## Department of Revenue Division of Vehicles

# Notice of Intent to Establish a New Line-Make for an Existing New Motor Vehicle Dealer

Notice has been received from Jay Hatfield of intent to establish the franchises of Chrysler, Dodge, Jeep and Ram to its location at 1021 N. Highway 69, Frontenac.

Pursuant to K.S.A. 8-2430(a)(5), any existing new motor vehicle dealer may protest the proposed addition of the new franchises of Chrysler, Dodge, Jeep and Ram if that existing new motor vehicle dealer has franchise agreements for the same line-make vehicles as that which are to be sold or offered for sale by Jay Hatfield at 1021 N. Highway 69, Frontenac, Kansas, and provided that the existing new motor vehicle dealer is physically located such that its relevant market area, as defined in K.S.A. 8-2430(e), includes the location where the new Chrysler, Dodge, Jeep and Ram dealership will be located.

Pursuant to K.S.A. 8-2430(a), any petition or complaint by any dealer with standing to protest must be filed with the director of vehicles within 30 days of this notice. Such petitions or complaints must be directed to the Kansas Department of Revenue, Division of Vehicles, 11th Floor, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612.

#### State of Kansas

# **Department of Transportation**

#### **Notice to Contractors**

Electronic copies of the letting proposals and plans are available on the KDOT website at http://www.ksdot.org/ burconsmain/contracts/proposal.asp. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid not later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject the bid. The secretary of transportation reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2007 edition of the Kansas Department of Transportation Standard Specifications for State Road and Bridge Construction.

KDOT will only accept electronic proposals using the Bid Express website at http://www.bidx.com until 1 p.m.

local time April 23, 2014. KDOT will open and read these proposals at the Eisenhower State Office Building, 700 S.W. Harrison, Topeka, at 1:30 p.m. local time April 23, 2014. An audio broadcast of the bid letting is available at http://www.ksdot.org/burconsmain/audio.asp.

Each bidder shall certify that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

#### District One — Northeast

# Coffeyville Community College Coffeyville, Kansas

## **Notice of Intent to Issue Revenue Bonds**

## To: All persons concerned and interested:

You are hereby notified that the Board of Trustees of the Coffeyville Community College, Coffeyville, Kansas, did duly adopt a resolution declaring necessary and authorizing improvements to the Auxiliary Enterprise System (the system), comprised of constructing and equipping a student housing facility featuring approximately 342 beds, a manager's apartment, laundry area, game room, lounge and parking, and demolishing the existing men's dormitory, all on the campus of Coffeyville Community College, Coffeyville, Kansas (the project), at an estimated cost of \$13,000,000, including financing and reserve costs, under the authority of K.S.A. 76-6a13 to 76-6a25, inclusive, as amended and supplemented (the act).

You are hereby further notified that the resolution authorizes the issuance and sale of system revenue bonds of the college in an amount of not to exceed \$13,000,000, such bonds to be used to pay the costs of the project, including financing and reserve costs. In the resolution, the board expressly reserved the right to determine, by subsequent resolution, the exact principal amount of revenue bonds to be issued for the project, provided that the board shall not issue bonds in excess of \$13,000,000 for such purposes unless the board gives further notice of such additional bonds, as provided by the act.

You are hereby further notified that unless an action to contest the legality of the proposed revenue bonds of the college shall be filed in a court of law within 30 days of the date of publication of this notice, the right to contest the legality of any revenue bonds issued in compliance with the aforesaid resolution and other proceedings duly and legally had and taken by the board prior to the date of publication of this notice, and the right to contest the validity of the provisions of such proceedings, shall cease to exist, and no court shall thereafter have the authority to inquire into such matters; and that after the expiration of said 30 days from the date of publication of this notice, no one shall have any right to commence an action contesting the validity of such revenue bonds or the provisions of such proceedings of the board and all such revenue bonds shall be conclusively presumed to be legal, and no court shall thereafter have the authority to inquire into such matters.

Dated March 24, 2013.

# Kansas Development Finance Authority

## **Notice of Hearing**

A public hearing will be conducted at 9 a.m. Thursday, April 17, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bonds for the projects numbered below in the respective maximum principal amounts. The bonds will be issued to assist the borrowers named below (who will be the owner and operator of the projects) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

**Project No. 000890** — **Maximum Principal Amount:** \$154,314.72. Owner/Operator: Bryant K. Tharman. Description: Acquisition of 80 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Bryant K. Tharman and is located at the East Half of the Southeast Quarter of Section 21, Township 1, Range 19, Phillips County, Kansas, approximately 4 miles east of Long Island.

