Issued: Thursday, March 26, 2015

Closing Date: Monday, April 13, 2015

Closing Time: 2 p.m. local time, Cottonwood Falls,  
Kansas

Interested parties should submit one original and ten (10) copies of its statement of qualifications in sealed envelopes or other suitable packaging. The outside of the envelope or package should be clearly marked "Statement of Qualifications to Provide Construction Management at-Risk Services." Statements of qualifications must be received on or before the closing time on the closing date set forth above at the offices of the district at the following address:

Chase County U.S.D. 284  
Board of Education  
219 Broadway  
Cottonwood Falls, KS 66845

The Board of Education of Unified School District No. 284 (Cottonwood Falls, Chase County, Kansas) seeks statements of qualifications from construction managers and general contractors interested in providing construction management at-risk services.

Scope:

The district is looking for preconstruction services as it works through a facility master plan. Facility needs are currently being evaluated and may include renovations/additions to the two principal attendance centers or construction of a new pre-K through 12th grade attendance center with improvements to the district stadium. Project value is

estimated between \$10 million and \$30 million contingent on a successful bond election.

This request for statements of qualifications is made pursuant to K.S.A. 72-6760e, alternative project delivery, and K.S.A. 72-6760f, construction management at-risk projects. The request for statements of qualifications is the first phase of a three-phase qualifications-based selection process. The board, after considering statements of qualifications submitted in response to this request, will qualify at least three, but not more than five, of the interested construction managers to be considered during Phase II of the selection process.

The board reserves the right to reject any or all statements of qualifications and may, at its discretion, disqualify any proposal submitted by a party that the board determines lacks the minimal qualifications to perform the proposed work.

The proposed projects involve substantial renovations, new construction, and/or a combination of new construction and renovations.

Such statement of qualifications shall include, but should not be limited to, the following information:

1. The firm's legal name
2. Address of principal offices
3. Experience in successfully completing substantial and complex renovation projects
4. Experience with providing construction management at-risk services\*
5. Experience with providing construction management at-risk services for Kansas unified school districts and other Kansas public projects since the inception of CMaR for Kansas public projects in May 2008\*
6. References from design professionals and owners of completed projects using construction management at-risk services
7. Financial statement and evidence of bonding capacity
8. Statement of the firm's plan to work with local subcontractors, vendors and businesses
9. Experience in renovating occupied schools
10. Any other information that may be relevant to evaluating such statement of qualifications

\*The district is most interested in evaluating the firm's construction management at-risk experience. Projects delivered via other delivery methods (e.g. construction management-agency, design-build, general construction) will be considered less relevant by the district.

Kansas law requires a public work bond (K.S.A. 60-1111), in an amount not less than the contract amount, and the statement of qualifications should include evidence that the firm has the financial resources to provide the required bond in an amount at least equal to the construction budget of approximately \$30 million.

Doc. No. 043390

**State of Kansas****Department of Health  
and Environment****Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed revision to an air quality construction permit. Mid-Kansas Electric Company, LLC (Mid-Kansas), located at 301 W. 13th St., Hays, KS 67601, has applied for a revision to an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300. The existing permit was issued for 24 new spark-ignition Caterpillar four-stroke lean-burn reciprocating internal combustion engine (Caterpillar 4SLB RICE) electricity-generating units using pipeline-quality natural gas. Each engine will be nominally rated at 10 megawatts (MW) of electricity for a combined power output of approximately 240 MW. The facility also includes two 450-kW pipeline quality natural gas-fired emergency AC generators, a 197-HP diesel-fueled emergency fire pump, and a 2 mmBtu/hr natural gas-fired indirect fuel gas heater. The facility, known as Rubart Station, is located in the Northwest Quarter of Section 1, Township 29 South, Range 35 West, Grant County, Kansas, approximately 14 miles east of Ulysses.

