# Kansas Development Finance Authority

## **Notice of Hearing**

A public hearing will be conducted at 9 a.m. Thursday, April 10, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

**Project No. 000889** — **Maximum Principal Amount:** \$198,984.77. Owner/Operator: Marvin R. and Jackie L. Miller. Description: Acquisition of 75 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Marvin R. and Jackie L. Miller and is located at Section 31, Township 24 South, Range 7 West, Reno County, Kansas, approximately 3.5 miles south of Partridge and 1 mile west.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

# **Governmental Ethics Commission**

### **Opinion No. 2014-01**

Written March 19, 2014, to Kimberly Steves, Supervisor, Environmental Radiation, Emergency Preparedness, Bureau of Environmental Health, Kansas Department of Health and Environment, Topeka.

**Synopsis:** Under the facts presented, utilization of state employees' house for radon remediation training of state certified radon mitigation technicians that involves installation of a radon remediation system is an economic opportunity that may not be accepted by a state employees unless a statutory exception is met or is part of an employee's total compensation.

Cited herein: K.S.A. 46-216, 46-217, 2013 Supp. 46-237a, and K.A.R. 19-40-3a(b).

Dear Ms. Steves:

We understand that you have requested this opinion in your capacity as supervisor of Environmental Radiation, Emergency Preparedness for Kansas Department of Health and Environment (KDHE). This opinion is in response to your request to the Kansas Governmental Ethics Commission (Commission), concerning application of the state governmental ethics law, K.S.A. 46-215 et seq. We note at the outset that the Commission's jurisdiction is limited to the applicability of K.S.A. 46-215 et seq., and the Commission's opinion does not address whether some other statutory system, common law theory, or agency rule or regulation applies to your inquiry.

#### **Factual Statement**

An agency sponsored Radon mitigation training for agency staff and radon remediation technicians certified by KDHE will utilize a house that is owned by state employees, one of which is a KDHE employee. This house came to the attention of agency staff through one of the owners who is employed with the agency. The selection of the home is due to the specific characteristics requiring multiple techniques for mitigation. These varied mitigation

(continued

tion approaches, coupled with the owners' grant of unfettered access for remediation purposes, present a rare opportunity for training. The training will be video-taped for use in developing a computer based training program in diagnostic and mitigation techniques. The program will be available to all Kansas certified technicians for continuing education credit. The mitigation training will result in the installation of a Radon mitigation system in the state employees' house. The system consists of a fan unit, PVC pipe and brackets for mounting. Agency staff consider the opportunity that the state employees' house presents for the training is of equal or greater value to the agency then the value of the mitigation system and its installation in the state employees' house.

#### Question

304

Does installation of a radon mitigation system in a house owned by state employees at no cost constitute a gift or economic opportunity to the state employees in violation of K.S.A. 2013 Supp. 46-237a?

## Analysis and Opinion

A gift, economic opportunity, loan, gratuity, special discount or service received by state employees is not prohibited by the state governmental ethics law unless it is provided because of the official position of a state employee. K.S.A. 2013 Supp. 46-237a(b). "Gift' means the transfer of money or anything of value unless legal consideration of a reasonably equal or greater value is received in return." K.A.R. 19-40-3a(b). "The value of a gift shall be the fair market value or a reasonable estimate thereof. Where a transfer is made for less than reasonable consideration, the amount by which the value of the transfer exceeds the value of the consideration shall be deemed a gift." K.A.R. 19-40-3a(b)(1).

The KDHE staff have concluded the rare opportunity to utilize the employees' house, unfettered for purposes of conducting and video recording a mitigation training, outweighs the value an installed mitigation system to the employees. This opportunity is lawful consideration for an installed mitigation system. Consequently, the installed mitigation system is not prohibited by K.S.A. 2013 Supp. 46-237a insofar as the system is not a gift.

