Wildlife, Parks and Tourism Commission Notice of Meeting

A public meeting will be conducted by the Wildlife, Parks and Tourism Commission at 1:30 p.m. Thursday, August 1, at the Woodson County Community Building, 713 S. Fry, Yates Center, to consider the business and future regulatory action of the Kansas Department of Wildlife, Parks and Tourism.

A general discussion and workshop meeting on business of the Wildlife, Parks and Tourism Commission will begin at 1:30 p.m. August 1 at the location listed above. The meeting will recess at 5:30 p.m., then resume at 7 p.m. at the same location for an additional workshop on commission and department business and the setting of waterfowl seasons. There will be public comment periods at the beginning of the afternoon and evening meetings for any issues not on the agenda, and additional comment periods will be available during the meeting on agenda items. Old and new business also may be discussed at this time. If necessary to complete business matters, the commission will reconvene at 9 a.m. August 2 at the same location.

Any individual with a disability may request accommodation in order to participate in the public meeting and may request the meeting materials in an accessible format. Requests for accommodation should be made at least five working days in advance of the meeting by contacting Sheila Kemmis, commission secretary, at 620-672-5911. Persons with a hearing impairment may call the Kansas Commission for the Deaf and Hard of Hearing at 800-432-0698 to request special accommodations.

This notice period prior to the meeting constitutes a public comment period for the purpose of receiving written public comments on any workshop or future regulatory action by the commission. All interested parties may submit written comments prior to the meeting to the chairman of the commission, Kansas Department of Wildlife, Parks and Tourism, 1020 S. Kansas Ave., Suite 200, Topeka, 66612, or to sheila.kemmis@ksoutdoors.com if electronically. All interested parties will be given a reasonable opportunity at the hearing to express their views orally or in writing with regard to future regulatory action or workshop items.

Department of Transportation

Notice to Contractors

Electronic copies of the letting proposals and plans are available on the KDOT website at http://www.ksdot.org/ burconsmain/contracts/proposal.asp. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid not later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject a bid. The secretary of transportation reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2007 edition of the Kansas Department of Transportation Standard Specifications for State Road and Bridge Construction.

KDOT will only accept electronic internet proposals online using the Bid Express website at http://www.bidx.com until 1 p.m. local time on June 19. KDOT will open and read these proposals at the Eisenhower State Office Building, 700 S.W. Harrison, Topeka, at 1:30 p.m. local time on June 19. An audio broadcast of the bid letting is available at http://www.ksdot.org/burconsmain/audio.asp.

Each bidder shall certify that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make

the bid nonresponsive and not eligible for award consideration.

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation is seeking qualified consulting firms prequalified in Category 324 — Bridge Deck Evaluations, or Category 333 — Geotechnical Specialist for Engineering Services, as described below. A PDF (1Mb maximum size) of the interest response must be emailed to David J. Nagy, P.E., assistant to the director of design/contracts engineer, at DavidN@ ksdot.org. Interest and experience responses are limited to four pages, and the subject line of the reply email and the PDF file name must read "435-106 KA-3315-01—Firm Name." The letter of interest is required and must be received by noon June 6, 2013, for the consulting firm to be considered. Categories may be viewed at www.ksdot. org/divengdes/prequal.

Project No. 435-106 KA-3315-01 Johnson and Wyandotte Counties

The Kansas Department of Transportation is seeking qualified firms to provide nondestructive inspection of all bridge decks on I-435. The corridor is approximately 28.5 miles long (State Line Road on the south end to the Missouri River on the north end). There are 64 bridges on this corridor with a deck area of approximately 1.47 million square feet. The ADT for these bridges is approximately 39,000 vehicles per day. A map of the bridges to be surveyed can be found in the following link:

 $\label{lem:https://www.google.com/fusiontables/embedviz?} $$ viz=MAP&q=select+col34+from+1IsHmbInbGc 6kdX3EuCv6P6KuWJOEzb4nYLXkT3U&h=false &lat=39.057627742589084&lng=-94.68852116829 112&z=11&t=1&l=col34&y=2&tmplt=2 $$$ $$ https://www.google.com/fusiontables/embedviz? $$ viz=MAP&q=select+col34+from+1IsHmbInbGc 6kdX3EuCv6P6KuWJOEzb4nYLXkT3U&h=false 8lat=39.057627742589084&lng=-94.68852116829 112&z=11&t=1&l=col34&y=2&tmplt=2 $$$ https://www.google.com/fusiontables/embedviz? $$ viz=MAP&q=select+col34+from+1IsHmbInbGc 6kdX3EuCv6P6KuWJOEzb4nYLXkT3U&h=false 8lat=39.057627742589084&lng=-94.68852116829 112&z=11&t=1&l=col34&y=2&tmplt=2 $$$

