Attorney General**2016 Update to Guidelines for Takings of Private Property**

The Private Property Protection Act, K.S.A. 77-701 *et seq.*, requires the Attorney General to compile and annually update guidelines to be used by state agencies in determining whether proposed government actions may constitute a taking of private property. These guidelines are to be based on cases decided by the United States Supreme Court and the Kansas Supreme Court.¹ Government action is defined as legislation, regulations or directives, or agency guidelines and procedures for the issuing of licenses or permits.² The Act expressly excludes other types of activity, such as the formal exercise of eminent domain.³

Under the criteria of the Act, there are no cases to include in the 2016 update to the Attorney General's Guidelines.⁴

¹ K.S.A. 77-704.

² K.S.A. 77-703(b)(1).

³ K.S.A. 77-703(b)(2).

⁴ The original guidelines are published at 14 Kan. Reg. 1690-92 (Dec. 21, 1995).

Office of the Governor**Executive Directive No. 16-477
Authorizing Expenditure of Federal Funds**

By virtue of the authority vested in the Governor as the head of the Executive Branch of the State of Kansas, the following transactions are hereby authorized:

Pursuant to the authority of the Secretary of Agriculture to receive and expend federal funds, and pursuant to the authority granted the Governor by Section 59(a)

and Section 59(b) of Chapter 111 of the 2016 *Session Laws of Kansas*, approval is hereby granted to the Kansas Department of Agriculture for expenditure in FY 2017, FY 2018 and FY 2019 of monies in the federal fund account entitled "EPA Pesticide Disposal."

I have conferred with the Director of the Budget and members of my staff, and I have determined that the guidelines set forth in KSA 75-3711 and 75-3711c have been applied and that none of the foregoing actions exceeds the limitations contained therein.

Dated December 16, 2016.

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking to enter into two agreements for the services of two consulting engineering firms, whose combined efforts will provide statewide sign truss and light tower inspection on the state highway system for KDOT Project 106-KA-4359-01. Although each consulting firm will have a separate contract with KDOT, the scope of services will be coordinated to provide consistent and uniform requirements to update KDOT's existing inventory database. The statewide workload will be divided geographically between two consulting engineering firms, with some overlap for QC/QA purposes. The ultimate scope of services will be performed in three phases, each of which is subject to KDOT's receipt of adequate funding. Phase one will encompass structural inspections for sign structures (statewide total approximately 1490), KDOT-owned traffic signals (statewide total approximately 45), and high mast light towers (statewide total approximately 1600). Subsequent phases two and three may require re-inspection of those trusses and

light towers identified in phase one as candidates for differing or more frequent inspection intervals. The majority of these structures are concentrated in Kansas City, Wichita and Topeka, and along interstates and major freeways at interchanges. The services shall be performed in accordance with standards set forth in the Federal Highway Administration's publication entitled *Guidelines for the Installation, Inspection, Maintenance and Repair of Structural Supports for Highway Signs, Luminaries, and Traffic Signals* (March 2005) and KDOT's *Policies and Procedures for the Inspection of Sign & Light Structures* (July 2, 2014).

Sign Structures/Light Towers inspections shall include on-site inspection of structures and towers in order to

- verify and update inventory information in KDOT's current database, such as location, condition and structural components/materials,
- determine and assess current structural condition based on element level inspection methodology and
- provide recommendations for maintenance actions.

KDOT may elect to perform some of the inspections itself during phase two and three, the extent of which is to be determined.

Results of the inspections will be submitted monthly in one or more electronic formats used by KDOT. KDOT is currently using a specific software program (Kansas Ancillary Walls and Structures or KAWS) for its inventory database. Electronic copies of any reports, photos or inspections will also be required as deliverables.

Requirements: Interested consulting firms must: (a) be pre-qualified by KDOT in category 322—Bridge Inspection and (b) submit a Letter of Interest on or before **noon (CST) January 12, 2017** to David Nagy, P.E., Assistant to the Director of Design/Contracts Engineer by email to David.Nagy@ks.gov with the subject line reading "Truss & Tower Inspection [Firm Name]". Letters of Interest in the form of a PDF document (maximum size 4 pages) should express interest in the project and describe particular qualifications for the professional services sought by KDOT, including any special expertise, skill, equipment, cost reduction strategies, experience or knowledge of the firm, its employees and any subconsultant the firm intends to utilize. If a firm is not currently pre-qualified by KDOT but is interested in obtaining pre-qualification, then please view the requirements and categories at the website address of <http://www.ksdot.org/divengdes/prequal/default.asp>. For licensure and other requirements applicable to the practice of technical professions within the State of Kansas, please consult the website of the Kansas Board of Technical Professions at <http://www.ksbtp.ks.gov/>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas and comply with applicable state and federal laws, rules and regulations.

