### Department of Health and Environment

#### Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment, Division of Environment, Bureau of Water, will conduct

a public hearing at 10:00 a.m. Tuesday, October 3, 2017, in the Azure Conference Room, Curtis State Office Building, 1000 SW Jackson, Topeka, Kansas, to consider the adoption of proposed amended regulations K.A.R. 28-16-28b, 28-16-28d, 28-16-28e and 28-16-28f and the adoption of proposed new regulation K.A.R. 28-16-28h regarding Kansas surface water quality standards.

A summary of the proposed regulations and the estimated economic impact follows:

### Summary of Regulations

**K.A.R. 28-16-28b. Definitions.** Adds definitions for the terms discharger, highest attainable condition, interim criterion, interim designated use, multiple-discharger variance and MDV, pollutant minimization plan and PMP, and reconfiguration activities. Modifies the definitions of the terms background concentration and numeric criteria value, which eliminates table 1e from the “Kansas Surface Water Quality Standards: Tables of Numeric Criteria.” Replaces the definition for the term variance. Revises the terms criterion and critical low flow and the general language of the regulation to include reference to proposed new regulation K.A.R. 28-16-28h. Revises the term use attainability analysis, which eliminates a referenced regulation and reflects the current K.S.A. 82a-2001. Adopts the June 15, 2016, “Kansas Implementation Procedures: Surface Water Quality Standards.”

**K.A.R. 28-16-28d. Surface water classification and use designation.** Revises and updates the adoption by reference of 40 C.F.R. 131.10(g).

**K.A.R. 28-16-28e. Surface water quality criteria.** Deletes reference to Table 1e from the regulation because the table has been removed from the “Kansas Surface Water Quality Standards: Tables of Numeric Criteria.” Adopts the March 2, 2017, “Kansas Surface Water Quality Standards: Tables of Numeric Criteria” that updates the tables as follows: Revises Table 1a to add a new reference for the ammonia aquatic life criteria. Moves the selenium, total criteria and selenium (V) criteria from the metals section of Table 1a to the Other Inorganic Substances section. A new Table 1c presents new total ammonia acute criterion. This table replaces Table 1c pH- dependent acute aquatic life criteria for total ammonia. A new Table 1d presents new total ammonia chronic criterion. This table replaces Table 1d pH- and temperature-dependent chronic aquatic life criteria for total ammonia early life stages of fish absent. Table 1e has been stricken due to the new proposed ammonia criteria. The title of Table 1f has been revised adding the word “ammonia” preceding “chronic.”

**K.A.R. 28-16-28f. Administration of surface water quality standards.** Updates the regulatory process for variances allowing for individual and multiple discharger variances.

**K.A.R. 28-16-28h. Surface water variance register.** Adopts the “Kansas Surface Water Quality Standards Variance Register” to document surface water quality standard variances that have been approved by the Secretary and made available to the public.

### Economic Impact

Cost to the agency: The proposed regulations will not result in increased costs to the agency.

Cost to the public and regulated community:

Ammonia Acute and Chronic Aquatic Life Criteria: From KDHE's analyses, the majority of mechanical wastewater treatment plants (WWTP) can meet, without incurring additional costs, the new acute and chronic ammonia limits recommended by the Environmental Protection Agency (EPA) in the Aquatic Life Ambient Water Quality Criteria for Ammonia-Freshwater 2013. Sampling and monitoring is required of mechanical WWTP. Additional costs for sample collection and analysis for ammonia may be incurred if the sampling frequency is increased. Municipalities with WWTP lagoon systems may incur a significant financial burden if they are required to implement technological and/or mechanical upgrades to meet the new ammonia criteria limits. If sampling and monitoring is required by WWTP lagoon systems, additional costs may be incurred.

