Notice of Requested Architectural Services

Notice is hereby given of the commencement of the selection process for architectural services for the University of Kansas Medical Center (KUMC) Morgue Renovation. The renovation will allow for KUMC to meet capacity needs and maintain proper workflow within the existing morgue area. Sanitary lines in much of the current morgue are non-functional and will be replaced as part of the renovation. Existing HVAC capacity doesn't meet current code requirements for the functional requirements of this area and will be upgraded with a dedicated air handling unit. Backup power will be added to the morgue so that coolers and freezers will remain functional if normal power is interrupted. Finishes throughout the entirety of the renovation will be upgraded to meet durability and cleanability requirements.

An architectural/engineering program is available at <http://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs>. For more information contact AJ Woodworth at awoodworth@kumc.edu or 217-840-7501.

Notice of Intent to Conduct
Environmental Assessment

Public notice is hereby given that the Kansas Department of Transportation (KDOT), in cooperation with the Federal Highway Administration (FHWA), will prepare an Environmental Assessment (EA) for a proposal to upgrade a portion of K-96 in Wichita, Sedgwick County, Kansas, from a four-lane to a six-lane freeway. The City of Wichita is serving as a partner in the study.

The overall environmental study limits begin just east of the K-96/I-135 interchange in Wichita and extend east/southeast to just north of the K-96/US-54/US-400 interchange. The overall length of the proposed project is approximately 9.5 miles. The proposed upgrade of K-96 from a four-lane to a six-lane freeway includes pavement replacement only from 21st Street to the K-96/US-54/US-400/I-35 Interchange. In addition, improvements at the seven interchanges of Hillside, Oliver, Woodlawn, Rock, Webb, Greenwich, and 21st Street are being considered.

Within the EA, KDOT and FHWA will evaluate a "No Build" alternative as well as expansion alternatives. Roadway configurations, including freeway main lanes and interchange options, will be evaluated throughout the corridor.

The EA will analyze the potential social, economic, and environmental impacts resulting from the proposed project. The following issues will be specifically analyzed as part of the EA: traffic noise; impacts to aquatic ecosystems and floodplains; effects on cultural resources; effects on threatened and endangered species and habitats; effects on the transportation system; effects on parks/recreation; populations with environmental justice concerns; community cohesion; and socioeconomics. This includes direct, indirect, and cumulative impacts. Other federal approvals or permits that may be required; addition of the Federal Aviation Administration (FAA) as a cooperating agency and federal action on their part to address impacts to the Colonel James Jabara Airport, a Section 404 Permit from the U.S. Army Corps of Engineers (USACE), floodplain development permits from Sedgwick County, and water resource and floodplain permits from the Kansas Department of Agriculture, Division of Water Resources.

A scoping and coordination process was initiated with stakeholders, tribal governments, and the public in September 2022. Coordination, including meetings as needed, will continue throughout the study to engage the local and regional community to inform and obtain input from agencies, tribal governmental entities, stakeholders, and the public with an interest in the project. A public meeting was conducted on February 2, 2023, to gather input and share findings from the development of the alternatives process. In addition, an agency/tribal scoping meeting will be held March 1, 2023, to discuss the project and receive input on the purpose and need for the project, alternatives being considered, and known environmental and cultural issues. The EA will be made available for public and agency review and comment prior to a public hearing anticipated to be held in late 2023. To ensure that the full range of issues related to the proposed action are addressed and all potentially significant issues defined, comments and suggestions are invited from all interested parties. Comments or questions concerning the proposed action and the EA should be directed to KDOT at the address provided below.

Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the “Bid Holders List,” or to be in-

To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <https://bidx.com/ks/main> until 1:00 p.m. (Central Time) on letting day. The KDOT bid letting will be conducted remotely by audio broadcast only at 3:00 p.m. (Central Time) on letting day. If a firm is not currently prequalified by KDOT in any categories or wishes to become prequalified in additional categories to be considered during evaluations, a proposal may still be submitted. Firms not prequalified must provide (before submission or with the proposal) documentation that demonstrates the firm is qualified in the category(ies) in which it endeavors to provide services. To expedite commencement of work, resulting work order(s) are executed under the terms and conditions of that agreement. KDOT anticipates entering into such an agreement with up to 50 qualified consulting firms.

Anticipated Consultant Scope

KDOT will solicit discrete on-call service requests each time a project arises that will require expedited support which KDOT cannot perform in-house. KDOT anticipates

Contract Terms and Conditions

The full list of consultants holding “Master On-Call Agreements” resulting from this RFP is intended to replace the existing list of “Master On-Call Agreement” holders based on the contracts executed in 2019. Each 2019 contract will remain in effect until either the contract expiration date (without extension) or when KDOT has determined

the consultant has reached the contract maximum cumulative aggregate maximum cost. After the first of these occurs, each 2019 contract will be considered expired.

