(3) The remaining twenty-five percent of the Bad Beat jackpot for the game in which the Bad Beat occurred will be split among the remaining players at the table who were dealt a hand in that game.

(4) All payouts will be rounded up to the nearest dollar, adjusting the remaining jackpot balance accordingly.

The dealer will notify the poker supervisor or higher ranking casino official of the winning hand. The pit manager and surveillance may also be notified of the potential jackpot.

(c) The poker supervisor or higher ranking casino official will verify the deck of cards by directing the dealer to count down and sort the remaining cards by suit.

(e) The poker supervisor or higher ranking casino official will collect the deck and place it into a secure container.

(f) Once the deck has been collected and placed into a secure container, a new deck of cards will be placed on the table and play may resume.

91-42-2. Standards for the use of emergency safety interventions. (a) An emergency safety intervention shall be used only when a student presents a reasonable and immediate danger of physical harm to the student or others with the present ability to effect such physical harm. Less restrictive alternatives to emergency safety interventions, including positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student's behavior before the use of any emergency safety interventions. The use of emergency safety interventions shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an emergency safety intervention.

(b) Use of an emergency safety intervention for purposes of discipline or punishment or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

(continued)

(c) A student shall not be subjected to seclusion if the student is known to have a medical condition that could put the student in mental or physical danger as a result of seclusion. (d) When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

(e) Each seclusion room equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in cases of emergency, including fire or severe weather.

(f) Each seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Each room shall be free of any condition that could be a danger to the student and shall be well-ventilated and sufficiently lighted.

(g) The following types of restraint shall be prohibited:

- (1) Prone, or face-down, physical restraint;
- (2) supine, or face-up, physical restraint;
- (3) any restraint that obstructs the airway of a student;
- (4) any restraint that impacts a student's primary mode of communication;

(5) chemical restraint, except as prescribed treatments for a student's medical or psychiatric condition by a person appropriately licensed to issue these treatments; and

(6) the use of mechanical restraint, except those protective or stabilizing devices either ordered by a person appropriately licensed to issue the order for the device or required by law, any device used by a law enforcement officer in carrying out law enforcement duties, and seatbelts and any other safety equipment when used to secure students during transportation.

(h) The following shall not be deemed an emergency safety intervention:

- (1) Physical escort; and
- (2) time-out. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective April 19, 2013; amended, T-91-2-17-16, Feb. 17, 2016.)

91-42-3. District policy; training; local board dispute resolution. (a) Each district shall develop and implement written policies to govern the use of emergency safety interventions over all schools. At a minimum, written district policies shall conform to the standards, definitions, and requirements of this article. The written policies shall also include the following:

(1) (A) School personnel training shall be designed to meet the needs of personnel as appropriate to their duties and potential need for the use of emergency safety interventions;

(B) training shall address prevention techniques, de-escalation techniques, and positive behavioral intervention strategies;

(C) any training on the use of emergency safety interventions by the district shall be consistent with nationally recognized training programs; and

(D) schools and programs shall maintain written or electronic documentation on training provided and lists of participants in each training; and

(2) a local dispute resolution process, which shall include the following:

(A) A procedure for a parent to file a complaint with the local board. If a parent believes that an emergency safety intervention has been used with the parent's child in violation of this article or the district's emergency safety intervention policy, the parent may file a complaint with the local board. The complaint shall be filed within 30 days of the date on which the parent was informed of the use of that emergency safety intervention;

(B) a complaint investigation procedure;

(C) a dispute resolution final decision. The local board's final decision shall be in writing and shall include findings of fact and any corrective action required by the district if the local board deems these actions necessary. The local board's final decision shall be mailed to the parent and the department within 30 days of the local board's receipt of the complaint; and

(D) a statement of the parent's right to request an administrative review by the state board as specified in K.A.R. 91-42-5, including information as to the deadline by which the parent must submit the request to the state board;

(3) a system for the collection and maintenance of documentation for each use of an emergency safety intervention, which shall include the following:

(F) whether the student had a section 504 plan at the time of the incident; and

(G) whether the student had a behavior intervention plan at the time of the incident;

(4) procedures for the periodic review of the use of emergency safety intervention at each school, which shall be compiled and submitted at least biannually to the district superintendent or district designee; and

(b) Written policies developed pursuant to this article shall be accessible on each school's web site and shall be included in each school's code of conduct, school safety plan, or student handbook. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective, T-91-2-17-16, Feb. 17, 2016.)

91-42-4. Parent notification; required meeting; filing a complaint. (a) When an emergency safety intervention is used with a student, the school shall notify the parent the same day the emergency safety intervention was used. If the parent cannot be notified, the school shall notify the emergency contact person for the student.

(b) The school shall provide documentation of the emergency safety intervention used to the parent no later than the school day following the day on which the emergency safety intervention was used. This documentation shall include the date and time of the intervention, the

type of intervention, the length of time the intervention was used, and the school personnel who participated in or supervised the intervention.

(c) In addition to the documentation required by subsection (b), the school shall provide the parent additional information.

(1) After the first incident in which an emergency safety intervention is used with a student during the school year, the school shall provide the following information in printed form to the parent:

(A) A copy of the standards of when emergency safety interventions can be used;

(B) a flyer on the parent's rights;

(C) information on the parent's right to file a complaint through the local dispute resolution process and the complaint process of the state board of education; and

(D) information that will assist the parent in navigating the complaint process, including contact information for the parent training and information center and protection and advocacy system.

(2) After subsequent incidents in which an emergency safety intervention is used with a student during the school year, the school shall provide a full web site address containing the information in paragraph (b)(1).

