All interested parties may submit written comments prior to the hearing to the Chairman of the Commission, Kansas Department of Wildlife and Parks, 1020 S. The regulation that will be heard during the regulatory hearing portion of the meeting is as follows:

(continued)

K.A.R. 115-25-11. This regulation makes changes to the raccoon and opossum harvest season.

Economic Impact Summary: There will be no cost to implement this change. There may be approximately 2,500 licensed fur harvesters who participate in this new season. It is unknown how many days each will participate or what their daily expenditures will be. However, if we estimate each would participate for 20 days with expenditures of \$20 per day, that will equal \$1,000,000 in expenditures by participants. In addition, if 20 new small businesses or individuals were hired to conduct control activities for 30 days each at \$100 per day, that would be an additional \$60,000 of economic impact.

Copies of the complete text of the regulation and economic impact statement may be obtained by writing the Chairperson of the Commission at the address above, electronically on the Department's website at <http://www.ksoutdoors.com>, or by calling 785-296-2281.

The meeting will also be broadcast on our YouTube channel at <https://www.youtube.com/channel/UC-uTcucl0oyHJr-iOheuuw>. No registration is required for viewing.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five (5) working days in advance of the hearing by contacting Jared Harsin at 785-271-3161 or the Kansas Relay Center at 1-800-766-3777.

A summary of the proposed regulations and their economic impact are as follows: (Note: Statements indicating that a regulation is “not anticipated to have any economic impact” are intended to indicate that no economic impact on the State Corporation Commission, other state agencies, state employees, or the general public has been identified.)

K.A.R. 82-4-1 – Definitions.

The proposed amendments to this regulation, which defines the terms used in “Article 4 – Motor Carriers of Persons and Property,” includes updating the definition of “out-of-service” and “OOS” to include the latest version of the North American Standard Out-of-Service Criteria. The proposed amendments are not anticipated to have an economic impact.

K.A.R. 82-4-30a. Applications for interstate registration.

This existing regulation adopts relevant portions of the Federal Motor Carrier Safety Administration (“FMCSA”) regulations (49 C.F.R. Part 367) and Unified Carrier Registration (UCR) Act (49 U.S.C. 14504a) which together establish the rules and registration fees owed by carriers based in Kansas that operate interstate. The proposed changes to this regulation allows the Kansas Corporation Commission and Kansas Highway Patrol to enforce the lower fee schedule approved for use in 2024. The proposed amendments are not anticipated to have an economic impact.

K.A.R. 82-4-3j – Inspection, repair, and maintenance.

This regulation adopts portions of the FMCSA regulations (49 C.F.R. Part 396) governing the inspection, repair and maintenance of commercial motor vehicles. The proposed amendments removes references to “Appendix G” to reflect the most recent updates to FMCSA regulations which replaced that section with an “Appendix A” which will now be adopted by reference. This allows motor carriers to comply with same rules they would be subject to in other states. The proposed amendments are not anticipated to have an economic impact.

Article 501.—SOUTH CENTRAL GAMING ZONE

111-501-19. Play. (a) For the start of play, the dealer shall remove 5 cards from the automatic shuffler and spread those cards in the community area, then starting with the player farthest to his or her left and continuing around the table in a clockwise manner, deal the cards as follows:

(1) Two cards at a time face down to each player who has placed wagers.

(2) Two cards face down to the area designated for the dealer’s hand.

(b) After the dealing procedures specified above have been completed, each player shall examine his or her cards and replace the cards face down on the layout. The dealer shall then, starting with the player farthest to his or her left and proceeding in a clockwise manner around the table, ask each player if the player wishes to place a play wager prior to the dealing of the first three community cards. The player may either check or place a play wager in an amount equal to three or four times the amount of the player’s ante wager.

(c) If a player places a play wager, the wager shall be placed in the designated play betting area.

(d) If a player checks, the player shall remain in the game and defer his or her decision to place a play wager to the next betting opportunity.

(e) Once all players have either placed a play wager or checked, the dealer shall turn the first three cards in the community area face up.

(f) After the flop has been turned over, the dealer shall, starting with the player farthest to his or her left and proceeding in a clockwise manner around the table, ask each player who has not placed a play wager if he or she wishes to place a play wager prior to the dealing of the final two community cards. The player may either check or place a play wager in an amount equal to two times the amount of the player’s ante wager.

(g) If a player places a play wager, the wager shall be placed in the designated play betting area.

(h) If a player checks, the player shall remain in the game and defer his or her decision to place a play wager to the next betting opportunity.