The selected firms will provide at minimum a deterioration map for every bridge deck surveyed along with a summary of percent deterioration for each bridge in electronic format. The primary deterioration to be reported will be delamination's and spalled area of the bridge deck. Consideration will be given to firms that can report additional data (i.e. crack maps, crack density, depth to rebar, chloride concentration, etc.). All work is to be done with minimal traffic control and no lane closures and during nonpeak traffic hours. Any traffic control shall meet the minimum KDOT requirements for this type of work and shall be provided by the selected firm.

The project is scheduled to be completed in three months.

The Consultant Shortlist Committee will select three to five of the most highly qualified firms expressing interest and schedule an individual interview for the project. The consulting firms can more thoroughly discuss their experience related to the project at the interview and will be expected to discuss their approach to this project in detail and the personnel to be assigned to this project.

The Consultant Selection Committee, appointed by the secretary of transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select several firms to perform

the professional services required for completing the advertised project.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

- 1. Size and professional qualifications.
- 2. Experience of staff.
- 3. Location of firm with respect to project(s).
- 4. Work load of firm.
- 5. Firm's performance record.

The firm's accounting systems must have the following capabilities before the firm may be awarded a contract:

- Valid, reliable and current costs must be available within the system to support cost and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records that will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

Public Notice No. KS-Q-13-103

The requirements of the draft permits public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28 (b-g), and Federal Surface Water Criteria:

Kansas Permit No. I-AR94-PO21 Federal Permit No. KS0000850 Legal Description: NW¼, S33, T26S, R01E, Sedgwick County, KS

The proposed action consists of reissuance of an existing permit for an existing wastewater treatment facility. This facility manufactures furnaces and air conditioners for residential and manufactured housing markets. Once-through noncontact cooling water from the city water supply is used for cooling compressors, welders and other equipment. Once-through cooling water is discharged to a concrete ditch (Outfall 003A1) located on the east side of the facility. In addition, the facility has undertaken a groundwater remediation project. The facility extracts and treats contaminated groundwater from three recovery wells, which is treated with an air stripper. Air stripper influent is treated with a chemical additive (chelating agent), which inhibits the accumulation of mineral deposits within the air stripper units and associated piping. A portion of the extracted groundwater is utilized as noncontact cooling water for test cells in the A/C and heat labs of the Administration/Marketing/Engineering (AME) building. Spent cooling water from the AME building is treated in an air stripper prior to discharge. Total daily discharge from this facility is about 1.082 million gallons. Approximately, 4,000 gallons per day (gpd) of treated groundwater effluent is used for seasonal lawn irrigation. Domestic waste is discharged to the sanitary sewer system. The proposed permit contains limits for trichloroethylene and pH, as well as monitoring of total recoverable copper, total phosphorus, chlorides, volatile organic compounds and flow.

Public Notice No. KS-PT-13-009/010

The requirements of the draft permits public noticed below are pursuant to the Kansas Administrative Regulations 26-16-82 through 28-16-98, and U.S. Environmental Protection Agency Pretreatment Regulation 40 CFR 403:

The proposed action consists of reissuing the existing permit. This facility manufactures hydraulic control valves, cylinders, pumps and motors. Steel parts are phosphated using a three-stage conversion coating operation to prepare the steel parts for paint. The regulated wastes from this process are normally directed to an on-site evaporator system (designated as Outfall 001) and are not discharged to the city sanitary sewer. This facility also has a wash station for the aluminum impregnator and a valve wash station that cleans grey

iron and ductile castings. These operations normally do not discharge to the city sewer but are designated as Outfall 002 if they are discharged. The proposed permit contains limits for total toxic organics, cadmium, chromium, copper, lead, nickel, silver, zinc, total cyanide and pH, as well as monitoring of flow.

