Department of Agriculture Division of Animal Health

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10:00 a.m., Tuesday, December 11, 2018, in the 1st floor meeting room 124 of the Kansas Department of Agriculture, 1320 Research Park Dr., Manhattan, Kansas, to consider the adoption of proposed regulations.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture, 1320 Research Park Dr., Manhattan, KS 66502, or by email at ronda.hutton@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

Due to the passage of HB 2477 by the 2018 Kansas Legislature, the Kansas Department of Agriculture, Animal Facilities Inspection Program ("AFI Program") is proposing amendments to K.A.R. 9-18-6; 9-18-9; and 9-18-28. The primary changes made to the Pet Animal Act by HB 2477 include increasing the fee caps for licensed facilities, adding fees for no-contact inspections, removing the ability to provide notice prior to inspections, and removing the fees for the licensure of pet animal foster homes. In addition to these changes, the AFI Program has also decided to propose amendments that more clearly outline the routine inspection policy.

K.A.R. 9-18-6 – This regulation contains the fee schedule for all licenses and other fees associated with the AFI Program. The proposed amendments to this regulation include increased fees as allowed by HB 2477, several changes in licensure categories, and the addition and removal of fees mandated based on the changes to licensure categories.

K.A.R. 9-18-9 – This regulation contains the requirements for inspection of premises by the AFI Program. The proposed amendments outline the AFI Program's routine inspection schedule and makes it mandatory that no notice be given prior to any routine or complaint inspections.

K.A.R. 9-18-28 – This regulation contains all the requirements that apply to pet animal foster homes. The proposed amendments remove any requirements that are related to the licensure of pet animal foster homes, clarify that the entity utilizing the pet animal foster homes is responsible for the welfare of any animals placed in a pet animal foster home, and adds requirements for pregnant or nursing animals housed at a pet animal foster home.

Economic Impact Statement:

The proposed regulations are not mandated by feder-

al law. Some entities licensed under the Pet Animal Act may also be licensed under federal regulations, but in such cases, the regulations are nearly identical or are less stringent that federal requirements. Our approach is also similar to that of contiguous states.

The proposed regulations may enhance business activities and growth by providing assurances to the public and consumers that the animals housed at licensed facilities receive proper care. The AFI program can better ensure that animals housed at licensed facilities are properly cared for and that the operators of those facilities are held responsible for the health and welfare of animals in their care with additional funding. Licensed businesses will also have greater certainty about the routine inspection process and can plan accordingly.

It is possible that some business activities may be reduced because of the increased cost of licensure, but it is not possible to predict if the proposed fee increases will cause any existing licensees to discontinue operations or prevent new applications.

There will be a direct economic impact on those facilities licensed under the Pet Animal Act. The proposed fee increases are reflected below.

Category	Current Fee	Proposed Fee	% Increase
Hobby Breeder	\$95	\$250	163%
Animal Breeder	\$200	\$450	125%
Animal Breeder & Dist	\$200	\$450	125%
USDA Retail Breeder	\$200	\$450	125%
Non-USDA Retail Breeder	\$405	\$450	11%
Animal Distributor	\$200	\$400	100%
Research Facility	\$200	\$300	50%
Pet Shop	\$405	\$600	48%
Shelter 1st Class City	\$300	\$400	33%
Shelter 2nd Class City	\$250	\$335	34%
Shelter 3rd Class City	\$200	\$285	43%
Rescue Network	\$125	\$125	0%
Boarding/Training	\$95	\$200	111%
Out-of-State Distributor	\$650	\$650	0%
Temp. Pet Shop	\$75	\$200	167%

Contact the Department of Agriculture and request the Economic Impact Statement for a detailed document showing the impact of increased fees to each facility required to be licensed under the Kansas Pet Animal Act.

All entities required to be licensed under the Pet Animal Act, including animal breeders, hobby breeders, retail breeders, distributors, research facilities, pet shops, animal shelters, and boarding and training facilities will be directly affected by the proposed rules and regulations.

The AFI Program will be able to maintain a third inspector on staff, which will help ensure the health, safety, and welfare of animals housed in licensed facilities. Licensed facilities will have a greater certainty regarding the routine inspection process. The Division of Animal Health will no longer have to allocate State General Fund dollars out of proportion from other program areas to support the AFI Program.

The AFI Program considered reducing the number of inspectors to match the current funding levels of the AFI Program. Proposals to reduce inspectors from three to two were considered and proposed to the legislature. However, the ability to fund a third inspector was provided through the increased fees allowed by HB 2477 and an increase in state general funds provided to the program.

The estimated total annual implementation and compliance cost reasonably expected to be incurred by or passed along to businesses, local governments, or members of the public is \$93,820. Data is based on the current amount of money collected for each license issued and the increased compliance costs are based on the same number licenses issued with the proposed increase in fees.

The only anticipated impact on the revenue of cities, counties or school districts would be to cities or counties that currently operate animal shelters, which would be subject to the increased fees. To determine the anticipated impact, a letter and copy of the proposed regulations were sent to the League of Kansas Municipalities, Kansas Association of Counties and the Kansas Association of School Boards.

Since 2012, the Kansas Pet Animal Advisory Board has been heavily involved regarding the statute changes in HB 2477. Within these statute changes were fee cap increases for businesses required to be licensed under the Pet Animal Act.

