Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment, Division of Health, Bureau of Family Health, will conduct a public hearing at 1 p.m. Tuesday, December 20, 2016, in Marvin Auditorium, 101A & B, The Topeka and Shawnee County Public Library, 1515 S.W. 10th Ave., Topeka, to consider the adoption of proposed amended maternal and child health regulations K.A.R. 28-4-114a, 28-4-118, 28-4-428 and 28-4-428a. These proposed amended regulations pertain to day care homes, group day care homes, preschools, and child care centers. They were developed cooperatively with the Kansas Department for Children and Families (DCF) to implement federal requirements pertaining to the Child Care and Development Fund (CCDF) State Plan.

A summary of the proposed regulations and estimated economic impact follows:

Summary of Regulations

K.A.R. 28-4-114a. Initial and ongoing professional development training. The regulation pertains to day care homes and group day care homes. The amended regulation adds new subject areas to the existing health and safety training requirements for applicants and new providers, and new requirements for training in medication administration. The number of required annual professional development training hours for providers is increased.

K.A.R. 28-4-118. Medication administration and reporting suspected child abuse or neglect. The regulation

pertains to day care homes and group day care homes. The amended regulation contains requirements for the administration of any medication to a child by a provider designated by the licensee. The reporting of suspected child abuse or neglect is amended to update the reference to the state agency responsible for investigation and adds law enforcement as an alternate entity to whom a report can be made, within 24 hours.

K.A.R. 28-4-428. Staff requirements. The regulation pertains to preschools and child care centers. Staff training requirements have been removed, as these requirements are now covered in detail in K.A.R. 28-4-428a. A requirement for the program director to submit an annual report to the department has been removed.

K.A.R. 28-4-428a. Education and training requirements. The regulation pertains to preschools and child care centers. New subject areas are added to the existing health and safety training requirements for providers, and there is a new requirement for medication administration training for each program director and for each staff member designated to administer medications. There is a new requirement that each program director annually assess the training needs of each staff member and volunteer and then provide or arrange for training for the individual. The number of required annual in-service training hours is increased.

Economic Impact

Cost to the agency: There is no additional cost to the agency. Any costs will be absorbed in the current budget.

Cost to licensees: Currently each applicant and each licensee is responsible for obtaining required pre-service and annual training for themselves and any employees and volunteers. There are already in place a number of training opportunities available through resource and referral agencies, statewide training providers, and some of the county health departments, at no cost or little cost. The department is working with these entities to ensure that the training requirements can be met, across the state, through a variety of methods including classroom instruction and on-line courses.

Costs to other governmental agencies or units: There is no known cost to other governmental agencies or units to implement these proposed amendments.

The time period between the publication of this notice and the scheduled hearing serves as a public comment period of at least 60 days for the purpose of receiving written public comments on the proposed amended regulations. All interested parties may submit written comments prior to 5 p.m. on the day of the hearing to Dorothy Tenney, Kansas Department of Health and Environment, Child Care Licensing Program, 1000 S.W. Jackson, Suite 200, Topeka, 66612-1274, by email to dtenney@kdheks.gov, or by fax to 785-559-4244. During the hearing, all interested parties will be given a reasonable opportunity to present their views orally on the proposed amended regulations as well as an opportunity to submit their written comments. In order to give each individual an opportunity to present their views, it may be necessary for the hearing officer to request that each presenter limit an oral presentation to an appropriate time frame.

Complete copies of the proposed amended regulations

and the corresponding economic impact statement may be obtained on the Child Care Licensing website at <http://www.kdheks.gov/bcclr/index.html> or by contacting Dorothy Tenney at dtenney@kdheks.gov, 785-296-1270 or fax 785-559-4244. Questions pertaining to the proposed amended regulations should be directed to Dorothy Tenney at the contact information above.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed amended regulations and the economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Dorothy Tenney.
