Notice to Contractors

Electronic copies of the letting proposals and plans are available on the KDOT website at <http://www.ksdot.org/burconsmain/contracts/proposal.asp>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid not later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject a bid. The secretary of transportation reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2007 edition of the Kansas Department of Transportation Standard Specifications for State Road and Bridge Construction.

KDOT will only accept electronic Internet proposals online using the Bid Express website at <http://www.bidx.com> until 1 p.m. local time on July 17. Each bidder shall certify that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

Upon receipt of such certified amount, the secretary shall compute the excess percentage increase in selected actual state general fund receipts above 2%. Based on such excess percentage of calculated receipt growth, the secretary shall compute the income tax rate reductions to go into effect for the next tax year that would reduce by such certified amount the tax rates during the fiscal year after the next fiscal year according to the provisions of this section, as follows: (A) Rate reductions for individual income tax rates shall be applied to reduce the highest marginal income tax rate applicable to the current tax year, by such excess percentage minus 0.5%, and the lowest marginal income tax rate applicable to the current tax year by such excess percentage plus 0.5%, except that in no case shall such excess percentage plus 0.5% result in an income tax rate increase. In any such computation by the secretary pursuant to this subsection: (i) The resulting income tax rate shall be rounded down to the nearest 0.1%; and (ii) in any case in which the income tax rate for any individual marginal income tax rate is below 0.4%, such rate shall be 0%. In any such computation by the secretary pursuant to this subsection in which the surtax is below 0.4%, such surtax rate shall be 0%. Based on such determination, the secretary shall reduce the surtax on corporations prescribed by K.S.A. 79-32,110, and amendments thereto, as required by this section; and

(C) upon the surtax on corporations being reduced to a rate which when combined with the normal tax rate on corporations is equal to or below the combined surtax and normal tax imposed on national banking associations and state banks or is equal to or below the combined surtax and normal tax imposed on trust companies and savings and loan associations, rate reductions shall be proportionately applied for the tax on corporations, the tax on national banking associations and state banks, and the tax on trust companies and savings and loan associations. Such rate reductions shall be first applied to the surtax until reduced to 0% and then applied to the normal tax for each such tax. In any such computation by the secretary pursuant to this subsection in which any such tax is below 0.4%, such tax rate shall be 0%. Based on such determination, the secretary shall reduce the surtax and the normal tax on corporations prescribed by K.S.A. 79-32,110, and amendments thereto, the surtax and normal tax on national banking associations and state banks prescribed by K.S.A. 79-1107, and amendments thereto, and the surtax and normal tax on trust companies and savings and loan associations prescribed by K.S.A. 79-1108, and amendments thereto, as required by this section.

(2) In any fiscal year in which the amount of selected actual state general fund receipts for such fiscal year are 102% or less than the selected actual state general fund receipts from the immediately preceding fiscal year, the director of legislative research shall certify such amount and fact to the secretary of revenue and the director of the budget. (a) "Barrel" for oil measurement means a barrel of 42 U.S. gallons of 231 cubic inches per gallon, computed at a temperature of 60 degrees Fahrenheit.

(b) "Director" means the director of taxation.

(c) "Gas" means natural gas, and all other raw, unrefined gas or gases, all constituent parts of any such gas or gases and refined products derived from any such gas or gases, including, but not limited to, methane, ethane, propane, butane and helium, taken from below the surface of the earth or water in this state, regardless of whether from a gas well or from a well also productive of oil or any other product.

(d) "Gross value" means the sale price of oil or gas at the time of removal of the oil or gas from the lease or production unit and if oil or gas is exchanged for something other than cash, or if no sale occurs at the time of removal or if the director determines that the relationship between the buyer and the seller is such that the consideration paid, if any, is not indicative of the true value or market price, then the director shall determine the value of the oil or gas subject to tax based on the cash price paid to one or more producers for the oil or gas or based on the cash price paid to producers for like quality oil or gas in the vicinity of the lease or production unit at the time of the removal of the oil or gas from the lease or production unit.