Emissions of particulate matter (PM), as well as other pollutants, were evaluated during the permit review process, and a permit was issued in accordance with the provisions of K.A.R. 28-19-350, prevention of significant deterioration (PSD), which adopt the federal standards, procedures and requirements of 40 CFR 52.21 by reference. These air quality regulations apply to major stationary emission sources located in areas designated as “attainment” under the federal Clean Air Act (CAA). Attainment areas are areas where the air quality meets or is better than the National Ambient Air Quality Standards (NAAQS).

The PSD regulations require evaluation of emission reduction techniques to identify the best available control technology (BACT) for each regulated pollutant. The purpose of BACT is to affect the maximum degree of reduction achievable, taking into account energy, environmental and economic impacts for each regulated pollutant under review. The proposed permit revision modifies and increases the BACT emission limit for PM. The de-

partment has reviewed Mid-Kansas’ BACT analysis for PM for the Rubart Station Project and concurs with its findings that for the Caterpillar 4SLB RICE, combustion controls and low-ash fuels are BACT for PM. Proposed permit revisions consist of the following:

- Administrative changes;
- For each Caterpillar 4SLB RICE, BACT emissions of PM shall not exceed 1.31 lb/hour at all times except during startup (24-hour averaging period);
- For each Caterpillar 4SLB RICE, BACT emissions of PM shall not exceed 1.68 lb/hour during startup (24-hour averaging period); and
- Clarification of performance testing requirements.

Any federal land manager who has reason to believe they may have a Class I area adversely impacted by the emissions from the proposed project has the opportunity to present KDHE with a demonstration of the adverse impact on the air quality-related values of the federal Class I area during the comment period. No increment consumption will occur as a result of the proposed changes.

A public comment period has been established until noon April 27 to allow citizens the opportunity to express any concerns they may have about this proposed permitting action. During this comment period, public comments shall be accepted only on proposed revisions to the permit. All comments should be submitted in writing to Mindy Bowman, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366.

Any member of the public may request a public hearing be conducted to provide comments on the proposed issuance of the draft air quality construction permit. A written request for a public hearing should be sent to the attention of Mindy Bowman at the address listed above or by fax to 785-291-3953 and must be received by noon April 27.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process for the revised PSD permit is available for public review for a period of 30 days from the date of publication during normal business hours, 8 a.m. to 5 p.m., at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka. A copy of the proposed permit and all supporting documentation also can be reviewed at the KDHE Southwest District Office, 302 W. McArtor Road, Dodge City. To obtain or review the proposed permit and supporting documentation contact Mindy Bowman, 785-296-6421, at the KDHE central office, or the KDHE Southwest District Office, 620-356-1075. The standard departmental cost will be assessed for any copies requested.

These same materials are available, free of charge, at the KDHE Bureau of Air website at <http://www.kdheks.gov/bar/index.html>.

The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Pioneer Balloon Company, 5000 E. 29th St. North, Wichita, KS 67220, owns and operates a latex and foil balloon production company located at 2400 Pioneer Drive, El Dorado, KS 67220.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours, 8 a.m. to 5 p.m., at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, and at the KDHE South Central District Office, 300 W. Douglas, Suite 700, Wichita. The standard departmental cost will be assessed for any copies requested.

Written comments or questions regarding the proposed permit may be directed to Christy Thurman, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received not later than noon April 27.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Christy Thurman, KDHE, Bureau of Air, not later than noon April 27 in order for the secretary of health and environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

State of Kansas  
**Governmental Ethics Commission**

**Opinion No. 2015-04**

Written March 18, 2015, to Executive Director Tina Lewis, Salina Housing Authority, Salina.

**Synopsis:** Under the facts provided, a local governmental employee may make, or participate in making a contract, with a person or business if such officer is not employed by the person or business and does not have a substantial interest in the person or business.

Cited herein: K.S.A. 75-4301a, K.S.A. 75-4303a, 75-4304, and 75-4306.

Dear Ms. Lewis,

In response to your February 18, 2015, email request, this opinion is provided by the Kansas Governmental Ethics Commission (commission), concerning application of the local conflict of interest law, K.S.A. 75-4301a *et seq.* The commission's jurisdiction is limited to applicability of this law. This opinion, provided pursuant to K.S.A. 75-4303a(a), does not address whether some other statutory system, common law theory, or agency rule or regulation applies to your inquiry.

