Provide all necessary labor, equipment, and logistical services to supply all materials called for. Complete all administrative, rehabilitation and track construction work including rail, switches, ties, ballast, tamping, and regulating required for the Farmers Coop – Conway Springs Kansas track rehabilitation project. The scope is defined further as follows:

Joel Oliver
 Executive Director
 Chief Investment Officer
 Pooled Money Investment Board

- Remove track and disassemble keeping existing rail.
- Cut new track bed 18' below top of rail and grade.
- Furnish and install ballast, tamp and regulate.
- Reassemble track using existing rail.

(continued)

Doc. No. 052424

- Furnish new ties, track spikes, bolts, lock washers and anchors.
- Plates and bars to be relay of matching size.
- Furnish all equipment and labor.

All pre-existing rail, ties, OTM or other materials that are removed must be disposed of according to all local, state, and federal regulations.

Minimum Requirements

1. Roadway Worker Protection.
2. Comply with all K&O Railroad requirements.
3. Contractors shall comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety at all times. Workers and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
4. Contractor, contractor employees, agents, and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
5. Subcontracted work will need to be approved prior to any work starting.

Work Windows

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with the K&O Railroad.

Standards

All Standards referenced by the project plans, scope of work, and specifications, as well as applicable AREMA standards must be upheld during all phases of the project. Use existing rail.

Submittals

The following documents shall be submitted at the time listed, by the contractor as part of the project:

1. Schedule of Work: Submitted with proposal.
2. Certificate of Insurance: Submitted prior to construction.
3. Safety Plan: Submitted prior to construction.
4. Proof of Roadway Worker Training: Submitted prior to construction.
5. Rail Testing (If AREMA #1 relay is used): submitted prior to construction.

Other Responsibilities

1. Permits – contractor is responsible for all federal, state, and local permits for the work.
2. Utilities – contractor is responsible for locating and protecting site utilities.
3. Site Clean-up—contractor is responsible for proper site disposal of materials in accordance with local, state and federal laws. Contractor is responsible for securing dumpster and hauling off used material. No old ties will be allowed to be stored on site in a pile.
4. Right-of-Way Access – Contractor is responsible for obtaining proper right of way entry prior to Farmers Coop property and entering K&O Railroad property.

5. KDOT Grant – all requirements applicable to the Contractor pursuant to the grant provided to Farmers Coop from the Kansas Department of Transportation in connection with this project.

Insurance

Contractor shall purchase required insurance coverage and submit verification of Certificate of Insurance prior to construction. Contractor shall address insurance requirements by K&O Railroad and submit proof to both Farmers Coop and K&O Railroad.

Materials

All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on Farmers Coop right of way to the contractor. However, no materials shall be stored closer than 15' from the centerline of any active track at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. Contractor is responsible for furnishing all required materials to complete the project.

Non-Project Areas

Farmers Coop has secured access to the project through the K&O Railroad. Other access may be obtained by the contractor if they so choose. All areas (public, private, and railroad right of way) that are used for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.

Project Completion

All work pertaining to this project shall be completed by April 1, 2025. Failure to complete work by April 1, 2025, may result in the Contractors removal from the property or charges of \$2,500/day until completed to satisfaction.

Submission of a Proposal

All proposals must be submitted no later than September 22, 2024, via email to kzoglmann@cscoop.net. All submitted proposals shall be reviewed by Farmers Coop. Proposal must include all required information. Incomplete proposals shall be rejected. The structure of the proposal must be clearly understood, all proposals shall provide the following line items and provide costs as required below:

1. Provide a total sum of all line items on the proposal.
2. Mobilization and demobilization – lump sum, including freight/material delivery costs.
3. Material costs (by material, i.e., crossties, ballast, OTM, etc.)
4. Labor costs.
5. Other costs (freight, sales tax, etc.)
6. Tamp and regulate.
7. Clean up work site to completion.
8. Detailed map of construction as quoted.