(e) "Lease number" means the number assigned by the director of taxation to identify each well, lease or combination of wells within a lease.

(f) "Oil" means petroleum, or other crude oil, condensate, casing-head gasoline, or other mineral oil which is severed or withdrawn from below the surface of the soil or water in this state.

(i) "Producer" means any person owning, controlling, managing or leasing any coal, oil or gas property or oil or gas well or coal or salt mine, and any person who serves in any manner any coal, oil or gas in this state, and shall include any person owning any direct and beneficial interest in any coal, oil or gas produced, whether severed by such person or some other person on their behalf, either by lease, contract or otherwise, including a royalty owner.

(j) "Remove" or "removal" means the physical transportation of coal, oil or gas off of the lease or production unit or from the mine where severed; and if the manufacture or conversion of crude oil or natural gas into refined products occurs on the premises where severed, oil or gas shall be deemed to have been removed on the date such manufacture or conversion begins.

(k) "Secretary" means the secretary of revenue.

(l) "Severed" or "severing" means: (1) The production of oil through extraction or withdrawal of the same from below the surface of the soil or water, whether such extraction or withdrawal shall be by natural flow, mechanical flow, forced flow, pumping or any other means employed to get the oil from below the surface of the soil or water and shall include the withdrawal by any means whatsoever of oil upon which the tax has not been paid, from any surface reservoir, natural or artificial, or from a water surface; (2) the production of gas through the extraction or withdrawal of the same by any means whatsoever, from below the surface of the earth or water; and (3) the physical removal of coal from the earth.

(m) "Taxpayer" means any person liable for the taxes imposed by this act.

(n) "Disruption of production" means, in the case of oil, a continuous 24-hour period during which a well is not producing. Circulating and missed production days shall be considered production days if the operator can demonstrate that any lost production is subsequently recovered during a later production day. In the case of gas, a continuous one-hour period during which a well is not open to the pipeline shall be deemed to be a disruption of production. Missed production hours shall be considered production hours if the operator can demonstrate that any lost production is subsequently recovered during later production hours.

Every purchaser of coal, oil or gas severed in this state who is required to collect and remit the tax on the same shall make and keep a complete and accurate record in the form required by the director showing the gross quantity of coal, oil or gas purchased from each lease, production unit or mine, the price paid therefor, the name of the operator and the date of purchase. Such records shall at all times during business hours of the day be available for and subject to inspection by the director, or the director's duly authorized agents and employees, for a period of three years from the last day of the calendar year to which the records pertain. Such records shall be preserved during the entire period during which they are subject to inspection by the director, unless the director in writing previously authorized their disposal.

(b) The amount of taxes imposed by this act is to be assessed within three years after the return is filed. In the case of a false or fraudulent return with intent to evade tax, the tax may be assessed or a proceeding in court for collection of such tax may be begun at any time, within two years from the discovery of such fraud. The provisions of K.S.A. 79-3226, and amendments thereto, relating to procedures for contesting a proposed assessment of additional tax or the denial of a refund shall apply as if set forth in this section. No refund shall be allowed by the director after three years from the date the return was filed, or one year after the assessment is made, whichever is the later date unless before the expiration of such period a claim therefor is filed by the taxpayer. No suit or action to recover on any claim for refund shall be commenced

(continued)

The periods so agreed upon may be extended by subsequent agreements in writing made before the expiration of the periods previously agreed upon. In consideration of such agreement or agreements, interest due in excess of 48 months on any additional tax shall be waived.

(d) *No refund of mineral severance tax shall be allowed by the director or by any court of this state based on any administrative or judicial claim, petition, pleading, cause of action or request for relief that has been or may be filed on or after July 1, 1983, alleging that any constituent part of gas and any refined products derived from any such gas are not taxable pursuant to the provisions of K.S.A. 79-4216 et seq., and amendments thereto.*

If the unobligated balance of the fund exceeds \$1.1 million at the time of a quarterly transfer, the transfer shall be limited to the amount necessary for the fund to reach a total of \$1.5 million.