Note: The basis of compensation for consultant services will be actual direct cost plus fixed fee. Therefore, consultant firms must: (a) be able to provide an indirect (overhead) cost rate meeting federal requirements of 23 CFR 172.11(b)(1); and (b) be capable of incurring, invoicing and accounting for costs in conformity with generally

accepted principles established in the Federal-Aid Policy Guide and the Code of Federal Regulations, Title 48, Chapter 1, Subchapter E, Part 31 (48 CFR Section 31.000 *et seq.*). All costs invoiced must be substantiated by appropriate documentation.

Qualifications-Based Selection Process. Based on the qualifications submitted in the Letter of Interest and other information available to KDOT, on or about January 31, 2017, KDOT intends to shortlist four firms and notify all firms submitting Letters of Interest of the names of the shortlisted firms by return email. Thereafter, KDOT will issue a Request for Proposal (RFP) to the shortlisted firms soliciting a technical proposal. At KDOT's option, shortlisted firms may be interviewed by telephone conference call or asked to attend meetings or participate in other discussions with KDOT. Technical proposals will be evaluated on the basis of the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second and third, etc. Evaluation factors: 1) the quality of the response to the RFP; 2) qualifications and experience of consultant personnel proposed for services; 3) proposed approach to performance, safety practices, data gathering procedures, and accuracy of services; 4) past performance history; and 5) cost saving measures and/or strategies. The two highest ranked firms will be asked to enter into negotiations with KDOT. In the event KDOT cannot reach agreement with either of the two highest ranked firms, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives. KDOT intends to conclude or terminate negotiations on or before March 1, 2017.

Please do not call, write or otherwise contact KDOT staff for information regarding the services in this Request for Qualifications (RFQ). Email all inquiries/questions to David.Nagy@ks.gov.

Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject

bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <http://www.bidx.com> until 1 p.m. local time January 18, 2017. KDOT will open and read these proposals at the Eisenhower State Office Building, 700 S.W. Harrison, Topeka, Kansas, at 1:30 p.m. local time January 18, 2017. An audio broadcast of the bid letting is available at <http://www.ksdot.org/burconsmain/audio.asp>.

Each bidder shall certify that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

Kansas Permit No. I-LA11-PO02 Federal Permit No. KS0000337

Legal Description: SE¼, S32, T19S, R3W, McPherson County, KS

Facility Name: CHS – McPherson Refinery

The proposed action consists of reissuing an existing Kansas/NPDES Water Pollution Control permit for an existing facility. CHS processes crude oil into finished gasoline and diesel distillate. The main source water is from onsite water wells. In addition to onsite water wells, CHS uses the flow from a group of twelve recovery wells capturing chloride contaminated groundwater from a historic oil field operation and city of McPherson municipal wastewater treatment plant effluent for process makeup water purposes. All source water is further treated in an onsite water treatment system using reverse osmosis, microfiltration and/or nanofiltration before being used in the refinery. Refinery process wastewater streams including the water treatment plant wastewater, sour water stripper bottoms, crude desalter water, sludge dewatering wastewater, miscellaneous oily waste streams, and septic tank effluent are treated before being disposed in any of the three Class I disposal wells. Additionally, the concentrate flow from the water treatment system is also directed to the Class I disposal wells. Potentially contaminated stormwater commingles with boiler and cooling tower blowdown and is treated in an Aeration Pond. The Aeration Pond flows into the 10-acre aerobic detention pond. Water from the 10-acre aerobic retention pond is returned to the SBR Surge Tank as needed for wastewater temperature control. During extended duration emergency flow conditions, all process wastewater flow is directed to the Aeration Pond for aggressive biological treatment through the pond system. SBR sludge is thickened in a sludge basin. SBR sludge basin supernatant liquid is directed to the equalization basin. The proposed permit contains limits for oil and grease, total suspended solids, biochemical oxygen demand, ammonia, fluoride, whole effluent toxicity, and pH, as well as monitoring for chemical oxygen demand, chlorides, total phosphorus, total recoverable selenium, lead, as arsenic, priority pollutants, phenolic, total chromium, hex chromium, total organic carbon, and flow. Contained in the permit is a schedule of compliance requiring the permittee to develop and submit a water balance analysis for the refinery stormwater retention pond system.