K.A.R. 28-16-28f(d) Variances: If the water quality standards (WQS) variance regulations are not adopted, significant costs could be placed upon the regulated community because they would not have the flexibility to request a WQS variance if needed. For example, if the ammonia criteria is approved without the accompanying variance provisions, the financial burden of implementation would significantly impact municipalities with wastewater lagoons that cannot meet the new proposed ammonia criteria. The state will be able to implement the proposed ammonia criteria with minimal financial impact on the regulated community with the concurrent adoption of the proposed WQS variance regulations and the "Multiple-discharger Wastewater Lagoon Ammonia Variance" as written in the "Kansas Surface Water Quality Standards Variance Register." There may be costs incurred by larger waste water treatment lagoon systems that do not meet the proposed ammonia criteria and are not eligible to receive a variance.

For all other proposed regulatory changes there are no known additional costs to the regulated communities or the public.

Cost to other governmental agencies or units: There are no known additional costs to other governmental agencies or units.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to 5:00 p.m. on the day of the hearing to Julia Young, Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson, Suite 420, Topeka, KS 66612-1367, by email to [Julia.Young@ks.gov](mailto:Julia.Young@ks.gov), or by fax to 785-296-0086. During the hearing, all interested parties will be given a reasonable opportunity to present their views orally on the proposed regulations as well as an opportunity to submit their written comments. In order to give each individual an opportunity to present their views, it may be necessary for the hearing officer to request that each presenter limit an oral presentation to an appropriate time frame.

Complete copies of the proposed regulations and the corresponding regulatory impact statement may be obtained from the Bureau of Water website at <http://www.kdheks.gov/water/index.html> or by contacting Julia

Young at the address above, 785-296-5508 or fax 785-296-0086. Questions pertaining to the proposed regulations should be directed to Julia Young at the contact information above.

#### Notice of Hearing on Proposed Administrative Regulations (Revised)

**(Editor's Note: The public hearing on Kansas Department of Labor proposed administrative regulations scheduled for August 15, 2017, notice of which was published in the June 15, 2017 Kansas Register, has been cancelled. A new hearing has been scheduled for September 7, 2017, at 9:00 a.m., as published in the following notice.)**

A public hearing will be conducted by the Kansas Department of Labor at 9:00 a.m., September 7, 2017, at the Kansas Department of Labor, 401 SW Topeka Blvd., Topeka, Kansas, First Floor Hearing Room 3, to consider the adoption of amusement ride regulations.

The public hearing originally scheduled for August 15, 2017, notice of which was published in the June 15, 2017 issue of the Kansas Register, has been cancelled.

The regulations subject to this hearing notice are K.A.R. 49-55-1, 49-55-2, 49-55-3, 49-55-4, 49-55-5, 49-55-6, 49-55-8, 49-55-11, 49-55-12, and 49-55-13.

This 60-day notice constitutes a public comment period for the purposes of receiving written public comment on the proposed regulations. Any comments on the proposed regulations and requests for copies of the proposed regulations and economic impact statements should be sent to the Kansas Department of Labor, Bradley R. Burke, Deputy Secretary and Chief Attorney, 401 SW Topeka Blvd., Topeka, KS 66603, at 785-296-5000, Option 0, ext. 2569, or to [brad.burke@dol.ks.gov](mailto:brad.burke@dol.ks.gov).

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least ten working days in advance of the hearing by contacting the Kansas Department of Labor, Bradley R. Burke, Deputy Secretary and Chief Attorney, 401 SW Topeka Blvd., Topeka, KS 66603, at 785-296-5000, Option 0, ext. 2569, or to [brad.burke@dol.ks.gov](mailto:brad.burke@dol.ks.gov).

The proposed regulations apply to amusement rides within the state. Owners of amusement rides will be required to obtain annual registration, maintain amusement ride records, and obtain ride permits for each amusement ride. Owners and operators of covered

(continued)

amusement rides will be required to comply with any requests of inspection by the Kansas Department of Labor of these amusement ride records.

**Economic Impact:** H. Sub for SB 86 imposes registration fees and permit fees on owners, specifies minimum insurance coverage amounts, sets the qualifications for inspectors, and increases the retention period for records. These statutory requirements are likely to have an appreciable impact on owners of covered amusement rides and will result in an annual regulatory cost of approximately \$307,000. The department does not anticipate any appreciable economic impact due to compliance with the proposed regulations, K.A.R. 49-55-1, 49-55-2, 49-55-3, 49-55-4, 49-55-5, 49-55-6, 49-55-8, 49-55-11, 49-55-12, 49-55-13.