(d)(1) If there is a third incident involving the use of emergency safety interventions within a school year on a student who has an individualized education program or a section 504 plan, then the student's individualized education program team or section 504 plan team shall meet within 10 days after the third incident to discuss the incident and consider the need to conduct a functional behavioral analysis, develop a behavior intervention plan, or amend either if already in existence, unless the individualized education program team or the section 504 plan team has agreed on a different process.

(2) If there is a third incident involving the use of emergency safety interventions within a school year on a student who is not described in paragraph (d)(1), then a meeting between the student's parent and school employees shall be conducted within 10 days after the third incident to discuss the incident and consider the appropriateness of a referral for an evaluation under the special education for exceptional children act, K.S.A. 72-961 et seq. and amendments thereto, the need for a functional behavioral analysis, or the need for a behavior intervention plan. Each meeting called pursuant to this subsection shall include the student's parent, a school administrator for the school where the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for the meeting.

(3) The student shall be invited to any meeting called pursuant to this subsection.

(4) The time for calling a meeting pursuant to this subsection shall be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period.

(5) Nothing in this subsection shall be construed to prohibit the development and implementation of a functional behavioral analysis or a behavior intervention plan for any student if the student could benefit from such measures but has had fewer than three incidents involving emergency safety interventions within a school year.

(e) If a parent believes that emergency safety interventions have been used in violation of this article or policies of the school district, then within 30 days from being informed of the use of emergency safety intervention, the parent may file a complaint through the local dispute resolution process. Any parent may request an administrative review by the state board within 30 days from the date the final decision was issued pursuant to the local dispute resolution process. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective, T-91-2-17-16, Feb. 17, 2016.)

91-42-5. Administrative review. (a) Any parent who filed a written complaint with a local board regarding the use of emergency safety intervention may request an administrative review by the state board of the local board's final decision.

(b) Each parent seeking administrative review shall provide the following information in the request:

(1) The name of the student and the student's contact information;

(2) the name and contact information, to the extent known, for all involved parties, including teachers, aides, administrators, and district staff;

(3) a detailed statement of the basis for seeking administrative review, with all supporting facts and documentation. The documentation shall include a copy of the complaint filed with the local board and shall include the local board's final decision, if issued. The request shall be legibly written or typed and shall be signed by the parent. Relevant written instruments or documents in the possession of the parent shall be attached as exhibits or, if unavailable, referenced in the request for administrative review; and

(4) written consent to disclose any personally identifiable information from the student's education records necessary to conduct an investigation pursuant to this regulation.

(c)(1) Each request for administrative review shall be filed with the commissioner within 30 days from the date a final decision is issued pursuant to the local dispute resolution process or, if a final decision is not issued, within 60 days from the date a written complaint was filed with the local board.

(2) The hearing officer shall forward a copy of the request for administrative review to the clerk of the local board from whom the administrative review is sought.

(d) Upon receipt of each request for administrative review, the hearing officer shall consider the local board's final decision and may initiate its own investigation of the complaint. Any investigation may include the following:

(1) A discussion with the parent, during which additional information may be gathered and specific allegations identified, verified, and recorded;

(2) contact with the local board or other district staff against which the request for administrative review is filed to allow the local board to respond to the request with facts and information supporting the local board's final decision; and

(3) an on-site investigation by department officers or employees.

(e) If the hearing officer receives information that the hearing officer determines was not previously made

(continued)

available to both parties during the local board dispute resolution process, the hearing officer may remand the issue back to the local board. The local board then has 30 days to issue a written amended final decision.

Upon remand, the hearing officer's case will be closed. All rights to and responsibilities of an administrative review shall begin again when the local board's amended final decision is issued or upon 30 days from when the hearing officer's remand is issued, whichever occurs first.

(f) Within 60 days of the commissioner's receipt of the request for administrative review, the hearing officer shall inform the parent, the school's head administrator, the district superintendent, the local board clerk, and the state board in writing of the results of the administrative review. This time frame may be extended for good cause upon approval of the commissioner.

(g) The results of the administrative review shall contain findings of fact, conclusions of law, and, if needed, suggested corrective action. The hearing officer shall determine whether the district is in violation of this article based solely on the information obtained by the hearing officer during the course of the investigation and the administrative review process. This determination shall include one of the following:

(1) The local board appropriately resolved the complaint pursuant to its dispute resolution process.

(2) The local board should reevaluate the complaint pursuant to its dispute resolution process with suggested findings of fact.

(3) The hearing officer's suggested corrective action is necessary to ensure that local board policies meet the requirements of law.

(h) Nothing in this regulation shall require exhaustion of remedies under this regulation before using procedures or seeking remedies that are otherwise available. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective, T-91-2-17-16, Feb. 17, 2016.)

91-42-6. Exemptions. (a) As used in this regulation, each of the following terms shall have the meaning specified in this subsection:

(6) "School security officer" means a person who is employed by a board of education of any school district for the purpose of aiding and supplementing state and local law enforcement agencies in which the school district is located, but is not a law enforcement officer or police officer.

(b) Campus police officers and school resource officers shall be exempt from the requirements of this article when engaged in an activity that has a legitimate law enforcement purpose.

(c) School security officers shall not be exempt from the requirements of this article. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective, T-91-2-17-16, Feb. 17, 2016.)

91-42-7. Reporting. (a) Each district shall report information from all incidents of emergency safety interventions that the department deems necessary to the department by the date and in the form specified by the department.

(b) The department shall compile reports from schools on the use of emergency safety interventions and provide the results based on aggregate data on the department web site and to the state board, the governor and the committees on education in the senate and the house of representatives by January 20, 2016, and annually thereafter.
