Economic Impact:

Cost to the agency: Full implementation of the proposed regulations will cost \$72,850 annually for as long as the Abandoned Mine Land (AML) program is active. However, this expenditure will result in an annual grant award of \$3,000,000 in AML funds from the federal government. To receive the grant, the state must have an active Administration and Enforcement Program. The cost of the Administration and Enforcement Program is split 50/50 between the state and the federal government. The state share is budgeted at \$72,850.

Cost to the public and regulated community: The proposed regulations will not increase costs to the public. The reduction of the required number of permit application package copy submittals should decrease the cost to the regulated community although it will not be significant.

Cost to other governmental agencies or units: There are no known costs to other governmental agencies.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to 5:00 p.m. on the day of the hearing to Jorge Jacobs, Kansas Department of Health and Environment, Redevelopment Section, 1000 SW Jackson, Suite 410 Topeka,

KS 66612-1367, by email to Jorge.Jacobs@ks.gov, or by fax to 785-559-4262 or 785-559-4259. During the hearing, all interested parties will be given a reasonable opportunity to present their views orally on the proposed regulations as well as an opportunity to submit their written comments. In order to give each individual an opportunity to present their views, it may be necessary for the hearing officer to request that each presenter limit an oral presentation to an appropriate time frame.

Complete copies of the proposed regulations and the corresponding economic impact statement may be obtained from the Surface Mining Unit website at http://www.kdheks.gov/mining/download.html or by contacting Jorge Jacobs at the address above, phone 785-296-0721, or fax 785-559-4262 or 785-559-4259.
