**Notice of Requested Engineering
Code Review Services**

Notice is hereby given of the commencement of the selection process for code compliance engineering plan review services for the Kansas Department of Administration – Office of Facilities and Property Management (OFPM). OFPM is seeking firms to provide code compliance reviews of engineering documents for projects ranging from \$1,000,000 to \$200,000,000 that are being executed on State of Kansas property. The firm(s) hired will be required to review and provide comments on code compliance for mechanical, electrical, plumbing, fire alarm, and fire sprinkler systems. Responding firms must demonstrate a thorough understanding of the codes used by OFPM, located at https://admin.ks.gov/media/cms/110_List_of_Applicable_Codes_a93ab7061bb1e.pdf, and will be reviewing the documents for code compliance only and not for cost or convenience. Multiple firms will be selected. The contracts will be for 3-years with two 1-year renewal options.

A scope of services document may be found at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/architectural--engineering-programs>. For more information, please contact Barbara Schilling at 785-291-3695 or barb.schilling@ks.gov.

To be considered provide a letter of interest and information on your experience on providing these services; provide resumes of those staff who will be designated to perform these services. Indicate how these individuals have performed these duties for other clients. Please include your firm name, agency abbreviation, and an abbreviated project name in the title of the PDF document. Paper copies and flash drives containing copies of the proposals are not required.

Proposals should be sent to professional.qualifications@ks.gov and are due by 2:00 p.m. on or before May 31, 2024.

The State of Kansas, as a matter of public policy, encourages anyone doing business with the State of Kansas to take steps to discourage human trafficking. Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to 1.22 acres of real property located on the northwest corner of the intersection of Fountain Avenue and 21st Street North, directly adjacent to the Wichita State University campus. This location would be designated for private development committed to supporting broadband infrastructure and Internet exchanges. The university is interested in leasing such ground to any individual, organization, or entity whose presence would advance WSU's vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. WSU intends to lease such space for a mutually agreeable period of time, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with WSU's educational mission and identify anticipated benefits to the university, its students, and the surrounding community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, community benefit commitments, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU and the surrounding community, design concepts, financial stability, and proposed use. Interested tenants will be responsible for all costs associated with the development and ongoing maintenance costs of any improvements. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of the improvement, and benefit to WSU. WSU will consider serious offers and inquiries from any financially qualified individual, group, orga-

nization. If interested, please contact Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to four acres of real property located on the Wichita State University’s campus designated as the “Innovation Campus,” for the private development and operation of a partnership building or buildings. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. The university intends to lease such space for a mutually agreeable period of time up to sixty years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university’s educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Interested tenants will be required to construct adjacent and adequate surface parking that will not be included in the leased ground. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of building improvement, and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization. If interested, please contact Senior Vice President for Industry and Defense Programs, Dr. John Tomblin at john.tomblin@wichita.edu or Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. Notice of Proposed Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. Legal Description: SE¼ Section 20, Township 6S, Range 20E, Atchison County, Kansas

Location: 39.51050, -95.20639

The proposed action consists of reissuance of an existing Kansas/NPDES Water Pollution Control Permit for an existing facility. This facility is a grain storage elevator. The elevator foundation drainage is contaminated with grain fumigants and their decomposition products. The foundation drainage enters a cistern. The flow from the cistern is combined with the flow from the 100 tunnel drain sump and treated in a 1500 gal aeration tank. Discharge from the aeration tank combines with the discharges from the flat tunnel shed sump, and the stormwater from the flat shed and grain bin areas prior to discharge. Total average daily discharge is about 1275 gpd. This permit contains limits for Dichloromethane, Carbon Tetrachloride, Chloroform, and pH. The permit contains monitoring for Flow-MGD.

Legal Description: SW¼, NW¼, SE¼, Section 17, Township 10S, Range 15W, Osborne County, Kansas

Location: 39.18074, -94.01946

The proposed action consists of reissuance of a Kansas/NPDES Water Pollution Control permit for an existing facility. The existing facility is a three-cell wastewater stabilization lagoon system with a minimum of 120 days detention time. The facility receives domestic wastewater from residential and commercial areas. Reclaimed

wastewater is permitted to be used on adjacent croplands. This permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, and Ammonia. The permit contains monitoring for pH, E. coli, Arsenic, Chlorides, Sulfates, and Selenium. This NPDES discharging lagoon wastewater treatment facility has been reviewed for eligibility for the MDV for ammonia and has been determined to be eligible. Eligibility was determined through analysis of the facility's highest attainable condition (HAC) for ammonia and an Economic Eligibility Determination (EED) that assessed the impact of the cost of a new mechanical facility to the community's rate payers. The ammonia effluent limit was determined on February 23, 2024 by calculating the 99th percentile ammonia value from the facility's discharge monitoring reports resulting in an ammonia limit of 11.8 mg/L for this facility.

The ammonia effluent limit was determined on February 28, 2024 by calculating the 99th percentile ammonia value from the facility's discharge monitoring reports resulting in an ammonia limit of 27.9 mg/L for this facility. However, due to anti-backsliding, the previous permit ammonia limit of 27.8 will be applied.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before June 15, 2024, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-24-129/135, KS-AG-R-24-008, KS-Q-24-078/086) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione,

Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Andrew Bowman at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Jada Martin at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. Las preguntas o comentarios por escrito deben dirigirse a Erich Glave, Director, Bureau of Environmental Field Services en KDHE: 1000 SW Jackson St., Suite 430, Topeka, KS 66612-1367; por correo electrónico: kdhe.feedlots@ks.gov; por teléfono: 785-296-6432. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Jamie Packard, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-4148 or email at Jamie.Packard@ks.gov. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdhe.ks.gov/livestock>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Request for Qualifications

The City of Liberal, Kansas and City Bus are seeking proposals from qualified firms to provide architectural and engineering services for a transit facility. The new transit facility will include administrative offices, a meeting room, and covered vehicle parking. Funding for this project, in part, will come from a 5539 Bus and Bus Facilities grant, allocated by the U.S.D.O.T. Federal Transit Administration (FTA) and administered by the Kansas Department of Transportation (KDOT).

The Request for Qualifications will be issued May 15, 2024 with qualification due by 3:00 p.m. (Central Time) June 17, 2024.

The full Request for Qualifications can be made available by contacting:

Request for Proposals

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm to supply personnel to perform professional services as described below. Interested consultants must upload a proposal by 12:00 p.m. (Central Time) May 29, 2024, to the Bid Express page to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 231 – Traffic Control Analysis and Design

If a firm is not currently prequalified by KDOT in any of the required categories, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this solicitation for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Anticipated Consultant Scope

The KDOT, Bureau of Transportation Planning’s Access Management Unit is seeking assistance to provide technical and engineering services to assist the KDOT Access Management Unit (AMU) with tasks routinely performed by the AMU Staff with one (1) part-time engineer. The engineer will be located in the consultant’s office. This person will act as project manager on assigned Access Management Construction Projects; review design plans as assigned by the Special Projects Manager; Assist the Special Projects Manager with review of complex Access Permits and the review of comprehensive traffic impact studies (TIS) and basic TIS for consistency with applicable engineering guidelines and standards, and coordination of agency wide evaluation of these requests and specialized investigations; assist the Special Projects Manager with preparation of access planning instruments and special studies. Preference will be given to engineers with experience in traffic analysis including familiarity with traffic modeling and simulation. Experience with reviewing site drainage studies is also desired. The engineer must have an active Professional Engineering License in the State of Kansas. This person must exhibit excellent communication both verbally and written with property developers, consultants, and local public agencies throughout the permitting process and construction projects. This person is a decision-maker and frequently makes independent decisions using strategic and engineering judgement. This is a part-time position

