care documentation for initial transport of emergency patients is made available to the receiving medical facility, within 24 hours of the patient's arrival.

(q) Each publicly subsidized operator shall provide the following statistical information to the board before March 1 each calendar year:

(1) The number of emergency and nonemergency ambulance responses and the number of patients transported for the previous calendar year;

(2) the operating budget and tax subsidy;

(3) the charge for emergency and nonemergency patient transports, including mileage fees; and

(4) the number of full-time, part-time, and volunteer staff.

(r) Each operator shall provide a quality improvement or assurance program that establishes medical review procedures for monitoring patient care activities. This program shall include policies and procedures for reviewing patient care documentation. Each operator shall review patient care activities at least once each quarter of each calendar year to determine whether the ambulance service's attendants are providing patient care commensurate with the attendant's scope of practice and local protocols.

(1) Review of patient care activities shall include quarterly participation by the ambulance service's medical director in a manner that ensures that the medical director is meeting the requirements of K.S.A. 65-6126, and amendments thereto.

(2) Each operator shall, upon request, provide documentation to the executive director demonstrating that the operator is performing patient care reviews and that the medical director is reviewing, monitoring, and verifying the activities of the attendants pursuant to K.S.A. 65-6126, and amendments thereto, as indicated by the medical director's electronic or handwritten signature.

(3) Each operator shall ensure that documentation of all medical reviews of patient care activities is maintained for at least three years.

(4) Within 60 days after completion of the internal review processes of an incident, each operator shall report to the board on forms approved by the board any incident indicating that an attendant or other health care provider functioning for the operator met either of the following conditions:

(A) Acted below the applicable standard of care and, because of this action, had a reasonable probability of causing injury to a patient; or

(B) acted in a manner that could be grounds for disciplinary action by the board or other applicable licensing agency.

(s) Each ambulance service operator shall develop and implement operational policies or guidelines, or both, that have a table of contents and address policies and procedures for each of the following topics:

(1) Radio and telephone communications;

(2) interfacility transfers;

(3) emergency driving and vehicle operations;

(4) do not resuscitate (DNR) orders, durable powers of attorney for health care decisions, and living wills;

(5) multiple-victim and mass-casualty incidents;

(6) hazardous material incidents;

(7) infectious disease control;

(8) crime scene management;

(9) documentation of patient reports;

(10) consent and refusal of treatment;

(11) management of firearms and other weapons;

(12) mutual aid, which means a plan for requesting assistance from another resource;

(13) patient confidentiality;

(14) extrication of persons from entrapment; and

(15) any other procedures deemed necessary by the operator for the efficient operation of the ambulance service.

(t) Each ambulance service operator shall provide the operational policies to the executive director, upon request.

(continued)

(u) Each ambulance service operator shall adopt and implement medical protocols developed and approved in accordance with K.S.A. 65-6112, and amendments thereto.

(v) Each operator's medical protocols shall include a table of contents and treatment procedures at a minimum for the following medical and trauma-related conditions for pediatric and adult patients:

- (1) Diabetic emergencies;
- (2) shock;
- (3) environmental emergencies;
- (4) chest pain;
- (5) abdominal pain;
- (6) respiratory distress;
- (7) obstetrical emergencies and care of the newborn;
- (8) poisoning and overdoses;
- (9) seizures;
- (10) cardiac arrest;
- (11) burns;
- (12) stroke or cerebral-vascular accident;
- (13) chest injuries;
- (14) abdominal injuries;
- (15) head injuries;
- (16) spinal injuries;
- (17) multiple-systems trauma;
- (18) orthopedic injuries;
- (19) drowning; and
- (20) anaphylaxis.