Since the installed mitigation system is not a gift, is it an economic opportunity? "Economic opportunity' means any purchase, sale, lease, contract, option, or other transaction or arrangement involving property or services wherein a state [...] employee [...] may gain a personal economic benefit, but not including any gift." K.S.A. 46-217. Installation of a mitigation system in a house is an economic benefit when done at no cost to the owner who would otherwise have to pay. Under the present facts, this economic opportunity is a result of a "transaction or arrangement involving property or services." Therefore the mitigation system is an "economic opportunity," the receipt of which by a state employee due to their official position is prohibited.

In Governmental Ethics Opinion 1999-50, the Commission determined that:

the term "official position" refers to an individual's particular position with the [s]tate and does not apply generally to a person because they are a [s]tate employee. For guidance, the Commission notes that a gift or discount

which is provided to all [s]tate employees is not being provided to a person because of his or her "official position." On the other hand, a gift or discount which is provided to all purchasing agents, for example, or all employees of a particular agency, will be deemed to be provided because of such persons' "official position."

Applying this meaning of "official position," to the present facts, the selection of the KDHE employee's house was because of that employee's official position. Even so, subparagraphs (1)-(4) of K.S.A. 46-237a(b) provide exceptions that allow a state employee to accept such benefits even if received because of their official position:

- A gift having an aggregate value of less than \$40 given at a ceremony or public function where the person is accepting the gift in such person's official capacity; or
- (2) gifts from relatives or gifts from personal friends when it is obvious to the person that the gift is not being given because of the person's official position: or
- (3) anything of value received by the person on behalf of the state that inures to the benefit of the state or that becomes the property of the state; or
- (4) contributions solicited on behalf of a nonprofit organization which is exempt from taxation under paragraph (3) of subsection (c) of section 501 of the internal revenue code of 1986, as amended.

Among these exceptions only one provided under subparagraph (3) is arguably applicable. As noted previously, the opportunity to provide mediation training is a benefit that inures to the state as a result of this transaction between KDHE and the state employee. However, the economic benefit received through the transaction by the state employee is the mitigation system. The system benefits the state employees and no benefit from the mitigation system itself inures to the state. Hence, the subparagraph (3) exception does not apply. Without an applicable exception, acceptance of an installed radon mitigation system in their house, an economic benefit because of one owner's official position, violates K.S.A. 2013 Supp. 46-237a(b).

In Opinion No. 2002-08 the Commission determined that state employees subject to K.S.A. 46-237a could not accept gifts, discounts, or access to entertainment and sporting events from anyone, including state agencies, unless one of the enumerated exceptions applied. The Commission also noted in the same opinion that state employees may accept such items as part of their compensation. Compensation is defined by K.S.A. 46-216 as "any money, thing of value, or economic benefit conferred on, or received by, any person in return for services rendered, or to be rendered, by such person or another." Accordingly, if something of value other than salary is given to an employee by the agency, it must be considered part of his or her total compensation package to not violate K.S.A. 2013 Supp. 46-237a(b).

Kansas Permit No. I-WA09-PO01 Federal Permit No. KS0000205 Legal Description: SW<sup>1</sup>/<sub>4</sub>, S26, T25S, R5E, Butler County, KS

The proposed action is to reissue an existing permit for discharge during an existing groundwater remediation project. This facility is a former petroleum refinery, asphalt blending and terminal operation undergoing closure. Wastewater streams consist of stormwater runoff; contaminated groundwater flow; groundwater recovered from interceptor trenches and monitoring well development, purging and sampling activities; and equipment rinsate (washwater) from environmental investigation and remediation activities. Contaminated groundwater is collected in two interceptor trenches and flows through an underground oil/water separator to a cascade aerator followed by a mineral precipitation and settling basin. Flow from the settling basin receives final treatment in a three-cell in series constructed wetlands prior to discharge through Outfall 001X1 to the west branch of the Walnut River. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, benzene and pH, as well as monitoring for total petroleum hydrocarbon gasoline and diesel range organics, fluoride, total phosphorus, MTBE, total recoverable antimony, arsenic, chromium, hexavalent chromium, copper, lead, nickel, zinc and selenium, volatile organic compounds and flow.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and

Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.