for eight (8) hours per week Monday-Friday. The term of this work is from July 2024 to the end of June of 2025. No overtime time and half salary will be allowed.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) May 29, 2024.
2. Ranking of proposals is expected to occur on or around June 3, 2024. Negotiations with the most highly ranked firm are expected to begin on or around June 17, 2024. An executed agreement is anticipated around June 28, 2024.
3. The program fiscal year for this project is FY2025 (July 2024–June 2025).
4. Anticipate start Date: July 1, 2024; 52 working days.
5. Target Completion Date: June 30, 2025.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A PDF (2MB maximum size) of the proposal must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. “EN-1201-25_Transporation Engineering _FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”), No. 10 (“Policy Regarding Sexual Harassment”), and No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team. The outline in Table 1 below describes the expected proposal organization and content sections.
6. Table 2 lists the evaluation criteria and associated weights which will be used to make a selection.
7. Depending on the number and quality of responses received, KDOT anticipates shortlisting (based on responses) and holding interviews prior to final selection (which may be based on both responses and interview content). If KDOT deems them necessary, evaluation criteria for interviews will be distributed to shortlisted consultant teams in advance.

Project Approach	Demonstrate a unique approach to accomplish the design efficiently and to a high standard. Include cost-effective and optimized solutions to address the anticipated improvements in the design. Include unique qualifications or experience related to the project approach.
Approach to Quality Control	Describe methods or procedures your firm will use to provide all drawings, reports and other services with professional quality and technical accuracy.
Qualifications and Experience	For key personnel to be assigned to the project provide names, office location, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with.
Past Performance	Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information.
Familiarity with KDOT and KDOT Traffic Engineering Practices	Describe team’s familiarity with KDOT’s design process and standards. Describe familiarity with KDOT Bureau of Traffic Engineering and its practices.

Table 2: Evaluation Factors

Evaluation Factor	Weight
Qualifications and experience of project manager and other key project team members proposed for services	20%
Past performance history for similar projects/services for KDOT	15%
Availability to respond to the work	15%
Unique qualifications	5%
Approach to quality control	15%
The quality and completeness of the response	10%
Understanding of KDOT Technical Policies	5%
Demonstrated understanding of nature and scope of project	15%

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)
- Special Attachment No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”)

The selected firm will be asked to enter scope and fee negotiations with KDOT for an agreement. In the event KDOT cannot reach an agreement with the highest-ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest-ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Questions

All questions regarding this Request for Proposals shall be submitted via Q&A section of bid form in Bid Express.

Questions can be submitted until May 16, 2024; answers will be provided to all prequalified consultants on May 23, 2024.

Anticipated Consultant Scope

KDOT anticipates the following to be included in the selected consultant’s scope: Discovery Phase Services including preliminary interchange concepts, travel demand forecasting, traffic analysis and engineering, grant application support, NEPA, RR Involvement, coordination with the Federal Aviation Administration, and public involvement.

Current expectations for consultant scope are detailed below. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

Project Discovery

- Travel demand forecasting, traffic analysis, and engineering.
- Development of an ultimate interchange concept with initial design and production – 20+ year anticipated full completion.
- Identify a phased approach and anticipate that Phase 1 would include a project that coordinates with the development and access with key stakeholders like the City of Gardner that may provide a less than 20-year service life.

Grant Application Support

- Data collection and review.
- Identify strategies for maximum points.
- Prepare cost estimates as needed.
- Coordinate with KDOT for required information.
- Draft support letters for public, elected and appointed officials, stakeholders and other relevant entities as identified by KDOT and advance the application.
- Establish application schedule.
- Coordinate and lead meetings.
- Consultant shall prepare the grant application based on NOFO requirements.

- Provide tables and graphics as necessary.
- Provide final draft grant documents for review that will be coordinated with the Grant Lead, project team and others that are relevant in the process.