**Project No. 000891** — **Maximum Principal Amount:** \$149,746.19. Owner/Operator: Kevin and Blair Hamilton. Description: Acquisition of 72 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Kevin and Blair Hamilton and is located at the West Half of the Southeast Quarter of Section 24, Township 22 South, Range 1 West, Harvey County, Kansas, approximately 3 miles southeast of Hesston at 2714 N.W. 60th St., Newton.

The bonds, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will they be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bonds to finance the projects, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the projects may be obtained by contacting the KDFA.

Tim Shallenburger President

# City of Fort Scott, Kansas

## **Notice of Proposed DBE Program**

The city of Fort Scott, Kansas, has established a Disadvantaged Business Enterprise (DBE) Program in accordance with regulations of the U.S. Department of Transportation, 49 CFR Part 26, for FAA funding at the Fort Scott Municipal Airport. The city anticipates receiving federal financial assistance from the Department of Transportation, and, as a condition of receiving this assistance, the city will sign an assurance that it will comply with 49 CFR Part 26.

The city's overall goal for FY 2014-2015 is the following: a two-year goal of 7.20 percent of the federal financial assistance.

The proposed DBE Program is available for public inspection and comment at the office of the city clerk, 123 S. Main, Fort Scott, 66701. The city will accept comments on the goals for 45 days from the date of this notice. Comments can be sent to Kenny Howard, airport manager.

# Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

Kansas Permit No. I-MC20-P	O02 Federal Per	mit No. KS00086789
Legal Description: SW1/4, S7.	T16S, R25E, Miami Co	ounty, KS

The proposed action consists of reissuing an existing permit for discharge of wastewater during quarry operations. This facility is engaged in a limestone quarrying and crushing operation, which occasionally washes rock. Wash-water is treated, using three settling ponds in series, and is then directed to two holding ponds. Water from the holding ponds can be reused or will discharge to Outfall 001A1. Outfall 002A1 consists of stormwater runoff and quarry pit water. The proposed permit contains limits for total suspended solids and also contains generic water-quality language to protect waters of the state.

The proposed action is to reissue an existing permit for the operation of an existing wastewater treatment facility. The proposed permit contains limits for biochemical oxygen demand and total suspended solids, as well as monitoring for ammonia, E. coli, total phosphorus, nitrate + nitrite, total Kjeldahl nitrogen, total nitrogen, chlorides, sulfates, total recoverable arsenic, pH and flow. Contained in the permit is a schedule of compliance requiring the permittee to install a flow meter.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before May 3 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-14-069/076, KS-Q-14-048/051) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the secretary of health and environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water.

These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at http://www.kdheks.gov/feedlots. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

Robert Moser, M.D. Secretary of Health and Environment

#### State of Kansas

## Department of Commerce Kansas Athletic Commission

# Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Tuesday, June 10, in Conference Room B, Kansas Department of Commerce, Suite 100, Curtis State Office Building, 1000 S.W. Jackson, Topeka, to review the revision of regulations K.A.R. 128-2-1, K.A.R. 128-2-3, K.A.R. 128-2-4, K.A.R. 128-2-12, K.A.R. 128-2-13, K.A.R. 128-3-1 and K.A.R. 128-6-1 for the administration of the Kansas Regulated Sports Act, K.S.A. 74-50,181 *et seq.* 

This 60-day notice of the public hearing shall constitute a public comment period for submitting written public comments on the proposed regulations. The public is invited to submit written comments concerning the Regulated Sports Act to the Kansas Department of Commerce, prior to the public hearing, to Martin Thomas, boxing commissioner, 1000 S.W. Jackson, Suite 100, Topeka, 66612-1354, or to mthomas@kansascommerce.com. The public shall be given a reasonable opportunity to present their views orally on these regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. All public comments submitted during this period will be made part of the regulation's written record.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least 10 working days in advance of the hearing to Alexandra Blasi at the Kansas Department of Commerce, Suite 100, Curtis State Office Building, 1000 S.W. Jackson, Topeka, 66612-1354, or 785-296-7874. Handicapped parking is not available; however, all persons in a vehicle with a handicapped license plate may park in any metered space around the building, and there is no charge for parking. The curbs and all entrances on Jackson Street, 10th Street and Kansas Avenue to the Curtis State Office Building are accessible to individuals with disabilities.

Copies of the regulations and economic impact statements may be accessed at http://www.kansascommerce.com/index.aspx?NID=510. A summary follows:

**K.A.R. 128-2-1. General licensure requirements.** This regulation provides the details and requirements for obtaining a license in a regulated sport.