(w) Each operator shall make available a current copy of the ambulance service's operational policies or guidelines and medical protocols to any person listed as an attendant and any other health care provider on the ambulance service's attendant roster. (Authorized by K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, and K.S.A. 2010 Supp. 65-6111; implementing K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, K.S.A. 2010 Supp. 65-6112, as amended by L. 2011, ch. 114, sec. 82, K.S.A. 65-6126, as amended by L. 2011, ch. 114, sec. 87, K.S.A. 65-6130, and K.S.A. 2010 Supp. 65-6135, as amended by L. 2011, ch. 114, sec. 66; effective May 1, 1985; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended Aug. 27, 1990; amended Aug. 16, 1993; amended Jan. 31, 1997; amended Jan. 27, 2012.)

109-2-6. Classes of ambulance services. (a) Permits shall be issued for four classes of ambulance service. These classes shall be known as type I ambulance service, type IIA ambulance service, type II ambulance service, and type V ambulance service.

(b) Each type I ambulance service shall meet the following requirements:

- (1) Provide advanced life support as defined in K.A.R. 109-1-1;
- (2) have at least one ALS licensed ambulance that meets all requirements of K.A.R. 109-2-8. Each type I ambulance service may also operate BLS licensed ambulances and may provide critical care transport if staffed by an MICT or paramedic with specialized training;
- (3) maintain a staff of currently certified attendants and health care personnel as defined in K.A.R. 109-1-1 that is adequate to meet all applicable requirements of K.A.R. 109-2-7; and

(4) have a method of receiving calls and dispatching ambulances that ensures that an ambulance leaves the station within an annual average of five minutes from the time an emergency call is received by the ambulance service.

(c) Each type II ambulance service shall meet the following requirements:

- (1) Provide basic life support as defined in K.A.R. 109-1-1;
- (2) have at least one licensed ambulance that meets all requirements of K.A.R. 109-2-8;
- (3) maintain a staff of currently certified attendants and health care personnel that is adequate to meet all requirements of K.A.R. 109-2-7; and
- (4) have a method of receiving calls and dispatching ambulances that ensures that an ambulance leaves the station within an annual average of five minutes from the time an emergency call is received by the ambulance service.

(d)(1) Any type IIA ambulance service operator may provide advanced life support as defined in K.A.R. 109-1-1 and described in K.S.A. 65-6123, 65-6120, and 65-6119, and amendments thereto, when appropriate personnel are on board according to K.A.R. 109-2-7 and are adequately equipped and when the treatment is approved by medical protocols or the attendants are in direct voice contact with a physician, physician assistant, advanced practice registered nurse, or a licensed professional nurse who is authorized by a physician.

(2) Each operator of a type IIA ambulance service shall meet the following requirements:

- (A) Provide basic life support or advanced life support, as defined in K.A.R. 109-1-1;
- (B) have at least one licensed ambulance that meets all requirements of K.A.R. 109-2-8;
- (C) maintain a staff of currently certified attendants and health care personnel adequate to meet all requirements of K.A.R. 109-2-7; and
- (D) have a method of receiving calls and dispatching ambulances that ensures that an ambulance leaves the station within an annual average of five minutes from the time an emergency call is received by the ambulance service.

(e) Each type V ambulance service shall meet the following requirements:

- (1) Provide critical care transport as defined in K.A.R. 109-1-1;
- (2) not be subject to public call as defined in K.A.R. 109-1-1;
- (3) have a ground or air ambulance that meets all requirements of K.A.R. 109-2-8, K.A.R. 109-2-11, K.A.R. 109-2-12, or K.A.R. 109-2-13, as applicable;
- (4) license only type V ambulances;
- (5) license rotor-wing aircraft, fixed-wing aircraft, or ground-based vehicles as ambulances;
- (6) have a staff that is adequate to provide the level of care described in paragraph (e)(1) and as described in K.A.R. 109-2-7; and
- (7) have a method of receiving and relaying calls that ensures that any request for emergency response is immediately and properly relayed to the nearest type I ambulance service, type II ambulance service, or type IIA

ambulance service. (Authorized by K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81; implementing K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, K.S.A. 65-6128, and K.S.A. 2010 Supp. 65-6135, as amended by L. 2011, ch. 114, sec. 66; effective May 1, 1985; amended May 1, 1987; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989; amended Jan. 31, 1997; amended Jan. 27, 2012.)