Break in Access/NEPA

Railroad and Federal Aviation Administration Coordination

Public Outreach and Stakeholder Engagement

- Develop Stakeholder Engagement Plan:
 - Identify list of stakeholder groups. At a minimum, the stakeholder groups will include:
 - Political subdivisions including cities and counties.
 - Businesses.
 - Property owners.
 - Outline targeted outreach for each stakeholder group which may include brochures, media releases, fact sheets, presentations, and public meeting boards.
 - Outreach may also occur using technology including virtual public meetings, infographics, social media, and websites.
- Develop Public Outreach Effort:
 - Outreach plan should be robust.
 - Identify multiple opportunities to engage the public and gather input.
 - Outreach effort should include a wide range of technologies including virtual public meetings, social media, and websites.
 - Outreach effort should include a wide range of materials including brochures, media releases, fact sheets, presentations, and public meeting boards.
- Document all stakeholder engagement and public outreach efforts.

Activities to be performed by KDOT include:

- Engineering Survey.
- Environmental Services:
 - Asbestos and Lead paint testing.
 - Permit application.
 - Technical data to support these activities will be required from the Consultant immediately after field check.
- Utility Coordination, if required.
- Geotechnical Services including soil investigations, bridge foundation geology, pavement field investigation and design, and surfacing recommendations.

KDOT, at the Secretary’s discretion, reserves the right to retain for subsequent phases of design and consulting services the consultant selected to provide services associated with this RFP. Scope in subsequent phases will likely include, but is not limited to, plan development through preliminary and final design as well as traffic engineering.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) May 29, 2024.
2. Ranking of proposals is expected to occur on or around June 12, 2024. Interviews will be held with shortlisted firms on or around June 25, 2024. Negoti-

(continued)

ations with the most highly ranked firm are expected to begin on or around June 26, 2024. An executed agreement is anticipated around July 26, 2024.

3. Interchange improvement concepts are to be completed by fall of 2025 with significant progress by summer of 2025.
4. The program fiscal year for this project is FY2029 (July 2028–June 2029).

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10 MB maximum size) of the proposal must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The proposal PDF file name must read:

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the KDOT Headquarters Fiber Connection Project as described. Interested consultants must submit a proposal as laid out herein by 12:00 p.m. (Central Time) May 29, 2024, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 163 – Congestion Management/ITS

If a firm is not currently prequalified by KDOT in any of the required categories, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this solicitation for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Project Background

KDOT is installing fiber along I-70 in Topeka, Kansas as part of KA-1266-04 (Polk Quincy project) which is planned to be let in the fall of 2024. Fiber will end near I-70 and 6th Street. KDOT plans to connect its headquarters building located in the Eisenhower State Office Building (ESOB) to the location where I-70 crosses 6th Street. Fiber will need to be designed and installed between I-70 and 6th Street and a handhole outside the KDOT building at 700 SW Harrison.

Anticipated Consultant Scope

The designer’s scope of work will include design of the conduit/fiber installation including developing plans for construction, coordination with the City of Topeka to determine the fiber path and develop a city-state agreement, coordination to identify existing utilities, coordination with project KA-1266-04 to determine the best fiber connection point and construction schedule, and construction support once the project is let.

Provide a scope of services/proposal to perform the following tasks:

1. Project management.
2. Pre-Design: Including kick-off and biweekly coordination meetings, field reviews, local agency and city coordination, utility coordination, conceptual plan, and engineer’s estimate.
3. Coordination with project KA-1266-04 for fiber connection plans and construction scheduling.
4. Prepare 95% plans (final date to be determined after award): Including base mapping, quality control review, incorporation of KDOT ITS specifications, traffic control plans, and engineering estimates.
5. Prepare final plans two months after 95% submittal: Incorporate KDOT design comments and finalize plans sheets.
6. Provide post-letting construction support services such as progress meetings, submittal, and shop drawing reviews, addressing construction questions, and plan sheet revisions if necessary.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) May 29, 2024.
2. Anticipated Start Date: July 22, 2024.
3. Anticipated Calendar Completion Date: To be based on the schedule developed during design.
4. Ranking of proposals is expected to occur on or around June 12, 2024.
5. Negotiations with the most highly ranked firm are expected to begin on or around June 17, 2024. An executed agreement is anticipated around July 8, 2024.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10MB maximum size) of the proposal including all attachments must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The PDF file name must read:
 - a. “70-89 KA-7290-01 KDOT Headquarters Fiber Connection Project FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”), No. 10 (“Policy Regarding Sexual Harassment”), and No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.