Public Notice No. KS-EG-16-030

In accordance with K.A.R. 28-46-7 and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared for the use of the wells described below within the state of Kansas.

Facility Description: The proposed action is to issue five new Class III injection well permits for new salt solution mining wells. The fluids to be injected consist of fresh water and unsaturated brine. Injection is to be made into the Hutchinson Salt member of the Wellington formation. The top of the cavern shall be no shallower than 250 feet below land surface and mining shall not extend into the upper 50 feet of the salt deposit. The maximum operational injection pressure is not to exceed 130 pounds per square inch at the wellhead. All construction, monitoring and operation of these wells will meet the requirements that apply to Class III injection wells under Kansas Underground Injection Control Regulations, K.A.R. 28-46-1 through 28-46-45 and other requirements of KDHE.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson St., Suite 420, Topeka, KS 66612-1367.

All comments regarding the draft documents or application notices received on or before January 28, 2017, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-16-231/236, KS-AG-R-16-034, KS-Q-16-155/156, KS-EG-16-030) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 S.W. Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expand-

ing swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m., Monday through Friday, excluding holidays.

Request for Comments

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. The Wamego Municipal Power Plant has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

The Wamego Municipal Power Plant, P.O. Box 86, Wamego, KS 66547, owns and operates a municipal power plant located at 1001 Third St., Wamego, KS 66547.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours, 8 a.m. to 5 p.m., at the KDHE, Bureau of Air (BOA), 1000 S.W. Jackson, Suite 310, Topeka, KS 66612-1366 and at the Northeast District Office (NEDO), 800 W. 24th St., Lawrence, KS 66045. To obtain or review the proposed permit and supporting documentation, contact Cathy Richardson, 785-296-1947, at the KDHE central office or Pat Simpson, 785-842-4600, at the NEDO. The standard departmental cost will be assessed for any copies requested.

Written comments or questions regarding the proposed permit may be directed to Cathy Richardson, KDHE, BOA, 1000 S.W. Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than noon Monday, January 30, 2017.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Cathy Richardson, KDHE, BOA, no later than noon Monday, January 30, 2017, in order for the secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition pe-

riod will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

88-29-11. Requirements for the qualified admission precollege curriculum. This regulation shall be applicable to each applicant graduating from high school in academic year 2013-2014 or earlier. In order to admit any applicant under the qualified admission precollege curriculum criteria, each state educational institution shall require the applicant to provide an official high school transcript documenting completion of the approved qualified admission precollege curriculum that meets the following requirements:

(a) For each student graduating from high school before 2010, the transcript shall indicate the following distribution of courses:

(1) Four units of approved qualified admission English courses, with the content described in K.A.R. 88-29-14;

(2) three units of approved qualified admission mathematics courses that have the content described in K.A.R. 88-29-15 and that meet the following requirements:

(A) Are at or above the level of qualified admission algebra I; and

(B) were taken during ninth through twelfth grades;

(3) three units of approved qualified admission natural science courses that have the content described in K.A.R. 88-29-16 and that meet the following requirements:

(continued)

(A) The three units shall be selected from any of the following courses, with at least one unit in each selected course:

- (i) Qualified admission biology;
 - (ii) qualified admission advanced biology;
 - (iii) qualified admission chemistry;
 - (iv) qualified admission physics;
 - (v) qualified admission earth-space science; or
 - (vi) qualified admission principles of technology; and
- (B) at least one unit shall be selected from a qualified admission chemistry course or a qualified admission physics course; and

(4) three units of approved qualified admission social science courses that have the content described in K.A.R. 88-29-17 and that are distributed according to the following requirements:

(A) At least $\frac{1}{2}$ unit shall be a qualified admission United States government course;

(B) at least $\frac{1}{2}$ unit shall be selected from any of the following courses:

- (i) Qualified admission world history;
- (ii) qualified admission world geography; or
- (iii) qualified admission international relations;

(C) at least one unit shall be a qualified admission United States history course;

(D) up to one unit shall be selected from any of the following courses:

- (i) A qualified admission anthropology course;
- (ii) a qualified admission current social issues course;
- (iii) a qualified admission economics course;
- (iv) a qualified admission race and ethnic group relations course;

(v) a qualified admission sociology course;

(vi) a qualified admission psychology course;

(vii) a qualified admission United States history course; or

(viii) a qualified admission United States government course;

(E) a $\frac{1}{2}$ -unit course shall not be used to fulfill more than one requirement of this regulation for more than one discipline in the qualified admissions precollege curriculum; and

(F) a one-unit course may be used to fulfill two $\frac{1}{2}$ -unit requirements of this regulation.

