The Kansas Department of Transportation is seeking to develop its right-of-way assets with installation of fiber optic infrastructure along the U.S. 169 corridor from the Oklahoma border to I-35 in Olathe, Kansas (approximately 147 miles), and/or along U.S. 69 and Alt. U.S. 69 (with U.S. 400) from the Oklahoma border to I-35 in Lenexa, Kansas (approximately 146 miles). The U.S. 169 corridor and U.S. 69 corridor map may be seen at the following link:

State highways experience recurring and nonrecurring congestion, incidents, construction and maintenance activities. Installation of KDOT-owned fiber optic facilities on state highways such as U.S. 169 and U.S. 69 will allow KDOT to implement Intelligent Transportation Systems (ITS) applications that provide system and transportation managers with timely information on current travel and roadway conditions, and tools for controlling traffic flow, congestion construction management and maintenance activities, traffic incidents and events.

Dissemination of travel information by ITS systems such as travel times and incident information allow the traveling public to make better informed decisions regarding their travel choices. In addition, KDOT-owned fiber optic facilities can be used to link with other state governmental agencies and facilities for public welfare and safety. KDOT has identified the U.S. 169 and U.S. 69 corridors as a route for which installation of commercial fiber optic infrastructure (as a pilot) with a private telecommunication entity would benefit the state of Kansas.

To develop a fiber optic infrastructure to meet KDOT's long-term ITS communications needs, KDOT is considering the nonexclusive use of its right-of-way along the U.S. 169 and U.S. 69 (either or both) corridors to allow a company in fiber optic business to install fiber optic cable along the right-of-way under a permitting relationship with KDOT. The permit would be given by KDOT in exchange for furnishing dedicated fiber optic infrastructure to KDOT. KDOT does not intend to pay for the installation, maintenance, any necessary future relocations or provisions of services and fiber optic infrastructure.

KDOT is requesting that private companies in fiber optic business that have an interest in partnering with KDOT in the manner described contact Leslie Spencer Fowler, KDOT ITS program manager, at 785-296-5652 or Leslie@ksdot.org before the close of business Monday March 16, 2015.

The bonds will be issued to assist the borrowers named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

Project No. 000915 – Maximum Principal Amount: \$152,000. Owner/Operator: Bryant Gutsch. Description: Acquisition of 160 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Bryant Gutsch and is located at the Southwest Quarter of Section 14, Township 19, Range 4, Marion County, Kansas, approximately 7 miles south of Lincolnton on Highway 77.

Project No. 000916 – Maximum Principal Amount: \$127,560. Owner/Operator: Luke A. & Carol A. Perry. Perry and is located at the North Half of the Southeast Quarter of Section 3, Township 6, Range 11, Pottawatomie County, Kansas, approximately 4.5 miles north of Onaga on Onaga Road.

The bonds, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will they be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bonds to finance the projects, and all written comments previously filed with the KDFA at its offices at 555 S. Notice of Hearing

The Kansas Department of Health and Environment is proposing a *State Implementation Plan (SIP) Revision to Modify the Allocations for Kansas Utilities under the Environmental Protection Agency's Cross-State Air Pollution Rule (CSAPR)*. If requested, a public hearing for this action will be held at 10 a.m. Tuesday, March 24, in the Flint Hills Conference Room, third floor, Curtis State Office Building, 1000 S.W. Jackson, Topeka. To request a hearing, contact Pat Gibbs at pgibbs@kdheks.gov or 785-291-3278, or fax a written request to 785-296-7455. If no request for hearing is received by noon March 20, the tentatively scheduled hearing will be cancelled and announced on the KDHE Bureau of Air's website at <http://www.kdheks.gov/bar/planning/pnplanning.html>. Inquiries may be made by phone to 785-291-3278 or emailed to pgibbs@kdheks.gov.

This SIP revision is proposed in accordance with Section 110(a)(1) of the federal Clean Air Act Amendments (CAAA) of 1990 that requires each state to submit a plan for the implementation, maintenance and enforcement of the National Ambient Air Quality Standards (NAAQS) to the administrator of the U.S. Environmental Protection Agency. It also satisfies CAA Section 110(a)(2)(D)(i)(I) "good neighbor" provisions, requiring that SIPs contain adequate provisions to prohibit emissions that will significantly contribute to a nonattainment of a NAAQS or interfere with maintenance of a NAAQS in a downwind state.