109-2-8. Standards for type I, type II, type IIA, and type V ground ambulances and equipment. (a) Each ambulance shall meet the vehicle and equipment standards that are applicable to that class of ambulance.

(b) Each ambulance shall have the ambulance license prominently displayed in the patient compartment.

(c) The patient compartment size shall meet or exceed the following specifications:

- (1) Headroom: 60 inches; and
- (2) length: 116 inches.

(d) Each ambulance shall have a heating and cooling system that is controlled separately for the patient and the driver compartments. The air conditioners for each compartment shall have separate evaporators.

(e) Each ambulance shall have separate ventilation systems for the driver and patient compartments. These systems shall be separately controlled within each compartment. Fresh air intakes shall be located in the most practical, contaminant-free air space on the ambulance. The patient compartment shall be ventilated through the heating and cooling systems.

(f) The patient compartment in each ambulance shall have adequate lighting so that patient care can be given and the patient's status monitored without the need for portable or hand-held lighting. A reduced lighting level shall also be provided. A patient compartment light and step-well light shall be automatically activated by opening the entrance doors. Interior light fixtures shall be recessed and shall not protrude more than 1½ inches.

(g) Each ambulance shall have an electrical system to meet maximum demand of the electrical specifications of the vehicle. All conversion equipment shall have individual fusing that is separate from the chassis fuse system.

(h) Each ambulance shall have lights and sirens as required by K.S.A. 8-1720 and K.S.A. 8-1738, and amendments thereto.

(i) Each ambulance shall have an exterior patient loading light over the rear door, which shall be activated both manually by an inside switch and automatically when the door is opened.

(j) The operator shall mark each ambulance licensed by the board as follows:

(1) The name of the ambulance service shall be in block letters, not less than four inches in height, and in a color that contrasts with the background color. The service name shall be located on both sides of the ambulance and shall be placed in such a manner that it is readily identifiable to other motor vehicle operators.

(2) Any operator may use a decal or logo that identifies the ambulance service in place of lettering. The decal or logo shall be at least 10 inches in height and shall be in a color that contrasts with the background color. The decal or logo shall be located on both sides of the ambulance

and shall be placed in such a manner that the decal or logo is readily identifiable to other motor vehicle operators.

(3) Each ambulance initially licensed by the board before January 1, 1995 that is identified either by letters or a logo on both sides of the ambulance shall be exempt from the minimum size requirements in paragraphs (1) and (2) of this subsection.

(k) Each type I, type II, type IIA, and type V ambulance shall have a communications system that is readily accessible to both the attendant and the driver and is in compliance with K.A.R. 109-2-5(a).

(l) An operator shall equip each ambulance as follows:

(1) At least two annually inspected ABC fire extinguishers or comparable fire extinguishers with at least five pounds of dry chemical, which shall be secured. One fire extinguisher shall be easily accessible by the driver, and the other shall be easily accessible by the attendant;

(2) either two portable, functional flashlights or one flashlight and one spotlight;

(3) one four-wheeled or six-wheeled, all-purpose, multilevel cot with an elevating head and at least two safety straps with locking mechanisms;

(4) one urinal;

(5) one bedpan;

(6) one emesis basin or convenience bag;

(7) one complete change of linen;

(8) two blankets;

(9) one waterproof cot cover;

(10) one pillow; and

(11) a "no-smoking" sign posted in the patient compartment and the driver compartment.