(b) For each student graduating from high school in 2010 and thereafter but before academic year 2014-2015, the qualified admission precollege curriculum shall consist of courses that are among those listed in the document titled "Kansas board of regents precollege curriculum courses approved for university admissions," revised May 4, 2016, which is hereby adopted by reference. If a course was approved by the board and included in the March 11, 2014, May 23, 2012, or June 13, 2011 list of "Kansas board of regents precollege curriculum courses approved for university admissions," as adopted by reference on April 24, 2015, October 19, 2012, or July 22, 2011, respectively, and the student successfully completed the course in an academic year for which the course was approved, then that course shall count toward the student's qualified admission curriculum requirements in the subject area for which the course was approved. The qualified

admission precollege curriculum shall consist of the following distribution of courses:

(1) Four units of approved qualified admission English courses that include reading, writing, and literature;

(2) three units of approved qualified admission mathematics courses that meet the following requirements:

(A) Each course shall be completed in the ninth through twelfth grades; and

(B) each course shall be selected from any of the following courses:

(i) Qualified admission algebra I;

(ii) qualified admission geometry;

(iii) qualified admission algebra II;

(iv) any mathematics course that has qualified admission algebra II as a prerequisite; or

(v) any other course approved by the chief executive officer of the board of regents or the chief executive officer's designee;

(3) three units of approved qualified admission natural science courses that meet the following requirements:

(A) The three units shall be selected from any of the following courses:

(i) Qualified admission biology;

(ii) qualified admission advanced biology;

(iii) qualified admission chemistry;

(iv) qualified admission physics;

(v) qualified admission earth-space science;

(vi) qualified admission principles of technology; or

(vii) any other courses approved by the chief executive officer of the board of regents or the chief executive officer's designee; and

(B) at least one unit shall be selected from a qualified admission chemistry course or a qualified admission physics course; and

(4) three units of approved qualified admission social science courses that are distributed according to the following requirements:

(A) At least $\frac{1}{2}$ unit shall be a qualified admission United States government course;

(B) at least $\frac{1}{2}$ unit shall be selected from any of the following courses:

(i) Qualified admission world history;

(ii) qualified admission world geography; or

(iii) qualified admission international relations;

(C) at least one unit shall be a qualified admission United States history course;

(D) not more than one unit shall be selected from any of the following courses:

(i) Qualified admission anthropology;

(ii) qualified admission current social issues;

(iii) qualified admission economics;

(iv) qualified admission psychology;

(v) qualified admission race and ethnic group relations;

(vi) qualified admission sociology;

(vii) qualified admission United States history;

(viii) qualified admission United States government; or

(ix) any other courses approved by the chief executive officer of the board of regents or the chief executive officer's designee;

Department of Commerce Kansas Athletic Commission

Temporary Administrative Regulation

Article 6.—RULES OF CONDUCT AND EQUIPMENT REQUIREMENTS FOR PROFESSIONAL BOXING, PROFESSIONAL KICKBOXING, PROFESSIONAL FULL-CONTACT KARATE, AND PROFESSIONAL MIXED MARTIAL ARTS

128-6-4. Professional mixed martial arts contests.

Except as otherwise specified in this regulation, each professional mixed martial arts contest shall be conducted in accordance with this regulation. If a contestant is a professional in boxing, kickboxing, or karate, the contestant shall compete only as a professional in any mixed martial arts contest.

(a) Each contest shall be limited to those forms of martial arts that consist of unarmed combat.

(b) Except with the prior approval of the commission, a nonchampionship bout shall not exceed three rounds in duration. Each championship bout shall be five rounds in duration. Each contest shall consist of at least four bouts.

(c) Each round during a bout of professional mixed martial arts shall be five minutes in duration. Each period of rest following a round of combat shall be one minute in duration.

(d) Each contestant shall be weighed by the commissioner or designee within 48 hours before the contest. If a contestant's weight does not fall within the range for the weight classification in which the contestant is scheduled to compete in that contest, the contestant shall be reweighed within two hours. If the contestant's weight does not then fall within the range for that weight classification, the contestant shall be disqualified by the boxing commissioner.