- **K.A.R. 128-2-3. Contestant.** This regulation provides the requirements for being a contestant in a regulated sport.
- **K.A.R. 128-2-4. Judge.** This regulation provides the requirements for being a judge in a regulated sport.
- **K.A.R. 128-2-12. Fees for permits and identification cards.** This regulation provides the cost for obtaining permits and identification cards related to regulated sports.
- **K.A.R. 128-2-13. Permits.** This regulation provides the requirements that a promoter must perform to obtain a permit associated with a regulated sport.
- **K.A.R. 128-3-1. Tickets and fees.** This regulation provides the rules for issuance and collection of all tickets and fees.
- **K.A.R. 128-6-1. Professional boxing.** This regulation provides the rules associated with a professional boxing match in Kansas.
- **I. Federal requirements.** The Kansas Athletic Commission does provide federal identification cards. Other than the identification cards, there are no federal requirements implicated by these regulations.
- II. Anticipated economic impact on Kansas Department of Commerce. It is estimated that the Kansas Athletic Commission will provide more than 500 licenses (FY 2014). The program is currently being administered by the boxing commissioner and 25 staff members. The department does not anticipate the need to hire additional employees or incur any other additional expenses over the previous year. Increased revenues from late application fees may offset resource costs, including staff time, paper applications, and rushed processing. Proposed fee reductions are necessary to remain competitive with neighboring states; additional business will increase overall revenues for the Athletic Commission, while still reducing permit fees.
- III. Anticipated financial impact upon other governmental entities and upon private businesses or individuals. The Kansas Department of Commerce hopes that reducing fees for certain permit types will draw business into the state and encourage additional events by reducing start-up costs. Except for the cost of permits and application fees, there should be no economic impact on individuals. Increased expense to regulated sports participants is necessary to accommodate last-minute event/contest changes and planning, which is consistently requested and appreciated by participants. Allowing late permits may deter promoters and private individuals from hosting events without a permit.
- IV. Anticipated economic impact upon other entities or persons. There would be no negative impact on other entities or persons. There would be a positive impact on state and local tax revenues and by broadening the business climate in the regulated sports industry in Kansas.
- V. Less costly or intrusive methods that were considered, but rejected, and the reason for rejection. The Kansas Department of Commerce did not consider any alternatives.

Pat George Secretary of Commerce

# Department of Agriculture Division of Water Resources

## **Permanent Administrative Regulations**

#### Article 7.—ABANDONMENT AND TERMINATION

- **5-7-1. Due and sufficient cause for nonuse.** (a) Each of the following circumstances shall be considered "due and sufficient cause," as used in K.S.A. 82a-718 and amendments thereto:
- (1) Adequate moisture from natural precipitation exists for the production of grain, forage, or specialty crops, as determined by the moisture requirements of the specific crop.
- (2) A right has been established or is in the process of being perfected for use of water from one or more preferred sources in which a supply is available currently but is likely to be depleted during periods of drought.
- (3) Water is not available from the source of water supply for the authorized use at times needed.
- (4) Water use is temporarily discontinued by the owner for a definite period of time to permit soil, moisture, and water conservation, as documented by any of the following:
- (A) Furnishing to the chief engineer a copy of a contract showing that land that has been lawfully irrigated with a water right that has not been abandoned is enrolled in a multiyear federal or state conservation program that has been approved by the chief engineer;
- (B) enrolling the water right in the water right conservation program in accordance with K.A.R. 5-7-4, K.A.R. 5-7-4b, and K.S.A. 2013 Supp. 82a-741 and amendments thereto; or
- (C) any other method acceptable to the chief engineer that can be adequately documented by the owner before the nonuse takes place.
- (5) Management and conservation practices are being applied that require the use of less water than authorized. If a conservation plan has been required by the chief engineer, the management and conservation practices used shall be consistent with the conservation plan approved by the chief engineer to qualify under this subsection.
- (6) The chief engineer has previously approved the placement of the point of diversion in a standby status in accordance with K.A.R. 5-1-2.
- (7) Physical problems exist with the point of diversion, distribution system, place of use, or the operator. This circumstance shall constitute due and sufficient cause only for a period of time reasonable to correct the problem.
- (8) Conditions exist beyond the control of the owner that prevent access to the authorized place of use or point of diversion, as long as the owner is taking reasonable affirmative action to gain access.
- (9) An alternate source of water supply was not needed and was not used because the primary source of supply was adequate to supply the needs of the water right owner.
- (10) The chief engineer determines that a manifest injustice would result if the water right were deemed abandoned under the circumstances of the case.

