A public hearing will be conducted at 1 p.m. Monday, November 18, in the office of the director of the Division of Property Valuation, fourth floor, Docking State Office Building, 915 S.W. Harrison, Topeka, to consider amendments to K.A.R. 93-6-2, 93-6-3 and 93-6-6, rules and regulations of the secretary of revenue establishing the qualifications for the designation of registered mass appraiser.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed amendments. All interested parties may submit written comments prior to the hearing to Roger Hamm, Deputy Director of Property Valuation, 4th Floor, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1585 (roger.hamm@kdor.ks.gov).

All interested parties will be given a reasonable opportunity to present their views, orally or in writing, concerning the adoption of the proposed amendments during the hearing. In order to give all persons an opportunity to present their views, it may be necessary to request each participant to limit any oral presentations to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed amendments and economic impact statement in an accessible format. Request for accommodation should be made at least five working days in advance of the hearing by contacting Roger Hamm at 785-296-2365. Handicapped parking is located in State Parking Lot No. 2, southeast of the Docking State Office Building facing 10th Street, and the east entrance to the Docking State Office Building is accessible.

A summary of the proposed amendments and their economic impact follows:

**93-6-2. Education requirements.** Course hours to obtain the registered mass appraiser designation are in-

creased from 180 to 200 hours. Mandatory course hours are increased from 140 hours to 170 hours. International Association of Assessing Officer's course 400 on assessment administration is added to the list of mandatory courses. The remaining course may be obtained from courses approved by the director of property valuation. The Department of Revenue estimates the cost of obtaining the registered mass appraisal designation will range from \$2,540 to \$7,700, depending on the courses selected. These costs will be borne by the registered mass appraiser, except where the county elects to pay for the courses. There will be no economic impact on the general public, except as indicated above.

93-6-3. Continuing education requirements. Of the 120 hours of continuing education required to maintain the registered mass appraiser designation, no fewer than 60 hours may be accumulated through tested appraisal courses. No more than 21 hours may be accumulated through Internet courses that include a non-proctored exam. The remaining hours may be seminar hours. The Department of Revenue estimates the cost of continuing education will range from \$415 to \$850 per year, depending on the courses selected. These costs will be borne by the registered mass appraiser, except where the county elects to pay for the courses. There will be no economic impact on the general public, except as indicated above.

**93-6-6. Reciprocity.** A candidate for the registered mass appraiser designation may file an application with the secretary of revenue to substitute one or more case studies required for a professional designation from the International Association of Assessing Officers for the case study requirements of K.A.R. 93-6-5. There is no economic impact.

Copies of the proposed amendments and the associated economic impact statements may be obtained from the Division of Property Valuation or may be accessed from the division's website at http://www.ksrevenue.org/pvd.html.

# Notice of Hearing on Proposed Administrative Regulation

A public hearing will be conducted at 9 a.m. Friday, November 15, in Room 560, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed changes in an existing regulation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to the EMS operations manager, Room 1031, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentations to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Ann Stevenson at 785-296-7296. Handicapped parking is located in front of and to the north of the Landon State Office Building.

This regulation is proposed for adoption on a permanent basis. A summary of the proposed regulation and the economic impact statement follows:

K.A.R. 109-2-2. Application for ambulance service permit and ambulance vehicle license; permit renewal and license renewal. The proposed amendment allows for a service to have a long-term vehicle maintenance program that would eliminate the annual submission of the safety and mechanical inspection form and allow its maintenance records to be reviewed during the annual service inspection. This would eliminate the cost associated with a service sending its ambulances out to have the vehicle checked by a certified mechanic and completing the safety and mechanical inspection form and the cost associated with the inspection by the mechanic.

These changes are not mandated by federal law and there is no economic impact expected on the board or other governmental agencies. Private businesses, individuals or consumers of the service should see a positive economic impact.

Copies of this regulation and economic impact statement may be obtained from the Board of Emergency Medical Services at the contact information above or can be accessed at www.ksbems.org.

#### State of Kansas

# Kansas Development Finance Authority

#### Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, September 26, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

**Project No. 000868 – Maximum Principal Amount:** \$132,994.92. Owner/Operator: Scott Hanson. Description: Acquisition of 80 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Scott Hanson and is located at Section 34, Buffalo Township, Cloud County, Kansas, approximately 5 miles west of Concordia on the north side of Rock Road.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

#### **Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Westar Energy, Inc. (Westar) has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to initiate an emission reduction project at its Jeffrey Energy Center, Units 1 and 2 in St. Marys, Kansas. Emissions of oxides of nitrogen ( $NO_x$ ), carbon monoxide ( $CO_1$ ) and carbon dioxide ( $CO_2$ ) were evaluated during the permit review process. Westar Energy, Inc., 818 S. Kansas Ave., P.O. Box 889, Topeka, 66601, proposes to initiate a  $NO_x$  reduction project on Units 1 and 2 at the Jeffrey Energy Center located at 25905 Jeffrey Road, St. Marys, 66536.