(e) A mixed martial arts contestant shall not participate in a boxing, kickboxing, full-contact karate, or professional mixed martial arts bout in Kansas for at least seven days following a previous bout in Kansas or in any other jurisdiction.

(f) Each contestant shall fight only opponents who are in the contestant's weight classification. A bout between two contestants in different weight classifications may be approved by the commission if the difference between the weights of the two contestants does not exceed nine pounds, except for heavyweights and super heavyweights.

(g) The schedule of weight classifications shall be as follows:

Classification	Weight
(1) Atomweight	over 95 and through 105 pounds
(2) Strawweight	over 105 and through 115 pounds
(3) Flyweight	over 115 and through 125 pounds
(4) Bantamweight	over 125 and through 135 pounds
(5) Featherweight	over 135 and through 145 pounds
(6) Lightweight	over 145 and through 155 pounds
(7) Welterweight	over 155 and through 170 pounds
(8) Middleweight	over 170 and through 185 pounds
(9) Light heavyweight	over 185 and through 205 pounds
(10) Heavyweight	over 205 and through 265 pounds
(11) Super heavyweight	over 265 pounds

(h) If a substitute contestant is scheduled for a bout, the substitute contestant shall be subject to the same physical examination requirements as those for the original contestant, and the substitute contestant shall be approved by both the physician and the commission.

(i) Any contestant who fails to appear at the appointed place and at the specified time to be examined and weighed or who leaves the designated area without the permission of the commission before the weigh-in or the physical examination is complete may be subject to discipline by the commission.

(j) If a bout is deemed by the commission to be a mismatch that could expose one or both contestants to serious injury based on the record, experience, skill, or condition of each of the contestants, the bout shall be disapproved and cancelled by the boxing commissioner.

(k) The weight of each contestant or the classification in which the contestant will compete, or both, shall be announced at ringside.

(l) Each contestant's equipment shall meet the following requirements:

(1) Each contestant shall wear mixed martial arts-appropriate attire and protective devices, including a dental appliance or a mouthpiece approved by the commissioner. Each male contestant shall wear a protective cup. Each female contestant shall wear a protective pelvic girdle and either a short-sleeved or sleeveless form-fitting rash guard or a sports bra. Any female contestant may also wear a plastic breast protector. Contestants shall not wear shoes or any padding on their feet during the contest.

(2) Only Vaseline® or a similar petroleum-based product may be lightly applied to the face, arms, or any other exposed part of a contestant's body.

(m) Only officials and members of the media may enter into the contestants' dressing rooms or area.

(continued)

(n) Each contestant shall be ready to enter the ring immediately after the end of the preceding bout. Any contestant who is not ready to immediately proceed when called and, as a result, causes a delay may be subject to discipline by the commission.

(o) No person other than the contestants and the referee shall enter the ring during a bout. A second or manager shall not stand or engage in distracting actions while the bout is in progress. For each contestant's seconds and manager, a combined total of two warnings for violating any requirement of this subsection shall result in the removal of the seconds and manager from the ringside area, all of whom shall be subject to discipline by the commission.

(p) Before starting a bout, the referee shall call together both of the contestants and the chief seconds for final instructions.

(q) Each of the following acts shall constitute an intentional foul in a contest:

- (1) Using a head butt;
- (2) gouging the opponent's eye in any manner;
- (3) biting the opponent;
- (4) pulling the opponent's hair;
- (5) attacking the opponent's groin in any manner;
- (6) putting a finger into any orifice of the opponent or into any cut or laceration on an opponent, including fish-hooking;
- (7) manipulating any of the opponent's joints in the fingers or toes;
- (8) striking the opponent's spine or the back of the opponent's head;
- (9) striking downward using the point of the elbow;
- (10) striking the opponent's throat, including grabbing the trachea;
- (11) clawing, pinching, or twisting the opponent's flesh;
- (12) in the standing position, moving the arm toward the opponent with an open hand and fingertips pointed at the opponent's face or eyes;
- (13) kicking or kneeing the head of a grounded opponent. An opponent shall be deemed grounded if any part of the body, other than a single hand and soles of the feet, is touching the fighting area floor;
- (14) stomping a grounded opponent;
- (15) thrusting an opponent to the canvas on the opponent's head or neck;
- (16) throwing an opponent out of the ring or fenced area;
- (17) holding the shorts or gloves of an opponent;
- (18) spitting at an opponent;
- (19) engaging in any unsportsmanlike conduct that causes an injury to an opponent;
- (20) using the ropes or fence to gain an advantage over the opponent;
- (21) using abusive language in the ring or fenced area;
- (22) attacking an opponent on or during a break, which is signaled by the referee's command or physical act to separate two contestants;
- (23) attacking an opponent who is under the care of the referee;
- (24) attacking an opponent after the bell has sounded the end of the round;