(continued)

6. The outline in Table 1 below describes the expected proposal organization and content sections.
7. Table 2 lists the evaluation criteria and associated weights which will be used to make a selection.
8. Depending on the number and quality of responses received, KDOT anticipates shortlisting (based on proposals) and holding interviews prior to final selection (which may be based on both proposals and interview content). If KDOT deems them necessary, evaluation criteria for interviews will be distributed to shortlisted consultant teams in advance.

Request for Proposals

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm, or team of firms, to perform construction inspection services on multiple projects in various counties. Summary information for each project is provided below in Table 1.

Interested consultants must upload a proposal by 12:00 p.m. (Central Time) May 29, 2024, to the Bid Express page to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 241 – Construction Inspection and Testing

If a firm is not currently prequalified by KDOT in any of the required categories, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this solicitation for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Background and Scope of Projects

With this single solicitation, KDOT is requesting consulting services for construction inspections on the projects listed in Table 1. This table provides summary information for each project. One consultant will be selected to perform services associated with each group listed. Firms can express interest in the groups for which they would like to be considered by submitting a response as indicated below. There is no guarantee that a firm which has expressed interest will be selected for any project(s).

Table 1: Summary of Project Information

Group	RT-CO	Project #	Scope, County	Anticipated Start	Working Days or CCD	Office	Comments

24119	I070-089	KA-6932-01	Resurfacing Shawnee	July 8, 2024	90	Topeka/Emporia	

Anticipated Consultant Scope

The scope of construction inspection services and certifications required will vary for each project and are listed in the table available on the website noted above. Inspection efforts will be managed out of the offices listed. Also included for the convenience of consultants are indications of which grouped projects are currently slated to be performed by the same contractors.

Anticipated Schedule and Key Dates

- Proposals are due by or before 12:00 p.m. (Central Time) May 29, 2024.
- Ranking of proposals is expected to occur on or around June 12, 2024. Negotiations with the most highly ranked firm are expected to begin on or around June 25, 2024. An executed agreement is anticipated shortly thereafter.
- Anticipated scope starts dates and working days or anticipated calendar completion dates are shown in the table. All dates are subject to change.

Instructions for Proposal

- No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
- The consultant’s proposal must not exceed the page limit laid out in Table 2 below (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
- A single PDF (10MB maximum size) of the proposal including all attachments must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
- The proposal PDF file name must read:
 - “ConstInsp Multiple Projects_2024.05 Release FIRM NAME”
- The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”), No. 10 (“Policy Regarding Sexual Harassment”), and No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both

attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.

- The outline in Table 2 below describes the expected proposal organization, content sections, and limits on number of pages.
 - Each team is limited to a single, one-page cover letter.
 - Consultants may indicate interest in any and all projects, indicate preference (s) for up to three projects, and shall both indicate interest and preferences on the “April 2024 Construction Inspections Interest & Preference Form” is provided on the Bid Express page to complete and upload. Also, consultants are to use the bottom of that form to indicate any capacity limitations that need to be taken into account when making selections.
 - Thereafter, each team is limited to two pages per project in which they express interest. In these pages, consultants shall:
 - Describe the approach they plan to execute to deliver success on the project.
 - Present the relevant qualifications and experience of the people they are proposing will provide the services.
 - Provide the firm’s familiarity with KDOT and the project area.
 - Finally, consultants are limited to a single, on-page descriptions of general qualifications (“Past Performance” selection plus “Approach to Quality Control” section) regardless of the number of projects in which they are expressing interest.
- Table 3 lists the evaluation criteria and associated weights which will be used to make a selection.
- Although not anticipated at this time, KDOT reserves the right to interview for the requested services associated with any of the listed projects prior to making final selections.