Upon such expiration, firms currently holding a “Master On-Call Agreement” that are not shortlisted or are otherwise unable to successfully negotiate a new on-call agreement for this purpose will no longer receive on-call service requests associated with this RFP.

A standard KDOT on-call agreement for engineering and technical services will be used. KDOT may request design services via on-call service requests over a period of four years (with an option to extend by one year at KDOT’s sole discretion), which will result in work orders subject to a maximum cumulative aggregate amount payable to each on-call agreement holder under the agreement. This maximum amount payable will be the same for all on-call agreement holders, will be stated in each agreement, and is anticipated to be a cost not to exceed \$5,000,000.

The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Finally, each firm shortlisted must affirm it utilizes accounting systems capable of the following before the firm may be awarded a contract:

- Valid, reliable, and current costs must be available within the system to support actual costs and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records that will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Questions

All questions regarding this RFP shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until February 15, 2023; answers will be provided to all prequalified consultants on February 22, 2023.

Additional project information including construction scope to be inspected, a detailed description of the project location, and resources and inspection scope specifically requested from consultants in this request can be viewed in an online table at <https://www.ksdotike.org/about/construction-inspection-rfps>. Upon publication of this Request for Proposals (RFP), KDOT anticipates each of these inspection efforts will require full teams (project manager and inspectors, as opposed to single role staff augmentation as is occasionally requested) for various

types of construction inspection except as noted in the table. Watch the website linked above for updated information. Tabulated information (both in this RFP and on the website) shall not be relied upon during inspections. It is provided for the convenience of consultants, specifically to aid in making decisions about which projects they are interested in performing.

Specific project needs are subject to modification and/or cancellation at KDOT's discretion.

Anticipated Consultant Scope

The scope of construction inspection services and certifications required will vary for each project and are listed in the table available on the website noted above. Inspection efforts will be managed out of the offices listed. Also included for the convenience of consultants are indications of which grouped projects are currently slated to be performed by the same contractors.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) March 1, 2023.
2. Ranking of proposals is expected to occur on or around March 8, 2023. Negotiations with the most highly ranked firm are expected to begin on or around March 15, 2023. An executed agreement is anticipated shortly thereafter.
3. Anticipated scope start dates and working days or anticipated calendar completion dates are shown in the table. All dates are subject to change.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed the page limit laid out in Table 2 below (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (5MB maximum size) of the proposal including all attachments must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:

(c) For this game, a play/prize symbol shall appear in a minimum of 55 play spots within the play area or areas and a maximum of 67 play spots within the play area or areas. There shall be 28 play spots in game one, with four winning numbers, 12 play symbols and 12 prize symbols. In game two, there shall be 12 play symbols in the "YOUR LETTERS" section, three grid letters games and three prize symbols. Grid letters in each of the three grid letters games shall spell words of between three and nine letters each, chosen at random at the time of printing from a list of words proposed by IGT and approved by the lottery.

(d) The ticket numbers in each book of tickets in this game shall start with 000 and end with 059.

(e) The price of instant tickets sold by a retailer for this game shall be \$5.00 each.

(f) "Wheel of Fortune" is a ticket with two different games, each game played separately. In GAME 1, the player will scratch the play area to reveal four "WINNING NUMBERS" and 12 "YOUR NUMBERS" with a prize amount shown below each "YOUR NUMBER." If the player matches any of the "YOUR NUMBERS" to any of the "WINNING NUMBERS," the player wins the amount shown below the matching "YOUR NUMBER." If the player reveals a symbol of a wheel, the player wins double the amount shown below the symbol.

In GAME 2, the player will scratch the play area to reveal 12 "YOUR LETTERS." Each of the "YOUR LETTERS" may be used in all three puzzle grids. A player matches the corresponding letters in all three puzzle grids by removing the translucent scratch-off material covering the matching letter. If a player scratches a complete word in any of the three puzzle grids, the player wins the corresponding prize for that grid. The entire word must be uncovered to win the corresponding prize.

(g) Each ticket in this game may win up to 15 times.

(h) Approximately 720,000 tickets shall be ordered initially for this instant game. Additional ticket orders shall have the same prize structure, the same number of prizes

(i) Prizes are not exchangeable for cash. The Kansas lottery retains the right to substitute an alternate prize of approximate equal value.

(j) In the event the trip prize package awarded for this drawing is postponed, changed, or canceled in whole or in part, no cash prize substitutions shall be provided. Any portion of any prize not used by the winner for any reason shall be forfeited.

(k) All winners and guests shall release the Kansas lottery from any liability for injuries sustained while redeeming any portion of the prize.

(l) By entering the drawing, entrant agrees to PlayOn terms and conditions.

(m) Rules applicable to this promotion are contained in K.A.R. 111-19-142 and K.A.R. 111-18-1 et seq. (Authorized by K.S.A. 2022 Supp. 74-8710; implementing K.S.A. 2022 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-2-1-23, Jan. 11, 2023.)