(m) The operator shall equip each ground ambulance with the following internal medical systems:

(1) An oxygen system with at least two outlets located within the patient compartment and at least 2,000 liters of storage capacity, with a minimum oxygen level of 200 psi. The cylinder shall be in a compartment that is vented to the outside. The pressure gauge and regulator control valve shall be readily accessible to the attendant from inside the patient compartment; and

(2) a functioning, on-board, electrically powered suction aspirator system with a vacuum of at least 300 millimeters of mercury at the catheter tip. The unit shall be easily accessible with large-bore, nonkinking suction tubing and a large-bore, semirigid, nonmetallic oropharyngeal suction tip.

(n) The operator shall equip each ground ambulance with the following medical equipment:

(1) A portable oxygen unit of at least 300-liter storage capacity, complete with pressure gauge and flowmeter and with a minimum oxygen level of 200 psi. The unit shall be readily accessible from inside the patient compartment;

(2) a functioning, portable, self-contained battery or manual suction aspirator with a vacuum of at least 300 millimeters of mercury at the catheter tip and a transparent or translucent collection bottle or bag. The unit shall be fitted with large-bore, nonkinking suction tubing and a large-bore, semirigid, nonmetallic oropharyngeal suction tip, unless the unit is self-contained;

(continued)

(3) a hand-operated, adult bag-mask ventilation unit, which shall be capable of use with the oxygen supply;

(4) a hand-operated, pediatric bag-mask ventilation unit, which shall be capable of use with oxygen supply;

(5) oxygen masks in adult and pediatric sizes;

(6) nasal cannulas in adult and pediatric sizes;

(7) oropharyngeal airways in adult, pediatric, and infant sizes;

(8) a blood pressure manometer with extra large, adult, and pediatric cuffs and a stethoscope;

(9) an obstetric kit with contents as described in the ambulance service's medical protocol;

(10) sterile burn sheets;

(11) sterile large trauma dressings;

(12) assorted sterile gauze pads;

(13) occlusive gauze pads;

(14) rolled, self-adhering bandages;

(15) adhesive tape at least one inch wide;

(16) bandage shears;

(17) one liter of sterile water, currently dated or one liter of sterile saline, currently dated; and

(18) currently dated medications, as authorized by the scope of practice and protocols.

(o) The operator shall equip each ground ambulance with the following patient-handling and splinting equipment:

(1) A long spinal-immobilization device, complete with accessories to immobilize a patient;

(2) a short spinal immobilization device, complete with accessories to immobilize a patient;

(3) a set of extremity splints including one arm and one leg splint, in adult and pediatric sizes;

(4) a set of rigid cervical collars in assorted adult and pediatric sizes;

(5) foam wedges or other devices that serve to stabilize the head, neck, and back as one unit; and

(6) patient disaster tags.

(p) The operator shall equip each type I, type IIA, type II, and type V ground ambulance with the following blood-borne and body fluid pathogen protection equipment in a quantity sufficient for crew members:

(1) Surgical or medical protective gloves;

(2) protective goggles, glasses or chin-length clear face shields;

(3) filtering masks that cover the mouth and nose;

(4) nonpermeable, full-length, long-sleeve protective gowns;

(5) a leakproof, rigid container clearly marked as "contaminated products" for the disposal of sharp objects; and

(6) a leakproof, closeable container for soiled linen and supplies.

(q) The operator shall equip each type I ambulance, type IIA ambulance, and type V ambulance with the following:

(1) A monitor-defibrillator;

(2) a drug supply as listed in the ambulance service's medical protocols;

(3) intravenous administration sets according to medical protocol;

(4) intravenous solutions in plastic bags or plastic bottles as listed in the ambulance service's medical protocols;

(5) assorted syringes and needles necessary to meet the requirements of the medical protocols; and

(6) if authorized by protocols, endotracheal tubes and laryngoscope blades in adult, child, and infant sizes.

(r) If an operator's medical protocols or equipment list is amended, a copy of these changes shall be submitted to the board by the ambulance service operator within 15 days of implementation of the change. Equipment and supplies obtained on a trial basis or for temporary use by the operator shall not be required to be reported to the board by an operator. (Authorized by K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81; implementing K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, K.S.A. 2010 Supp. 65-6112, as amended by L. 2011, ch. 114, sec. 82, and K.S.A. 65-6128; effective May 1, 1985; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989; amended Aug. 16, 1993; amended Jan. 31, 1997; amended Jan. 27, 2012.)