- (11) The water right is located in an area of the state that is closed to new appropriations of water by regulation or order of the chief engineer but is not closed by a safe-yield analysis.
- (12) The water right has been deposited in a water bank authorized by K.S.A. 2013 Supp. 82a-761 through K.S.A. 2013 Supp. 82a-773, and amendments thereto.
- (13) Water use, as authorized by the water right, is suspended because the water right is enrolled in a multiyear flex account, pursuant to K.S.A. 2013 Supp. 82a-736 and amendments thereto.
- (b) In addition to circumstances considered due and sufficient cause pursuant to subsection (a), both of the following requirements shall also be met to constitute due and sufficient cause for nonuse of water:
- (1) The reason purporting to constitute due and sufficient cause shall have in fact prevented, or made unnecessary, the authorized beneficial use of water.
- (2) Except for the temporarily discontinued use of water as provided by paragraph (a)(4) and for physical problems with the point of diversion or distribution system as provided by paragraph (a)(7), the owner shall maintain the diversion works in a functional condition.
- (c) Each year of nonuse for which the chief engineer finds that due and sufficient cause exists shall be considered to interrupt the successive years of nonuse for which due and sufficient cause does not exist.
- (d) When a verified report of the chief engineer, or the chief engineer's authorized representative, is made a matter of record at a hearing held pursuant to K.S.A. 82a-718, and amendments thereto, that establishes nonuse of a water right for five or more successive years, the water right owner shall have the burden of showing that there have not been five or more successive years of nonuse without due and sufficient cause. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-706a and K.S.A. 2013 Supp. 82a-718; modified, L. 1978, ch. 460, May 1, 1978; amended May 1, 1986; amended May 31, 1994; amended Oct. 24, 2003; amended May 21, 2010; amended April 18, 2014.)
- **5-7-4.** Water rights conservation program; tier 1. (a) Applications for enrollment in the water rights conservation program (WRCP) received on or before December 31, 2009, shall be considered for enrollment in the program as tier 1 applications. Enrollment in tier 1 of the WRCP approved by the chief engineer and continued compliance with the WRCP shall constitute due and sufficient cause for nonuse pursuant to K.S.A. 82a-718, and amendments thereto, and K.A.R. 5-7-1.
- (b) In order to qualify for enrollment in the WRCP as a tier 1 applicant, all of the following requirements and conditions shall be met:
- (1) The point of diversion shall be located in either of the following locations:
- (A) An area that is closed to new appropriations of water, except for temporary permits, term permits, and domestic use; or
- (B) some other area designated by the chief engineer as an area where it would be in the public interest to allow water rights to be placed in the WRCP. In areas within the boundaries of a groundwater management district,

the recommendations of the board of the district shall be taken into consideration by the chief engineer.

- (2) Each of the owners of the water right shall agree to totally suspend all water use authorized by that water right for the duration of the contract.
- (3) The owner or owners of the water right shall sign a contract with the chief engineer, or the chief engineer's authorized representative, before placing the water right into the WRCP. The contract shall be binding on all successors in interest to the water right owner.
- (4) Only an entire water right may be placed into the WRCP. If a portion of a water right has been abandoned, the portion that is still in good standing may be enrolled in the WRCP. If a water right is administratively divided by the chief engineer, each portion of that divided water right shall be considered to be an entire water right for the purpose of this regulation.
- (A) If at least five successive years of nonuse have occurred before application for enrollment in the WRCP, a determination of whether or not that water right is subject to abandonment before entry into the program, including an analysis of any reasons given that might constitute due and sufficient cause for nonuse, shall be made by the chief engineer.
- (B) If, after review of the information, it appears that the right has been abandoned, the statutory procedures, including the right to a hearing, shall be followed to determine whether or not the right has been abandoned.
- (5) Only the portion of a water right in good standing at the time of application for enrollment may be entered into the WRCP.
- (c) Other requirements of enrollment in the WRCP program shall include the following:
- (1) Water rights shall be placed into the WRCP for a definite period of calendar years of no fewer than five and no more than 10. Each WRCP contract shall terminate upon expiration of the time period specified in the contract.
- (2) The water right owner or operator shall not be required to maintain the diversion works or delivery system during the period of the WRCP contract. If the pump is removed from a well, the well shall be properly capped or sealed during the contract. These requirements shall be in addition to those made by the Kansas department of health and environment pursuant to the groundwater exploration and protection act, K.S.A. 82a-1201 et seq. and amendments thereto.
- (3) A certificate determining the extent to which a water right has been perfected shall be issued by the chief engineer before entering the water right into the WRCP if all of the following conditions are met:
- (A) An applicant has a permit to appropriate water for beneficial use and has perfected all, or any portion, of the water right authorized by the permit.
- (B) The time in which to perfect the water right has expired, including any authorized extensions of time.
  - (C) A field inspection has been completed.
- (4) If the time to perfect the water right, or any authorized extension of that right, has not expired, enrollment in the WRCP shall be considered as suspending the time to perfect. Upon expiration of the WRCP contract pertaining to this water right, the time to perfect shall again