The Kansas Pet Animal Advisory Board is a ten-member board, which represents each sector of the pet animal facilities required to be licensed. At least 24 meetings have occurred with this advisory board since the beginning of the process to increase fees. These fee proposals were voted on and passed by the Kansas Pet Animal Advisory board. In addition, all meetings held with the Kansas Pet Animal Advisory Board were open to the public and licensees to attend and comment.

Input was also received during legislative hearings on HB 2477 from multiple industry sources.

The proposed regulations are not expected to have an environmental impact.

Any individual with a disability may request accommodations in order to participate in the public hearing and may request the proposed regulations and impact statement in an accessible format. Requests for accommodations should be made at least five working days in advance of the hearing by contacting Ronda Hutton at (785) 564-6715 or fax (785) 564-6777. Handicapped parking is located on the west side of the building at 1320 Research Park Drive, Manhattan, and the west entrance to the building is accessible to individuals with disabilities.

Copies of the regulations and their economic impact statement may be obtained by contacting the Department of Agriculture, Ronda M. Hutton, 1320 Research Park Drive, Manhattan, KS 66502 or 785-564-6715 or by accessing the department's website at agriculture.ks.gov.

Comments may also be made through our website under the proposed regulation.

A public hearing will be conducted at 10:00 a.m. Monday, December 17, 2018 in Room 1031 of the Landon State Office Building, 900 SW Jackson, Topeka, KS 66612 to consider the revision of existing administrative regulations.

Publication of this notice of the public hearing shall open the period of public comment for submission of written public comments on the proposed amendments to K.A.R. 109-5-1, K.A.R. 109-8-1, K.A.R. 109-8-2 and K.A.R. 109-11-6a. All interested parties may submit written comments to the Kansas Board of Emergency Medical Services, Room 1031, Landon State Office Building, 900 S.W. Jackson, Topeka, Kansas 66612, or by email to carman.m.allen@ks.gov, prior to the scheduled meeting date. During the hearing, interested parties shall be allotted up to five minutes for oral presentations in reference to adoption of the proposed regulatory changes.

Individuals with disabilities may request accommodation to participate in the public hearing and to receive copies of the proposed regulations and economic impact statements in an accessible format. Requests for accommodation shall be received by the Board of Emergency Medical Services at least five business days prior to the hearing date by contacting Suzette Smith at 785-296-7296. Handicapped parking is located on Jackson, in front of the building, and on 9th Street, to the north of the Landon State Office Building.

These regulations are proposed for permanent revision. A summary of the proposed changes follows:

K.A.R. 109-5-1. Continuing education; requested changes are to redefine how continuing education credit shall be awarded, to add a course issued by another state's emergency medical services regulatory or accrediting body as an acceptable certificate of attendance or completion, and to add programs or courses approved by another state's emergency medical service regulatory or accrediting body as presumptively approved.

These changes will result in some Kansas certificate holders not having to complete a retroactive approval process to obtain credit for training completed in other states. There are no anticipated costs to the agency, nor any affect to businesses.

K.A.R. 109-8-1. Examination; is revised to change from a vendor contracted skills exam to a psychomotor skills exam approved by the board.

There are no anticipated costs to the agency, nor any affect to businesses.

K.A.R. 109-8-2. Scheduling examinations for certification; is revised to change from a vendor contracted skills exam to a psychomotor skills exam approved by the

board and clean up the reexamination process for candidates unsuccessful on their initial attempt.

There are no anticipated costs to the agency, nor any affect to businesses.

K.A.R. 109-11-6a. Paramedic course approval; is revised to remove an incorrect reference to K.S.A. 65-6119, all remaining changes either incorporate language that mimic requirements of the committee on accreditation of educational programs for emergency medical services professions or remove requirements that are redundant due to the monitoring of the accrediting body.

There are no anticipated costs to the agency. It is anticipated that the seven educational institutions within the State and any educational institutions seeking emergency medical services program accreditation may realize savings associated with these changes due to current redundant requirements which require vastly different reporting.

Copies of the complete regulations and the complete economic impact statements may be obtained from the Board of Emergency Medical Services at the contact information above or can be accessed at www.ksbems.org.

In the event a shuffling machine is not used and the dealer manually shuffles the cards, beginning with the first player to the left of the dealer who has placed an ante wager and continuing clockwise in order around the table, the dealer shall deal each player who has placed an ante wager and the dealer seven (7) cards face down. Each player shall be dealt all seven (7) cards before the next player or dealer is dealt his or her seven (7) cards.
- (d) After all cards have been dealt, each player may examine his or her cards. Each player who places a wager shall be responsible for his or her own hand and no person other than the dealer and the player to whom the cards were dealt may touch the cards of that player.
- (e) After examination of his or her cards, each player who has placed an ante wager shall have the option to either forfeit the ante wager and end his or her participation against the dealer's hand or make a raise wager. A raise wager must be equal to the amount of the player's ante wager unless the player's hand consists of five (5) or more cards of the same suit. - (f) After each player has either placed a raise wager on the designated area of the table or forfeited his or her wager and hand, the dealer shall collect all forfeited wagers and associated cards, placing them in the discard rack or automatic shuffling machine. The dealer shall then reveal the dealer's cards and place the cards so as to form the highest possible ranking hand available for the dealer's cards.

If the dealer does not hold a hand with at least a three card flush containing a 9 or higher ranking card, the player's ante wager shall automatically be paid at odds of one to one and the player's raise wager shall be returned to the player as a draw (tie).
- (2) A player placing a flush bonus wager shall be paid at the following odds:
