Public notice is hereby given that Wichita State University (WSU) intends to directly lease, and indirectly sublease through its affiliate corporation Wichita State Innovation Alliance, Inc., subject to all required state approvals, an approximate ground area consisting of 150,000 square feet or less with the potential for expansion for parking, for the private development of one or more partnership buildings. This private development shall be located west of Oliver, between 17th and 18th streets, on the Wichita State University main campus. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good, and specifically an emphasis on supporting and growing advanced laboratories for research, testing, and innovation in data infrastructure/storage, video surveillance storage, IOT, security, analytics, visualization/modeling, and machine learning/AI. The university intends to lease such ground for any period of time up to sixty-five years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university's educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Rental rate shall be assessed per leased or leasable square foot of the building but is negotiable based on term of lease and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization, or company and such offers will be considered until a selection is made or this notice is withdrawn. (3) The fish is transported to a place of commercial preservation or place of commercial processing for consumption.

(4) The fish is returned unrestrained to the waters from which the fish was taken.

(5) The fish is disposed of at a location designated for fish disposal or at a designated fish cleaning station.

(c) Each paddlefish permittee shall meet either of the following requirements:

(1) Nonelectronic carcass tags. The paddlefish permittee shall sign, record the county, the date, and the time of kill, and attach the carcass tag to the carcass in a visible manner immediately before reducing the paddlefish to permanent possession. The carcass tag shall remain attached to the carcass until the conditions of paragraphs (b)(1), (b)(2), (b)(3), or (b)(5) are met. The paddlefish permittee shall retain the carcass tag until the paddlefish is consumed, given to another, or otherwise disposed of. (2) Electronic carcass tags. Using the department's electronic carcass tag system, the paddlefish permittee shall record the county, the date, and the time of kill and enter a photograph of the entire carcass, with sufficient clarity to display the species immediately before reducing the paddlefish to permanent possession. (4) Each harvested paddlefish carcass shall have all internal organs removed before transporting the carcass from Kansas. (Authorized by and implementing K.S.A. 2019 Supp. 32-807; effective Dec. 26, 1989; amended Nov. 27, 2006; amended Dec. 22, 2017; amended Jan. 11, 2019; amended Dec. 20, 2019.)

115-7-10. Fishing; special provisions. (a) A person who takes any fish from a body of water shall not tag, mark, brand, clip any fin of, mutilate, or otherwise disfigure any fish in a manner that would prevent species identification, examination of fins, recovery of tags, or determination of sex, age, or length of the fish before releasing the fish back into the body of water, unless a permit authorizing this activity has been issued to that person by the department.

(b) No person may possess any live fish upon departure from any designated aquatic nuisance body of water, except during a department-permitted fishing tournament. However, signing any carcass tag before harvesting an animal for which the carcass tag was issued shall invalidate the carcass tag and either the permit or the game tag for use.

(h) Each temporary annual park permit purchased from an electronic or telephone license vendor or by electronic means shall be valid only if visibly displayed on the vehicle or camping unit for which the annual park (continued) permit was purchased. Each individual with a temporary annual park permit purchased from an electronic license vendor or by electronic means shall exchange the permit for a permanent annual park permit at a department office or automated park license vendor.
