**K.A.R. 129-14-32. Premium payment requirement.** This new regulation adopts and amends current policy previously reflected in K.A.R. 30-14-28 regarding the requirement for paying a monthly premium for KanCare-CHIP coverage.

**K.A.R. 129-14-33. Assistance plan.** This new regulation adopts a change in policy regarding the composition of the assistance plan for the family. The assistance plan shall now be determined based on who is included in a person's tax household.

K.A.R. 129-14-34. Financial eligibility. This new regulation adopts changes in policy regarding how financial eligibility is determined for a family. Such eligibility shall be based on the income of the tax household, which includes the sum of the modified adjusted gross income (or MAGI) of each household member minus an amount equivalent to five percentage points of the federal poverty level for the applicable family size. The monthly income limit shall now be established by the secretary and converted to MAGI-equivalent numbers in accordance with 42 C.F.R. 457.300 et seq. Current policy regarding continuous eligibility for children is also incorporated in this regulation.

K.A.R. 129-14-35. Treatment of income. This new regulation adopts and amends current policy previously included in K.A.R. 30-14-29 concerning treatment of income rules in the KanCare-CHIP program.

**K.A.R. 129-14-36. Applicable income.** This new regulation incorporates current policy previously reflected in K.A.R. 30-14-30 regarding the determination of applicable income and has been further amended to reflect use of the modified adjusted gross income methodologies.

**K.A.R. 129-14-37. Overpayments.** This new regulation incorporates current policy regarding the determination

and repayment of overpayments whether caused by the individual or department.

**K.A.R. 129-14-40. Discontinuance of assistance.** This new regulation incorporates current policy regarding the discontinuance of a recipient's participation in the KanCare-CHIP program when the recipient no longer meets one or more of the eligibility requirements.

K.A.R. 129-14-50. Scope of services. This new regulation incorporates current policy previously reflected in K.A.R. 30-14-50 regarding services that are provided to KanCare-CHIP eligible children. Such services shall be the services provided through the Kansas Medicaid program.

**K.A.R. 129-14-51. Presumptive eligibility.** This current regulation has been amended to remove reference to the Healthwave program and to modify the eligibility criteria for qualifying children to reflect the regulatory changes made in this submission.

K.A.R. 129-14-52. Presumptive eligibility to be determined by qualified entities. This current regulation has been amended to remove reference to the Healthwave program and to modify the description of a qualified entity by adopting the federal requirements at 42 C.F.R. 435.1100.

**Federal Mandate:** For proposed changes to Article 1 and 2, there are no federal mandates. For Article 6 and 14, there are federal mandates. The proposed regulations do not exceed the federal mandates.

**Economic Impact:** For proposed changes to Article 1 and 2, there are no economic impacts upon the agency. For proposed changes to Article 6, it is estimated that increased service costs will be \$2.55 million. These changes will require modification of the Medicaid Management

Information System (MMIS) for implementation. The Article 6 MMIS costs are estimated as \$1.694 million in FY14 and \$616,000 in FY15. For proposed changes to Article 14, it is estimated that increased service costs will be \$1.2 million. These changes will require modification of the MMIS for implementation. The Article 14 MMIS costs are estimated as \$506,000 in FY14 and \$184,000 in FY15. There is estimated to be an additional \$1.2 million for premium billing services for the proposed changes to Article 14.

**Bearer of Costs:** There will no additional costs to the Medicaid recipients or to other governmental agencies.

**Affected Parties:** Medicaid and KanCare CHIP recipients.

Other Methods: For proposed changes to Article 1 and 2, no less costly method was identified. For proposed changes to Article 6, adoption of a subset of temporary regulations was considered, but rejected. Retention of Article 30-6 regulations was also considered. However, with the federal changes that are mandated, retaining some of the regulations in Article 30-6 would be confusing to the general public and others accessing the relevant regulations. Since Article 6 is a set of inter-related rules and regulations necessary to administer the KanCare program, the concentration of the regulations into one Article was favored. Similar considerations were also examined for the proposed Article 14 regulations. Revocation of existing Article 30-14 regulations and concentration of KanCare CHIP regulations into Article 129-14 was favored.