Kansas is exercising an option in the Cross-State Rule to reallocate otherwise lost allocations. Except for Westar Energy, Kansas utilities will receive increases for their nitrogen oxide (NO_x) emission allowance allocations for 2016. Within this SIP revision, KDHE proposes that 2,800 annual NO_x tons be divided proportionally among all Kansas utilities subject to CSAPR for calendar year 2016.

The proposed SIP update does not include any rule-making action. Details concerning this action can be obtained by contacting Pat Gibbs, KDHE, Bureau of Air, at 785-291-3278. Copies of the proposed plan also may be viewed at the following locations.

- Department of Air Quality, Unified Government of Wyandotte County - Kansas City, Kansas Health Department, 619 Ann Ave., Kansas City, Kansas
- Johnson County Environmental Department, 11811 S. Sunset, Suite 2700, Olathe
- KDHE Northwest District Office, 2301 E. 13th St., Hays
- KDHE North Central District Office, 2501 Market Place, Suite D, Salina
- KDHE Northeast District Office, 800 W. 24th St., Lawrence
- KDHE Southeast District Office, 1500 W. 7th St., Chanute
- Wichita-Sedgwick County Dept. of Community Health, 1900 E. 9th St., Wichita

- KDHE Southwest District Office, 302 W. McArtor Road, Dodge City

The plan also is posted for viewing on the KDHE Bureau of Air's website at <http://www.kdheks.gov/bar/planning/pnplanning.html>.

Comments from the interested public will be accepted by KDHE, Bureau of Air, if received by March 24. Special accommodations necessary to participate in the public hearing will be provided if requested by March 16.

HB 2552, passed in the 2014 session of the Legislature, signed by the governor, and now codified in statute at K.S.A. 39-709f, requires the KanCare MCOs to pay claims promptly or be subject to a lawsuit for interest on unpaid claims brought by providers. The statute expressly provides that KDHE will promulgate regulations that will implement the statute. These regulations are intended to fulfill this statutory requirement.

A brief summary of these regulations and the economic impact follows:

129-5-10. This regulation contains the definitions that apply to these regulations.

129-5-11. This regulation designates that the statute applies only to claims after the effective date of the statute, which was July 1, 2014.

129-5-12. This regulation specifies that the act applies to claims submitted in paper and electronic format.

129-5-13. This regulation specifies that a claim is deemed to be received by the MCO within three days after it is mailed by the provider, or within 24 hours after it is submitted electronically by the provider.

129-5-14. This regulation specifies the contents of a notice of denial or a request for additional information. This regulation also addresses the suspension of the time period while providers provide additional information, and the MCOs' responsibilities once the additional information is received.

129-5-15. This regulation specifies that claims subject to a bona fide dispute will not be subject to the act.

129-5-16. This regulation specifies that the provisions of the act apply only to the unpaid portion of claims.

129-5-17. This regulation specifies that the prompt payment period begins on the date of resubmission of a corrected claim when the provider submits the corrected claim before the MCO requests additional information.

129-5-18. This regulation specifies that a claim is deemed to be paid by the MCO on the date a check is issued for the claim, or on the date an electronic notice of payment is sent by the MCO to the provider.

129-5-19. This regulation specifies that interest shall be applied only to the unpaid claim, and that interest will not be compounded. This regulation also requires the MCOs to maintain sufficient records.

129-5-20. This regulation specifies that the act does not apply to retroactive rates or policy changes.

129-5-21. This regulation provides that a request for payment is not deemed a claim until the MCO is notified that the claimant is eligible for Medicaid.

Federal Mandate: There are no federal mandates.

Economic Impact: These regulations are expected to have no economic impact on the state. The economic impact on providers and MCOs will depend on the timeliness of the MCOs' payments to providers. Based on the timeliness reporting provided by the MCOs, using actuals data available for calendar year 2014, it is estimated that the interest on the late payment of claims would be approximately \$51,000 per year.

Bearer of Costs: KanCare managed care organizations (MCOs).

Affected Parties: KanCare MCOs; providers who have entered into participating provider agreements with the MCOs.

Other Methods: As these regulations are required by state statute (K.S.A. 39-709f), there are no other appropriate methods for the desired outcome.