109-2-10a. Air safety program and informational publication. (a) Each operator of an air ambulance service shall have an air safety training program for all air medical personnel. The program shall include the following:

(1) Air medical and altitude physiology;

(2) aircraft orientation, including specific capabilities, limitations, and safety measures for each aircraft used;

(3) depressurization procedures for fixed-wing aircraft;

(4) safety in and around the aircraft for all air medical personnel, patients, and lay individuals;

(5) rescue and survival techniques appropriate to the terrain and the conditions under which the air ambulance service operates;

(6) hazardous scene recognition and response for rotor-wing aircraft;

(7) aircraft evacuation procedures, including the rapid loading and unloading of patients;

(8) refueling procedures for normal and emergency situations; and

(9) in-flight emergencies and emergency landing procedures.

(b) Each operator of an air ambulance service shall maintain documentation demonstrating the initial completion and annual review of the air safety training program for all air medical personnel and shall provide this documentation to the board on request.

(c) Each operator of an air ambulance service shall provide an informational publication that promotes the proper use of air medical transport, upon request, to all ground-based ambulance services, law enforcement agencies, and hospitals that use the air ambulance service. Each publication shall address the following topics:

(1) Availability, accessibility, and scope of care of the air ambulance service;

(2) capabilities of air medical personnel and patient care modalities afforded by the air ambulance service;

(3) patient preparation before air medical transport;

(4) landing zone designation and preparation;

(5) communication and coordination between air and ground medical personnel; and

(6) safe approach and conduct around the aircraft. (Authorized by and implementing K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, and K.S.A. 2010 Supp. 65-6111; effective Jan. 27, 2012.)

109-2-11. Standards for type V air ambulances and equipment. (a) The operator shall ensure that the patient compartment is configured in such a way that air medical personnel have adequate access to the patient in order to begin and maintain care commensurate with the patient's needs. The operator shall ensure that the air ambulance has adequate access and necessary space to maintain the patient's airway and to provide adequate ventilatory support by an attendant from the secured, seat-belted position within the air ambulance.

(b) Each air ambulance operator shall have a policy that addresses climate control of the aircraft for the comfort and safety of both the patient and air medical personnel. The air medical crew shall take precautions to prevent temperature extremes that could adversely affect patient care.

(c) The operator shall equip each type V air ambulance with the following:

- (1) Either two portable functioning flashlights or a flashlight and one spotlight;
- (2) a cot with an elevating head and at least three safety straps with locking mechanisms or an isolette;
- (3) one emesis basin or convenience bag;
- (4) one complete change of linen;
- (5) one blanket;
- (6) one waterproof cot cover; and
- (7) a "no smoking" sign posted in the aircraft.

(d) Each fixed-wing air ambulance shall have a two-way communications system that is readily accessible to both the medical personnel and the pilot and that meets the following requirements:

- (1) Allows communication between the aircraft and air traffic control systems; and
- (2) allows air medical personnel to communicate at all times with medical control, exclusive of the air traffic control system.

(e) The pilot or pilots shall be sufficiently isolated from the patient care area to minimize in-flight distractions and interference.

(f) The operator shall equip each type V air ambulance with an internal medical system that includes the following:

- (1) An internal oxygen system with at least one outlet per patient located inside the patient compartment and with at least 2,500 liters of storage capacity with a minimum of 200 psi. The pressure gauge, regulator control valve, and humidifying accessories shall be readily accessible to attendants and medical personnel from inside the patient compartment during in-flight operations;
- (2) an electrically powered suction aspirator system with an airflow of at least 30 liters per minute and a vacuum of at least 300 millimeters of mercury. The unit shall be equipped with large-bore, nonkinking suction tubing and a semirigid, nonmetallic oropharyngeal suction tip; and
- (3) oxygen flowmeters and outlets that are padded, flush-mounted, or located to prevent injury to air medical personnel, unless helmets are worn by all crew members during all phases of flight operations.

