Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. ETC Texas Pipeline, Ltd. (ETC) – Hugoton Field Compressor Station has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

ETC Texas Pipeline, Ltd. (ETC) – Hugoton Field Compressor Station, 8111 Westchester Dr., Suite 600, Dallas, TX 75225, owns and operates a natural gas compressor station located at Section 23, Township 25S, Range 36W, Kearny County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southwest District Office, 302 W. McArtor Rd., Dodge City, KS 67801. To obtain or review the proposed permit and supporting documentation, contact Allan Ddamulira, 785-296-6024, at the central office of the KDHE or Ethel Evans, 620-682-7940, at the Southwest District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website, http://www.kdheks.gov/bar/publicnotice.html.

Please direct written comments or questions regarding the proposed permit to Allan Ddamulira, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, July 6, 2020.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Allan Ddamulira, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, July 6, 2020 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Legal Description: NW1/4, NW1/4, SE1/4, S8, T7S, R7W, Mitchell County, Kansas

Facility Name: Beloit Water Treatment Plant

The proposed action is to issue a new State/NPDES permit for a new facility. The proposed water treatment plant will include an intake pump station located at the Waconda Lake dam with a raw water transmission line to the city of Beloit. The city will also keep their intake and pump station located in the Solomon River as an emergency backup. The water will be treated with the pre-sedimentation basin, pulsating clarifiers, ultrafiltration membranes followed by reverse osmosis membranes located in a new building to the south of the existing water treatment plant. Disinfection of the treated water will primarily occur through contact with free chlorine, with subsequent residual disinfection provided by combine chlorine. The existing non-discharging WTP lime sludge lagoons will be converted to discharging WTP lagoons. The proposed permit contains limits for total residual chlorine, total suspended solids, and pH, as well as monitoring for flow, chloride, total recoverable selenium, sulfate, and total phosphorus. In compliance with Kansas and federal law, KDHE has approved an antidegradation review for this new facility for increased concentrations and mass of some pollutants to the receiving stream. The water quality of the receiving stream will not be lowered below the quality necessary to support existing designated uses.

Facility Name: Public Wholesale Water Supply District #13 Water Treatment Plant

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is a public water treatment plant. Raw water is taken from Critzer Reservoir or as an alternative, if needed, from Mound City Lake. The raw water is treated through pulsating clarifiers and standard filters before being sent to the clearwell for pumping, to storage for distribution. The water is treated with potassium permanganate, powered activated carbon, aluminum chlorohydrate, various polymers, caustic, chlorine, fluoride and ammonium sulfate, as it passes through the various treatment processes. Sludge from the clarifier basins and miscellaneous floor drains and contact basin blowdowns, filter-to-waste and filter backwash water, is routed to a two-cell lagoon system. The proposed permit contains limits for total residual chlorine, total suspended solids, and pH, as well as monitoring for flow.

Public Notice No. KS-PT-20-011

The proposed action is to reissue an existing pretreatment permit for an existing facility. This facility repairs and overhauls various commercial and military aircraft components and parts. Since wastes from the various outfalls are either hauled off-site or treated by an on-site evaporator, there is typically no discharge to the city sanitary sewer. The proposed permit contains pretreatment limitations for pH, total toxic organics, cadmium, chromium, copper, lead, nickel, silver, zinc and cyanide, as well as monitoring for flow.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612-1367.

All comments regarding the draft documents or application notices received on or before July 4, 2020, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-20-107/114, KS-AG-R-20-006/008, KS-Q-20-096/098, KS-PT-20-011) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at http://www.kdheks.gov/feedlots. Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU) is interested in entering into a long-term ground lease, subject to all required state approvals, for approximately 1.4 acres of property located at 1741 and 1755 N. Hillside. The university is interested in leasing such property to any individual, organization, or entity whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the

greater public good and providing retail, restaurant, and service centers that would be desirable and beneficial to the international student community. The university intends to lease this property for any period of time up to 65 years, but extended terms and renewal options would be considered. Interested tenants must be willing to provide the university an option to lease back improved office/classroom/lab space up to 11,000 square feet. Interested tenants must be a good fit with the university's educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: financial stability and strength, proposal terms, demonstrated benefit to WSU and the community, design concepts, and proposed use. Rental rate may be negotiated based on square foot of leased ground or leasable square foot of the building. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization, or company and such offers will be considered until a selection is made or this notice is withdrawn. If interested, please contact University Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU) intends to directly lease, and indirectly sublease through its affiliate corporation Wichita State Innovation Alliance, Inc., subject to all required state approvals, for the private development of one or more partnership buildings. This private development shall be located west of Oliver, between 17th and 18th Streets, on the Wichita State University main campus. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good, and specifically an emphasis on supporting and growing advanced laboratories for research, testing, and innovation in data infrastructure/storage, video surveillance storage, IOT, security, analytics, visualization/modeling, and machine learning/AI. The university intends to lease such ground for any period of time up to sixty-five years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university's educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Rental rate shall be assessed per leased or leasable square foot of the building but is negotiable based on term of lease and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization, or company and such offers will be considered until a selection is made or this notice is withdrawn. If interested, please contact Associate Vice President for Industry Engagement and Applied Learning, Tonya Witherspoon at tonya.witherspoon@wichita.edu or University Property Manager Crystal Stegeman at crystal.stegeman@ wichita.edu. Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking letters of interest from qualified consulting firms capable of functioning as a Program Manager Consultant (PMC) for a portion of the new 10-year Eisenhower Legacy Transportation Program (IKE Program), beginning with a three-year contract with options to renew for the life of the program.

