Notice to Contractors

Electronic copies of the letting proposals and plans are available on the KDOT website at <https://kdotapp.ks-dot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "NonBid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <http://www.bidx.com> until 1:00 p.m. local time June 21, 2017. KDOT will open and read these proposals at the Eisenhower State Office Building, 700 SW Harrison, Topeka, Kansas, at 1:30 p.m. local time June 21, 2017. An audio broadcast of the bid letting is available at <http://www.ksdot.org/burconsmain/audio.asp>.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid non-responsive and not eligible for award consideration.

Public Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Kansas Development Finance Authority

Notice of Hearing on Agricultural Development Revenue Bonds

A public hearing will be held on June 8, 2017, in the offices of Kansas Development Finance Authority, 534 S. Kansas Ave., Suite 800, Topeka, Kansas at 9:00 a.m., or soon thereafter, on the proposal for the Kansas Development Finance Authority to issue its Agricultural Development Revenue Bonds for the project(s) numbered below, in the respective maximum principal amounts. The bond(s) will be issued to assist the respective borrower (the beginning farmer) named below (who will be the owner and operator of the respective project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank (lender) who then through Kansas Development Finance Authority, loans the bond proceeds to the borrower for the purposes of acquiring the respective project(s) as described below. Each project shall be located as shown:

Project No. 000979 – Maximum Principal Amount: \$300,000. Owner/Operator: Jay T Frerking; Description: Acquisition of 240 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the project). The project is being financed by the Lender for Jay T Frerking (the beginning farmer) and is located at Section 12, Herkimer Township, Marshall County Kansas, approximately 5.5 miles north of Herkimer, Kansas on 6th Road.

Each bond when issued, will be a limited obligation of the Kansas Development Finance Authority and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, in-

cluding the Authority, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged, but each bond will be payable solely and only from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on each Bond as and when it shall become due.

At the time and place fixed for the hearings, all individuals who appear will be given an opportunity to express their views for or against the proposal to issue any specific bond for the purpose of financing the respective project, and all written comments previously filed with the Authority at its offices at Suite 800, 534 S. Kansas Ave., Topeka, KS 66603, will be considered. Additional information regarding any of the projects described above may be obtained by contacting the Authority at the address of its offices shown above.

Department of Agriculture Division of Water Resources

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10:00 a.m. Tuesday, July 25, 2017, in room 124 of the Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, Kansas, to consider the adoption of proposed regulations.

Individuals wishing to participate by teleconference may go to one of the following locations on the date and time of the public hearing:

Garden City Field Office, 2508 Johns St.,
Garden City, Kansas
Stafford Field Office, 300 S. Main St., Stafford, Kansas
Stockton Field Office, 820 S. Walnut, Stockton, Kansas
Topeka Field Office, 6531 SE Forbes Ave., Suite B,
Topeka, Kansas

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture, 1320 Research Park Drive, Manhattan, KS 66502, or by email to ronda.hutton@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

K.A.R. 5-5-9 and K.A.R. 5-5-10—The proposed amendments to the regulations will modify how the consumptive use of a water right will be calculated when converting an irrigation water right to a different beneficial use made of water.

Economic Impact Statement:

Under current regulations the consumptive use calculation is based on perfected acres by water right. Determining the perfected acres requires a water right owner to contact the Kansas Department of Agriculture's Division of Water Resources or a Groundwater Management District for that number. The proposed amendments will create a more transparent process by adopting a map that contains a conversion factor by county. The conversion factor will allow an owner or a potential new user to calculate the consumptive use of a water right without having to contact an agency for the perfected areas. This will be a conversion from the current authorized quantity. The conversion factor will be easily attained by referring to the map adopted by the regulation.

This regulation is not mandated by federal law.

The proposed amendment will result in no fiscal impact to the department.

The proposed amendments will result in no fiscal impact to other government agencies. The amendment will have a positive fiscal impact to someone wanting to change an existing irrigation water right to another beneficial use by understanding the conversion factor in the beginning of the process.

No other methods were considered by the state.

K.A.R. 5-5-16—The proposed amendments to the regulation will modify how the consumptive use of a water right will be calculated when converting an irrigation water right to a different beneficial use made of water and adding an additional well to a water right.

Economic Impact Statement:

To ensure we have a consistent method in our current regulations (K.A.R. 5-5-9 and K.A.R. 5-5-10) when we are converting water rights from irrigation to another beneficial use of water and adding an additional well for the new beneficial use. This regulation is not mandated by federal law.

The proposed amendment will result no fiscal impact to the department.

The proposed amendments will result in no fiscal impact to other government agencies. The amendment should have no fiscal impact to the regulated community.

No other methods were considered by the state.

K.A.R. 5-14-11—The proposed amendments to the regulation will modify how the civil penalty on a delinquent water use report will be applied based on when the water use report and civil penalty is received by the department.

Economic Impact Statement:

To ensure we have a consistent method in our current regulations applying the delinquent water use civil penalty so the water user has a very clear and transparent regulation to understand how the penalty is applied. This regulation is not mandated by federal law.

The proposed amendment will result in a positive fiscal impact to the department for a short amount of time. Currently the penalty is \$50 per water right when the report is filed between March 1 and June 1. After June 1, the penalty is \$250. The statute authorizing this regulation was changed to increase the penalty to \$1000 and a suspension of use until the report is filed. We have approximately 25 files in the \$1000 category. We could potentially see \$9,000 if half of these files comply. Half will close the rights, so we will not see an impact from the closed files. We have approximately 250 files in the \$50 category. Therefore, based on the difference of \$50 increasing to \$250, we could see a \$50,000 increase in the first year. We will not sustain this level because the higher penalty will gain compliance. The number of delinquent reports will decrease.

The proposed amendments will result in no fiscal impact to other government agencies. The amendment will have fiscal impact, as described above, to the regulated community if they fail to file their reports. If the reports are filed prior to March 1, there is no penalty or cost.

No other methods were considered by the state.

Any individual with a disability may request accommodations in order to participate in the public hearing and may request the proposed regulations and impact statements in an accessible format. Requests for accommodations should be made at least five working days in advance of the hearing by contacting Ronda Hutton at 785-564-6715 or fax 785-564-6777. Handicapped parking is available on the west side of the building located at 1320 Research Park Drive in Manhattan. Entrance to the building is also located on west side of the building and is accessible to individuals with disabilities. If you have questions about accessibility for any of the above listed

teleconference locations, please contact Ronda Hutton at 785-564-6715 or email ronda.hutton@ks.gov.

Copies of the regulations and their economic impact statements may be obtained by contacting the Department of Agriculture, Ronda M. Hutton, 1320 Research Park Drive, Manhattan, KS 66502, 785-564-6715, or by accessing the department's website at www.agriculture.ks.gov. Comments may also be made through our website under the proposed regulation.
