Notice of Medicaid State Plan Amendment

Prior to September 18, 2014, and in accordance with the Centers for Medicare and Medicaid Special Terms and Conditions for the KanCare 1115 Demonstration, the Kansas Department of Health and Environment, Division of Health Care Finance, will be submitting an amendment of the Comprehensive Quality Strategy resulting from revisions of the Section 1915(c) amendments required under STC 45. This amendment must be submitted to CMS for review and approval within 90 days of approval of the STC 45 waiver amendments. A draft version of Attachment J can be requested by email at aswanson@kdheks.gov.

These amendments will impact Medicaid recipients who do not opt out of KanCare by bringing in the most recent waiver amendments consistent with the STCs, State Quality Measures, and the quality measures included in the KanCare 1115 demonstration-based managed care delivery system. All HCBS waivers, both those supporting people with disabilities and the SED waiver, are reflected in Attachment J as a result of this revision, and most measures are global across all waivers for consistency and comparability. As well, the Statewide Quality Strategy (SQS) will be amended to include further developed detail and updates on the Pay for Performance (P4P) measures, as defined in the KanCare contracts the state holds with the managed care organizations (MCOs). All additional performance measures, such as physical health measures, have been revisited to ensure they are current and functional.

The above amendments will have no fiscal impact as these are requirements associated with the approved and concurrently operating KanCare Section 1115 Demonstration and the seven current and approved 1915(c) waivers in Kansas.

Kansas citizens may provide written comments by email to KanCare@kdheks.gov. Comments should be sent not later than September 8.

Department for Aging and Disability Services

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Friday, October 24, in the Kansas Department for Aging and Disability Services' 331 W Conference Room, New England Building, 503 S. Kansas Ave., Topeka, to consider the adoption of proposed new rules and regulations of the Kansas Department for Aging and Disability Services (KDADS) on a permanent basis.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Brenda Kroll, Health Occupations Credentialing, 612 S. Kansas Ave., Topeka, 66603, or by email to brenda.kroll@kdads.ks.gov. All interested parties will be given a reasonable opportunity to present their views written or orally regarding the adoption of the proposed regulations during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Brenda Kroll at 785-296-0061 or TTY 785-291-3167. Handicapped parking is located on the east side of the New England Building's entrance on Kansas Avenue.

Copies of the proposed regulations and their economic impact statement can be viewed at www.kdads.ks.gov. Printed copies are available at the front desk of the KDADS office at the address listed above.

KDADS estimates that expenditures of \$11,000 from the State General Fund would be incurred for start-up costs to make necessary changes to the agency's registration software. The agency would then use registration fee revenue to finance ongoing administrative expenditures for production and processing of applications, processing approvals for continuing education requirements, and maintenance of the registry. The biennial registration fee is \$65.00 per person. The agency estimates 500 individuals will register in each two-year registration period, resulting in a total amount of \$32,500 for a two-year period.

In addition to KDADS, the Department of Administration, the Attorney General, the Kansas Legislature (through the Joint Committee on Rules and Regulations and the Legislative Research Department) and the Secretary of State shall bear the costs associated with the adoption of these regulations.

Operators will be required to submit an application fee of \$65.00 biennially. The regulations require registered operators receive 30 hours of continuing professional education for each two-year registration period. The cost of obtaining these hours will be borne by the individual op-

erator or the employing facility. Continuing education costs are estimated at \$15.00 per hour for a total of \$225.00 per operator per year. There is no economic impact to the general public.

A list of the proposed regulations and a brief summary follows:

K.A.R. 26-39-500. Definitions. This regulation defines the terms referenced in this set of regulations including: accredited college or university, clock-hour, continuing education, core of knowledge, disciplinary action, domains of practice, in-service education, long term care provider organization, registration, relevant experience, relevant field, sponsor, and sponsorship.

K.A.R. 26-39-501. Registration. This regulation outlines the requirements an applicant must meet prior to registering as an operator as determined in the statute. Applicants must submit appropriate applications with fees, be at least 21 years of age, have a high school diploma or equivalent with one year of relevant experience, have an associate's degree in a related field or a bachelor's degree, and have successfully completed an operator course as specified in 26-39-503.

K.A.R. 26-39-502. Application for registration. This regulation outlines the requisite components of an application to become a registered operator. The applicant must provide a high school diploma or equivalent, academic transcripts, or evidence of relevant work experience. Applicants who have received their academic training outside the United States shall obtain an equivalency validation from an approved entity that specializes in educational credential evaluations. Applicants must provide all necessary records, affidavits, or other documents related to any adverse information received through criminal history records, or other disciplinary actions taken against them. Any applicant who has been subject to such action has the burden of proof that the applicant has been rehabilitated and warrants the public trust.

K.A.R. 26-39-503. Operator course. This regulation outlines the process and criteria for approving and disapproving operator courses for the purpose of registering operators. The requirements identify which entities may provide the course, basic requirements for course instructors, course content, course length, testing protocols, and sets the passing score of the test at 80 percent. An individual who fails the exam may take the exam one additional time. An individual who fails the exam a second time must retake the course prior to challenging the exam again.

K.A.R. 26-39-504. Registration renewal and reinstatement; continuing education. This regulation outlines the processes for normal registration renewal, late renewal, and reinstatement of the credential when the credential has lapsed for failure to renew. Renewal requirements include timely submission of renewal application, and completion of 30 hours of continuing professional education with content specified by the department. The regulation provides an auditing process for verification of applicants' continuing education and describes the elements required for sponsors of continuing education to have their offerings approved for use toward the renewal of an operator's registration. Applicants may file a late

renewal application within 30 days of the expiration of their registration. Operators who fail to renew within the final date of the late renewal window will have a registration that is lapsed for failure to renew. Applicants whose registration is lapsed no longer than 24 months may complete application and 30 hours of continuing education to have their registration reinstated. Applicants whose registration lapses longer than 24 months must retake the approved operator course and pass the examination to be reinstated.