(b) There is hereby created in the state treasury the Kansas retail dealer incentive fund. All moneys in the Kansas retail dealer incentive fund shall be expended by the secretary of the department of revenue for the payment of incentives to Kansas retail dealers who sell and dispense renewable fuels or biodiesel through a motor fuel pump in accordance with the provisions of K.S.A. 2012 Supp. 79-34,170 through 79-34,175, and amendments thereto.

(c) All moneys remaining in the Kansas retail dealer incentive fund upon the expiration of K.S.A. 2012 Supp. 79-34,170 through 79-34,175, and amendments thereto, shall be credited by the state treasurer to the state general fund.

Sec. 279. K.S.A. 2012 Supp. 79-4227 is hereby amended to read as follows: 79-4227. (a) All revenue collected or received by the director from the tax imposed by this act shall be remitted to the state treasurer

in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury. The state treasurer shall first credit such amount as the director shall order to the mineral production tax refund fund created under subsection (b) of this section. Except as otherwise provided by this section, the state treasurer shall credit the remainder of such amounts as follows: (1) Seven percent to the special county mineral production tax fund created under subsection (c) of this section; and (2) the remainder shall be credited to the state general fund. On and after July 1, 2012, and thereafter, except as otherwise provided by this section, the state treasurer shall credit the remainder of such amounts for oil and gas for any county which had \$100,000 or more in receipts of the excise tax upon the severance and production of oil and gas as follows: (1) Seven percent to the special county mineral production tax fund created under subsection (c); (2) 12.41% to the oil and gas valuation depletion trust fund; and (3) the remainder shall be credited to the state general fund. ~~During fiscal year 2013, the state treasurer shall credit the remainder of such amounts as follows: (1) As otherwise provided in this section; and (2) on the 15th day of each month, the state treasurer shall determine the amount of revenue collected or received by the director from the tax imposed by this act during the preceding month which exceeds the consensus revenue estimate for such preceding month. If such amount of revenue collected or received for such preceding month is greater than the estimated amount of revenue for such preceding month, then the state treasurer shall credit 14.63% of the difference between the actual amount collected or received and the estimated amount of revenue to the incentive for technical education fund, and 85.37% of the difference between the actual amount collected or received and the estimated amount of revenue to the tuition for technical education fund. During fiscal year 2013, the amount credited to the incentive for technical education fund shall not exceed \$1,500,000, and the amount credited to the tuition for technical education fund shall not exceed \$8,750,000. The incentive for technical education fund and the tuition for technical education fund are hereby created in the state treasury. Any revenue collected or received from the tax imposed by this act during fiscal year 2013 shall be credited as provided in this section as in existence on the effective date of this act. On and after July 1, 2013, through June 30, 2014, the state treasurer shall credit the remainder of such amounts for oil and gas for any county which had \$100,000 or more in receipts of the excise tax upon the severance and production of oil and gas as follows: (1) Seven percent to the special county mineral production tax fund created under subsection (c); (2) 6% to the oil and gas valuation depletion trust fund; and (3) the remainder shall be credited to the state general fund. On and after July 1, 2014, through June 30, 2015, the state treasurer shall credit the remainder of such amounts for oil and gas for any county which had \$100,000 or more in receipts of the excise tax upon the severance and production of oil and gas as follows: (1) Seven percent to the special county mineral production tax fund created under subsection (c); (2) 8% to the oil and gas valuation depletion trust fund; and (3) the remainder shall be credited to the state general fund.~~

(b) A refund fund designated as "mineral production tax refund fund" not to exceed \$50,000 is hereby created for the prompt payment of all tax refunds. The mineral production tax refund fund shall be in such amount, within the limit set by this section, as the director shall determine is necessary to meet current refunding requirements under this act.

(c) There is hereby created a special county mineral production tax fund. On December 1, 1983, and quarterly thereafter, the director of taxation shall distribute all moneys credited to such fund to the county treasurers of all counties in which taxes were levied under K.S.A. 79-4217, and amendments thereto, for the severing and producing of coal, oil or gas from property within the county, in the proportion that the taxes levied upon production in each county bears to the total of all of such taxes levied in all of such counties. Such distribution shall be based on returns filed, with any adjustments or corrections thereto made by the director of taxation.

(d) The secretary of revenue shall make provision for the determination of the counties within which taxes are levied under K.S.A. 79-4217, and amendments thereto, for the severance of coal, oil or gas and shall certify the same to the director of accounts and reports.

(e) The director of accounts and reports shall draw warrants on the state treasurer payable to the county treasurer of each county entitled to payment from the special county mineral production tax fund upon vouchers approved by the director of taxation. Upon receipt of such warrant, each county treasurer shall credit 50% of the amount thereof to the county general fund and shall distribute the remaining 50% thereof to the treasurer of each school district all or any portion of which is located within the county in the proportion that the assessed value of coal, oil and gas properties within each district bears to the total of the

assessed value of all coal, oil and gas properties within the county. Such assessed valuation shall be determined upon the basis of the most recent November 1 tax roll. The treasurer of each school district shall credit the entire amount of the moneys so received to the general fund of the school district.

Sec. 280. On July 1, 2013, K.S.A. 2012 Supp. 79-4804 is hereby amended to read as follows: (a) After the transfer of moneys pursuant to K.S.A. 2012 Supp. 79-4806, and amendments thereto, an amount equal to 85% of the balance of all moneys credited to the state gaming revenues fund shall be transferred and credited to the state economic development initiatives fund. Expenditures from the state economic development initiatives fund shall be made in accordance with appropriations acts for the financing of such programs supporting and enhancing the existing economic foundation of the state and fostering growth through the expansion of current, and the establishment and attraction of new, commercial and industrial enterprises as provided by this section and as may be authorized by law and not less than $\frac{1}{2}$ of such money shall be distributed equally among the congressional districts of the state. (f) Moneys credited to the Kansas economic development endowment account of the state economic development initiatives fund may be invested in government guaranteed loans and debentures as provided by law in addition to the investments authorized by subsection (e) or in lieu of such investments. All moneys received as interest earned by the investment under this subsection of the moneys credited to the Kansas economic development endowment account shall be deposited in the state treasury and credited to the Kansas economic development endowment account of the state economic development initiatives fund.

(g) In each fiscal year, the director of accounts and reports shall make transfers in equal amounts on July 15 and January 15 which in the aggregate equal \$2,000,000 from the state economic development initiatives fund to the state water plan fund created by K.S.A. 82a-951, and amendments thereto, except that ~~the aggregate amount of the transfers no moneys shall be transferred from the state economic development initiatives fund to the state water plan fund on such dates during state fiscal year 2004 shall not exceed \$1,900,000~~ 2014 or state fiscal year 2015. No other moneys credited to the state economic development initiatives fund shall be used for: (1) Water-related projects or programs, or related technical assistance; or (2) any other projects or programs, or related technical assistance, which meet one or more of the long-range goals, objectives and considerations set forth in the state water resource planning act.

general fund to the state water plan fund created by K.S.A. 82a-951, and amendments thereto, one-half of such amount to be transferred on July 15 and one-half to be transferred on January 15, except that no moneys shall be transferred from the state general fund to the state water plan fund during the fiscal ~~year~~ years ending June 30, 2013, June 30, 2014, and June 30, 2015.

Sec. 282. K.S.A. 2012 Supp. 2-223, 74-50,107, 74-99b34 and 79-4227 are hereby repealed.