AN ACT concerning wildlife and parks; relating to the wildlife and parks commission; granting appointing authority to multiple state officers; providing for the election of the chairperson thereof; amending K.S.A. 2023 Supp. 38-805 and repealing the existing section.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 2023 Supp. 32-805 is hereby amended to read as follows: 32-805. (a) (1) There is hereby created within and as a part of the department the Kansas wildlife and parks commission, and such commission shall be composed of seven members *who are residents of the state of Kansas. The governor shall appoint residents of this state to be members of the commission. One member of the commission shall be chosen from each fish and wildlife administration region as established by the department. In the appointment of members of the commission, the governor*

- (2) *Such members shall be appointed as follows:*
 - (A) *One at-large member appointed by the governor;*
 - (B) *one member appointed by the governor who represents fish and wildlife administration region one;*
 - (C) *one member appointed by the governor who represents fish and wildlife administration region two;*
 - (D) *one member appointed by the governor who represents fish and wildlife administration region five;*
 - (E) *one member appointed by the speaker of the house of representatives who represents fish and wildlife administration region four;*
 - (F) *one member appointed by the president of the senate who represents fish and wildlife administration region three; and*
 - (G) *one at-large member appointed by the attorney general.*
- (3) *The members appointed by the speaker of the house of representatives, the president of the senate and the attorney general shall serve an initial term of two years and, thereafter, shall be appointed to a term of four years.*
- (4) *The appointing authorities for the members of the commission shall give consideration to the appointment of licensed hunters, fishermen and furharvesters, park users and to nonconsumptive users of wildlife and park resources. No In no case shall any respective appointing authority appoint a controlled shooting area licensee or any employee of such licensee or any person who provides hunting outfitting services or hunting guide services. Not more than a majority of the members shall be of the same political party. Except as otherwise provided, each member of the commission shall hold office for a term of four years and until a successor is appointed and qualified. The governor Each respective appointing authority shall fill any vacancy on the commission prior to the expiration of a term by appointment for the unexpired term. On July 1, 2024, each appointing authority may appoint a new member to replace the current incumbent holding such incumbent's seat. Otherwise, such incumbent may serve for the remainder of such incumbent's term.*
 - (b) *Each member of the commission shall take and subscribe an oath or affirmation as required by law before taking office.*
 - (c) *The governor Each respective appointing authority may remove a commissioner after opportunity for a hearing in accordance with the provisions of the Kansas administrative procedure act. If the commissioner is removed, the governor respective appointing authority shall file in the office of the secretary of state a complete statement of all charges made against such commissioner and the governor's respective appointing authority's findings thereon, together with a complete record of the proceedings.*
 - (d) *The commission shall have such powers, duties and functions as prescribed by law and shall preserve the rights guaranteed by section 21* (continued)

of the bill of rights of the constitution of the state of Kansas. Other than rules and regulations pertaining to personnel matters of the department, the secretary shall submit to the commission all proposed rules and regulations. The commission shall either approve, modify and approve, or reject such proposed rules and regulations. The secretary shall adopt such rules and regulations so approved or so modified and approved. Fees established for licenses, permits, stamps and other issues of the department shall be subject to the approval of the commission. It also shall be the duty of the commission to serve in an advisory capacity to the governor and the secretary in the formulation of policies and plans relating to the department.

(e) ~~The governor~~ members of the commission shall ~~designate~~ elect one commission member to serve as chairperson of the commission for a term not to exceed two years and until a successor has been elected. In the event of a vacancy in the position of chairperson, the members shall elect a successor for the remainder of the chairperson's term. Upon the expiration of the chairperson's two-year term, during the commission's first meeting of the calendar year, the members shall elect a new chairperson. Members of the commission attending meetings of the commission, or attending a subcommittee meeting thereof authorized by the commission, shall be paid compensation, subsistence allowances, mileage and other expenses as provided in K.S.A. 75-3223, and amendments thereto. A majority of the members of the commission shall constitute a quorum for the transaction of business. Meetings may be called by the chairperson and shall be called on the request of a majority of the members of the commission.

Sec. 2. K.S.A. 2023 Supp. 32-805 is hereby repealed.

Sec. 3. This act shall take effect and be in force from and after its publication in the Kansas register.