**Factual Statement**

We understand that you request this opinion in your capacity as executive director for the Salina Housing Authority. In support of your inquiry, the following facts are provided:

- The Salina Housing Authority has paid intermittently for the legal services of attorney Lance Cochran of the law firm Kennedy Berkley Yarnevich & Williamson, Chtd. for over ten years.
- Kris Lewis, who is the 21 year old son of the Executive Director of the Salina Housing Authority, has taken a position with the firm Kennedy Berkley Yarnevich & Williamson, Chtd. while he is in college. He files, picks up supplies, delivers papers, processes mail, and does assorted jobs. He works approximately 20 hours per week and makes \$8 per hour. He was referred to the firm by another attorney, Larry Michel, who he knew from debate tournaments. He does not work specifically for any attorney.
- As executive director of the Salina Housing Authority, I would like to solicit an opinion on Kansas law regarding the potential conflict of interest incurred because of the Housing Authority contracting with a law firm who employs a child of the Executive Director.

**Question**

As a local governmental employee, may the executive director of the Salina Housing Authority make or participate in the making of a contract for services with Kennedy Berkley Yarnevich and Williamson, Chtd., a law firm that employs her son without violating the local conflict of interest law, K.S.A. 75-4301, *et seq.*?

**Analysis and Opinion**

As executive director for the Salina Housing Authority, Tina Lewis is a local governmental employee as defined by K.S.A. 75-4301a(c): "any employee of any govern-

mental subdivision or any of its agencies." Salina Housing Authority is a governmental subdivision as defined by K.S.A. 75-4301a(f): "any city, county township, school district, drainage district or other governmental subdivision of the state having authority to receive or hold public moneys or funds."

The local conflict of interest law, specifically K.S.A. 75-4306, makes it unlawful for local government employees, in such capacity, to contract with a person or business in circumstances provided in K.S.A. 75-4304(a):

No local governmental officer or employee shall, in the capacity of such an officer or employee, make or participate in the making of a contract with any person or business by which the officer or employee is employed or in whose business the officer or employee has a substantial interest.

The local conflict of interest law defines "substantial interest" in K.S.A. 4301a(a) as follows:

"Substantial interest" means any of the following: (1) If an individual or an individual's spouse, either individually or collectively, has owned within the preceding 12 months a legal or equitable interest exceeding \$5,000 or 5% of any business, whichever is less, the individual has a substantial interest in that business.

(2) If an individual or an individual's spouse, either individually or collectively, has received during the preceding calendar year compensation which is or will be required to be included as taxable income on federal income tax returns of the individual and spouse in an aggregate amount of \$2,000 from any business or combination of businesses, the individual has a substantial interest in that business or combination of businesses.

(3) If an individual or an individual's spouse, either individually or collectively, has received in the preceding 12 months, without reasonable and valuable consideration, goods or services having an aggregate value of \$500 or more from a business or combination of businesses, the individual has a substantial interest in that business or combination of businesses.

(4) If an individual or an individual's spouse holds the position of officer, director, associate, partner or proprietor of any business, other than an organization exempt from federal taxation of corporations under section 501(c)(3), (4), (6), (7), (8), (10) or (19) of chapter 26 of the United States code, the individual has a substantial interest in that business, irrespective of the amount of compensation received by the individual or individual's spouse.

(5) If an individual or an individual's spouse receives compensation which is a portion or percentage of each separate fee or commission paid to a business or combination of businesses, the individual has a substantial interest in any client or customer who pays fees or commissions to the business or combination of businesses from which fees or commissions the individual or the individual's spouse, either individually or collectively, received an aggregate of \$2,000 or more in the preceding calendar year.

Under the facts provided, we opine no substantial interest exists in the law firm by virtue of your son's employment. As a local governmental employee, you may continue to contract with the law firm for services and not violate the Kansas local conflict of interest law.

G. Daniel Harden, Chairman  
 By Direction of the Commission