(25) disregarding the instructions of the referee;

(26) competing in a noncombative manner, including avoiding contact with an opponent, consistently dropping the mouthpiece, or faking an injury;

(27) abandoning the contest during competition; and

(28) engaging in any other action not described in this subsection that is deemed an intentional foul by the referee on the basis that the action poses a danger to the safety of either contestant, impedes fair and competitive play, or is unsportsmanlike.

(r)(1) If a contestant or the contestant's second commits any intentional foul, the contestant may have points deducted or be disqualified.

(2) The referee may penalize the contestant by directing the judges to deduct points from the contestant's score for that round, whether or not the foul was an intentional foul. Except as otherwise provided by this regulation, the referee may determine the number of points to be deducted for each intentional foul and shall base that determination on the severity of the foul and its effect upon the opponent.

(3) If the referee determines that it is necessary to deduct one or more points because of an intentional foul or an accidental foul, the referee shall inform the offender of the penalty to be assessed and, as soon as it is practical after the foul, notify the judges and both contestants of the number of points to be deducted from the offender's score.

(4) All points deducted from a contestant's score for any intentional foul or any accidental foul shall be deducted in the round in which the foul occurred. These points shall not be deducted from the score of any subsequent round.

(s) If a contestant loses a mouthpiece during a bout, the referee may call a time-out. If the referee calls a time-out for this reason, the referee shall direct the contestant's second to replace the mouthpiece.

(t) If a contestant claims to be injured during the bout, the referee may request that the physician examine the contestant. If the physician decides that the contestant has been injured and should not continue, the physician shall so advise the referee.

(u)(1) If a round is interrupted because of an accidental foul, the physician shall determine whether the contestant who has been fouled can continue. If the physician determines that the injured contestant's chance of winning has not been seriously jeopardized as a result of the accidental foul and that the foul did not involve a concussive impact to the head of the injured contestant, the referee may order the contestants to continue the round after a recuperative interval of not more than five minutes. Immediately after separating the contestants, the referee shall inform the inspector or other representative of the commission of the referee's determination that the foul was an accidental foul.

(2) If the physician determines that a contest cannot continue due to an injury caused by an accidental foul during the first two rounds of a contest that is scheduled for three rounds or less or during the first three rounds of a contest that is scheduled for more than three rounds, the referee shall declare a no-contest decision.

(3) If the physician determines that an accidental foul

has rendered a contestant unable to continue the contest after completion of the second round of a contest that is scheduled for three rounds or less or after completion of the third round of a contest that is scheduled for more than three rounds, the outcome shall be determined by scoring both the completed rounds and the round during which the referee stops the contest. The contest shall be awarded to the contestant who has the higher score when the contest is stopped.

(4) If an injury inflicted by an accidental foul later becomes aggravated by any legal blow and the physician orders the contest stopped because of that injury, the outcome shall be determined by scoring both the completed rounds and the round during which the referee stops the contest. The contest shall be awarded to the contestant who has the higher score when the contest is stopped.

(v) Each contestant who fails to engage an opponent shall receive an immediate warning from the referee. If the contestant continues to fail to engage the opponent after a warning, the referee shall direct each of the judges to deduct a point from the contestant's score for that round.

(w) If a contestant fails to resume fighting when the bell sounds starting the next round, the referee shall award a technical knockout to the contestant's opponent.

(x) Each contest shall end with one of the following outcomes:

- (1) A technical knockout;
- (2) a decision by the judges consisting of one of the following:
 - (A) A unanimous decision;
 - (B) a split decision;
 - (C) a majority decision;
 - (D) a unanimous draw;
 - (E) a majority draw;
 - (F) a split draw;
 - (G) a technical decision; or
 - (H) a technical draw; or
- (3) a decision by the referee consisting of one of the following:
 - (A) A disqualification;
 - (B) a forfeit;
 - (C) a no-contest decision; or
 - (D) a submission, either verbally or by tapout.

This regulation shall become effective on January 1, 2017. (Authorized by K.S.A. 2016 Supp. 74-50,187; implementing K.S.A. 2016 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended, T-128-12-20-16, Jan. 1, 2017.)