The department does not foresee an increase in its expenses to administer and enforce these regulations.

(b) Liability for the tax on consumable material shall accrue when either of the following conditions is met:

- (1) The consumable material is first brought into the Kansas for sale within Kansas.
- (2) The consumable material is first made, manufactured, or fabricated in Kansas for sale within Kansas.

(c) A transfer of consumable material from one distributor to another distributor shall not relieve the distributor who first brought or caused the consumable material to be brought into Kansas from the tax liability.

(d) Each retail dealer shall purchase consumable material only from a registered distributor. (Authorized by and implementing K.S.A. 2016 Supp. 79-3399; effective July 21, 2017.)

**92-57-4. Books, records, and other documents required of distributor or retail dealer; access to premises.** (a) Each distributor and each retail dealer shall keep in each place of business complete and accurate books, records, and other documents for that place of business, including itemized invoices of the following:

- (1) All consumable material held, purchased, made, manufactured, fabricated, or brought or caused to be brought into Kansas or shipped or transported to retail dealers in Kansas; and
- (2) all sales of consumable material.

Each distributor shall show the name and address of each purchaser, registration number if applicable, and any other documents relating to the purchase and the sale

of or dealing in consumable material. Itemized invoices shall be made for all consumable material transferred to other retail dealer establishments owned or controlled by that distributor. All books, records, and other documents required shall be retained and maintained for at least three years after the date of the entries appearing in the books, records, and other documents, unless the director, in writing, authorizes the destruction or disposal of these books, records, and other documents at an earlier date. These books, records, and other documents may be maintained in an electronic format.

(b) At any time during regular business hours, any authorized agents or employees of the director may enter any place of business of a distributor or retail dealer and inspect the premises, the books, records, or other documents and the consumable material contained there, to determine whether the distributor or retail dealer is in compliance with all the provisions of the act and this article of the department's regulations. Refusal to permit an inspection by an authorized agent or employee of the director shall be grounds for revocation of any registration held by the distributor or retail dealer.

(c) Each person who sells consumable material to any person other than a consumer shall create with each sale an itemized invoice showing the seller's name and address, the purchaser's name and address, the purchaser's registration number if applicable, the date of the sale, the number of milliliters of consumable material, and all prices and discounts. The person selling or dealing in the consumable material shall retain and maintain a legible copy of each invoice for three years after the date of sale. These records may be maintained in an electronic format.

(d) Each distributor and each retail dealer shall obtain and maintain itemized invoices of all consumable material purchased. The distributor or retail dealer shall retain and maintain a legible copy of each invoice for three years after the date of purchase. Invoices shall be available for inspection by authorized agents or employees of the director at the distributor's or retail dealer's place of business. These records may be maintained in an electronic format. (Authorized by and implementing K.S.A. 2016 Supp. 79-3399; effective July 21, 2017.)

**92-57-5. Monthly tax returns; remittance of tax; deficiencies.** (a) On or before the twentieth day of each month, each distributor shall file a tax return with the director, showing the following:

- (1) The number of milliliters of consumable material brought, or caused to be brought, into Kansas for sale; and
- (2) the number of milliliters of consumable material made, manufactured, or fabricated in Kansas for sale in Kansas during the preceding month.

(b) Each registered distributor outside Kansas shall file a tax return showing the number of milliliters of consumable material shipped or transported to retail dealers in Kansas to be sold by those retail dealers, during the preceding month.

(c) Each tax return shall be submitted upon forms prescribed by the director. Each tax return shall be accompanied by a remittance for the distributor's full tax liability.

(d) As soon as practicable after any tax return is filed, the director shall examine the return. If the director finds

that the tax return is incorrect and any amount of tax due from the distributor is unpaid, the director shall notify the distributor of the deficiency. If a deficiency disclosed by the director's examination cannot be allocated to a particular month or months, the director may notify the distributor that a deficiency exists and state the amount

of tax due. (Authorized by and implementing K.S.A. 2016 Supp. 79-3399; effective July 21, 2017.)