Pre-Proposal Meeting

Farmers Coop shall hold a Pre-Proposal Meeting at the project site on Thursday, September 5, 2024. The meeting

shall be held at Farmers Coop - Conway Springs, Kansas. Contractors are required to be present at this meeting to submit a proposal or their proposal can be rejected.

Work Reporting

Weekly work reports must be filled out and submitted to Kevin via email at kzoglmann@cscoop.net. Weekly reports should include updates to project schedules, materials used, materials received, any delays, or any change in the scope of work. A detailed summary report must be submitted at the completion of the project.

Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to 1.22 acres of real property located on the northwest corner of the intersection of Fountain Avenue and 21st Street North, directly adjacent to the Wichita State University campus. This location would be designated for private development committed to supporting broadband infrastructure and Internet exchanges. The university is interested in leasing such ground to any individual, organization, or entity whose presence would advance WSU’s vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. WSU intends to lease such space for a mutually agreeable period of time, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with WSU’s educational mission and identify anticipated benefits to the university, its students, and the surrounding community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, community benefit commitments, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU and the surrounding community, design concepts, financial stability, and proposed use. Interested tenants will be responsible for all costs associated with the development and ongoing maintenance costs of any improvements. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of the improvement, and benefit to WSU. WSU will consider serious offers and inquiries from any financially qualified individual, group, organization. If interested, please contact Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to four acres of real property located on the Wichita State University’s campus designated as the “Innovation Campus,” for the private development and operation of a partnership building or buildings. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. The university intends to lease such space for a mutually agreeable period of time up to sixty years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university’s educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Interested tenants will be required to construct adjacent and adequate surface parking that will not be included in the leased ground. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of building improvement, and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization. Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be in-

cluded on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation Standard Specifications for State Road and Bridge Construction.

KDOT will only accept electronic internet proposals using the Bid Express website at <https://bidx.com/ks/main> until 1:00 p.m. (Central Time) on letting day. The KDOT bid letting will be conducted remotely by audio broadcast only at 3:00 p.m. (Central Time) on letting day. For the conference call information see <https://www.ksdot.org/bureaus/burconsmain/lettinginfo.asp>. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid non-responsive and not eligible for award consideration.

Notice of Proposed Permit Renewal Action

The Kansas Department of Health and Environment (KDHE) received a Resource Conservation and Recovery Act (RCRA) permit renewal application for corrective action from the United States Department of the Army (USDOA), the owner and operator of the Military Installation Fort Riley, located at 407 Pershing Court, Fort Riley, Kansas (Facility). KDHE is providing notice of their intent to renew the USDOA RCRA permit, EPA identification number KS6214020756.

The permit requires the USDOA to continue implementation of corrective actions previously approved by the Environmental Protection Agency and includes general corrective action provisions to address any newly identified releases, solid waste management units, or areas of concern. The permit does not authorize any treatment, storage or disposal of hazardous waste.

The draft permit is being considered for issuance under authority of the Kansas Statutes Annotated (K.S.A.) 65-3430 *et seq.* and Kansas Administrative Regulations (K.A.R.) 28-31-4 through 28-31-279a. Documents that support the draft permit conditions and all data submitted by the applicant are part of the administrative record.

State hazardous waste laws require that the public be given at least 45 days to review the administrative record for the draft permit prior to KDHE taking a final action. The purpose of having a public comment period is to ensure that interested parties have an opportunity to evaluate the conditions specified in the draft permit and to provide their input into the permit decision-making process. A copy of the administrative record which includes the draft permit, the fact sheet, the permit application, and all information pertaining to this permit action is available for public review August 29, through October 14, 2024, Monday through Friday 8:00 a.m. to 5:00 p.m., during normal business hours at the following locations:

Administrative records can also be accessed on the KDHE website at <https://www.kdhe.ks.gov/621/>.