The proposed permit is to be issued in accordance with the provisions of K.A.R. 28-19-350, prevention of significant deterioration (PSD), which adopt the federal standards, procedures and requirements of 40 CFR 52.21 by reference. These air quality regulations apply to major stationary emission sources located in areas designated as "attainment" under the federal Clean Air Act (CAA). Attainment areas are areas where the air quality meets or is better than the national ambient air quality standards (NAAQS).

The PSD regulations require evaluation of emission reduction techniques to identify the best available control technology (BACT) for each pollutant for which the emission rate exceeds the PSD significant level. The purpose of BACT is to affect the maximum degree of reduction achievable, taking into account energy, environmental and economic impacts for each pollutant under review. Evaluation of the estimated emissions for the proposed Jeffrey Energy Center Units 1 and 2 project indicates that the emission rate of carbon monoxide exceeds the significance level. Westar conducted the required BACT analysis for CO. The department has reviewed Westar's BACT analysis and concurs with its finding that good combustion practices are BACT for CO.

An ambient impact analysis was performed on the potential air emissions of CO from the proposed modifications to the existing burner and combustion system on Units 1 and 2. The CO screening modeling analysis demonstrated no significant impact on the one-hour or eighthour ambient air quality and that the emissions would not cause or contribute to any violation of ambient air standards. The EPA has not established Class II maximum allowable increments for CO. Accordingly, no calculation of the potential consumption of increment is possible. No Class I areas are located within 100 km of the facility. Any federal land manager who has reason to believe he or she may have a Class I area adversely impacted by the emissions from the expansion project has the opportunity to present KDHE with analysis of the adverse impact on the air quality-related values of that Class I area during the comment period. No adverse impacts on soils and vegetation in the area are expected.

A public comment period has been established until October 14 to allow citizens the opportunity to express any concerns they may have about this proposed permitting action. All comments should be submitted in writing to Rick Bolfing, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366, or presented at the public hearing.

Any member of the public may request a public hearing be conducted to provide comments on the proposed issuance of the draft air quality construction permit. The request for a hearing shall be in writing and shall set forth the basis for the request. Written requests to hold a public hearing should be sent to the attention of Rick Bolfing at the address listed above or by fax to 785-291-3953 and must be received by noon October 14. If no pertinent requests to hold the public hearing are received by noon October 14, the public hearing will be cancelled. A notice of the cancellation will be posted at the KDHE website at http://www.kdheks.gov/bar/publicnotice.html.

If a pertinent request is received, a public hearing is tentatively scheduled by KDHE at 6 p.m. October 16 at the St. Marys City Hall, 200 S. 7th, St. Marys. The hearing will continue until audience members have an opportunity to submit comments.

If a hearing is conducted, all interested parties will be given a reasonable opportunity to present their views orally or by submission of written materials during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit oral presentations to a specific time limit.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed materials in an accessible format. Requests for accommodation must be made not later than October 7 to Rick Bolfing at 785-296-1576.

Copies of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process are available for public review for a period of 30 days from the date of publication during normal business hours, 8 a.m. to 5 p.m., at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka. Also, a copy of the proposed permit and all supporting documentation can be reviewed at the KDHE Northeast District Office, 800 W. 24th St., Lawrence. To obtain or review the proposed permit and supporting documentation, contact Rick Bolfing, 785-296-1576, at the KDHE central office, or Pat Simpson, 785-842-4600, at the KDHE Northeast District Office. The standard departmental cost will be assessed for any copies requested. These same materials are available, free of charge, at the KDHE Bureau of Air website, http:// www.kdheks.gov/bar/index.html.

- (4) In all cases, the original and one copy of the grievance report shall be returned by the warden to the inmate. The copy shall be retained by the inmate for the inmate's files. The original may be used for appeal to the secretary if the inmate desires. The necessary copies shall be provided by the warden.

  - (d) Appeal to the secretary of corrections.

- (2) The inmate shall send the appeal directly and promptly by U.S. mail to the department of corrections' central office in Topeka.
- (3) If an appeal of the warden's decision is made to the secretary, the secretary shall have 20 working days from receipt to return the grievance report form to the inmate with an answer. The answer shall include findings of fact, conclusions made, and actions taken.
- (4) If a grievance report form is submitted to the secretary without prior action by the warden, the form may be returned to the warden for further action, at the option of the secretary's designee.
- (5) In all cases, a final decision on the merits of any portion of a grievance alleging sexual abuse, or an appeal thereof, shall be issued by the secretary within 90 days of the initial filing of the grievance.
- (6) Computation of the 90-day time period shall not include time taken by inmates in preparing and submitting any administrative appeal.
- (7) At any level of the administrative process, including the final level, if the inmate does not receive a response within the time allotted for reply, including any properly noticed extension, the inmate may consider the absence of a response to be a denial at that level and may proceed to the next level of appeal.
- (8) An appropriate official may be designated by the secretary to prepare the answer.
  - (e) Imminent sexual abuse.
- (1) Each inmate submitting a grievance concerning imminent sexual abuse shall state that inmate's intentions

- (2) Each grievance alleging that an inmate is subject to a substantial risk of imminent sexual abuse shall be treated as an emergency grievance under K.A.R. 44-15-106.
- (3) After receiving an emergency grievance alleging imminent sexual abuse, the warden or designee shall provide an initial response within 48 hours and shall issue a final decision within five calendar days.