K.A.R. 26-39-505. Fees. This regulation sets the fee for registration at \$65.00 for a two-year period, and prorated for periods less than two years. Late renewal fee of \$35.00 will be applied to applications completed within 30 days from the expiration of the registration. An additional fee of \$65.00 will be assessed an operator renewing after having a lapsed or revoked registration.

K.A.R. 26-39-506. Change of name or address. This regulation requires operators to provide notice of name or address change to the department within 30 days of the change.

State Corporation Commission

Notice of Hearing on Proposed Administrative Regulations

The State Corporation Commission will conduct a public hearing at 2 p.m. Tuesday, November 4, in the third floor hearing room at the office of the State Corporation Commission, 1500 S.W. Arrowhead Road, Topeka, to consider the adoption of proposed rules and regulations of the State Corporation Commission on a permanent basis.

This notice exceeds the 60-day notice requirement of the pending public hearing and shall constitute the beginning of the public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Amber Smith, Litigation Counsel, State Corporation Commission, 1500 S.W. Arrowhead Road, Topeka, 66604, or by email to a.smith@kcc.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. To provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual needing accommodation to participate in the public hearing should contact Dawn Dubach at 785-271-3113 or the Kansas Relay Center at 800-766-3777 at least five working days before the hearing. Accommodations include providing the proposed regulation and economic impact statement in accessible formats. The main entrance located on the southwest side of the building is handicapped accessible. Accessible parking is lo-

cated on the southwest side of the State Corporation Commission parking lot.

Copies of the regulations and their economic impact statements may be obtained by contacting Amber Smith at the contact information above, 785-271-3301, or from the department's website at http://www.kcc.ks.gov.

A summary of the proposed regulations and the economic impact for each follows: (Note: Statements indicating that a regulation is "not anticipated to have any economic impact" are intended to indicate that no economic impact on the State Corporation Commission, other state agencies, state employees or the general public has been identified.)

K.A.R. 82-11-1. This existing regulation defines the key terms used in Article 11 – Natural Gas Pipeline Safety. The proposed amendments clarified the definition of "yard line" to end at the outside wall of a residential premise that is individually metered. This edit was necessary to permit utility companies to supervise the repairs or replacement of natural gas lines, specifically "yard lines," which run between the main and to the outer wall of a residence. This amendment also permits the utility company to recover the expenses in accordance with the company's tariffs.

The commission does not anticipate an economic impact resulting from the adoption of this proposed regulation.

K.A.R. 82-11-4. This existing regulation adopts the federal minimum safety standards for the transportation of liquid and gas pipeline operations. The amendments for this regulation include updating the regulation to become current with the federal 2013 version of the rules. Also, the proposed amendments edit the requirement for a utility company to make immediate repairs of all class 1 leaks or to continue efforts until a resolution has been reached and the hazard has passed. The edit removes the former five-day repair requirement.

The commission does not anticipate an economic impact resulting from the adoption of this proposed regulation.

K.A.R. 82-11-11. The proposed amendments to this existing regulation simplify the former fee schedule that governs the collection of fees for the inspections and supervision of standards of safety as required by the Federal Natural Gas Pipeline Safety Act of 1968 (49 U.S.C. § 60101 et seq.). The new version no longer contains outdated assessment information for the years of 1998 through the current year.

The commission does not anticipate an economic impact resulting from the adoption of this proposed regulation.

Thomas A. Day Acting Executive Director

Department of Labor Division of Workers Compensation

Notice of Hearing on Proposed Administrative Regulation

A public hearing will be conducted at 2 p.m. Friday, November 7, in Conference Room A, third floor, 401 S.W. Topeka Blvd., Topeka, to consider the adoption of an amendment to a permanent regulation of the Division of Workers Compensation.

The 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to the director of the Division of Workers Compensation, 401 S.W. Topeka Blvd., Suite 2, Topeka, 66603-3105, or by email to Anne Haught at anne.haught@dol.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit oral presentation to 10 minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Anne Haught at 785-296-4000, ext. 2155, or anne.haught@dol.ks.gov. Parking for individuals with disabilities is located behind the 401 S.W. Topeka Blvd. building. Also, the west entrance of the building is accessible to individuals with disabilities.

Copies of the regulation and its economic impact statement may be obtained by contacting Ann Haught at the contact information above.

The following is a brief summary of the proposed regulation:

K.A.R. 51-9-7. Fees for medical and hospital services.

The proposed change to this regulation is made in accordance with K.S.A. 44-510i(c)(2), which requires the schedule of maximum fees to be revised as necessary at least every two years by the director of workers compensation to assure that the schedule is current, reasonable and fair. The fee schedule establishes the maximum fees for medical, surgical, hospital, dental, nursing, vocational rehabilitation or any other treatment or services provided or ordered by health care providers and rendered to employees under the Workers Compensation Act.

The following is a brief summary of the economic impact:

K.S.A. 44-510i requires the director of workers compensation to adopt rules and regulations to establish a schedule of maximum medical fees, and to revise the schedule at least every two years to ensure that it is current, reasonable and fair. The National Council on Com-

pensation Insurance, Inc., predicts that the January 1, 2015, "Schedule of Medical Fees" will result in an overall decrease on workers compensation system costs of -\$2 million or a 0.5 percent decrease. This amendment will have no economic impact on the Division of Workers Compensation or Kansas Department of Labor in terms of administering the schedule of fees under the Workers Compensation Act.

Because current practice is consistent with this amendment, there is no economic impact on health insurers.

Similarly, there will be no economic impact on the Kansas Insurance Department, consumers, small businesses or other governmental agencies.