The proposed action consists of reissuing the existing permit. This facility uses biologicals to produce animal vaccines and has a primary Standard Industrial Classification (SIC) code of 2836. Process wastewater from the manufacture of pharmaceutical products is discharged from the Production Building. These wastes are neutralized before being discharged to the city sanitary sewer. Approximately 30,000 gallons of regulated process wastes can be discharged during a given day. The proposed permit contains limits for Acetone, n-Amyl acetate, ethyl acetate, methylene chloride, cyanide and pH, as well as monitoring of flow.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before June 29 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-13-129/136, KS-Q-13-103, KS-PT-13-009/010) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the secretary of health and environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at http://www.kdheks.gov/feedlots. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

Department of Health and Environment

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. The Kansas Municipal Energy Agency (KMEA), 6300 W. 95th St., Overland Park, 66212, has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to construct and operate a new peaking electrical generation site named the Jameson Energy Center (JEC), located at 325 S. Jennie Barker Road, Garden City, 67846.

Emissions of oxides of nitrogen (NOx), sulfur dioxide (SO₂), carbon monoxide (CO), volatile organic compounds (VOCs), particulate matter (PM), PM with a diameter less than 10 microns (PM₁₀), hazardous air pollutants (HAPs) and carbon dioxide equivalent (CO₂e) were evaluated during the permit review process.

A public comment period has been established until noon July 1 to allow citizens the opportunity to express any concerns they may have about this proposed permitting action. All comments should be submitted in writing to Ann Spitz, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. Written comments also may be presented at the public hearing, which is tentatively scheduled for July 8 unless the public hearing is cancelled.

Any member of the public may request that a public hearing be conducted to receive comments on the proposed issuance of the draft air quality construction permit. A written request to hold a public hearing should be sent to the attention of Ann Spitz at the address above or by fax to 785-291-3953 and must be received by noon July 1.

If a pertinent request is received, a public hearing is tentatively scheduled by KDHE at 5 p.m. July 8 at the Garden City Community College (Joyce Fine Arts Building), 801 Campus Drive, Garden City. The hearing will continue until audience members have an opportunity to submit comments. If no pertinent requests to hold the public hearing are received by noon July 1, the public hearing will be cancelled. A notice of the cancellation will be posted at the KDHE website at http://www.kdheks.gov/bar/publicnotice.html.

If a hearing is conducted, all interested parties will be given a reasonable opportunity to present their views orally or by submission of written materials during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit oral presentations to a specific time limit.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed materials in an accessible format. Requests for accommodation must be made not later than June 28 by contacting Ann Spitz at 785-368-6683.

Copies of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process are available for public review for a period of 30 days from the date of publication during normal business hours, 8 a.m. to 5 p.m., at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka. A copy of the proposed permit and all supporting documents also can be reviewed at the KDHE Southwest District Office, 302 W. McArtor Road, Dodge City. To obtain or review the proposed permit and supporting documentation, contact Ann Spitz, 785-368-6683, at the KDHE central office, or Ethel Evans, 620-356-0596, at the KDHE Southwest District Office. The standard departmental cost will be assessed for any copies requested.

These same materials are available, free of charge, at the KDHE Bureau of Air website at http://www.kdheks.gov/bar/index.html.

South Central Kansas Economic Development District

Request for Bids

The South Central Kansas Economic Development District (SCKEDD) in Wichita administers the federally funded Kansas Weatherization Assistance Program in a 13-county region in south central Kansas. SCKEDD is in the process of identifying all potential vendors and contractors for the upcoming 2013 Program Year.

Vendors are needed who supply the following materials: cellulose, mechanical fan kits that meet ASHRAE 62.2 requirements for weatherization, HVAC equipment and general construction materials.

A contractor is needed that is a licensed electrician capable of adding dedicated electrical circuits for furnaces and installing mechanical ventilation systems per ASH-RAE 62.2 standards. Fan kits will be provided by SCKEDD.