Anyone wishing to comment on the draft permit should submit written comments postmarked no later than October 14, 2024 to the KDHE contact at the above listed address.

A public hearing has not been scheduled; however, any interested person may request a public hearing in writing which states the nature of the issues proposed to be raised in a public hearing. If written requests are received which indicate a significant degree of public interest in

the draft permit, a public hearing will be scheduled, and advanced notice of hearing will be given to the public. After consideration of all comments received, the Secretary of KDHE will make a final decision to issue or deny the permit. Notice of the Secretary's decision will be given to the applicant, all persons who submitted written comments, those who commented at the public hearing, and those who requested notice of the final permit decision. If no comments are received during the public comment period, the permit will become effective immediately upon its issuance. If comments are received during the public comment period the permit will become effective 30 days after service of notice of the final permit decision to allow for public review of the department's response to comments and any revisions to the draft permit in accordance with 40 CFR 124.15 and K.A.R. 28-31-124(c) (8). Any appeal of the final permit decision must be filed within 15 days after service of notice in accordance with K.S.A. 65-3440 and K.S.A. 77-601 *et seq.*

Notice of Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Scout Energy – Ulysses West Main Station has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Scout Energy – Ulysses West Main Station, 2225 W. Oklahoma Ave., Ulysses, KS 67880, owns and operates a natural gas extraction facility located at 7822 W. US-160 Hwy., Ulysses, Grant County, KS 67880.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southwest District Office, 313 Oklahoma Terr., Ulysses, KS 67880. To obtain or review the proposed permit and supporting documentation, contact William Stubbs at the central office of KDHE at 785-296-4174, or Ethel Evans at the Southwest District Office at 620-356-1075. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to William Stubbs, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, September 30, 2024.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to William Stubbs, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, September 30, 2024, in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency (EPA) has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, phone 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

The preceding notice refers to the air permit for Scout Energy – Ulysses West Main Station located at 7822 W. US-160 Hwy., Ulysses, Grant County, KS 67880. Notice of Proposed Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. The proposed action is to reissue an existing State/NPDES permit for an existing facility. The proposed action is to issue a new individual NPDES Municipal Separate Storm Sewer System (MS4) permit from an existing MS4 general permit. The proposed MS4 permit requires the permittee to develop, implement, and enforce a stormwater management program designed to reduce the discharge of pollutants from the MS4 to the maximum extent practicable, to protect water quality, and to satisfy the appropriate water quality requirements of the Clean Water Act and Kansas surface water quality statutes and regulations. The proposed permit requires the permittee to update the Stormwater Management Program document, implement six minimum control measures and implement best management practices to reduce any identified total maximum daily load (TMDL) regulated pollutants if listed in the permit (TMDL Table). If there is an identified TMDL regulated pollutant, surface water monitoring may be required on the impaired water body to evaluate performance of the best management practices. Monitoring of industrial stormwater discharges and oversight of construction activities within the MS4 may be required if it is applicable. The proposed permit requires the submittal of an annual report that addresses all compliance requirements for the previous year. This permit contains generic language to protect water quality.

State of Kansas

Secretary of State

Notice of Forfeiture

In accordance with Kansas statutes, the following business entities organized under the laws of Kansas and the foreign business entities authorized to do business in Kansas were forfeited during the month of July 2024 for failure to timely file an annual report and pay the annual report fee. The list of forfeited domestic and foreign business entities can be found at <https://www.sos.ks.gov/publications/Register/Volume-43/PDF/Vol-43-No-35-August-29-2024-July-2024-Forfeitures.pdf>.

Please Note: The following list represents business entities forfeited in July. Any business entity listed may have filed for reinstatement and be considered in good standing. To check the status of a business entity, go to the Kansas Business Center’s Business Entity Search Station at <https://www.kansas.gov/bess/flow/main?execution=e2s4> (select Business Entity Database) or contact the Business Services Division at 785-296-4564.
