Request of Comments

The Kansas Department of Health and Environment (KDHE) is offering additional opportunities to attend public hearings regarding the State's renewal of the KanCare program, and to provide comments about the renewal request application.

KanCare – Summary of Program and Renewal Information

KanCare is the program through which the State of Kansas administers Medicaid and the Children's Health Insurance Program, CHIP. The State determined that contracting with multiple managed care organizations (MCOs) would result in more efficient and effective health care services to the populations covered by Medicaid and CHIP.

On August 6, 2012, the State of Kansas submitted a Medicaid Section 1115 demonstration proposal, KanCare, to CMS. CMS approved that proposal on December 27, 2012, effective from January 1, 2013, through December 31, 2017. The State submitted a one-year extension on July 31, 2017 and is awaiting official approval to extend the demonstration period to December 31, 2018. The State is preparing to submit an application to renew the KanCare program for five years, effective January 1, 2019, through December 31, 2023.

The KanCare demonstration is operating concurrently with the State's seven 1915(c) HCBS waivers, which together provide the authority necessary to require almost all Medicaid beneficiaries to enroll in a managed care delivery system. KanCare includes a Safety Net Care Pool to support certain hospitals that incur uncompensated care costs for Medicaid beneficiaries and the uninsured, and provides incentives to hospitals for programs that result in delivery system reforms that enhance access to health care and improve the quality of care.

Building on the success of the current KanCare program, KanCare 2.0 will continue to:

- Maintain Medicaid state plan eligibility;
- Maintain state plan benefits;
- Allow the State to require eligible beneficiaries to enroll in MCOs to receive covered benefits through the MCOs, except for American Indian/Alaska Natives, who have the option of opting out of managed care.

The goal for KanCare 2.0 is to help Kansans achieve healthier, more independent lives by providing services and supports for social determinants of health and independence in addition to traditional Medicaid benefits. Although the basic structure of the KanCare program will remain the same, KanCare 2.0 will include select

program improvements such as enhanced service coordination, employment support initiatives, and other improvements to streamline administrative processes.

The State of Kansas does not anticipate any changes to member eligibility, covered benefits and cost sharing requirements, enrollment processes, annual aggregate expenditures, or waiver and expenditure authorities as part of the renewal application. KanCare 2.0 will evaluate:

1. Expanding service coordination to include assisting members with accessing affordable housing, food security, employment, and other social determinants of health and independence will increase independence, stability and resilience, and improve health outcomes;
2. Increasing employment and independent living supports for members with behavioral health needs, or who have intellectual, developmental or physical disabilities, or traumatic brain injuries will increase independence and improve health outcomes; and
3. Providing service coordination for all youth in foster care will decrease the number of placements, reduce psychotropic medication use, and improve health outcomes for these youths.

The State will maintain current information about the KanCare renewal process throughout the public comment and review process, during which CMS is reviewing and acting upon the State's renewal request. This information will be available at the KanCare Renewal page of the KanCare website: <http://www.kancare.ks.gov/about-kancare/kancare-renewal>. The request to renew the KanCare program will be posted by CMS on its website for viewing and commenting: https://www.medicaid.gov/medicaid/section-1115-demo/demonstration-and-waiver-list/waivers_faceted.html.

Public Comment – Timing and Process

The public comment period will run from October 20, 2017 until November 20, 2017. Comments will be accepted until November 20, 2017. The State will submit the renewal request no later than December 31, 2017.

The KanCare renewal request, including the renewal application and documented comments from public comment meetings held in June 2017, is available for public review at the KanCare website: <http://www.kancare.ks.gov/about-kancare/kancare-renewal>. A copy of the renewal application will also be located at the reception desks for:

**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 2:00 p.m. December 19, 2017, in the third floor conference room, Kansas Insurance Department (KID), 420 SW 9th, Topeka, Kansas, to consider the adoption of a proposed rule and regulation.

The 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Grace Lancaster, Kansas Insurance

Department, 420 SW 9th, Topeka, KS, 66612-1678, via facsimile at 785-291-3190, or via email at Grace.Lancaster@ks.gov All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing.

A summary of the proposed regulation and its economic impact follows:

K.A.R. 40-3-60. Workers compensation; affidavit of exempt status; premiums. This regulation will require insurers to accept all executed affidavits of exempt status unless there is sufficient evidence that the individual who signed the affidavit is required to be covered under the workers compensation act.

This regulation will not have an economic impact on the KID or other governmental agencies. The regulation will decrease the occurrence of unexpected costs to Kansas small employers and consumers of workers compensation insurance. KID considered several alternatives. However, the current proposed regulation was deemed to most closely abide by the plain meaning of K.S.A. 44-5,127.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request any proposed regulation and the economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least 5 working days in advance by contacting Diane Minear at 785-296-2676 or via email at dminear@ksinsurance.org. Any individual desiring a copy of any regulation and/or the policy and procedure that is being adopted by reference, if applicable, may obtain a copy from our website, www.ksinsurance.org, under the Legal Issues link or by contacting Diane Minear by phone at 785-296-7847 or via email at dminear@ksinsurance.org. The charge for copies is fifty cents per page.