(i) Once all players have either placed a play wager or checked, the dealer shall then turn the next two cards in the community area face up.

(j) After the final two community cards have been turned face up, the dealer shall, starting with the player farthest to his or her left and proceeding in a clockwise manner around the table, ask each player who has not yet placed a play wager whether he or she wishes to fold his or her hand or place a play wager equal in amount to his or her ante wager.

(k) If a player places a play wager, the wager shall be placed in the designated play betting area.

(l) If a player folds, the ante, blind and optional bad beat bonus wagers of the player shall be collected by the dealer and placed in the table inventory container.

(m) If the player has also placed a trips or ultimate pairs wager, the dealer shall place the cards of the play-

er face down underneath the player's trips or ultimate pairs wager pending its resolution at the conclusion of the round of play.

(n) If the player has not placed a trips or ultimate pairs wager, the dealer shall immediately spread the cards of the folded hand face down and place them back in the shuffle machine's discard area.

(o) After each player has either folded or placed a play wager, the dealer shall then turn his or her two cards face up, position his or her cards near the three community cards that can be used to form the best possible five-card hand and announce the dealer's hand to the players.

(p) If the dealer's best possible five-card hand is lower than a pair, the dealer shall, starting with the player farthest to the dealer's right who has placed a play wager and proceeding in a counterclockwise manner around the table, return each player's ante wager and resolve all other wagers in accordance with subsection (q) below.

(q) If the dealer's best possible five-card hand is a pair or above, the dealer shall, starting with the player farthest to the dealer's right who has placed a play wager and proceeding in a counterclockwise manner around the table, turn the two cards of each player who has placed a play wager face up and announce the best possible five-card poker hand that can be formed using the player's two cards and the five community cards. The wagers of each player shall be resolved one player at a time regardless of outcome. After all wagers placed by a player are settled, the player's cards shall then be immediately collected by the dealer and placed back in the shuffle machine's discard area.

(r) If the player's five-card hand is ranked lower than the dealer's five-card hand, the player shall lose and the dealer shall immediately collect any ante, blind and play wagers made by the player.

(s) If the player's five-card hand is ranked higher than the dealer's five-card hand, the player shall win and the dealer shall pay any ante, blind and play wagers made by the player provided that the blind wager shall not be paid unless the player's winning hand has a rank of straight or higher.

(t) If the player's five-card hand and the dealer's five-card hand are of equal rank, the player's hand shall be a push. In such case, the dealer shall not collect or pay the player's ante, blind, or play wagers.

(u) After settling a player's ante, blind, and play wagers, the dealer shall settle any trips, ultimate pairs and bad beat bonus wagers made by the player by determining whether the player's five-card hand qualifies for a payout in accordance with K.A.R. 111-501-20. A winning trips, ultimate pairs or bad beat bonus wager shall be paid without regard to the outcome of any other wager made by the player.

(v) A player making the progressive wager also qualifies to win an envy bonus. If any player at the table is dealt a straight flush or royal flush, all other players who made a progressive wager win the envy bonus. The player dealt the hand that triggers the envy bonus shall not be paid an envy bonus.

(w) The dealer shall pay all envy bonuses at the end of the round. If more than one hand triggers an envy bonus, then multiple envy bonuses may be paid.

(x) After settling all other wagers, the dealer shall settle any progressive wagers. (Authorized by K.S.A. 2023 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2023 Supp. 74-8710; effective, T-111-12-22-11, Oct. 12, 2011; amended, T-111-8-23-21, Aug. 11, 2021; amended, T-111-9-27-23, Sept. 6, 2023; amended, T-111-12-6-23, Nov. 8, 2023.)

111-501-161. Play. (a) For the start of play, starting with the player farthest to the dealer's left and continuing around the table in a clockwise manner, the dealer shall deal the cards as follows:

(1) Five card packets are dealt to each player who has placed one or more wagers and to the dealer. All cards dealt to players and the dealer shall be dealt face down.

(2) After all cards have been dealt to the players and dealer, one additional card shall be dealt face down and placed in the area on the table gaming layout marked "Progressive Joker Replacement." This card shall only be used to determine the result of a progressive wager if a player making a progressive wager has the joker card in the player's hand, in which case the additional card shall replace the joker card.

(b) After all cards have been dealt, starting with the player farthest to the dealer's left and proceeding in a clockwise manner around the table, the dealer shall ask each player if the player wishes to place a play wager. The player may either fold or place a play wager in an amount equal to two times the amount of the player's ante wager.

(c) If a player places a play wager, the wager shall be placed in the designated play betting area.