- commence, and the applicant shall be required to perfect the water right within the remainder of the time allowed to perfect, or any authorized extension of that time.
- (5) Each year after authorized enrollment in the WRCP, the water use correspondent shall indicate on the water use report that no water was used because the water right was enrolled in the WRCP.
- (6) If the owner breaches, or causes or allows a breach of, the WRCP contract with the chief engineer, each year of nonuse between the effective date of the contract and the date of the breach shall be counted as years of nonuse without due and sufficient cause for the purpose of determining whether or not the water right has been abandoned pursuant to K.S.A. 82a-718, and amendments thereto. Before this penalty is imposed, the owner shall be given an opportunity to show either of the following:
  - (A) A breach of contract did not occur.
- (B) A breach occurred, but either was minor or has been cured, and should not constitute grounds for imposing the penalty. (Authorized by K.S.A. 82a-706a and K.S.A. 2013 Supp. 82a-741; implementing K.S.A. 82a-706, K.S.A. 82a-713, K.S.A. 2013 Supp. 82a-714, K.S.A. 2013 Supp. 82a-718, and K.S.A. 2013 Supp. 82a-741; effective July 1, 1994; amended Sept. 22, 2000; amended Dec. 28, 2009; amended April 18, 2014).
- **5-7-4b.** Water rights conservation program; tier 2. (a) Each application for enrollment in the water rights conservation program (WRCP) received on or after July 1, 2011, shall be considered as a WRCP tier 2 application.
- (b) Enrollment of a water right in tier 2 of the WRCP shall be by order of the chief engineer and compliance with the requirements of subsection (d).
- (c) For a water right to be eligible to be enrolled in tier 2 of the WRCP, each of the following requirements shall be met:
- (1) Except for domestic use, the point of diversion shall be located in either of the following locations:
- (A) An area that is closed to new appropriations of water by regulation or order of the chief engineer or, only within the Ogallala aquifer, is effectively closed due to overappropriation determined by a safe-yield analysis; or
- (B) some other area designated by the chief engineer as an area where it would be in the public interest to allow water rights to be placed in the WRCP. In areas within the boundaries of a groundwater management district, the recommendations of the board of the district shall be taken into consideration by the chief engineer.
- (2) Each of the owners of the water right shall agree to totally suspend all water use authorized by the water right for the duration of the enrollment period.
- (3) The owner or owners of the water right shall submit an application to the chief engineer, or the chief engineer's authorized representative, requesting that the water right be enrolled.
- (4) Only an entire water right may be enrolled in the WRCP. If a water right is administratively divided by the chief engineer, each portion of the water right shall be considered to be an entire water right.
- (5) The water right shall not be deemed abandoned pursuant to K.S.A. 82a-718, and amendments thereto.
- (d) Requirements of any order enrolling a water right in the WRCP shall include the following:

- (1) Water rights shall be placed into the WRCP for a definite period of calendar years of no fewer than five and no more than 10 as requested by the application.
- (2) The water right owner or operator shall not be required to maintain the diversion works or delivery system during the period of enrollment. If the pump is removed from a well, the well shall be properly capped or sealed during the period of enrollment. These requirements shall be in addition to those requirements made by the Kansas department of health and environment pursuant to the groundwater exploration and protection act, K.S.A. 82a-1201 et seq. and amendments thereto.
- (3) A certificate determining the extent to which a water right has been perfected shall be issued by the chief engineer before enrolling the water right in the WRCP.
- (4) Each year after authorized enrollment in the WRCP, the water use correspondent shall indicate on the water

use report that no water was used because the water right was enrolled in the WRCP.

- (e) Each diversion of water for beneficial use, other than domestic use, under authority of a water right while enrolled in the WRCP shall result in revocation of the enrollment order and the loss of due and sufficient cause for nonuse of water during the portion of the enrollment period occurring before the diversion.
- (f) Each diversion of water for beneficial use, other than domestic use, during the enrollment period shall be considered a violation of the order enrolling the water right. Any such diversion of water may result in a civil penalty pursuant to K.S.A. 2013 Supp. 82a-737, and amendments thereto. (Authorized by and implementing K.S.A. 2013 Supp. 82a-741; effective April 18, 2014.)

David W. Barfield, Chief Engineer Division of Water Resources
