KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <http://www.bidx.com> until 1:00 p.m. (CST) December 12, 2018. Notice of Application to Expand an Industrial Landfill

The Kansas Department of Health and Environment (KDHE) has received an application to expand the Great Plains Development Authority (GPDA) industrial landfill, Permit 401, to include an adjacent historic industrial waste disposal area. Both disposal areas are closed, with cover soils applied and ongoing ground-water monitoring. A summary of the amended regulation and the economic impact follows:

K.A.R. 100-76-2. Licensure by examination The purpose of this revised regulation is to remove an unintentional barrier to licensure caused by: (1) language in the existing regulation requiring the licensure examination to specifically contain a separate and distinct biomedicine component of the national exam (biomedicine was not a separate component of the examination prior to 2005); and (2) omission in the existing regulation of "substantial equivalent" language to allow the board flexibility in assessing examinations from other jurisdictions that have equal or higher standards than the national examination.

The revised regulation is more flexible and less restrictive. The revision is likely to enhance business activity because it allows for more flexibility in licensing decisions and makes the process for approving new licenses for practitioners more efficient.

Article 46.—CHILD ABUSE AND NEGLECT

30-46-10. Definitions. For the purpose of the child abuse and neglect central registry, the following definitions shall apply:

(a) "Abandon" and "abandonment" have the meaning specified in K.S.A. 38-2202, and amendments thereto.

(b) "Abuse" means "physical, mental or emotional abuse" or "sexual abuse," as these two terms are defined in K.S.A. 38-2202 and amendments thereto and as "sexual abuse" is further defined in this regulation, involving a child who resides in Kansas or is found in Kansas, regardless of where the act occurred. The term "abuse" shall include any act that occurred in Kansas, regardless of where the child is found or resides.

The term "abuse" may include the following:

(1) Terrorizing a child, by creating a climate of fear or engaging in violent or threatening behavior toward the child or toward others in the child's presence that demonstrates a flagrant disregard for the child;

(2) emotionally abandoning a child, by being psychologically unavailable to the child, demonstrating no attachment to the child, or failing to provide adequate nurturance of the child; and

(3) corrupting a child, by teaching or rewarding the child for unlawful, antisocial, or sexually mature behavior.

(c) "Affirmed perpetrator" means a person who has been determined by the secretary or the secretary's designee, by a preponderance of evidence, to have committed an act of abuse or neglect, regardless of where the person resides, but has not been substantiated so the affirmed perpetrator's name is not placed on the child abuse and neglect central registry.

(d) "Alleged perpetrator" means the person identified in the initial report or during the investigation as the person suspected of perpetrating an act of abuse or neglect.

(e) "Child" means anyone under the age of 18 or anyone under the age of 21 and in the custody of the secretary pursuant to K.S.A. 38-2255, and amendments thereto.

(f) "Child abuse and neglect central registry" means the list of names for individuals identified by the department as substantiated perpetrators.

(g) "Child care facility" has the meaning specified in K.S.A. 65-503, and amendments thereto.

(h) "Department" means Kansas department for children and families.

(i) "Investigation" means the gathering and assessing of information to determine if a child has been harmed, as defined in K.S.A. 38-2202 and amendments thereto, as the result of abuse or neglect, to identify the individual or individuals responsible, and to determine if the incident perpetrated by the individual or individuals should be affirmed or substantiated.

(j) "Neglect" has the meaning specified in K.S.A. 38-2202, and amendments thereto, involving a child who resides in Kansas or is found in Kansas, regardless of where the act or failure to act occurred.

(l) "Substantiated perpetrator" and "perpetrator" mean a person, regardless of where the person resides, who has been substantiated by the secretary or the secretary's designee, by a preponderance of evidence, to have either intentionally committed an act of abuse or neglect or failed or refused to protect a child when a reasonable person would have anticipated that the act of abuse or neglect would result in or create a likelihood of serious harm, injury, or deterioration to the child. The substantiated perpetrator's name is placed on the Kansas child abuse and neglect central registry, and the person is thereby prohibited from residing, working, or volunteering in a child care facility pursuant to K.S.A. 65-516, and amendments thereto.

Summaries of the proposed regulations and their economic impact follow (Note: Statements indicating that a regulation is "not anticipated to have any economic impact" are intended to indicate that no economic impact on the Department of Labor, other state agencies, state employees, or the general public has been identified.)

K.A.R 51-9-17. After November 29, 2018, this regulation will mandate reporting entities to report required data to the Division pursuant to the Kansas EDI Release 3.1 guide, which was revised on July 16, 2018. The purpose of the revision is to leverage the most recent standard to support the Online System for Claims Regulations/Research (OSCAR) data needs and functionality.

Economic Impact: Approximately 90% of reporting organizations utilize a reporting vendor and thus will not incur a cost in the move from Release 3.0 to Release 3.1. For those organizations that do not use a reporting vendor, those organization will incur a one-time cost to upgrade their system. That cost depends on various factors: 1) whether a contractor is hired or whether in-house resources are used and 2) the complexity of their system and/or whether they seize on the opportunity to upgrade or add functionality which can create a range of cost from \$2,000 – \$7,000. For organizations that submit 100 claims or less a year, they have the option to use a free web-based application to submit their required data.