SCKEDD also is seeking one contractor that can perform weatherization work in the following counties with SCKEDD's estimated number of units in parenthesis: Barber (2), Chautauqua (1), Cowley (13), Elk (1), Harper (2), Kingman (3), McPherson (10), Pratt (3), Reno (23), Rice (3), Sedgwick (175), Stafford (1) and Sumner (8). Because SCKEDD employs weatherization crews, only the work that can't be performed in-house will be contracted out. Weatherization work includes performing air sealing, repairing broken windows, adding weather-strips to exterior doors, installing plastic vapor barriers in crawl spaces, insulating foundation walls and floors using fiberglass batting material, installing dense pack blown cellulose insulation in exterior walls, installing roof vents and insulating attics with blown cellulose. Mobile home weatherization work includes repairing duct work systems and installing blown fiberglass insulation into bellies, walls and roof cavities. Work will be performed on single-family dwellings and mobile homes. All weatherization contractors will be responsible for complying with the EPA's Renovation Repair and Painting (RRP) regulations as enforced by KDHE in Kansas. KDHE and Kansas weatherization requires all licensed firms to employ only certified renovators to perform weatherization work.

Contractor requirements include, but are not limited to:

- OSHA 10/30 certification
- Capability to be licensed in all municipalities served by SCKEDD weatherization
- RRP renovation firms licensed with KDHE
- All workers licensed as RRP renovators with KDHE
- All workers have completed LSWP training provided by the U.S. Department of Energy

Contracts will be offered until March 31, 2014, with an option to extend the contract for up to three additional one-year periods at the discretion of SCKEDD and the approval of the Kansas Housing Resources Corporation.

A mandatory bidder's conference will take place to answer all questions regarding the distributed bid packets. If you are unable to attend in person, teleconference ca-

pabilities will be provided. The bid sheets provided will require contractors and vendors to provide line-item prices by county for all items listed above. If you wish to receive a bid packet and be notified when the bidder's conference will take place, please contact the SCKEDD Weatherization Program not later than noon June 13 at SCKEDD, 3737 N. Hillside, Wichita, 316-425-8844. SCKEDD encourages minority, women-owned, and small business vendors and contractors to apply. EOE/Equal Opportunity is the law.

K.A.R. 128-5-3. Approval of nationally recognized amateur sanctioning organizations. This regulation provides the criteria that a nationally recognized amateur sanctioning organization must meet in order to receive approval from the Kansas Athletic Commission.

K.A.R. 128-6-1. Professional boxing. This regulation provides the rules associated with a professional boxing match in Kansas.

K.A.R. 128-6-6. Grappling. This regulation adopts the industry accepted rules for grappling matches in Kansas.

K.A.R. 128-6-7. Pankration. This regulation adopts the industry accepted rules for pankration matches in Kansas.

I. Federal requirements. The Kansas Athletic Commission does provide federal identification cards. Other than the identification cards, there are no federal requirements implicated by these regulations.

II. Anticipated economic impact on Kansas Department of Commerce. It is estimated that the Kansas Athletic Commission will provide more than 500 licenses in FY 2013. The program is currently being administered by the boxing commissioner and 25 staff members. The department does not anticipate the need to hire additional employees or incur any other additional expenses over the previous year.

III. Anticipated financial impact upon other governmental entities and upon private businesses or individuals. Except for the cost of an individual license, there should be no economic impact on individuals. Additionally, there are no increased expenses or economic ramifications anticipated by the enactment of these regulations.

IV. Anticipated economic impact upon other entities or persons. There would be no negative impact on other entities or persons. There would be a positive impact on state and local tax revenues and by broadening the business climate in the regulated sports industry in Kansas.

V. Less costly or intrusive methods that were considered, but rejected, and the reason for rejection. The Kansas Department of Commerce did not consider any alternatives.

State Corporation Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, August 15, at the office of the State Corporation Commission, 130 S. Market, Room 2078, Wichita, to consider the adoption of proposed permanent regulations. The new regulations address hydraulic fracture treatment chemical disclosure.

This 60-day notice of the public hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Ryan A. Hoffman, litigation counsel, State Corporation Commission, 130 S. Market, Room 2078, Wichita, 67202, or by email to oilandgas regcomments@kcc.ks.gov. In addition, interested parties will be given a reasonable opportunity to present their views regarding the adoption of the proposed regulations during the public hearing.

Any individual with a disability may request accommodation to participate in the public hearing and may request the proposed regulations and economic impact statement be provided in an accessible format. Requests for accommodation should be made at least 10 days in advance of the hearing by contacting Ryan A. Hoffman at 316-337-6200.