The IKE Program was approved by the Kansas Legislature on March 19, 2020 and signed into law by Governor Laura Kelly on April 2, 2020. The Ike Program will provide funding sources and bonding authority to complete preservation, modernization, and expansion type projects between 2020 and 2030. A list of modernization and expansion projects that have been selected for the development pipeline can be found http://www.ksdot.org/IKE.asp. Design and preliminary engineering is anticipated to begin on announced projects not already under design. It is anticipated the PMC will be responsible for the management of a portion of heavy preservation work and the majority of the modernization and expansion projects for the life of the IKE Program.

The PMC will provide technical and professional expertise needed to meet the demands of the IKE Program, without unnecessarily increasing KDOT staff. The services solicited from the PMC will include IKE Program oversight and support of project-level activities, including, but not limited to project planning, project programming review and support, preparing and issuing industry request for information, public involvement, preliminary design, environmental studies, ROW acquisition, final design, construction engineering, and inspection, to ensure the overall IKE Program goals are met.

Requirements

Interested consulting teams must: (a) be prequalified by KDOT in 201 Location and Design Concept Studies/ Corridor Studies; (b) 211 Highway Design – Major Facility; (c) 221 Non-Standard Span Bridge Design; (d) Traffic Control Analysis and Design; and (e) submit a Letter of Interest (LOI) on or before 12:00 p.m. Friday June 12, 2020 to David Lutgen, P.E., Contracts Engineer for KDOT at kdot.designcontracts@ks.gov, with the subject line reading Firm_Name LOI IKE Program PMC. LOIs in the form of a PDF document, maximum of six pages with a Program Management history appendix up to six pages. LOIs should express interest in the operating (continued)

as the IKE Program PMC and describe qualifications for the professional services sought by KDOT, including any special expertise, skill, experience, or knowledge of the team, its employees and any subconsultant the team intends to utilize. If a team is not currently prequalified by KDOT but is interested in obtaining prequalification, then please view the requirements and categories at http://www.ksdot.org/divengdes/prequal/default.asp. For licensure and other requirements applicable to the practice of technical professions within the State of Kansas, please consult the website of the Kansas Board of Technical Professions at http://www.ksbtp.ks.gov/. All teams doing business with KDOT must be registered and in good standing under the laws of the State of Kansas and comply with applicable state and federal laws, rules and regulations.

Consultant Preclusion and Previous Program Projects

The selected IKE PMC will be precluded from proposing as a prime consultant for design and/or construction engineering/inspection services for any project selected and administered under the IKE Program other than transportation planning projects and certain alternative delivery projects. The selected IKE PMC may serve as a subconsultant or subcontractor on any projects managed by KDOT staff but shall not serve as a subconsultant or subcontractor or otherwise be part of any consultant team for projects managed by the IKE PMC. The selected IKE PMC may serve any function as part of a design builder's design build team on KDOT managed projects so long as the federal rules and regulations are followed. The IKE PMC's involvement in other alternative delivery models that are not design build will be visited on a case-by-case basis, but they are not outright precluded at this time on KDOT managed projects. The selected IKE PMC may propose on transportation planning projects and contracts as the prime consultant or subconsultants. Any existing project already under contract (previous program project) that is selected for construction under the IKE Program may remain with the IKE PMC unless KDOT finds that this is not in the best interests of the state due to potential conflicts of interests, consultant workload, or other factors. A change order will be negotiated for any modification or termination for convenience of an existing contract. Any new procurement following the cancellation of a contract will follow KDOT's QBS process.

Qualifications-Based Selection Process

Based on the qualifications submitted and other information available to the shortlist committee, on or about June 19, 2020 three to five teams will be shortlisted and all teams submitting LOIs will be notified by return email. After shortlisting individual interviews will be scheduled with the shortlisted teams and a selection committee. The selection committee will select a single IKE PMC to perform the professional services. Technical proposals will be evaluated on the basis of 1) ability to demonstrate ability to innovate and expedite IKE Program projects; 2) demonstrate a desire to work as an extension of KDOT staff to deliver IKE Program goals; 3) the ability to implement strategies used by other agencies and industry to deliver the IKE Program goals; 4) professional qualifica-

tions; 5) key staff that will be committed to operating on KDOT's behalf as the IKE Program PMC; 6) experience of staff assigned to IKE Program PMC role; 7) proposed approach to performance of services; 8) workload of the team; and 9) past performance history. In the event a negotiated agreement with the highest ranked team cannot be reached, negotiations will terminate with such team and negotiations will commence with the next highest ranked team, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives. KDOT intends to conclude or terminate negotiations on or before August 26, 2020.

