Completed Special Attachments do not count against the page limitation. All these forms are attached to the original email announcement. Letter of Interest shall indicate the Consultant's ability to meet the needs described above. Letter of Interest shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce the desired results described above under "Scope of Services to be Performed."

Eventually, the shortlisted firms will submit RFP's and be ranked. The highest ranked firm will be asked to enter into negotiations with KDOT for an Agreement. In the event KDOT cannot reach agreement with the ranked firm, it will terminate negotiations with such

firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Special Attachment No. 7 ("Certificate of Final Indirect Costs")

Special Attachment No. 8 ("Tax Clearance Certificate") Special Attachment No. 10 ("Policy Regarding Sexual Harassment").

Notice of Proposed Revisions to Johnson County Wastewater Industrial Pretreatment Program

Johnson County Wastewater has proposed changes to its industrial pretreatment program, which regulates and controls wastewater contributions from industrial and other non-domestic wastewater sources. The proposed changes would adopt technically-based local limits, previously approved by the U.S. Environmental Protection Agency (EPA) and the Kansas Department of Health and Environment (KDHE), specifically for each of the Johnson County Wastewater treatment plants. In particular, the proposed changes include modification of the maximum allowable industrial loadings for the pollutant parameters ammonia-nitrogen and mercury. Changes to ammonia-nitrogen loadings correct a mistake in an earlier loadings calculation while the mercury loading addresses a change in water quality standards. The County has requested EPA approval of the proposed changes. The proposed changes have been prepared in a manner that Johnson County believes will remain fully protective of the environment. Copies of the proposed program changes are available by contacting Johnson County Wastewater as noted below.

Johnson County and the EPA will accept comments and views on the proposed industrial pretreatment program changes for a period of 30 days following the date of this publication. All written comments and views will be considered by the EPA and KDHE in determining whether it will issue final approval of the proposed changes. If no substantive comments are received, the EPA and KDHE will approve the pretreatment program changes as proposed.

Requests for a public hearing on the proposed revisions may be made within the 30-day period. Any request for public hearing should be directed to the EPA and should indicate the interest of the person filing such request and the reasons why a hearing is warranted.

Comments and any public hearing requests should be provided by mail, email, or other written form to the following:

The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 001006—Maximum Principal Amount: \$101,522.84. Owner/Operator: Jeffrey W. and Theresa McNett; Description: Acquisition of 80 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the project). The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the KDFA at its offices at 534 S.