Copies of the proposed regulations and economic impact statement may be obtained from the commission's office at the address above or from the commission's website at http://kcc.ks.gov. Internet access will not result in a fee. Provision of a physical copy of the regulations may result in the costs being assessed to the requesting party.

Summaries of the proposed regulations and economic impact statement follow:

K.A.R. 82-3-1400. Hydraulic fracturing treatment; definitions. The proposed regulation defines terms used in K.A.R. 82-3-1400 through K.A.R. 82-3-1402.

K.A.R. 82-3-1401. Hydraulic fracturing treatment; chemical disclosure. The proposed regulation identifies the hydraulic fracturing treatments requiring disclosure and establishes a method to report the necessary information to the commission. This regulation also provides a provision by which trade secrets are protected and an alternate disclosure method using www.fracfocus.org.

K.A.R. 82-3-1402. Hydraulic fracturing treatment; disclosure of trade secrets. The proposed regulation establishes the procedure by which the Conservation Division director could obtain information requested to be kept as a trade secret to respond to emergency situations and who the trade secrets could be disclosed to for emergency response. The proposed regulation also provides a mechanism for health professionals to access information claimed to be trade secret in order to treat a specific individual. Further, this proposed regulation provides the framework by which the trade secrets are to be kept confidential after the limited disclosure instances described in it.

Economic Impact Statement:

The proposed regulations will have minimal impact on the agency and industry. The agency will be required to update and amend both the paper and electronic completion forms; however, the forms were already subject to revision so these changes will be able to be rolled into the existing process to reduce costs. Based on the volumetric limitations created by the regulation, very few members of the industry will be required to change their current business practices. Most of the operators required to disclose the hydraulic fracture chemical treatment information under the proposed regulation already voluntarily disclose the information on the website www. fracfocus.org for chemical disclosure. There will be a small contingent of operators who do not currently report this information anywhere that will be subject to changing their business practices to accommodate the requirements of these new regulations.

Board of Cosmetology

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Wednesday, July 31, in the Kansas Board of Cosmetology's conference room, 714 S.W. Jackson, Suite 100, Topeka, to consider the adoption of proposed rules and regulations of the Board of Cosmetology on a permanent basis.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Board of Cosmetology, 714 S.W. Jackson, Suite 100, Topeka, 66603, or by email to kboc@kboc.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting the Board of Cosmetology at 785-296-3155. The east entrance, "Jayhawk Walk," of the building is accessible. Handicapped parking is located directly outside the east entrance to the building and on the southwest corner of 8th and Jackson.

Summaries of the proposed regulations and their economic impact follow. (Note: Statements indicating that a regulation is "not anticipated to have any economic impact" are intended to indicate that no economic impact on the Board of Cosmetology, other state agencies, state

(continued

employees, businesses or the general public has been identified.)

Copies of the full text of the proposed regulations and the economic impact statements may be obtained at the address above or by contacting kboc@kboc.ks.gov. The proposed regulations and economic impact statements are also available on the Board of Cosmetology's website at www.kansas.gov/kboc.

K.A.R. 69-3-27. Disenrolled students. Amendments to this regulation adjust the date on which records of disenrolled students must be submitted to the board office. Also, amendments to this regulation add the requirement that the school include in the record the total number of hours earned by the student up to the date of the student's termination from the program. The date adjustment will allow office staff more time to focus on month-beginning and month-end projects that require additional resources. Students who leave school and later return to the same or a different school will benefit from the record of student hours being on file with the board office. Schools that fail to comply with the regulation may suffer an economic impact in the form of a fine. No additional economic impact is anticipated.

K.A.R. 69-3-29. Monthly reporting of student hours. This new regulation requires schools to submit monthly a record of the total hours earned by each student. This regulation is necessary to protect students in the event that a school closes, changes management or ownership, or fails to retain documentation of training. The economic impact on the board would be minimal because submission of the records would be done electronically. The economic impact on schools would be minimal because they are already required to maintain student records with this information. The cost of submitting a monthly report electronically would be minimal. No other economic impact is anticipated.

K.A.R. 69-11-1. Fees. Amendments to this regulation create a fee for processing the instructor in training permit. Also, the amendments reduce the delinquent instructor fee and the delinquent school license fee and remove the fee for a copy of the statutes and regulations book. The board anticipates an increase in revenue by approximately \$1,000 per year from the instructor in training permits. The reduction in revenue due to decreased delinquent fees and the removal of the fee for the statutes and regulations book would be negligible. The addition of a fee for the instructor in training permit would increase the cost of becoming an instructor by \$15. Reducing the delinquent fees would result in a savings for instructors or schools that renew late. Removing the fee for the statutes and regulations book would result in a statewide savings to consumers of about \$700. No other economic impact is anticipated.

K.A.R. 69-11-2. Expiration dates for practitioner licenses. Amendments to this regulation align the regulation with the current policy and activities of the board regarding the issuance and expiration of practitioner licenses. The amendments also create greater uniformity among the board's governed professions. This change is not anticipated to have any economic impact.

K.A.R. 69-12-5. Fees. Amendments to this regulation reduce the annual tanning facility license renewal fee and

the delinquent renewal fee to provide greater uniformity among the board's governed professions. The board anticipates a decrease in revenue of approximately \$13,700 annually from tanning facility license renewals and by a negligible amount from delinquent renewal fees. The reduction in fees would save tanning facility licensees \$25 annually for timely renewal and \$50 for late renewals. No other economic impact is anticipated.

K.A.R. 69-15-1. Definitions. Amendments to this regulation remove superfluous terms that no longer appear in the text of the board's rules and regulations. Additionally, the amendments add new definitions required by amendments to other regulations and change the definition of infectious or communicable diseases to be in line with the Americans with Disabilities Act. This change is not anticipated to have any economic impact.

K.A.R. 69-15-2. Approved course of study. This regulation is amended to specify the exact number of hours of study required in each subject area to provide greater clarity to practitioners and apprentices. Amendments to the advanced body piercing training program allow for curricula to be adapted with the evolution of the profession. The board anticipates a positive impact on businesses, consumers and licensees by allowing trainers and apprentices to independently determine what procedures should be performed in completing an advanced body piercing training program. No other economic impact is anticipated.

K.A.R. 69-15-3. Cosmetic tattoo artist trainer, tattoo artist trainer, and body piercing trainer. This regulation is amended to include submission of a nonrefundable trainer license fee with the application for trainer licensure. The amendments also clarify the requirements to become an advanced body piercing trainer. The board anticipates an increase in revenue from the trainer license fees that will provide relief for board staff, as applications for trainer licenses take a considerable amount of time to process. The economic impact on applicants for trainer licenses would be minimal as the board anticipates setting the fee at \$15. No other economic impact is anticipated.

K.A.R. 69-15-4. Out-of-state equivalent course of **study.** This regulation is being amended to align the regulation with the current policy and activity of the board. The amendments remove the unreasonable requirement that out-of-state applicants study Kansas law as part of a training program in another state. The board anticipates increased revenues as a result of increased interest in Kansas licensure from out-of-state body art professionals. Removing the artificial barrier to licensure should alleviate the financial burden on applicants who have been previously denied licensure in Kansas or required to obtain additional training to meet the Kansas law study requirement. Additionally, this amendment may encourage tourism and travel in Kansas related to body art trade shows because the artificial barrier to licensure for outof-state applicants will be eliminated. No other economic impact is anticipated.

K.A.R. 69-15-5. Application for licensure by examination. This regulation is being amended to adjust language and terminology to align with the current board policies and practices, as well as related regulations.

Amendments also provide clarity by defining what is meant by "equivalent education." An additional section is added to this regulation to require additional infection control training for applicants who complete their training more than one year prior to application. The board anticipates an economic impact on applicants who completed training more than one year prior to application in the form of increased costs associated with the additional infection control training. No other economic impact is anticipated.

K.A.R. 69-15-7. Examination for cosmetic tattoo artists, tattoo artists, or body piercers. This regulation is being amended to separate the written examination into two distinct sections and to require a minimum passing score of 75 percent on the Kansas statutes and regulations section. The board anticipates a negligible increase in examination fee revenue due to applicants who are required to re-take the written examination due to a failure of the Kansas law portion. The board anticipates an economic impact on applicants in the form of increased costs associated with re-take examination fees and any economic loss associated with travel and time off work. Individuals who have adequately studied the Kansas statutes and regulations would not be subjected to this expense. No other economic impact is anticipated.