(g) The operator shall equip each type V air ambulance with the following:

(1) A portable oxygen unit of at least 300-liter storage capacity complete with pressure gauge and flowmeter with a minimum of 200 psi. The unit shall be readily accessible from inside the patient compartment;

(2) a portable, self-contained battery or manual suction aspirator with an airflow of at least 28 liters per minute and a vacuum of at least 300 millimeters of mercury. The unit shall be fitted with large-bore, nonkinking suction tubing and semirigid, nonmetallic, oropharyngeal suction tip;

(3) medical supplies and equipment that include the following:

(A) Airway management equipment, including tracheal intubation equipment, adult, pediatric, and infant bag-valve masks, and ventilatory support equipment;

(B) a cardiac monitor capable of defibrillating and an extra battery or power source;

(C) cardiac advanced life support drugs and therapeutic modalities, as indicated by the ambulance service's medical protocols;

(D) neonate specialty equipment and supplies for neonatal missions and as indicated by the ambulance service's medical protocols;

(E) trauma advanced life support supplies and treatment modalities, as indicated in the ambulance service's medical protocols; and

(F) a pulse oximeter and an intravenous infusion pump; and

(4) blood-borne and body fluid pathogen protection equipment as described in K.A.R. 109-2-8.

(h) If an operator's medical protocols are amended, the operator shall submit these changes to the board with a letter of approval pursuant to K.S.A. 65-6112 (r), and amendments thereto, within 15 days of implementation of the change.

(i) Equipment and supplies obtained on a trial basis or for temporary use by the operator shall not be required to be reported to the board by the operator. If the operator's medical equipment list is amended, the operator shall submit these changes to the board within 15 days with a letter of approval from the ambulance service's medical director.

(j) Each air ambulance operator shall ensure that each air ambulance has on board, at all times, appropriate survival equipment for the mission and terrain of the ambulance service's geographic area of operations.

(k) Each air ambulance operator shall ensure that the aircraft has an adequate interior lighting system so that patient care can be provided and the patient's status can be monitored without interfering with the pilot's vision. The air ambulance operator shall ensure that the aircraft cockpit is capable of being shielded from light in the patient care area during night operations or that red lighting or a reduced lighting level is also provided for the pilot and air ambulance personnel.

(l) Each aircraft shall have at least one stretcher that meets the following requirements:

(1) Accommodates a patient who is up to six feet tall and weighs 212 pounds;

(2) is capable of elevating the patient's head at least 30 degrees for patient care and comfort;

(continued)

(3) has three securing straps for adult patients; and
 (4) has a specifically designed mechanism for securing pediatric patients.

(m) Each air ambulance operator shall ensure that all equipment, stretchers, and seating are so arranged as not to block rapid egress by air medical personnel or patients from the aircraft. The operator shall ensure that all equipment on board the aircraft is affixed or secured in either approved racks or compartments or by strap restraint while the aircraft is in operation.

(n) The aircraft shall have an electric inverter or appropriate power source that is sufficient to power patient-specific medical equipment without compromising the operation of any electrical aircraft equipment.

(o) When an isolette is used during patient transport, the operator shall ensure that the isolette is able to be opened from its secured in-flight position in order to provide full access to the infant.

(p) Each air ambulance operator shall ensure that all medical equipment is maintained according to the manufacturer's recommendations and does not interfere with the aircraft's navigation or on-board systems. (Authorized by and implementing K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81; effective May 1, 1987; amended July 17, 1989; amended Jan. 31, 1997; amended Jan. 27, 2012.)

109-2-12. Standards for rotor-wing ambulance aircraft and equipment. (a) Each operator of an air ambulance service shall comply with the requirements in K.A.R. 109-2-11.