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) was awarded a \$27 million federal Consolidated Rail Infrastructure and Safety Improvements Program (CRISI) grant in March 2020. In addition to this federal grant, KDOT has partnered financially with the Oklahoma Department of Transportation (ODOT) and the South Kansas and Oklahoma Railroad (SKO), resulting in a project budget of \$40,627,880.

KDOT is seeking Request for Proposals (RFP) from qualified engineering firms to work with the KDOT project management team, and in coordination with the ODOT, SKO, and Port of Catoosa project management teams, to provide project coordination and oversite for this bi-state short line railroad infrastructure improvement project. Interested consulting firms must be prequalified by KDOT in Category 111 Rail Systems Planning and Category 335 Railroad Infrastructure Design. Project components will include major track rehabilitation, rail replacement, bridge improvements, and grade crossing improvements, as well as federal project and reporting requirements.

Interested firms can access the RFP and RFP Attachment 1 on the KDOT Freight and Rail page at http://www.ksdot.org/burRail/Rail/default.asp.

Qualifications-Based Selection Process

Based on the qualifications submitted and other information available to the shortlist committee, on or about June 26, 2020 three to five firms will be shortlisted and all firms submitting Letters of Interest will be notified by return email. Shortlisted firms will be contacted via email to schedule interviews.

Letters of Interest, along with documentation detailing qualifications should be emailed no later than 5:00 p.m. June 19, 2020 to John W. Maddox, CPM, Kansas Department of Transportation Freight and Rail Program Manager at john.maddox@ks.gov.

Request for Proposals

Background and Purpose of Project

The Kansas Department of Transportation (KDOT) is seeking a consultant to provide construction inspection services for project 36-58 KA 5008-02. The project is located on U.S. 36 from four-lane divided east to junction of K-87 (Excluding Marysville from 4th Street to 20th Street) in Marshall County.

Schedule/Deadlines

Requet for Proposals (RFPs) are due on or before 12:00 p.m. (CST) June 12, 2020, to be delivered via email to kdot.designcontracts@ks.gov. Evaluation and ranking of submissions will occur on or about June 22, 2020, after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked firm to commence on or about July 1, 2020. An agreement should be in place on or about July 15, 2020. The contractor should start the project around the end of July 2020.

Scope of Services to be Performed

The project manager/inspectors must be capable inspecting the whole project, which includes grading, traffic control, erosion control, seeding, guardrail replacement, HMA commercial grade, CMS or AASHTOWare data entry, all project records, all project paperwork, and final paperwork, etc. Project records and paperwork including but not limited to: diary, pay quantities, certifications, sample identifications, change orders, pay estimates, monitoring subcontractor payments, and monitoring contractor's payrolls, etc. Records and paperwork must be submitted accurately and timely. Anticipated staffing needs: provide project management and all inspectors, except as noted above, as needed to ensure inspection and material testing for this project are done correctly. The number of required inspectors will fluctuate throughout the project depending on the project needs. Submit the names and information of the project manager. Construction is anticipated to be completed within 35 working days and then cleanup time. Provide all the equipment necessary to inspect and test materials.

Instructions for Proposal

No costs shall be contained in the RFP. The RFP must not exceed four (4) pages total (including any cover letter, index, etc.) and 2MB to address the pertinent topics. RFPs submitted will consist of the technical proposal and a completed and signed Special Attachment No. 7 ("Certificate of Final Indirect Costs"), a completed and signed Special Attachment No. 8 ("Tax Clearance Certificate"), and a signed Special Attachment No. 10 ("Policy Regarding Sexual Harassment"). Completed Special Attachments do not count against the four-page technical proposal submission. All these forms are attached to the original email announcement.

RFPs shall indicate the consultant's ability to meet the project inspection needs described above. RFPs shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce the desired results described above under "Scope of Services to be Performed." The RFP shall also include items such as:

- Project manager
- History of providing inspection services on similar projects
- Availability of staff
- Familiarity with KDOT standards and specifications
- Any subconsultant and their role in performing the services on the project
- Names, certifications, and experience of all inspectors that will be assigned to the project
- Anticipated time to close out project paperwork

Evaluation Factors

RFPs will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors include:

- 1. How the consultant plans to meet the fluctuating inspection needs of the project;
- 2. Employee names (project manager), certifications, and qualifications proposed for services;
- 3. Proximity of inspectors to project;
- Past performance history on similar projects (list project numbers) for KDOT;
- 5. Types of direct expenses anticipated (lodging, mileage, etc.);
- 6. Anticipated time to close out project paperwork.

The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Exhibits to this Technical Proposal Request

- Special Attachment No. 7 ("Certificate of Final Indirect Costs")
- Special Attachment No. 8 ("Tax Clearance Certificate")
- Special Attachment No. 10 ("Policy Regarding Sexual Harassment")

Contract Terms and Conditions

A standard KDOT project inspection agreement will be used for this project. Current rate factors will be used for compensation, and Special Attachments for the Kansas "Tax Clearance Certificate," the "Certificate of Final Indirect Costs," and the "Policy Regarding Sexual Harassment" will become attachments to the contract.

Questions about this request for proposals shall be sent via email to kdot.designcontracts@ks.gov.