K.A.R. 69-15-12. Continuing education for license renewal. Language is being amended to clarify that five hours of continuing education for body art licensees are required for license renewal according to the specifications currently outlined in the regulation. This is a change from the previous requirement of 15 hours every three years. The amendments also remove the option for self-study to align the regulation with the current board policy. Additionally, a procedure for gaining approval of a not previously approved continuing education program is established. Any economic impact on licensees would be the result of previous failure to properly understand and comply with current continuing education requirements. No other economic impact is anticipated.

K.A.R. 69-15-13. Reporting continuing education. Amendments to this regulation coincide with the language clarifications in K.A.R. 69-15-12. This change is not anticipated to have any economic impact.

K.A.R. 69-15-14. Cosmetic tattoo, tattoo, and body piercing establishment licensing and renewal. This regulation is being amended to provide physical requirements for mobile body art facilities. Additionally, the regulation is amended to allow a grace period in which body art establishment licensees may renew their expired license without having to close and reopen the establishment. The amendment also removes the restrictions on where body artists may practice. This restriction is added to K.A.R. 69-15-15 for better organization. The board anticipates an increase in revenue from late renewals of body art establishments. The board will also save resources associated with reopening body art establishments that have failed to timely renew. The board anticipates an economic impact on body art establishment licensees that do not timely renew in the form of late fees. However, this fee would be offset because the establishment would not be required to close and then reopen,

causing a loss of income. No other economic impact is anticipated.

K.A.R. 69-15-15. Cosmetic tattoo artist, tattoo artist, and body piercer practice standards; restrictions. Language is being added to clarify the length of time licensees are required to maintain client records: five years. Additionally, the restrictions on where body artists may practice, previously listed in K.A.R. 69-15-14, are added to this regulation for better organization. Since these changes clarify current policy, they are not anticipated to have any economic impact.

K.A.R. 69-15-16. Establishment standards. Amendments to this regulation require body art establishments to maintain individual client records for a minimum of five years for all licensees providing services at that establishment. This requirement is in addition to the client record documentation maintained by the licensee. There may be an economic impact on establishments in terms of documentation and storage for this requirement. All other amendments to this regulation are language changes or clarifications and do not make any substantive changes and are not anticipated to have any economic impact.

K.A.R. 69-15-17. Required equipment. This regulation is amended to align the regulation with the current practices and activities of the body art profession. This change is not anticipated to have any economic impact.

K.A.R. 69-15-30. Fees. This regulation is amended to more appropriately assess fees for training, examination and application for initial licensure. Examination expenses have increased but the amendment offsets this increase by decreasing the initial application fee. Additionally, the amendment reduces practitioner license renewal fees and delinquent renewal fees as well as establishment license fees, renewal fees and delinquent fees to provide greater uniformity among the board's governed professions. The regulation is also amended to include a fee for apprentice licensure and trainer licensure as well as for mobile facility licenses. The board anticipates an increase in revenue from the new fees established as well as a decrease in revenue from the reduction in fees for practitioner license renewals and establishment license renewals. Reduction of delinquent fees will have a minimal impact on the board. The reduction of practitioner renewal fees and establishment renewal fees will have a positive economic impact on licensees. The redistribution of fees throughout the training and initial application process will have a negligible impact on licensees. The high fees for mobile facility licenses will be offset by the new source of income generated for the licensees. No other economic impact is anticipated.

K.A.R. 69-15-31. Basic body piercing; limitations. This new regulation limits the types of piercings that can be performed by licensees who have not completed the advanced training program for body piercing. The regulation also includes a grandfather clause to allow current licensees to continue to practice as previously allowed. The board anticipates additional resources to be utilized in investigating claims, conducting inspections and taking disciplinary action as well as increased revenues due to fines from disciplinary action. Ten percent of revenues

(continued,

generated from disciplinary action will benefit the state general fund. Additionally, the attorney general's office may be utilized by the board resulting in costs being awarded to that office. The board does not anticipate any economic impact on private businesses, individuals or consumers, but there will be a financial impact on violators of the regulation in the amount of the disciplinary fine adopted by the board. There may be a slight economic impact on licensees who decide to complete the advanced training program. No other economic impact is anticipated.