Sec. 284. *Severability.* If any provision or clause of this act or application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

State of Kansas

Office of the Governor

Message to the Legislature of the State of Kansas:

I want to thank every member of the Kansas Legislature for your hard work during the 2013 session. This two-year budget will provide state agencies and school districts a greater level of funding certainty, allowing them to extend their planning horizons and strengthen their focus on improving services. Having a strong ending balance for three straight years will help us weather the uncertainty of a federal government that continues to have major budget problems. Your commitment to fiscal responsibility will ensure every taxpayer dollar will be used in an effective and efficient manner.

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I hereby return Senate Bill No. 171 with my signature approving the bill, except for the items enumerated below.

Department of Administration

Refund of Past FICA Payments for Medical Residents

Section 29(f) is vetoed in its entirety.

In my original budget I had recommended that from the state's share of FICA refunds originally made on behalf of medical residents, \$25.0 million be swept to the State General Fund and that \$10.0 million of that be devoted to construction of a new medical education building for the Medical Center. The timing of the refunds has been much slower than ever anticipated and the state has not yet received its full share of the refunds from the Internal Revenue Service (IRS). We are going to pay the medical residents their share received to date, but I veto this sweep of the state's share so it does not occur prior to full settlement with the IRS.

Department of Corrections

Transfer of State Resources

Section 44(c), 44(d), 44(e), 44(f), 45(b) and 173(h) are vetoed in their entirety.

I have grave concerns about the impact of this budget on public safety. Eliminating the \$1.9 million in current year budget lapses and the sweep of \$750,000 from the Kansas Correctional Industries will allow the Department of Corrections to use these resources to soften the impact of their reduced funding and protect critical components of our corrections system.

Office of the Attorney General

Fee Sweeps to the State General Fund

Section 87(h), Section 87(i), Section 88(g), Section 88(h) and Section 88(i) have been line-item vetoed in their entirety.

The Court Cost Fund and the Medicaid Prosecution Revolving Fund receive money from various litigation settlements handled by the Attorney General in which the defendant is ordered to reimburse the state's litigation costs. Sometimes, the balance in these litigation recovery funds exceeds the actual cost of operating the state's litigation and, at those times, it is proper to remove the "excess" and place it in the State General Fund for other uses. The critical issue is not whether that is done but how and when. This approach provides stability and planning ability so the agency can operate the recovery litigation professionally and in a cost-efficient manner without worrying whether sufficient funds are available in the short-term to make payroll. Most importantly, it also ensures the state's recovery litigation is focused exclusively on obtaining just litigation outcomes and not on the need to generate immediate funds to pay the current bills. In addition, sweeping the money paid by Kansans who seek to permit to carry a concealed firearm pursuant to the Kansas Personal and Family Protection Act into the State General Fund transforms these dedicated permit fees into a general "gun tax" on Kansans who are exercising their Second Amendment Rights. For these reasons, I veto the sweeps that exceed my recommendations applied to the Attorney General's Office.

Department of Administration

Sweep of the Curtis State Office Building Maintenance Reserve Fund

Section 111(t) has been vetoed in its entirety.

A lease agreement with the Public Building Commission and the State of Kansas was executed upon construction and occupancy of the Curtis State Office Building. Within that contract and the bond documents issued on the construction of the building was a provision that the building's reserve fund would accrue a balance up to \$2.5 million. It is bond counsel's opinion that transferring cash from this fund would be a reportable material default to the Securities Exchange Commission and would hinder the state's ability to issue future bonds related to NBAF, the KBI lab at Washburn and the Department of Agriculture's move to the Kansas State University campus. I therefore find it necessary to veto this provision.

Elimination of Vacant Positions

Section 111(w) and Section 112(s) have been vetoed in their entirety.

In FY 2010, agencies' headcounts totaled 23,957.98, excluding the Regents. In FY 2012, we drove that number down to 22,208.57. My administration remains committed to reducing the size of state government and we will continue those efforts in the next year. We went through a lengthy exercise last year to eliminate old vacant positions. Moreover, the language in these sections will drive agencies to spend more on overtime as they will be kept from filling positions open for only 120 days. In some locations, such as at Larned State Hospital and Topeka Correctional Facility, we face challenges in recruiting and retaining staff at critical agencies and this language does not grant them any flexibility. For these reasons, I veto these provisions and will continue to work with agencies to restructure them in a targeted and strategic manner.

