Department of Health and Environment

Request for Comments

The Kansas Department of Health and Environment has received Resource Conservation and Recovery Act (RCRA) hazardous waste Part A and Part B permit renewal applications from Exline, Inc. (operator) and Exline Leasing, Inc. (owner). The facility is located at 3256 E. Country Club Road, Salina, Kansas, and has EPA identification number KSD007127327.

KDHE is providing notice of its intent to renew the RCRA hazardous waste management permit for the facility. The proposed renewal permit will require Exline to continue post-closure care and corrective action at the facility.

In October 1985, the state of Kansas received final authorization from the U.S. Environmental Protection Agency to implement a hazardous waste management program in lieu of the federal program, except for those portions covered by the 1984 Hazardous and Solid Waste Amendments (HSWA). In September 2013, authority for the corrective action portion of the RCRA program was delegated to the state of Kansas.

The draft permit sets forth in a concise document all of the applicable requirements that KDHE will require the permittee to comply with during the 10-year duration of the permit. The draft hazardous waste permit includes standard permit conditions, general facility conditions, post-closure care requirements, groundwater corrective action requirements, and corrective action requirements for SWMUs and AOCs. Section V addresses corrective action for all releases or future releases of hazardous waste or hazardous constituents from any solid waste management unit (SWMU) or area of concern (AOC) at this facility. Section V includes general conditions, process steps and a facility submission summary for corrective action activities.

The draft permit is being considered for issuance under authority of K.S.A. 65-3430 et seq. and K.A.R. 28-31-4 through 28-31-279a, and Subtitle C of RCRA, as amended by HSWA. Documents that support the permit conditions specified in the draft permit are part of the administrative record. Applicable regulations are found in 40 CFR Parts 124, 260 through 264, 268 and 270, as specified in this permit. All citations found in the draft permit to federal regulations are for the sake of convenience. Some modifications to federal regulations by applicable state regulations are noted in this permit, but all modifications to federal regulations by state regulations are incorporated. To the extent that state regulations exclude any sections of applicable federal regulations, those sections are not in effect. In the instance of inconsistent language or discrepancies between conditions found in the permit, state regulations or federal regulations, the language of the more stringent provision will govern; otherwise, state law gov-

State hazardous waste laws require that the public be given at least 45 days to review the administrative record for the draft permit prior to KDHE taking a final action.

The purpose of having a public comment period is to ensure that interested parties have the opportunity to evaluate the conditions specified in the draft permit and to provide their input into the permit decision-making process. A copy of the administrative record, which includes the draft permit, the fact sheet, the permit application and all information pertaining to this permit action, is available for public review from September 8 to October 22, Monday through Friday during normal business hours, at the following locations:

Kansas Department of Health and Environment Hazardous Waste Permits Section 1000 S.W. Jackson, Suite 320 Topeka, 66612-1366 Contact: Mostafa Kamal 785-296-1609 Salina Public Library 301 W. Elm St. Salina, 67401 785-825-4624

The administrative record also can be accessed on the KDHE website at www.kdheks.gov/waste/p_pubnot_hw. html

As specified in 40 CFR 124.11, during the public comment period any interested person may request a public hearing in writing that states the nature of the issues proposed to be raised in a public hearing. In the event that a hearing is scheduled, advance notice of the date will be given to the public. In accordance with 40 CFR 124.12, during a public hearing, any person may submit oral or written statements and data concerning the draft permit or Part B application. The secretary of KDHE will make the decision regarding the issuance of the permit after the close of the public comment period. The secretary will consider all comments received during the public hearing and comment period.

When the final decision to issue or deny the permit is made, notice will be given to the applicant, to all persons who submitted written comments and to those who requested notice of the final permit decision. If none of the comments received during the public comment period result in revisions to the draft permit, the permit will become effective immediately upon issuance of the final permit decision. If comments received during the public comment period result in revisions, the permit will become effective 30 days after service of notice of the final decision to allow for public review of the revisions in accordance with 40 CFR 124.15 and K.A.R. 28-31-124(c)(8). Appeals of the final permit decision for the permit must be filed within 15 days after service of notice in accordance with K.S.A 65-3440 and K.S.A. 77-601 et seq.

Kansas Development Finance Authority Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, September 18, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 000905 – Maximum Principal Amount: \$145,699. Owner/Operator: Jordan L. and Amy E. Jenkins. Description: Acquisition of 77 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Jordan L. and Amy E. Jenkins and is located at the East Half of the Northeast Quarter of Section 16, Township 17 South, Range 12 East of the 6th PM, Lyon County, Kansas, approximately 11.5 miles north of Emporia on Burlingame Road, 1 mile east on Road 280, and .75 mile north on Road S.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the KDFA at its offices at 555 S. - (e) The carcass of each CWD-positive animal shall be disposed of only by a method and at a site approved by the commissioner and the secretary of the Kansas department of health and environment or the secretary's designee.