(b) The aircraft configuration shall not compromise patient stability during any part of flight operations. The aircraft shall have an entry that allows loading and unloading of the patient without maneuvering the patient more than 45 degrees about the lateral axis and 30 degrees about the longitudinal axis and does not compromise the functioning of monitoring systems, intravenous lines, or manual or mechanical ventilation.

(c) The aircraft shall have an external search light, which shall meet the following requirements:

(1) Provide at least 400,000-candlepower illumination at 200 feet;

(2) be separate from the aircraft landing lights;

(3) be moveable 90 degrees longitudinally and 180 degrees laterally; and

(4) be capable of being controlled from inside the aircraft.

(d) Each rotor-wing aircraft shall have a two-way interoperable communications system that is readily accessible to both the attendants and the pilot and meets the following requirements:

(1) Allows communications between the aircraft and a hospital for medical control, exclusive of the air traffic control system; and

(2) allows communications between the aircraft and ground-based ambulance services, exclusive of the air traffic control system. (Authorized by and implementing K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81; effective May 1, 1987; amended July 17, 1989; amended Jan. 31, 1997; amended Jan. 27, 2012.)

109-2-13. Standards for fixed-wing ambulance aircraft and equipment. (a) Each operator shall ensure

that each fixed-wing air ambulance is pressurized during patient transports according to the ambulance service's medical protocols and operational policies.

(b) The pilot or pilots shall be sufficiently isolated from the patient care area to minimize in-flight distractions and interference.

(c) Each fixed-wing air ambulance shall have a two-way, interoperable communications system that is readily accessible to both the attendants and the pilot and that meets the following requirements:

(1) Allows communications between the aircraft and a hospital; and

(2) allows an attendant to communicate at all times with medical control, exclusive of the air traffic control system.

(d) Fixed-wing ambulance aircraft shall have on board patient comfort equipment including the following:

(1) One urinal; and

(2) one bedpan.

(e)(1) Each operator of a type V ambulance service shall staff each type V air ambulance with a pilot and one of the following groups of individuals, who shall remain in the patient compartment during patient transport:

(A) At least two of the following: physician, physician assistant, advanced practice registered nurse, or professional nurse; or

(B) one of the individuals listed in paragraph (e)(1)(A) and one of the following:

(i) An MICT or paramedic; or

(ii) an optional staff member commensurate with the patient's care needs, as determined by the ambulance service's medical director or as described in the ambulance service's medical protocols, who shall be a health care provider as defined in K.A.R. 109-1-1 (cc). The medical personnel shall remain in the patient compartment during patient transport.

(2) Each of the individuals specified in paragraphs (e)(1)(A) and (B) shall meet the following requirements:

(A) Have current certification in advanced cardiac life support (ACLS), as adopted by reference in K.A.R. 109-2-7 (e), or in an equivalent area approved by the board; and

(B) have current certification in either pediatric advanced life support, as adopted by reference in K.A.R. 109-2-7 (f), or an equivalent area approved by the board and in one of the following:

(i) International trauma life support-advanced (ITLS-A);

(ii) transport nurse advanced trauma course (TNATC);

(iii) trauma nurse core course (TNCC);

(iv) certified flight registered nurse (CFRN);

(v) certified transport registered nurse (CTRN);

(vi) pre-hospital trauma life support (PHTLS);

(vii) critical care emergency medical technician paramedic (CCEMTP); or

(viii) flight paramedic-certification (FP-C). (Authorized by and implementing K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81; effective Jan. 31, 1997; amended Jan. 27, 2012.)

 Executive Director

Doc. No. 040137

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended and revoked administrative regulations and the volume and page number of the *Kansas Register* issue in which more information can be found. Temporary regulations are designated with a (T) in the Action column. This cumulative index supplements the 2009 Volumes of the *Kansas Administrative Regulations* and the 2010 Supplement of the *Kansas Administrative Regulations*.