(d) If a player folds, the ante and blind wagers of the player shall be collected, and if the player did not make a trips wager the player's cards will also be collected and the player will not participate in the rest of that round of play. If the player made a trips wager, the dealer shall place the cards of the player face down underneath the player's trips wager pending its resolution at the conclusion later in the round of play.

(e) Once all players have either placed a play wager or folded, the dealer shall turn all five of the dealer's cards face up, position the cards to form the best possible five-card hand and announce the dealer's hand to the players.

(f) Starting with the player farthest to the right of the dealer and working counterclockwise, the dealer shall turn each player's cards face up and compare the dealer's hand to the player's hand. The dealer shall view the cards of each player who has placed a play wager face up and announce the best possible five-card poker hand that can be formed using the player's cards. The wagers of each player shall be resolved one player at a time regardless of outcome.

(g) If the player's hand is ranked higher than the dealer's hand, the player shall win and the dealer shall pay any ante, blind and play wagers made by the player provided that the blind wager shall not be paid unless the player's winning hand has a rank of straight or higher.

(h) If the player's hand and the dealer's hand are of equal rank, the player's hand shall be a push. In such case, the dealer shall not collect or pay the player's ante, blind, or play wagers.

(continued)

(i) After settling a player’s ante, blind, and play wagers, the dealer shall settle any trips wager made by the player by determining whether the player’s hand qualifies for a payout in accordance with K.A.R. 111-501-162. A winning trips wager shall be paid without regard to the outcome of any other wager made by the player.

(j) If the player made a two-way bad beat wager and the player and dealer hands consist of a three-of-a-kind or higher ranking hand and do not tie, the two-way bad beat wager is paid as set forth in K.A.R. 111-501-162. The payout odds shall be based on the rank of the losing hand. If the player made a two-way bad beat wager but the player’s hand does not consist of a three-of-a-kind or higher ranking hand, the two-way bad beat wager loses and will be collected by the dealer. Two-way bad beat wagers will also lose and be collected by the dealer if both the player and dealer do not have a hand ranking three-of-a-kind or higher. If the dealer’s and player’s hands are of the same rank of at least three-of-a-kind or higher, the wager shall be a push and the player shall retain the player’s wager.

(k) After settling a player’s ante, blind, play, trips and two-way bad beat wagers, the dealer shall settle any progressive wager made by the player by determining whether the player’s hand qualifies for a payout in accordance with K.A.R. 111-501-162.

(l) A player making the progressive wager also qualifies to win an envy bonus. If any player at the table is dealt a Straight Flush or Royal Flush, all other players who made a progressive wager during the same round of play win the envy bonus in accordance with K.A.R. 111-501-162. The player dealt the hand that triggers the envy bonus shall not be paid an envy bonus.

(m) The dealer shall pay all envy bonuses at the end of the round of play. If more than one hand triggers an envy bonus, then multiple envy bonuses shall be paid.

(n) The progressive system is an optional system and is not required to operate the game. If the progressive system is not functional for any reason, the game may still be operated without it. (Authorized by K.S.A. 2023 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2023 Supp. 74-8710; effective, T-111-9-25-23, Aug. 16, 2023; amended, T-111-12-6-23, Nov. 8, 2023.)

(1) To establish the beginning amount for each of the three progressive prize pools, the casino manager shall initially contribute \$50,000 for the mega progressive pool, \$5,000 for the major progressive pool and \$1,250 for the minor progressive pool. A progressive pool will be replenished in those same amounts each time that progressive prize is awarded; and

(2) From each progressive wager, 10% shall be added to the mega progressive pool, 8% shall be added to the major progressive pool and 3% shall be added to the minor progressive pool.

(g) If during the same round of play one or more players are entitled to the same progressive prize pool, the total progressive amount will be split evenly between the one or more progressive winners.

(h) The following rules regarding irregularities shall apply:

(1) A card that is found face up in the shoe or the deck while the cards are being dealt shall not be used in the game and shall be placed in the discard rack. If more than one card is found face up in the shoe or the deck during the dealing of the cards, all hands shall be void and the cards shall be reshuffled. Notwithstanding the

foregoing, if a card is found face up after each player and the dealer has received his or her five cards, any trips wager shall be settled in accordance with the payout odds set forth above; and

(2) If an automated card shuffling device is being used and the device jams, stops shuffling during a shuffle, or fails to complete a shuffle cycle, the cards shall be reshuffled. (Authorized by K.S.A. 2023 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2023 Supp. 74-8710; effective, T-111-9-25-23, Aug. 16, 2023; amended, T-111-12-6-23, Nov. 8, 2023.)