Department of Commerce

Sweep of the Reimbursement and Recovery Fund

Section 123(l) and Section 124(j) are vetoed in their entirety.

The Reimbursement and Recovery Fund of the Department of Commerce is primarily used to finance the operations of America's Job Link Alliance (AJLA). AJLA is a consortium of state workforce agencies and program operators that collaborate to reduce costs in the development of workforce development software needs for member states. Sweeping the pooled resources from the Reimbursement and Recovery Fund in FY 2014 and FY 2015 would violate our obligation to those states and necessitate reimbursement to them, so I must veto both of these transfers.

University of Kansas Medical Center

Enrollment Management

Section 167(e) and 168(e) are vetoed in their entirety.

The University of Kansas School of Medicine campus in Salina was created to address the critical shortage of physicians, particularly in rural Kansas. This innovative medical education program is aimed at students with a strong desire to practice in rural areas. I understand the Legislature's concern that this program as well as the Wichita campus not be disproportionately impacted by budget cuts. According to the University of Kansas Medical Center (KUMC), the language in this provision will require undesirable reductions to its Wichita campus, while a veto will keep current student levels the same. KUMC has committed to me how they will manage their budget cuts if these provisions are removed. The Center will still impose a variety of operational changes to manage this funding loss:

Plan and impact if the Proviso is vetoed:

Student reductions (in Kansas City only):

- 20 Nursing students
- 5 Health Professions students
- 4 Residency (GME) positions
- 2 MD/PhD student positions

(continued)

I therefore veto these constraints on the Medical Center’s management of its programs.

Department of Corrections

Budget for Corrections

Section 174 is vetoed in its entirety.

The Department of Corrections plays a key role in maintaining our state’s public safety. Because I consider it inadequate, I veto the FY 2015 budget and look forward to working with the 2014 Legislature in finding the Department sufficient resources to ensure public safety is not imperiled.

Kansas Water Office

Weather Modification

That portion of Section 193(c) that reads as follows has been line-item vetoed.

“Weather modification program \$100,000
Provided, That any unencumbered balance in the weather modification program account in excess of \$100 as of June 30, 2013, is hereby reappropriated for fiscal year 2014.”

Support for this program has declined at the local level and the ongoing drought in western Kansas has exacerbated the continued declines of the Ogallala Aquifer. In 2012, I signed into law policies that will provide greater opportunities to conserve and extend the life of the Aquifer, such as Local Enhanced Management Areas (LEMA). As a result, I encourage the use of future State Water Plan Fund dollars in support of LEMAs and other related conservation efforts.

Salary Cap

Limitations on Agency Operations

Section 199 and 200 are vetoed in their entirety.

I applaud the Legislature’s efforts to reduce the size and cost of state government. However, when salary restrictions are applied, they must be done so in a consistent manner, except when some inconsistency is justified. The language in these sections impacts agencies inconsistently and punishes those agencies that were working most diligently to drive down costs. Additionally, this policy restricts the ability of state agencies to best manage the reduced resources provided by this budget. While I veto these provisions, this action does not spend additional State General Fund resources.

Moving Forward

Public safety is unquestionably a core function of state government. The services provided by the Kansas Department of Corrections are a critical component of protecting our citizens. I will do everything I can to minimize the impact of the reduced funding on public safety. However, I ask that you carefully and thoughtfully consider whether or not this reduction was appropriate when you return.

The people of Kansas expect excellence in higher education. Our Regents system fuels the engine of our economy by providing a highly skilled workforce and nurturing the next generation of Kansas teachers, doctors, business people and others. I encourage you to spend the next several months examining university budgets more closely and working with their leadership teams and the Board of Regents to craft a shared vision for higher education in Kansas; a vision that you are confident both maintains our high standard of excellence and uses resources efficiently.

Dated June 15, 2013.
